NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

7-51-BZ—Vol. II

APPLICANT—Charles M. Spindler for Century Motors Inc., owner.

SUBJECT—Application reopened November 28, 1961 for consideration as to extension of term of variance, expired May 22, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in the business use, C area district, portion of a lot located in a residence and business use district, the maintenance of a business building (stores) using more than the permitted area and permitting the parking of patron's motor vehicles in residence use portion of lot.

PREMISES AFFECTED—6717-6735 4th Avenue, northeast corner of Senator Street, Block 5851, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on May 22, 1961 this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requests that the term of the variance for the parking be extended for an additional twenty years; that there has been no substantial change in the affected area, for a change in the use, area or height designations under the existing Zoning Resolution, except that a Church building has been erected on the southeast corner of 67th Street and Fourth Avenue; that the parking is used solely for the supermarket on the same premises and there is no time limit on the building variance; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation May 22, 1961; and

WHEREAS, this application was reopened on November 28, 1961 and set for hearing on January 9, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 9, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 11, 1961 acting on N.B. Applic. No. 1977-50, reads:

"1. Proposed extension of time is contrary to Cal. #7-51-BZ, V. I. Refer to Board of Standards and Appeals."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 22, 1951 only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of ten years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

586-56-BZ

APPLICANT—Leonard F. Rothkrug for Murray Lehman, owner; Aluminum Fabricators, Inc., lessee.

SUBJECT—Application reopened November 28, 1961 for consideration as to extension of term of variance, expires May 21, 1967—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district,

MINUTES

the use of an existing 1 story building for manufacturing and storage of aluminum products.

PREMISES AFFECTED—1750-1764 Dean Street, south side, 140 feet east of Utica Avenue, Block 1349, Lot 14, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on May 21, 1957, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the previous application was granted for a ten year term, which will not expire until May 21, 1967; that however, the tenant is desirous of signing a new ten-year lease and would like an amendment of the variance for this purpose; that Certificate of Occupancy No. 160928 was issued June 10, 1958 in accordance with the Board's Resolution; that there have been no zone changes and no changes in the existing development of the neighborhood; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation on May 21, 1967; and

WHEREAS, this application was reopened on November 28, 1961 and set for hearing on January 9, 1962 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 9, 1962, after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 4, 1961 acting on Alt. Applic. No. 2148-56, reads:

"1. Time limit has expired; obtain extension of time from Bd. of Standards & Appeals."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 21, 1957 only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of 10 years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

754-56-BZ

APPLICANT—Leonard F. Rothkrug for Morton Pinkwasser, doing business as Portrom Realty Company, owner; Fase Corp., lessee.

SUBJECT—Application reopened November 28, 1961 for consideration as to extension of term of variance, expires May 7, 1962—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence and local retail use district, the maintenance of a parking lot (non-commercial) (non-transient) on the unbuilt upon portion of the plot in the rear of existing stores.

PREMISES AFFECTED—66-98 East Burnside Avenue, south side, from Walton Avenue to Morris Avenue; 2036-2046 Walton Avenue and 2035-2045 Morris Avenue, Block 2829, Lot 45, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on May 7, 1957 this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the variance has permitted the use of the rear yard of existing retail stores for non-transient parking of pleasure-type vehicles; that all of the parking spaces have been rented at all times since opening and there is a waiting list for people desirous of space; that this parking facility provides for part of the urgent need for space; that there have been no changes in the character of the neighborhood except for minor alterations of some of the East Burnside Avenue stores, and the discontinuance of the Loew's Burnside near the site; that there have been no changes in ownership or zoning, except that the business use portion of the site has been changed to local retail; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation May 7, 1962; and

WHEREAS, this application was reopened on November 28, 1961 and set for hearing on January 9, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 9, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated September 14, 1961 acting on Alt. Applic. No. 997-56, reads:

"1. The continued use of parking lot partly in a business use district and partly in a residence use district is contrary to Art. II Sect. 3 of the Z. R. and Bd. of S & A Cal. #754-56-BZ (expiration date May 7, 1962)."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 21, 1957 only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

62-60-BZ

APPLICANT—Crinnion and Crinnion for Michael Strazza, owner; Tremont Auto Parts, lessee.

SUBJECT—Application reopened November 28, 1961 for consideration as to extension of time to complete, expired July 19, 1961 and amendment of resolution—decision of the Borough Superintendent, previously granted on condition, under Section 21 of the Zoning Resolution, permitting in a D area district, the erection of a 1 story extension to an existing building occupying more than the permitted area coverage.

PREMISES AFFECTED—3361 East Tremont Avenue, north side, 64.09 feet west of Haskin Street, Block 5311, Lot 5, Borough of The Bronx.

APPEARANCES—

For Applicant: Edward T. Crinnion.

For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on July 19, 1960, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that eight prints each of four new sheets have been submitted, now marked "revised 10/17/61", all showing "proposed conditions" and differing from the drawings originally approved by the Board, only in the following respects; first floor plan—3 feet by 4 feet 6 inches, fireproof, self-closing window in rear wall; modi-

fication to stairway vestibule and rolling, overhead door in new extension; second floor plan—roof pitch of rear extension modified; door from kitchen out to roof extension rather than window; front elevation—revised drawing submitted to show extension at proper scale; longitudinal section "B-B"—change in elevation of roof over proposed extension; that conditions in the neighborhood have not changed since the Board granted this Resolution; that the owner was delayed in arranging a bank loan, but is now ready to proceed if the Board grants the extension of time; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation July 19, 1961; and

WHEREAS, this application was reopened on November 28, 1961 and set for hearing on January 9, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 9, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 13, 1961 acting on Alt. Applic. No. 1159-59, reads:

"1. Area coverage exceeding 55% on premises located in a "D" district is contrary to Art. II Sect. 14 (c) & (19) (e) of the Z. R. and Bd. of S & A Cal. #62-60-BZ.

2. Proposed revised plans are contrary to plans submitted under Bd. of S & A Cal. #62-60-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 19, 1960, as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution; and that a certificate of occupancy shall be obtained." and to further amend the Resolution to permit minor changes as shown on drawings submitted with application dated October 17, 1961, four sheets.

Adjourned 12:30 P. M.

JAMES P. MULROY, *Secretary*.

REGULAR MEETING

TUESDAY AFTERNOON JANUARY 9, 1962, 2 P. M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

137-61-A

APPLICANT—Hector Ferreras for Al Di Biasi Construction Corporation, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent; re—building not facing legal street—Amherst Avenue and Adelaide Avenue; previously granted on condition.

191-61-A

APPLICANT—Henry George Greene for Marion Weil Realty Corporation, owner.

SUBJECT—Application February 20, 1961—Appeal from a decision of the Borough Superintendent re—Class 3 building—commercial use.

PREMISES AFFECTED—822 Madison Avenue, west side, 32 feet south of East 69th Street, Block 1383, Lot 57, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 23, 1961 on Alt. Applic. 1747-60, reads:

"4. Proposal to use 4th floor for commercial use in a class 3 bldg. is contrary to Sec. 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 23 feet by 56 feet in area, 4 stories and basement, 50 feet high, of class 3 construction, located in restricted retail use, B area and class 1½ height district, built in 1881, now used and occupied since 1960: cellar—boiler room and storage; basement—restaurant, 60 persons; 1st floor—art gallery and office, 15 persons; 2nd floor—sale of dresses and alterations,

MINUTES

3 persons; 3rd floor—office, 6 persons; 4th floor—vacant, contrary to Certificate of Occupancy #52090 issued March 31, 1960, against Alt. Applic. 618-60; that the legal use and occupancy is as follows: cellar—boiler room and storage; basement—restaurant, 60 persons; 1st floor—art gallery and office; 2nd floor—office; 3rd floor—office; 4th floor—to remain vacant; that there is no proposed change in present use and occupancy, except for the top floor; that the top floor is at present vacant and it is proposed to use this floor for non-hazardous office use with maximum occupancy of 6 persons; that in all other respects the building and occupancy will be maintained as per the original certificate; that this proposed additional use of a vacant floor would in no way tax the capacity of the stairway as a means of egress because the combined occupancy above the 1st story would only be 18 persons; that in addition, the halls are protected by an approved type sprinkler system; that the height limitation for a class 3 structure is exceeded because the present structure is 50 feet, 4 story and basement; that the exits consist of one interior wood stair with winders enclosed in wood stud and plastered partitions; that the stair enclosure is equipped with a sprinkler system; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated January 23, 1961, acting on Alt. Applic. 1747-60, Objection No. 4, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform with drawings filed with this appeal dated February 20, 1961, 1 sheet, June 28, 1961, 5 sheets revised and January 4, 1962, 2 sheets revised; on further condition that a sprinkler head shall be provided in the kitchen off the domestic water supply and that a fire escape shall be provided in the rear of the building as shown on the drawings; and that a Certificate of Occupancy shall be obtained.

734-61-A

APPLICANT—Samuel Rosenblum for Joan Slade, Sylvia Markham, et al, owners.

SUBJECT—Application May 19, 1961—Appeal from an order and a decision of the Fire Commissioner re—elevator in readiness.

PREMISES AFFECTED—Sixth Avenue, 989-991 (formerly 625-627) west side, 48 feet 3 inches south of West 37th Street, Block 812, Lot 42, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated May 17, 1961, reads:

"Section C19-164.0, Administrative Code, requires that at least one elevator be kept in readiness for immediate use by this department, during all hours of the night and day including holidays and Sundays with a competent man in attendance to operate the elevator in every building exceeding one hundred fifty feet in height."

and

WHEREAS, the applicant states that the building is 50 feet 6 inches by 100 feet in area, 20 stories, 234 feet 3 inches high, of class 1 construction, located in business use, B area and class 2 height district, built in 1925, now used and occupied since 1925: cellar—storage, 1 person; 1st floor—dress shop, 10 persons; 2nd floor—button manufacturing, 10 persons, 3rd to 20th floors—textile manufacturing, 10 persons each floor; substantially in accordance with Certificate of Occupancy #12034 issued January 13, 1927 against N.B. Application 650-25; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the owners of these premises have signed an agreement with the Quick Response Service, Inc., to use the facilities of this company in compliance with General Resolution 630-56-GR; that all the conditions stipulated by this Resolution are to be complied with; that the building is a fireproof factory building used by tenants in the textile industries; that the building is equipped with a two-source automatic sprinkler system, connected to Central Headquarters; that the exits are in compliance with the Labor Law; that the elevators designated are shown on the enclosed plans; that the drawings indicate that the two freight elevators will be designated as the Fire Department elevator and the required alternate elevator.

Resolved, that the decision of the Fire Commissioner, dated May 17, 1961, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the freight elevators shall be designated as Fire Department elevator and required alternate elevator; and that the building shall be provided with the services of the Quick Response Service Incorporated in accordance with General Resolution 630-56-GR as amended through May 9, 1961.

1073-61-A

APPLICANT—Cormac Chemical Corporation, owner.

SUBJECT—Application July 3, 1961—Appeal from a decision of the Fire Commissioner re—Storage and sale of inflammable mixture known as "Unidri" in plastic containers not in conformity with Administration Code requirements.

APPEARANCES—

For Applicant: William L. Messing.

For Administration: Lieut. John P. Manfredi, Fire Dept

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated June 9, 1961, on Order 1526-1, reads:

"Section C19-59.0-c, of the Administrative Code does not permit the storage or sale of inflammable mixtures ("Unidri" flash point 75°F) in containers other than metal or glass of specified sizes. Plastic polyethylene containers are not permitted."

WHEREAS, the applicant states that UNIDRI is a chemical composition used by amateurs and by professional photographers for rapid drying of photographic film; that the product has been packaged in 16 and 32 ounce high density polyethylene bottles; that UNIDRI is a proprietary chemical mixture with a Flash Point 85°F.; that the containers are packaged for shipment in I.C.C. corrugated boxes holding 12 pint-size or 6 quart-size containers.

Resolved, that the decision of the Fire Commissioner, dated June 9, 1961, acting on Order 1526-1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of 16 and 32 ounce high density polyethylene bottles for transportation, storage and packaging of Unidri on condition that the containers shall be in accordance with the sample submitted to this Board; that the containers shall be labeled to the satisfaction of the Fire Commissioner; and that the flash point of the Unidri shall be not less than 85°F.

1075-61-A

APPLICANT—Leonard F. Rothkrug for Kaybar Builders Incorporated, owner.

SUBJECT—Application July 11, 1961—Filed pursuant to Section 35 Art. 3 of the General City Law re—building in bed of mapped Street — Swan Court.

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 12, 1961 on N.B. Applic. 1062-61, reads:

"1—Proposed building will be situated in the bed of a mapped street which is contrary to Art. 3 Sect. 35 of the General City Law."

and
WHEREAS, the applicant states that the proposed building will be 19 feet 5 inches by 39 feet in area, 3 stories, 25 feet high, of class 3 construction, located in residence use, D-1 area and class ½ height district, to be used and occupied as a two-family dwelling; and

WHEREAS, the applicant states that this is one of 5 proposed two-family dwellings, located partly within the bed of Swan Court, a mapped street; that the building will conform in all respects to laws and regulations applicable thereto except that the building will be in the bed of a mapped street; that the owner has title insurance, insuring his title to all of the land in the bed of the street; that Swan Court was an old path used long prior to the development of this Canarsie area; that when the City paved Seaview Avenue, Swan Court became unused; that prior to the opening and paving of Remsen Avenue and Seaview Avenue this land under consideration, known as Swan Court, was the northerly boundary being on the south side of Seaview Avenue; that the Park Department has expressed no desire to use the vacant land adjoining Swan Court for park purposes; that all the remaining portion of the original Swan Court has been eliminated from the City Map; that the owner has commenced negotiations with the City for the closing and elimination of Swan Court; that the owner is paying taxes on the land in the bed of Swan Court and desires to improve it at this time; that this same owner has built several similar residential buildings on this tax block; and

WHEREAS, the Board has received a letter from the Borough President of Brooklyn stating that the Department has no intention of suggesting acquisition or opening of Swan Court either now or in the foreseeable future.

Resolved, that the decision of the Borough Superintendent, dated December 12, 1961, acting on N.B. Applic. 1062-61, Objection No. One, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the building shall conform to drawing filed with this appeal dated December 14, 1961, 1 sheet revised; and that a new Certificate of Occupancy shall be obtained.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 12, 1961 on N.B. Applic. 1065-61, reads:

"1. Proposed building is situated in the bed of a mapped street which is contrary to Art. 3 Section 35 of the General City Law."

and

WHEREAS, the applicant states that the proposed building will be 27 feet 4 inches by 39 feet in area, 3 stories, 25 feet high, of class 3 construction, located in residence use, D-1 area and class ½ height district, to be used and occupied as a two-family dwelling; and

WHEREAS, the applicant states that this is one of 5 proposed two-family dwellings, located partly within the bed of Swan Court, a mapped street; that the building will conform in all respects to laws and regulations applicable thereto except that the building will be in the bed of a mapped street; that the owner has a title insurance, insuring his title to all of the land in the bed of the street; that Swan Court was an old path used long prior to the development of this Canarsie area; that when the City paved Seaview Avenue, Swan Court became unused; that prior to the opening and paving of Remsen Avenue and Seaview Avenue this land under consideration, known as Swan Court, was the northerly boundary being on the south side of Seaview Avenue; that the Park Department has expressed no desire to use the vacant land adjoining Swan Court for park purposes; that all the remaining portion of the original Swan Court has been eliminated from the City Map; that the owner has commenced negotiations with the City for the

MINUTES

closing and elimination of Swan Court; that the owner is paying taxes on the land in the bed of Swan Court and desires to improve it at this time; that this same owner has built several similar residential buildings on this tax block; and

WHEREAS, the Board has received a letter from the Borough President of Brooklyn stating that the Department has no intention of suggesting acquisition or opening of Swan Court either now or in the foreseeable future.

Resolved, that the decision of the Borough Superintendent, dated December 12, 1961, acting on N.B. Applic. 1065-61, Objection No. One, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the building shall conform to drawing filed with this appeal dated December 14, 1961, 1 sheet revised; and that a new Certificate of Occupancy shall be obtained.

1156-61-A

APPLICANT—Hector Ferreras for Alfreda Glynn, owner.
SUBJECT—Application July 14, 1961—Filed pursuant to Section 36 Art. III of the General City Law re—building not facing legal street.

PREMISES AFFECTED—44 Mountainside Road, northwest corner of Midway Place, Block 849, Lot 111, Dongan Hills, Borough of Richmond.

APPEARANCES—

For Applicant: Hector Ferreras.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1961 on N.B. Applic. 489-61, reads:

"1. The proposed building is on a lot not located on a legal city street. Proposed construction is contrary to Art. III, Par. 36 of the General City Law."

and

WHEREAS, the applicant states that the building will be 28 feet by 50 feet in area, 1 story, 20 feet high, of class 4 construction, located in residence use, E area and 1 height district; that the proposed use and occupancy will be one family dwelling; and

WHEREAS, the applicant states that the dwelling's 1st floor will be set at an elevation of 136.0 which is above the average tentative adopted grade of 129.6 as adopted by the Board of Estimate; that sewer for this area is available at Midway Place, 25 feet south of the southerly line of the lot; that the street has water, gas, electricity and telephone facilities; that this voids the statement that 'No public municipal street utility or improvement shall be constructed by the City in any street or highway until it has become a public street and highway and is duly placed on the official map of plans' as stated in Article 3, Section 36 of the General City Law.

Resolved, that the decision of the Borough Superintendent, dated July 14, 1961, acting on N.B. Applic. 489-61, Objection No. One, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the building shall conform to drawings filed with this appeal dated July 14, 1961, 3 sheets; on condition that sidewalk, curb and pavement to the center of the street shall be constructed where such improvements are now lacking in accordance with the Standards of the Borough President's office; that the building shall comply with all applicable laws, rules and regulations; that a Certificate of Occupancy shall be obtained and shall contain the wording of this resolution written on the face of such Certificate.

Correction: In the appearance portion above the names now shown "*For Opposition*" were previously shown erroneously as "*For Applicant.*"

Court Decision (continued from page 21)

Number 395-60-BZ; Premises 743-757 Linden Boulevard, northeast corner of Euclid Avenue, Block 4461, Lots 27, 31, 32, 33, 34, 35 and 38, Borough of Brooklyn.

The petitioner, N. Y. City Housing Authority, filed a petition for certiorari with the Supreme Court seeking to have the granting of the variance by the Board overruled.

At Supreme Court, Special Term, Part I, Mr. Justice Friedman vacated the order of certiorari, dismissed the petition and affirmed the determination of the Board in all respects.

Mr. Justice Friedman stated in part as follows:

"... Thus it appears that the powers given to the Board to vary the general restrictions imposed by the Planning Commission are most necessary to preserve the rights of members of the public. The Board acts as a safety valve by releasing restrictions in certain instances from their possible confiscatory effect in depriving a property owner of a proper use of his property while at the same time requiring him to pay taxes thereupon... The contract between the state, the city and the petitioner does not deprive respondent Board of its powers under the law."

(N. Y. Law Journal, December 26, 1961, pages 9 and 10).

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

1616-61-A

APPLICANT—Lama, Proskauer and Prober for Jeanne Diloreto, owner.

SUBJECT—Application filed August 30, 1961—Appeal from a decision of the Borough Superintendent, re—walls.

PREMISES AFFECTED—80-21 to 80-23 164th Street, east side, 60.43 feet north of 81st Avenue, Block 7014, Lot 26, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

767-59-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Twin Container Company, Incorporated, owner.

SUBJECT—Application reopened October 31, 1961 as Volume II—decision of the Borough Superintendent, under Sections 7e, 7h & 21 of the Zoning Resolution, to permit in a local retail and residence use C area district, the erection of a one story extension to an existing two story building and the change in use from bakery, storage and packing and store to a smoked meat processing plant, office, storage and locker rooms with private parking and loading and unloading in the open area, the proposed extension exceeds the permitted area coverage and encroaches on the required rear yard.

PREMISES AFFECTED—13-15 Sumpter Street, north side, 250 feet west of Patchen Avenue and 100-106 Marion Street, Block 1695, Lots 16, 17, 18 and 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: Louis Glickhouse, and Harvey Fox for N. Y. C. Housing Authority and John Jones.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

636-60-BZ—Vol. II

APPLICANT—Robert Gottlieb for Hermany Realty Company, owner.

SUBJECT—Application reopened April 11, 1961 as Volume II—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for parking and storage of more than five (5) cars of the passenger type for employees only, no fees charged.

PREMISES AFFECTED—2310 Hermany Avenue, south side, 88 feet east of Havemeyer Avenue, Block 3697, Lot 11, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy and Arthur Schwartz.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

947-61-BZ

APPLICANT—Charles A. Buckley, Jr. for Southmore Realty Corporation, owner; Hawthorne Garage Corporation, lessee.

SUBJECT—Application June 7, 1961—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a restricted retail use district, in an existing 12 story and penthouse multiple dwelling the use of the vacant parking space in the required accessory garage for transient parking.

PREMISES AFFECTED—209-223 (211 official) East 53rd Street, north side, 100 feet east of Third Avenue, Block 1327, Lots 5, 6, 7, 8, 8½, 9, and 10, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles A. Buckley, Jr. and Seymour Sperber.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; applicant to submit statement; hearing closed.

948-61-A

APPLICANT—Charles A. Buckley, Jr. for Southmore Realty Corporation, owner; Hawthorne Garage Corporation, lessee.

SUBJECT—Application June 7, 1961—Filed pursuant to Section 60 of the Multiple Dwelling Law re—Parking for transients in Multiple Dwelling.

PREMISES AFFECTED—209-223 (211 official) East 53rd Street, north side, 100 feet east of Third Avenue, Block 1327, Lots 5, 6, 7, 8, 8½, 9, and 10, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles A. Buckley, Jr. and Seymour Sperber.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution, is amended to permit the Board to act; hearing closed.

1308-61-BZ

APPLICANT—Carl H. Salminen for Bard Holding Corporation, owner.

SUBJECT—Application August 10, 1961—decision of the Borough Superintendent, under Sections 7e, 7i, 7A and 21 of the Zoning Resolution, to permit in a retail use, "D" area district, the erection of a one story extension for use as a garage with roof parking and repair of owners trucks in conjunction with the existing uses of machine shop, office, vault, garage and dwelling, the proposed extension exceeds the permitted area coverage, encroaches on the required rear yard, and has business entrances within 75 feet of a residence use district for a stated term of 20 years.

PREMISES AFFECTED—222-15 to 222-19 Northern Boulevard, northwest corner of 223rd Street, 43-33 222nd Street, Block 6328, Lots 1 and 39, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Opposition: None.

ACTION OF BOARD—Laid over to February 6, 1962 for hearing at request of applicant; applicant to submit new plans.

1354-61-BZ

APPLICANT—Carl H. Salminen for Free Gospel Church Assemblies of God, owner.

MINUTES

SUBJECT—Application August 18, 1961—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution to permit in a residence use D-D area district, the erection of a two story and basement extension to an existing church that exceeds the permitted area coverage and encroaches on the required setbacks from a mapped street.

PREMISES AFFECTED—156-15 Sanford Avenue, 41-30 157th Street, northwest corner, Block 5329, Lot 32, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and Rev. Arthur H. Graves.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1402-61-BZ

APPLICANT—Crinnion and Crinnion for Ludwig J. Grill, owner.

SUBJECT—Application September 1, 1961—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a residence use, E-1 area district, the erection of a three story, two family dwelling that encroaches on the required setbacks from a mapped street.

PREMISES AFFECTED—1038 Neill Avenue, southwest corner of Hone Avenue, Block 4269, Lot 8, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert J. Crinnion.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1404-61-BZ

APPLICANT—Arnold W. Lederer for Josephine Gabriel, owner.

SUBJECT—Application August 25, 1961—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in business use district, the change in occupancy of an existing one story building from a junk shop and chicken market to an auto repair shop with body and fender repairs, welding, painting and spraying.

PREMISES AFFECTED—2774-2780 East 14th Street, west side, 136 feet, 9 inches north of Neptune Avenue, Block 7487, Lot 40, Borough of Brooklyn.

APPEARANCES—

For Applicant: Arnold W. Lederer and Sam Gabriele.

For Opposition: J. Ditzio for Board of Education.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1415-61-BZ

APPLICANT—Max Siegel Associates for G.A.L. Electro Mechanical Service, owner.

SUBJECT—Application September 8, 1961—decision of the Borough Superintendent, under Sections 7a and 7c of the Zoning Resolution, to permit in a retail and residence use district, in an existing three story building, the extension of the factory use on the second and third floor, to the first floor, presently used for storage.

PREMISES AFFECTED—331-343 East 102nd Street, north side, 75 feet west of First Avenue, Block 1674, Lot 19, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1421-61-BZ

APPLICANT—Hodges, Reavis, McGrath and Downey for Carnegie Endowment for International Peace, owner; Chazen's Garage, Incorporated, lessee.

SUBJECT—Application September 11, 1961—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles for a temporary term of five years.

PREMISES AFFECTED—335 East 46th Street, north side, 225 feet west of First Avenue, Block 1339, Lot 17, Borough of Manhattan.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Laid over to January 30, 1962, at 10 A.M. for hearing at request of applicant.

1422-61-BZ

APPLICANT—Hodges, Reavis, McGrath and Downey for Midway Bowl, Incorporated, owner.

SUBJECT—Application September 6, 1961—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a local retail use, E-1 area district, the erection of a three story building for use as a hotel.

PREMISES AFFECTED—248-04 South Conduit Avenue, southeast corner of Hook Creek Boulevard, Block 13623, Lots 1 and 6, Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1423-61-BZ

APPLICANT—Leonard F. Rothkrug for Abraham Zirman, owner; Strauss Stores, lessee.

SUBJECT—Application September 8, 1961, decision of the Borough Superintendent, under Sections 7e, 7A and 21 of the Zoning Resolution, to permit in a local retail use "D" area district, in an existing retail store for sale of auto accessories, the addition of accessory minor auto repairs with acetylene torch for the installation of seat covers, tires, mufflers and tail pipes, the change of an off-street loading to a service area, thereby making the building have excess area coverage and the use of the curb cut within 75 feet of a residence district for a term of fifteen years.

PREMISES AFFECTED—1178 Castle Hill Avenue, southeast corner of Gleason Avenue, Block 3820, Lot 9, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: David Varhaus, Mary P. Cervirie, Francis W. Raut, Theresa Rasmussen, Concetta L. Fera, Charlotte Merle, Ann West, Rosemary E. Saboleski, Lorraine M. Herrmann, Tessie Marena, Katherine Croniere, Rosa Aranjee, Anthony Cervini, Harry Billy, Michael Seafua, John Calcagno, Jacob Entereman, Louise Williams, Joseph Barouski, Peggy Walther, Maria A. Casella and F. T. O'Donnell.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

292-57-BZ

APPLICANT—Herman Kron for 61-44 Fresh Meadow Road, Inc., owner.

SUBJECT—Application reopened December 5, 1961 for consideration as to extension of time to complete, expired June 7, 1961—decision of the Borough Superintendent, previously granted on condition, under Sections 7e, 7A, 7h

MINUTES

and 7i of the Zoning Resolution, permitting in retail and residence use district, the reconstruction and maintenance of a gasoline service station, lubritorium, motor vehicle repair shop and sale of used cars, parking and storage of more than 5 cars, with curb cuts within 75 feet of a residence use district and a ground sign on the retail use portion.

PREMISES AFFECTED—130-36 Merrick Boulevard, northwest corner of 130th Road, Block 12541, Lot 50, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on February 4, 1958, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that there have been no changes on the site or in the area, and no zoning changes; that plans have been approved but that no work has been done; and

WHEREAS, this application was reopened from time to time for an extension of time, to obtain permits and complete the work, and last extended on June 7, 1960; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation June 7, 1961; and

WHEREAS, this application was reopened on December 5, 1961 and set for hearing on January 16, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 16, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 2, 1961 acting on N.B. Applic. No. 311-57, reads:

"1. The proposed extension of time beyond June 7, 1961 is contrary to the variance granted by the B.S.A. under Cal. No. 292-57-BZ and is referred back to the Board for its determination."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 4, 1958, as amended through June 7, 1960, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

Adjourned 1:00 P.M.

JAMES P. MULROY, *Secretary*

REGULAR MEETING

TUESDAY AFTERNOON JANUARY 16, 1962, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

219-49-SM

APPLICANT—Lee Lime Corporation, owner.

APPEARANCES—

For Applicant: R. L. Mansfield.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

219-49-SM—Lee Lime Corporation, Lee, Massachusetts, filed for approval of the material known as Minute Man Plastic Lime, Type S, under the provisions of C26-191.0 and C26-312.0 Administrative Building Code. The application was subject for dismissal on January 25, 1955 and September 19, 1961, but was removed at the request of the applicant in order to complete his application by submitting test reports.

USE: Hydrate lime.

DESCRIPTION: The material is a hydrate lime which is essentially calcium hydroxide or a mixture of calcium hydroxide and magnesium oxide and magnesium hydroxide.

INSPECTION & TEST: The plant of the applicant was visited by a Committee of the Board and the applicant has submitted a report of a test conducted by the Thompson & Lichtner Company, Inc., showing that the samples tested comply with A.S.T.M. requirements. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Minute Man Plastic Lime, Type S, as manufactured by the Lee Lime Corporation for use in New York City under the provisions of C26-312.0 Administrative Building Code, on condition that each bag in which the material is marketed shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 219-49-SM."

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

181-54-SM

APPLICANT—Alsynite Division of Reichhold Chemicals, Inc., owner.

SUBJECT—Plastic used for glazing.

APPEARANCES—

For Applicant: Harold Perrine.

ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

181-54-SM—Amendment to resolution as to additional use of the material Alsynite.

Alsynite Division of Reichhold Chemicals, Inc., Paterson, New Jersey, requested that the resolution adopted February 17, 1960 under Calendar Number 181-54-SM be reopened and amended so as to include an additional use for the material Alsynite.

USE: Plastic used for glazing.

DESCRIPTION: The material is the same as that approved by the Board under Calendar Number 181-54-SM, except that for glazing purposes the inhibitors have been removed so as to increase its weathering characteristics; this removal causes the material to be classed as slow-burning plastic.

DESCRIPTION: The Committee on Test recommends that, as C26-650.0 does not prohibit combustible sash and

MINUTES

frames in buildings less than 150'-0" in height, and as glass is only specifically mentioned in C26-668.0 and C26-676.0 Administrative Building Code, and as this material would not be considered for use in those specific locations, the material Alsynite may be used only for the glazing of windows in schools as defined under C26-132.0 and C26-133.0 Administrative Building Code, on condition that this material shall not be used in locations that require a fire resistive opening protective assembly; that the school buildings in which it is to be used shall not exceed 75 feet in height; that the glazing compounds used shall only be those as specified by the manufacturer of Alsynite approved by the Board and further, that all cartons or wrappings in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 181-54-SM."

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

246-54-SA

APPLICANT—Quiet Automatic Burner Corporation, owner.

SUBJECT—Additional models of oil-fired suspended heaters.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

246-54-SA—Amendment to resolution as to additional models of oil-fired heaters.

Quiet Automatic Burner Corporation, Montclair, New Jersey, requested that the resolution adopted July 13, 1954 under Calendar Number 246-54-SA be reopened and amended so as to include additional models of oil-fired heaters.

USE: Oil-fired suspended heaters.

DESCRIPTION: The requested models are basically the same as the presently approved heaters, differing only as BTU input.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 13, 1954 under Calendar Number 246-54-SA be reopened and amended so as to include the additional models of oil-fired suspended heaters, Models SU-85, SU-180, SU-200, and SU-335, on condition that the requirements of the resolution adopted July 13, 1954 under Calendar Number 246-54-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

336-55-SA

APPLICANT—Metalmaster Corporation, owner.

SUBJECT—Change of corporate name.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

336-55-SA—Amendment to resolution as to change of corporate name.

Metalmaster Corporation, Newark, New Jersey, requested that the resolution adopted July 12, 1955 and amended through May 10, 1960 under Calendar Number 336-55-SA be reopened and amended so as to show a change of corporate name.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 12, 1955 and amended through May 10, 1960 under Calendar Number 336-55-SA be reopened and amended so as to show a change of corporate name from General Heating Products Company/Republic Products Company, to Repco Products Corporation, as shown in the action of May 10, 1960 under Calendar Number 336-55-SA, on condition that the requirements of the resolution adopted July 12, 1955 and amended through May 10, 1960 under Calendar Number 336-55-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

615-55-SA

APPLICANT—General Electric Company, Major Appliance Division, owner.

SUBJECT—Additional models of electric oven and range for domestic use.

APPEARANCES—

For Applicant: Joseph Kenel.

ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

615-55-SA—Amendment to resolution as to additional models of electric built-in ranges.

General Electric Co., Major Appliance Division, New York, requested that the resolution adopted April 10, 1956, under Calendar Number 615-55-SA be reopened and amended so as to include additional models of built-in ranges.

USE: Electric oven and range for domestic use.

DESCRIPTION: The requested models are basically the same as the presently approved models, differing as to styling from the presently approved units. The requested models have been approved by the Underwriters Laboratory under File E 23718, copies of which are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 10, 1956, under Calendar Number 615-55-SA, be reopened and amended so as to include General Electric Built-In Ranges Models JC12, JC15, JC28, JD12, JD14, JD24, JP72, JP76, JP80,

MINUTES

JP84, JP85, JP86, JP88, JH94, JH96, JM61 and JM66 all having the suffix letter "V" on condition that the requirements of the resolution adopted April 10, 1956, under Calendar Number 615-55-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

720-56-SA

APPLICANT—Burnham Corporation, Boiler Division, owner.

SUBJECT—Additional gas-fired boilers.

APPEARANCES—

For Applicant: W. H. Samson.

ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

720-56-SA—Amendment to resolution as to additional models of gas-fired boilers.

Burnham Corporation, Irvington, New York, requested that the resolution adopted April 2, 1957 and amended through May 10, 1960 under Calendar Number 720-56-SA be reopened and amended so as to include additional gas-fired boilers.

USE: Gas-fired heating boiler.

DESCRIPTION: The requested Models, 4-61-CLF-1 and 4-61-CLF-3, are basically the same as the Model 61 gas boiler, previously approved; difference being that the requested models are only hot water boilers where the Model 61 was approved as either a steam or hot water boiler.

The additional Model, Holiday 80 Series, is similar to the 70 Series, previously approved, except that it has a greater BTU input. All requested models have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 2, 1957 and amended through May 10, 1960 under Calendar Number 720-56-SA be reopened and amended so as to include the additional gas-fired boilers, Models 80, 4-61-CLF-1 and 4-61-CLF-3 on condition that the requirements of the resolution adopted April 2, 1957 and amended through May 10, 1960 under Calendar Number 720-56-SA are complied with, except that the boilers Models 4-61 CLF-1 and 4-61-CLF-3 may be installed with reduced clearances as permitted under C26-693.0.d.2 Administrative Building Code provided the boilers have an additional label showing the permitted clearances as approved by the American Gas Association.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

262-57-SA

APPLICANT—Detrex Chemical Industries, Inc., owner.

APPEARANCES—

For Applicant: Charles C. Conklin.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

262-57-SA—Detrex Chemical Industries Inc., Detroit, Michigan, filed for approval of the appliance known as Detrex Model 600 Drycleaning Process under the provisions of C26-191.0 Administrative Building Code and Chapter 19 Administrative Code.

USE: Commercial drycleaning equipment using perchlorethylene as the solvent—Capacity 50 lbs.

DESCRIPTION: Drycleaning Machine.

The drycleaning machine consists of a 36" diameter x 30" deep divided-partition drum, fabricated of Aluminum castings and enclosed on the periphery with coated, perforated sheet steel. This drum is supported on heavy-duty, anti-friction outboard bearings mounted on the welded steel housing. The shaft is provided with double seals to prevent loss of the cleaning solvent used in the drycleaning process. The rotating drum is enclosed in a tub ($\frac{3}{16}$ " steel plate of welded construction), which is in turn welded to the base of $\frac{5}{16}$ " steel plate, and storage tank of $\frac{3}{16}$ " steel plate, reinforced with necessary gussets and structural steel to properly support it. Mounted on the storage tank of the machine are $1\frac{1}{2}$ HP gearhead motor for the washing cycle, and a 3 HP motor for the extract cycle. These two motors are interconnected by means of a roller chain drive and an over-running clutch. The clutch is mounted on the inside shaft of the extract motor which is provided for double end drive. On the opposite end of the extractor motor shaft is mounted the "V" belt drive for the cleaning drum. Therefore, the drum is driven during the wash cycle by the $1\frac{1}{2}$ HP gearhead motor through the clutch on the extract motor shaft. During the extraction cycle, it is driven directly by the extract motor with the clutch over-running or disengaged from the wash motor. Also mounted within the storage tank is a self priming centrifugal pump. This pump is driven by a 2 HP, 3450 RPM motor.

The unit is completely automatic and the length of the washing cycles are set by the operator on the dials above the loading door. The washing cylinder revolves at approximately 27 RPM during the washing cycle and at 525 RPM during the extraction cycle.

FILTER:

The filter provided with the Detrex Model 600 Drycleaner is 22 inches in diameter with 10 gauge sheet steel sides and $\frac{3}{16}$ dished and flanged heads. The body is designed for a working pressure of 70 lbs. per sq. inch. Contained in the filter are cylindrical tubes of suitable mesh wire screen upon the outside of which the filter powder is plated by solvent flow to form the filtering media. The flow through the solvent filter is approximately 3,000 gallons per hour.

Installed in the discharge piping of the filter are control valves which direct the flow of solvent either to the tub or back to the storage tank. Mounted also on the tank is an air compressor. It is driven by a $\frac{1}{3}$ HP, 1750 RPM motor and equipped with a pop safety valve set at 30 lbs. per sq. inch.

COOKER UNIT

All Detrex 600 units are provided with a solvent cooker unit. The cooker body is 10 gauge sheet steel with a 10 gauge steel dished bottom (Welded construction) and a 10 gauge steel dished cover. This unit is designed for a working pressure of 70 lbs. per sq. inch. Contained in the cooker unit is a suitable mesh flat wire basket. The basket is lined with a nylon bag. The solvent cooker unit is fabricated

MINUTES

with an external welded jacket for the application of steam. In operation, the soiled filter powder from the filter is removed to the cooker unit through a connecting pipe line from the bottom of the filter by air pressure. A filter powder cake forms on the screen supported nylon bag and the solvent transferred along with the powder is allowed to flow through this cake back to the storage tank. When the cake in this unit builds up to 4" thick in the bag liner, steam is applied to the jacket and the solvent is baked from the powder. Solvent vapors condense on the bottom of the extractor unit and are piped back to the storage tank.

STILL

All Detrex 600 units are provided with a solvent recovery still of the atmospheric type. The still body is fabricated of 10 gauge steel, reinforced with structural steel of all-welded construction and is heated by a 1 1/4" I.P.S. steam coil made of standard 125 lb. pipe and fittings. It is provided with a steam pressure reducer, strainer and gauge for proper control of working steam pressure. The two condenser coils are continuous spirally wound coils, fabricated of 3/4" standard pipe, hot dip galvanized after fabrication. The distillation of this unit is 125 gallons per hour.

SYNTH-O-SAVER UNIT

The Detrex Synth-O-Saver or solvent recovery unit consists essentially of an open basket constructed with a solid spun, 16 gauge metal back and a perforated, galvanized metal periphery. This is mounted on a stub shaft and supported by two ample anti-friction, self-aligning ball bearings. The tumbler basket is rotated by a 1/4 HP, 1750 RPM open, ball bearing motor belted to a gear reducer which is connected to the tumbler shaft and driven by means of roller chain drive and two cut-tooth steel blade sprockets. The entire unit is enclosed in a sheet metal housing. Air is supplied through the recovery unit by a paddle-wheel type fan of cast aluminum construction which is directly connected to the 1/4 HP, 3450 RPM ball bearing motor. Both this motor and the tumbler motor have individual control switches and are adequately protected by thermal overload and short-circuiting devices. The solvent reclaiming unit (Synth-O-Saver) fan draws the solvent-laden air from the shell which encloses the tumbler basket and passes it through the large filter bag to remove lint and dirt. The air then passes through the damper housing over a cooling coil where the solvent is condensed and removed from the air. The solvent flows from this location through a water separator. The reclaimed solvent is piped back to the storage tank of the drycleaning machine and the separated water collected in a small open container. The air, after the solvent vapors have been removed, passes over a heating coil and is re-delivered to the housing of the reclaiming unit.

When the above outlined air flow is carried out, the dampers are in the recovery position. When the dampers are in the aeration position, fresh air is drawn into the tub at a point between the heating coil and the tub. This air is drawn over the clothes for deodorizing and cooling purposes and is passed to the outside after it has passed through the lint bag.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts, and it was noted that the size of the basket was 36" diameter by 30" deep. Using the factor of 2.8 lbs. per cu. ft. the capacity is 50 lbs.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Detrex Model 600 Drycleaning Process as herein described for voluntary use in New York City when installed in accordance with the requirements of the Rules Covering Dry Cleaning Establishments Pursuant to the Zoning Resolution of the City of New York and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar

Number 262-57-SA," and the additional words 50 lb. capacity.

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

263-57-SA

APPLICANT—Detrex Chemical Industries, Inc., owner.
APPEARANCES—

For Applicant: Charles C. Conklin.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 263-57-SA—Detrex Chemical Industries, Inc., Detroit, Michigan, filed for approval of the appliance known as Detrex Model 600S Drycleaning Process under the provisions of C26-191.0 Administrative Building Code and Chapter 19, Administrative Code.

USE: Commercial drycleaning equipment using perchlorethylene as the solvent—Capacity 50 lbs.

DESCRIPTION: DRYCLEANING MACHINE

The drycleaning machine consists of a 36" diameter X 30", divided-partition drum, fabricated of Aluminum castings and enclosed on the periphery with coated, perforated sheet steel. It is of rugged, riveted construction. This drum is supported on heavy-duty, anti-friction outboard bearings mounted on the welded steel housing. The shaft is provided with double seals to prevent loss of the cleaning solvent used in the drycleaning process. The rotating drum is enclosed in a tub (3/16" steel plate of welded construction), which is in turn welded to the base of 5/16" steel plate, and storage tank of 3/16" steel plate, reinforced with necessary gussets and structural steel to support it. Mounted on the storage tank of the machine are 1 1/2 HP gearhead motor for the washing cycle, and a 3 HP motor for the extract cycle. These two motors are inter-connected by means of a roller chain drive and an over-running clutch. The clutch is mounted on the inside shaft of the extract motor which is provided for double end drive. On the opposite end of the extractor shaft is mounted the "V" belt drive for the cleaning drum.

Therefore, the drum is driven during the wash cycle by the 1 1/2 HP gearhead motor through the clutch on the extract motor shaft. During the extraction cycle, it is driven directly by the extract motor with the clutch over-running or disengaged from the wash motor. Also mounted within the storage tank is a self-priming centrifugal pump. This pump is driven by a 2 HP, 3450 RPM motor.

The unit is completely automatic and the length of the washing cycles are set by the operator on the dials above the loading door. The washing cylinder revolves at approximately 27 RPM during the washing cycle and at 525 RPM during the extraction cycle.

RINSE TANK AND FILTERS

Mounted on a second tank (3/16" steel plate of welded construction, reinforced with structural steel and gussets) are two (2) cylindrical filter bodies of welded construction. One filter is 18 inches in diameter with 10 gauge sheet steel sides and 9 gauge dished and flanged steel heads. The second filter is 22 inches in diameter with 10 gauge sheet steel sides and 3/16" dished and flanged heads. These bodies are

MINUTES

designed for a working pressure of 70 lbs. per sq. inch. Contained in each filter are cylindrical tubes of suitable mesh wire screen upon the outside of which the filter powder is plated by solvent flow to form the filtering media. The flow through each of the solvent filters is approximately 3,000 gallons per hour.

Installed in the discharge piping of the filters are control valves which direct the flow of solvent either to the tub or back to the correct storage tank.

Mounted also on this tank is an air compressor. It is driven by a $\frac{1}{3}$ HP, 1750 RPM motor and equipped with a pop safety valve set at 30 lbs. per sq. inch. Mounted within this tank is a second solvent pump, also driven by a 2 HP, 3450 RPM motor.

COOKER UNIT

All Detrex Model 600-S units are provided with a solvent cooker unit. The cooker body is 10 gauge sheet steel with a 10 gauge steel dished bottom (Welded construction) and a 10 gauge steel dished cover. This unit is designed for a working pressure of 70 lbs. per sq. inch. Contained in the cooker unit is a suitable mesh flat wire basket. The basket is lined with a nylon bag. The solvent cooker unit is fabricated with an external welded jacket for the application of steam. In operation, the soiled filter powder from the filter is removed to the cooker unit through a connecting pipe line from the bottom of the filter by air pressure. A filter powder cake forms on the screen supported nylon bag and the solvent transferred along with the powder is allowed to flow through this cake back to the storage tank. When the cake in this unit builds up to 4" thick in the bag liner, steam is applied to the jacket and the solvent is baked from the powder. Solvent vapors condense on the bottom of the extractor unit and are piped back to the storage tank.

STILL

All Detrex Model 660S units are provided with a solvent recovery still of the atmospheric type. The still body is fabricated of 10 gauge steel, reinforced with structural steel of all welded construction and is heated by a $1\frac{1}{4}$ " I.P.S. steam coil made of standard 125 lb. pipe and fittings.

It is provided with a steam pressure reducer, strainer and gauge for proper control of working steam pressure. The two condenser coils are continuous spirally wound coils, fabricated of $\frac{3}{4}$ " standard pipe, hot dip galvanized after fabrication. The distillation of this unit is 125 gallons per hour.

SYNTH-O-SAVER UNIT

The Detrex Synth-O-Saver or solvent recovery unit consists essentially of an open basket constructed with a solid spun, 16 gauge metal back and a perforated, galvanized metal periphery. This is mounted on a stub shaft and supported by two ample anti-friction, self-aligning ball bearings. The tumbler basket is rotated by a $\frac{1}{4}$ HP, 1750 RPM open, ball bearing motor belted to a gear reducer which is connected to the tumbler shaft and driven by means of roller chain drive and two cut-tooth steel blade sprockets. The entire unit is enclosed in a sheet metal housing. Air is supplied through the recovery unit by a paddle-wheel type fan of cast aluminum construction which is directly connected to the $\frac{1}{4}$ HP, 3450 RPM ball bearing motor. Both this motor and the tumbler motor have individual control switches and are adequately protected by thermal overload and short circuiting devices. The solvent reclaiming unit (Synth-O-Saver) fan draws the solvent-laden air from the shell which encloses the tumbler basket and passes it through the large filter bag to remove lint and dirt. The air then passes through the damper housing over a cooling coil where the solvent is condensed and removed from the air. The solvent flows from this location through a water separator.

The reclaimed solvent is piped back to the storage tank of the drycleaning machine and the separated water collected in a small open container.

The air, after the solvent vapors have been removed,

passes over a heating coil and is re-delivered to the housing of the reclaiming unit.

When the above outlined air flow is carried out, the dampers are in the recovery position. When the dampers are in the aeration position, fresh air is drawn into the tub at a point between the heating coil and the tub. This air is drawn over the clothes for deodorizing and cooling purposes and is passed to the outside after it has passed through the lint bag.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts, and it was noted that the size of the basket was 36" diameter by 30" deep. Using the factor of 2.8 lbs. per cu. ft., the capacity is 50 lbs.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 264-57-SA — Detrex Chemical Industries, Inc., Detroit, Michigan, filed for approval of the appliance known as Detrex Models 422 and 422S Drycleaning Process under the provisions of C26-191.0 Administrative Building Code and Chapter 19, Administrative Code.

USE: Commercial drycleaning equipment using perchlorethylene as the solvent—Capacity 15 lbs.

DESCRIPTION: DRYCLEANING MACHINE

The drycleaning machine consists of a 30" diameter x 12" deep, divided-partition drum, fabricated of aluminum castings and enclosed on the periphery with coated, perforated sheet steel. It is of rugged riveted construction. This drum is supported on heavy-duty, anti-friction outboard bearings mounted on the welded steel housing. The shaft is provided with the double seals to prevent loss of the cleaning solvent used in the drycleaning process. The rotating drum is enclosed in a tub ($\frac{3}{16}$ " steel plate of welded construction), which is in turn welded to the storage tank of $\frac{3}{16}$ " steel plate, reinforced with necessary gussets and structural steel to support it. Mounted on the storage tank of the machine are a $\frac{1}{2}$ HP gearhead motor for the washing cycle and a 1 HP motor for the extract cycle. These two motors are inter-connected by means of a roller chain drive and an over-running clutch. The clutch is mounted on the inside shaft of the extract motor which is provided for double

MINUTES

end drive. On the opposite end of the extractor motor shaft is mounted the "V" belt drive for the cleaning drum.

Therefore, the drum is driven during the wash cycle by the 1/2 HP gearhead motor through the clutch on the extractor motor shaft. During the extraction cycle, it is driven directly by the extract motor with the clutch over-running or disengaged from the wash motor. Also mounted on the storage tank is a self-priming centrifugal type pump or in the case of the Model 422S (2) pumps. This pump is driven by a 3/4 HP, 3450 RPM motor.

The unit is automatic and the length of the washing cycles are set by the operator on the dial above the loading door. The washing cylinder revolves at approximately 35 RPM during the washing cycle and at 565 RPM during the extraction cycle.

FILTERS

Also mounted on the storage tank of the Model 422S are two filters and mounted on the storage tank of the Model 422 is one filter. These filters are of cylindrical welded construction, 18 inches in diameter with #10 gauge sheet steel sides and a #9 gauge dished and flanged steel head. These filter bodies are designed for a working pressure of 70 lbs. per sq. inch. Contained in each filter are cylindrical tubes of suitable mesh wire screen upon the outside of which the filter powder is plated by solvent flow to form the filtering media. The flow through each of the filters is approximately 1800 gallons per hour.

Installed in the discharge piping of the filters are control valves which direct the flow of solvent either to the tub or back to the correct storage tank.

Mounted on the machine storage tank is an air compressor. It is driven by a 1/3 HP, 1750 RPM motor and equipped with a pop safety valve set at 30 pounds per square inch.

COOKER UNIT

All Detrex Models 422 and 422S units are provided with a solvent cooker unit. The cooker body is 10 gauge sheet steel with a 10 gauge steel dished bottom (Welded construction) and a 10 gauge steel dished cover. This unit is designed for a working pressure of 70 pounds per square inch. Contained in the cooker unit is a suitable mesh flat wire basket. The basket is lined with a nylon bag. The solvent cooker unit is fabricated with an external welded jacket for the application of steam. In operation, the soiled filter powder from the filter is removed to the cooker unit through a connecting pipe line from the bottom of the filter by air pressure. A filter powder cake forms on the screen supported nylon bag and the solvent transferred along with the powder is allowed to flow through this cake back to the storage tank. When the cake in this unit builds up to 4 inches thick in the bag liner, steam is applied to the jacket and the solvent is baked from the powder. Solvent vapors condense on the bottom of the extractor unit and are piped back to the storage tank.

STILL

All Detrex Models 422 and 422S units are provided with a solvent recovery still of the atmospheric type. The still body is fabricated of 10 gauge steel, reinforced with structural steel of all-welded construction and is heated by 1 1/4" IPS steam coil made from standard 125 PSI pipe and fittings.

It is provided with a steam pressure reducer, strainer and gauge for proper control of working steam pressure. The condenser coil is a continuous spirally wound coil, fabricated of 3/4" standard galvanized pipe. The distillation rate of this unit is 40 gallons per hour.

SYNTH-O-SAVER UNIT

The Detrex Synth-O-Saver or solvent recovery unit consists of an open basket constructed with a solid spun, 16 gauge metal back and a perforated, galvanized metal periphery. This is mounted on a stub shaft and supported by two ample anti-friction, self-aligning ball bearings. The tumbler basket is rotated by a 1/4 HP, 1750 RPM open, ball bearing motor belted to a gear reducer which is connected to the tumbler shaft and driven by means of roller chain

drive and two steel sprockets. The entire unit is enclosed in a sheet metal housing. Air is supplied through the recovery unit by a paddlewheel type fan of cast aluminum construction which is directly connected to the 1/4 HP, 3450 RPM ball bearing motor. Both this motor and the tumbler motor have individual control switches and are adequately protected by thermal overload and short-circuiting devices. The solvent recovery unit fan draws the solvent-laden air from the shell which enclosed the tumbler basket and passes it through a cloth filter to remove lint and dirt. The air then passes through the damper housing over a cooling coil where the solvent is condensed and removed from the air. The solvent flows from this location through a water separator. The reclaimed solvent is piped back to the storage tank of the drycleaning machine and the separated water collected in a small container. The air, after the solvent vapors have been removed, passes over a heating coil and is re-delivered to the housing of the recovery unit.

When the above outlined air flow is carried out, the dampers are in the recovery position. When the dampers are in the aeration position, fresh air is drawn into the tub at a point between the heating coil and the tub. This air is drawn over the clothes for deodorizing and cooling purposes and is passed to the outside after it has passed through the filter.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts and it was noted that the size of the basket was 30 inches diameter by 12 inches deep. Using the factor of 2.8 pounds per cubic foot, the capacity is 15 pounds.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Detrex Models 422 and 422S Drycleaning Process as herein described for voluntary use in New York City when installed in accordance with the requirements of the Rules Covering Dry Cleaning Establishments Pursuant to the Zoning Resolution of the City of New York and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 264-57-SA", and the additional words 15 pounds capacity.

RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
266-57-SA—Detrex Chemical Industries, Inc., Detroit, Michigan, filed for approval of the appliance known as Detrex Model 527 and 527S Drycleaning Process under the provisions of C26-191.0 Administrative Building Code and Chapter 19, Administrative Code.

USE: Commercial drycleaning equipment using perchloroethylene as the solvent—Capacity 24 pounds.

DESCRIPTION: DRYCLEANING MACHINE

The drycleaning machine consists of a 30 inch diameter, by 20 $\frac{3}{8}$ inches deep divided-partition drum, fabricated of aluminum castings and enclosed on the periphery with coated, perforated sheet steel. It is of rugged, riveted construction. This drum is supported on heavy-duty, anti-friction outboard bearings mounted on the welded steel housing. The shaft is provided with the double seals to prevent loss of the cleaning solvent used in the drycleaning process. The rotating drum is enclosed in a tub ($\frac{3}{16}$ " steel plate of welded construction), which is in turn welded to the storage tank of $\frac{3}{16}$ " steel plate, reinforced with necessary gussets and structural steel to support it. Mounted on the storage tank of the machine are a $\frac{3}{4}$ HP gearhead motor for the washing cycle and a 1 $\frac{1}{2}$ HP motor for the extract cycle. These two motors are inter-connected by means of a roller chain drive and an over-running clutch. The clutch is mounted on the inside shaft of the extract motor which is provided for double end drive. On the opposite end of the extractor motor shaft is mounted the "V" belt drive for the cleaning drum. Therefore, the drum is driven during the wash cycle by the $\frac{3}{4}$ HP gearhead motor through the clutch on the extract motor shaft. During the extraction cycle, it is driven directly by the extract motor with the clutch over-running or disengaged from the wash motor. Also mounted on the storage tank is a self-priming centrifugal type pump or in the case of the Model 527S (2) pumps. This pump is driven by a $\frac{3}{4}$ HP, 3450 RPM motor.

The unit is automatic and the length of the washing cycles are set by the operator on the dial above the loading door. The washing cylinder revolves at approximately 35 RPM during the washing cycle and at 525 RPM during the extraction cycle.

FILTERS

Also mounted on the storage tank of the Model 527S are two filters and mounted on the storage tank of the Model 527 is one filter. These filters are of cylindrical welded construction, 18 inches in diameter with #10 gauge sheet steel sides and a #9 gauge dished and flanged steel head.

These filter bodies are designed for a working pressure of 70 pounds per square inch. Contained in each filter are cylindrical tubes of suitable mesh wire screen upon the outside of which the filter powder is plated by solvent flow to form the filtering media. The flow through each of the filters is approximately 1800 gallons per hour.

Installed in the discharge piping of the filters are control valves which direct the flow of solvent either to the tub or back to the correct storage tank. Mounted on the machine storage tank is an air compressor. It is driven by a $\frac{1}{3}$ HP, 1750 RPM motor and equipped with a pop safety valve set at 30 pounds per square inch.

COOKER UNIT

All Detrex Models 527 and 527S units are provided with a solvent cooker unit. The cooker body is 10 gauge sheet steel with a 10 gauge steel dished bottom (Welded construction) and a 10 gauge steel dished cover. This unit is designed for a working pressure of 70 pounds per square inch. Contained in the cooker unit is a suitable mesh flat wire basket. The basket is lined with a nylon bag. The solvent cooker unit is fabricated with an external welded jacket for the application of steam. In operation, the soiled filter powder from the filter is removed to the cooker unit through a connecting pipe line from the bottom of the filter by air pressure. A filter powder cake forms on the screen supported nylon bag and the solvent transferred along with the powder is allowed to flow through this cake back to the

storage tank. When the cake in this unit builds up to 4 inches thick in the bag liner, steam is applied to the jacket and the solvent is baked from the powder. Solvent vapors condense on the bottom of the extractor unit and are piped back to the storage tank.

STILL

All Detrex Models 527 and 527S units are provided with a solvent recovery still of the atmospheric type. The still body is fabricated of 10 gauge steel, reinforced with structural steel of all-welded construction and is heated by 1 $\frac{1}{4}$ " IPS steam coil made from standard 125 PSI pipe and fittings. It is provided with a steam pressure reducer, strainer and gauge for proper control of working steam pressure. The condenser coil is a continuous spirally wound coil, fabricated of $\frac{3}{4}$ " standard galvanized pipe. The distillation rate of this unit is 80 gallons per hour.

SYNTH-O-SAVER UNIT

The Detrex Synth-O-Saver or solvent recovery unit consists essentially of an open basket constructed with a solid spun, 16 gauge metal back and a perforated, galvanized metal periphery. This is mounted on a stub shaft and supported by two ample anti-friction, self-aligning ball bearings. The tumbler basket is rotated by a $\frac{1}{4}$ HP, 1750 RPM open, ball bearing motor belted to a gear reducer which is connected to the tumbler shaft and driven by means of roller chain drive and two steel sprockets. The entire unit is enclosed in a sheet metal housing. Air is supplied through the recovery unit by a paddle-wheel type fan of cast aluminum construction which is directly connected to the $\frac{1}{4}$ HP, 3450 RPM ball bearing motor. Both this motor and the tumbler motor have individual control switches and are adequately protected by thermal overload and short-circuiting devices. The solvent recovery unit fan draws the solvent-laden air from the shell which enclosed the tumbler basket and passes it through a cloth filter to remove lint and dirt. The air then passes through the damper housing over a cooling coil where the solvent is condensed and removed from the air. The solvent flows from this location through a water separator. The reclaimed solvent is piped back to the storage tank of the drycleaning machine and the separated water collected in a small container. The air, after the solvent vapors have been removed, passes over a heating coil and is re-delivered to the housing of the recovery unit.

When the above outlined air flow is carried out, the dampers are in the recovery position. When the dampers are in the aeration position, fresh air is drawn into the tub at a point between the heating coil and the tub. This air is drawn over the clothes for deodorizing and cooling purposes and is passed to the outside after it has passed through the filter.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts, and it was noted that the size of the basket was 30 inches diameter by 20 $\frac{3}{8}$ inches deep. Using the factor 2.8 pounds per cubic foot the capacity is 24 pounds.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Detrex Models 527 and 527S Drycleaning Process as herein described for voluntary use in New York City when installed in accordance with the requirements of the Rules Covering Dry Cleaning Establishments Pursuant to the Zoning Resolution of the City of New York and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 266-57-SA", and the additional words 24 pounds capacity.

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

MINUTES

270-57-SM

APPLICANT—Johns-Manville Sales Corporation, owner.
APPEARANCES—

For Applicant: Harold Perrine and J. K. Justin.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 270-57-SM—Johns-Manville Sales Corp., New York City, filed for approval of the material known as Johns-Manville One Hour Fireproof Partition under the provisions of C26-638.0 Administrative Building Code. The application was subject to dismissal October 24, 1961, but was removed from the dismissal list at the request of the applicant. The applicant subsequently filed a fire test report.

USE: One hour fireproof partition—non load bearing.

DESCRIPTION: The partition consists of two sheets of Johns-Manville Transitone panels $\frac{7}{16}$ " thick, 1" x $\frac{1}{2}$ " and 3" x 1" 20 gauge steel, 1" x 3" steel studs, base of $\frac{7}{16}$ " by 6" high transite and Johns-Manville Spintex Batts.

The partition is constructed in the following manner:

The studs, inserted in floor and ceiling steel channels runners securely fastened to floor and ceiling by approved method, are spaced on 24" centers. Stud straps are attached to the studs with $\frac{3}{8}$ " No. 8 sheet metal screws. Tie wires are inserted through the studs on 12 inch centers. Blind fasteners are attached to the back of the Transitone sheets. As the panels are put in place, the joint bead is inserted in the vertical and horizontal joints between sheets. Formed metal base clips are fastened to the Transite base is then attached. This operation completed one face of the panel.

The insulation was then placed in and the tie wires were pushed through the batts and the insulation was pushed over the stud straps leaving the stud straps free for attaching to the furring studs on the opposite face. The tie wires were twisted in order to hold the insulation in place and then spread to receive a second layer of insulation. The furring studs on this face are then placed in the same manner as in the opposite face. The stud straps protruding through the insulation were attached to the sides of the furring studs with $\frac{3}{8}$ " No. 8 screws. The Transitone sheets and base were attached to the face in the same manner as on the opposite face.

The overall thickness of the panel is $\frac{37}{8}$ " except at the base which is $\frac{43}{4}$ ".

INSPECTION AND TEST: A panel constructed as herein described was tested at Ohio State University in accordance with the requirements of C26-591.0 and C26-592.0 Administrative Building Code and successfully met the fire and hose stream requirements of a one hour fireproof partition. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Johns-Manville One Hour Fireproof Partition (non load bearing), when constructed as herein described and in accordance with Drawing FT-2 which is on file with and part of the record, as a one hour fireproof partition under the provisions of C26-638.0 on condition that plans filed with the Department of Buildings showing the proposed use of the partition shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 270-57-SM."

336-57-SA

APPLICANT—The Peerless Heater Co., Division of The Eastern Foundry Co., owner.

APPEARANCES—

For Applicant: Edward W. Wilson.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 336-57-SA—The Peerless Heater Company, Division of Eastern Foundry Co., Boyertown, Penna., filed for approval of the appliance known as Peerless Gas-Fired Boiler, Series MM, 50, 150 and 1A, under the provisions of Article 12, Chapter 26, Administrative Building Code. The application was subject for dismissal October 24, 1961 but was removed from the dismissal list at the request of the applicant who subsequently submitted AGA approvals.

USE: Gas-fired heating boiler, low pressure.

DESCRIPTION: The boilers are cast iron gas-fired sectional water tube boilers. The boilers consist of a cast iron base, raised drill port burners, main pilot burner line and each main burner lights from a pilot, jacketing insulation tube, etc. The controls consist of a diaphragm gas valve, gas pressure regulator, main shut-off valve, pilot line cock, pilot line gas filter, safety pilot and auxiliary pilot, limit control, main gas burner controls and pressure relief valve.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts and it was noted that the boilers have been approved by the American Gas Association and are built in accordance with A.S.M.E. Code.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Peerless Gas-Fired Boiler, Series MM, 50, 150 and 1A, for use in New York City when installed in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code, on condition that the boilers bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 336-57-SA".

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 365-57-SA—Detrex Chemical Industries, Inc., Detroit, Michigan, filed for approval of the appliance known as Detrex Model 340 Drycleaner Process under the provisions of

MINUTES

C26-178.0 Administrative Building Code and Chapter 19, Administrative Code.

USE: Appliance designed to recover perchlorethylene in a dry cleaning system.

DESCRIPTION: This drying tumbler or recovery unit is the second or drying part of the Detrex process used for commercial drycleaning of garments, drapes and so forth. The process consists of two main machine assemblies. One of which is a washing machine where the garments are washed in the solvent and in which all liquid solvent is removed from those garments by centrifugal extraction. The clothes are then placed in the second closed unit which is the drying tumbler or recovery unit where the final solvent recovery is performed by evaporation and condensation and a short aeration cycle to remove the last traces of odor.

The drying tumbler or recovery unit is designed to recover the non-flammable, non-combustible cleaning solvent perchlorethylene and deodorizes four fifty pound loads of garments (dry weight) per hour.

The Detrex drying tumbler or solvent recovery unit sold under the trade name of "Synth-O-Saver" consists essentially of an open basket constructed with a solid spun, 16 gauge metal back and a perforated, galvanized metal periphery. The front face is a spun disc with an opening in the center for easy access to the basket. This basket is mounted on a stub shaft and supported by two ample anti-friction, self-aligning ball bearings. The tumbler basket is rotated by a $\frac{3}{4}$ HP, 1750 RPM open, ball bearing motor connected to and driving a gear reducer through a belt and two sheaves which is connected to the tumbler shaft and driven by means of roller chain drive and two cut-tooth steel blade sprockets. The entire unit is enclosed in a sheet metal housing which is vapor tight. Air is supplied through the recovery unit by a paddlewheel type fan of cast aluminum construction which is directly connected to a $\frac{3}{4}$ HP, 3450 RPM, 110 volt motor. Both this motor and the tumbler motor have individual control switches and are adequately protected by thermal overload and short-circuiting devices. The solvent reclaiming unit (Synth-O-Saver) fan draws the solvent laden air from the shell which encloses the tumbler basket and passes it through a large filter cloth to remove lint, dirt, and other foreign matter. The air then passes through the damper housing over a cooling coil where the solvent is condensed and removed from the air. The solvent flows from this location through a water separator. The reclaimed solvent is piped back to the storage tank of the drycleaning machine and the separated water collected in a small open container. The air, after the solvent vapors have been removed, passes over a heating coil and is redelivered to the housing of the reclaiming unit ready for the next cycle.

When this outlined air-flow is carried out, the damper is in the recovery position. When the damper is in the aeration position, fresh air is drawn into the tub at a point between the heating coil and the tub. This air is drawn over the clothes for deodorizing and cooling purposes and is passed to the outside air after it has passed through the lint cloth.

When the damper handle is in the recovery position, it prevents the loading door from being opened, it is necessary for the damper handle to be in the areation position before the loading door can be opened.

The loading door is also electrically interlocked to the drive motor so that a tumbler ceases to rotate whenever the loading door is open.

All piping, valves and fittings are of the standard 125 pounds type. The heating and cooling coils of the recovery unit are designed to withstand a test pressure of 200 pounds per square inch and a working pressure of 125 pounds per square inch gauge. All electrical equipment, wiring and fittings are in accordance with NEMA Code and have been tested and approved by Underwriters' Laboratories, Inc.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts, and it was noted that the equipment had been approved by the Underwriters' Laboratories, Inc., under Application Number 56C-5276, a copy of which is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval, for voluntary use in New York City, of the appliance known as Detrex Model 340 Drycleaner Process (reclaimer of perchlorethylene in a dry cleaning system) on condition that this equipment shall be as herein described, that the equipment shall only be used in conjunction with dry cleaning equipment approved by the Board and that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 365-57-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

394-57-SA—Amendment to resolution as to additional pumps. Gray Company, Inc., Minneapolis, Minn., requested that the resolution adopted July 21, 1959 under Calendar Number 394-57-SA be reopened and amended so as to include additional models of pumps.

USE: Air powered pumps for paint spraying and distribution systems.

DESCRIPTION: The requested models of air powered pumps for paint spraying are of the same general design as the pumps presently approved, having the same air motors and the same "divorced design" double acting, reciprocating immersion pumps. The difference only being in the ratio of liquid pressure developed to the inlet air pressure to the air motor.

The type designations, as indicated below, refer to pumps designed to accommodate various conditions of paint spraying and distribution operation.

Type	Trade Name	Ratio	Tube Design
323	Monark	23-1	Divorced
420	Mogul	20-1	Divorced
428	President	28-1	Divorced
630	Bulldog	30-1	Divorced

The requested models have been approved by the Underwriters' Laboratories.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 21, 1959 under Calendar Number 394-57-SA be reopened and amended so as to include the additional pumps as herein described, on condition that the requirements of the resolution adopted July 21, 1959 under Calendar Number 394-57-SA be complied with.

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

455-57-SA—Berger Furnace Corp., Belle Vernon, Penna., filed an application with the Board of Standards and Appeals for approval of the appliance known as the Berger Oil Fired Warm Air Furnace, Models BLB-8G, BLB-10G, BLB-13G, BLB-7F, BLB-9F, VLB-7F, VLB-9F, BLB-11F, BLB-12F, VLB-12F, BLB-14F, BLB-16F, VLB-7R, BLB-7R, VLB-13R, BLB-13R, BLC-9V, VLC-9V, BLB-13V, and VLD-7V, under the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code. The application was subject for dismissal October 24, 1961, but was removed from the dismissal list at the request of the applicant.

USE: Oil-fired warm air furnace.

DESCRIPTION: The furnace is a conventional furnace having a stainless steel combustion chamber, insulated steel panels for jacketing and fired by a gun type pressure atomizing oil burner. The oil burner used in this packaged unit has been approved by the Board under Calendar Number 309-46-SA.

INSPECTION AND TEST: The Committee decided that no tests were required as the burner used is one that has been approved by the Board.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as the Berger Oil-Fired Warm Air Furnace, Models BLB-8G, BLB-10G, BLB-13G, BLB-7F, BLB-9F, VLB-7F, VLB-9F, BLB-11F, BLB-12F, VLB-12F, BLB-14F, BLB-16F, VLB-7R, BLB-7R, VLB-13R, BLB-13R, BLC-9V, VLC-9V, BLB-13V, and VLD-7V, when installed in accordance with the requirements of the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code and further, that each furnace shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 455-57-SA".

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

840-57-SM—Utilex Division of Hoover Ball and Bearing

Company, Fowlerville, Michigan, filed for approval of the material known as GP-10 Anti-Syphon Ballcock, under the provisions of the Submerged Inlet Rules of the Board.

USE: Anti-Syphon Ballcock for use in water closets.

DESCRIPTION: The appliance is a brass die cast anti-syphon ballcock with a nylon seat and a rubber diaphragm for sealing. The overall size of the ballcock is 13½ inches.

INSPECTION AND TEST: Details of construction were examined by Ass't. Engr. J. A. Darts. The applicant has also submitted copies of the approval granted by the Cities of Detroit, Los Angeles and Chicago. The Committee decided to accept such approvals in lieu of additional tests.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as GP-10 Anti-Syphon Ballcock as manufactured by Utilex Division of Hoover Ball and Bearing Company for voluntary use in New York City when installed in accordance with the requirements of the Submerged Inlet Rules of the Board and further that the base of the ballcock valve body be a minimum of 1" above the top of the overflow tube in the closet bowl and that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 840-57-SM".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 853-57-SM—Firestone Steel Products Company, Division of Firestone Tire and Rubber Company, Akron, Ohio, filed for approval of the material known as Product Tank for Pepsi-Cola, Models RA-25252 and RA-25253, under the provisions of Article 17, Chapter 19, Administrative Code and C-26-191.0 Administrative Building Code. The application was subject for dismissal October 31, 1961 but was removed from the dismissal calendar at the request of the applicant.

USE: Container for pre-mixed Pepsi-Cola.

DESCRIPTION: The Model RA-25253 is a five gallon premix container, 8¾" l.d, 25" overall length and made of Type 304 Stainless Steel, 0.048" thick. The tank has a positive sealing closure, bottom skirt, fittings for gas and liquid lines, handles at the top for carrying and drain holes in the skirt for cleaning. This machine is designed for 35 p.s.i. working pressure and is designed to comply with A.S.M.E. code for unfired pressure vessels.

The Model RA-25252 is a ten gallon premix container, 12.154" l.d, 25" overall length made of Type 304 Stainless Steel, 0.048" thick and in all other respects it is similar to the Model 253.

In operation the tanks are connected to a standard CO₂ dispenser, equipped with a relief valve which will activate at 125 p.s.i.

INSPECTION AND TEST: The applicant has submitted test reports showing the 10 gallon tank failed by bursting

MINUTES

along the longitudinal seam weld at 745 p.s.i. and the 5 gallon capacity tank at 900 p.s.i., also along the longitudinal seam weld.

RECOMMENDATION: The Committee on Test recommends the approval, for voluntary use of the material known as Product Tank for Pepsi-Cola, Models RA-25252 and RA-25253, as herein described, under the provisions of Article 17, Chapter 19, Administrative Building Code, on condition that the container bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 853-57-SM".

1035-57-SA

APPLICANT—Mammoth Industries, Inc., owner.
SUBJECT—Additional models of gas-fired heaters.
APPEARANCES—

For Applicant: Harry A. King.
ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 1035-57-SA—Amendment to resolution as to additional models of gas fired heaters.

Mammoth Industries Inc., Minneapolis, Minnesota, requested that the resolution adopted July 7, 1960, under Calendar Number 1035-57-SA be reopened and amended so as to include additional models of gas fired heating furnaces.
USE: Gas fired warm air heating equipment.

DESCRIPTION: The requested models are basically the same as the presently approved furnaces, differing only as to BTU input. The requested models have been approved by both the Underwriters Laboratory and the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 7, 1960, under Calendar Number 1035-57-SA be reopened and amended so as to include the Commercial-Aire—Compact-Aire Fired Furnaces Models 195, 235, 265, 335, 375, 415, 455 and 500 on condition that the requirements of the resolution adopted July 7, 1960, under Calendar Number 1035-57-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

271-58-SM

APPLICANT—Concrete Plank Co., Inc., owner.
SUBJECT—Additional concrete plank.
APPEARANCES—

For Applicant: Edward A. Robinson.
ACTION OF BOARD—Application reopened and resolution amended, in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Becker and Commissioner Klein 3
Negative: Vice Chairman Kleinert and Commissioner Fox 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 271-58-SM—Amendment to resolution as to additional concrete plank and change of corporate name.

Concrete Plank Co., Inc., North Arlington, New Jersey, requested that the resolution adopted November 18, 1958 under Calendar Number 271-58-SM be reopened and amended so as to include an additional size of Double Tee—12½" Deep, and also a change of corporate name.

USE: Incombustible precast floor or roof slab.

DESCRIPTION: The 12½" slabs are similar to the 12" slabs previously approved except that the depth has been increased by ½" and the reinforcement has been changed to compensate for the added depth.

INSPECTION AND TEST: The applicant submitted load tables based on design calculations. Tests conducted by the applicant in accordance with the requirements of C26-6260 Administrative Building Code indicated the following results:

Slab	Clear Span	Design Load	Test Load	Factory of Safety
7/7	20'-6"	141 lbs/sq.ft.	540 lbs/sq.ft.	3.83
9/6	20'-6"	169 lbs/sq.ft.	540 lbs/sq.ft.	3.19
9/6	31'-6"	54 lbs/sq.ft.	182 lbs/sq.ft.	3.37
9/9	26'-6"	135 lbs/sq.ft.	342 lbs/sq.ft.	2.53

A complete report is on file with and is part of the record.

RECOMMENDATION: On the basis of the test and the data filed by the applicant and the fact that the factors of safety have been increased, the Committee on Test recommends the approval of the material known as Cantilite Long Span Double Tees as manufactured by Concrete Plank Co., Inc., North Arlington, New Jersey, under C26-191.0 when designed in accordance with the accepted theory of flexure as provided in C26-468.0 for use in New York City as incombustible floor or roof slabs with loads and spans as follows:

		Span in Feet and Corresponding Loads in lbs. per sq. ft.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

439-58-SA—Amendment to resolution as to additional models of gas heaters.

Empire Stove Company, Belleville, Illinois, requested that the resolution adopted December 16, 1958 under Calendar Number 439-58-SA be reopened and amended so as to include additional models of gas-fired heaters.

USE: Gas-fired free standing space heaters.

DESCRIPTION: The requested heaters, Models 17-1, 22-1, 33-1 and 44-1, are the same as the E models approved by the Board under Calendar Number 439-58-SA; the designation only referring to current production.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 16, 1958 under Calendar Number 439-58-SA be reopened and amended so as to include the Models 17-1, 22-1, 33-1 and 44-1 Gas-Fired Space Heaters as manufactured by the Empire Stove Company, on condition that the requirements of the resolution adopted December 16, 1958 under Calendar Number 439-58-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

604-60-SA

APPLICANT—Magic Chef Division of Dixie Products

Co., Inc., owner, William Hempfling, District Representative, agent.

APPEARANCES—

For Applicant: W. J. Hempfling.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 604-60-SA—The Magic Chef Division of Dixie Products Co., Inc., Cleveland, Tennessee, owner, filed for approval of the appliance known as Magic Chef Gas Range, various models for use in New York City under the provisions of Article 12, Chapter 26, Administrative Building Code and Multiple Dwelling Law.

USE: As a domestic range used for cooking.

DESCRIPTION: There are three types of gas ranges: the free-standing, the recessed oven-broiler range and the counter top range.

20 INCH RANGE: 3210 SERIES.

3210-1—Basic Model: A free-standing range constructed of 22 gauge steel side panels; 20 gauge steel main top, oven front, door and panels; 18 gauge steel base which is bonderized prior to enameling. All above have a porcelain finish except base.

The top section has four cast iron burners with alloy aluminum caps. The grates are cast iron and have a porcelain finish. The burner bowls are 20 gauge steel and have a porcelain finish. The burner valves are Lincoln or Micro Controls—single purpose. The oven body is 24 gauge steel with porcelain finish. The oven thermostat is a combination thermostat automatic pilot control by Robertshaw or Wilcolator. A Robertshaw Mini-pilot is employed. The broiler is under the oven. A two piece broiler pan is provided. The range may be with or without prefix Y: indicating "All Porcelain Finish". The fourth digit in model number may be: 2, 3, 4, 5, 6, 7, 8 and 9 denoting choice of color.

The ranges may also be with or without the following suffixes: 1, 2, 3, W and N. The suffix "N" may appear in model number to denote match-lit oven. No other change in range.

30 INCH RANGE: 3110 SERIES

3110-1, Basic Model: A free-standing divided top range constructed of a 20 gauge steel side panels, door and panels; 16 gauge steel oven front; 18 gauge steel main top and base. All have a porcelain finish except the base which is bonderized prior to enameling. The top section has four cast iron burners with detachable drilled ports with alloy aluminum caps. The grates are cast iron and have a porcelain finish. The burner bowls are 20 gauge steel and have a porcelain or chrome finish. The burner valves are Lincoln or Micro Controls—single purpose or Harper-Wyman or Micro Controls—Hi-Med-Low Safety locking. The oven body is 20 gauge steel with porcelain finish. The oven thermostat is a Robertshaw BJFMA—Low temperature control. The oven safety pilot is a Robertshaw FM. The broiler area is below oven. The oven and broiler is the full width of the range, with no storage compartment.

The fourth digit in model number may be: 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, denoting choice of color.

The suffixes and prefixes are as approved by the American Gas Association. The suffix "N" may appear in model number to denote match-lit oven. No other change in range.

All above 30 inch range models comply with the minimum requirements for gas ranges which display the "CP" Trademark.

36 INCH RANGE: 3010 SERIES

3010-1, Basic Model: A free-standing divided top range constructed of 22 gauge steel side panels; 18 gauge steel main top and base; 20 gauge steel top burner bowls, oven

MINUTES

front, doors and panels; all the above have a porcelain finish except the base which is bonderized prior to enameling.

The top section has four cast iron burners with alloy aluminum caps. The grates are cast iron and have a porcelain finish. The burner valves are Lincoln or Micro Controls—single purpose. The oven body is 24 gauge steel with porcelain finish. The oven thermostat is a combination thermostat automatic pilot control by Robertshaw or Wilcolator. A Robertshaw Mini-pilot is employed. The oven is on the right side and an upper and lower storage drawer on the left side. The broiler is under the oven. A two piece broiler pan is provided.

Approved with or without prefix Y and suffixes 1, 16, E, G or W (fourth digit may be 2, 3, 4, 5, 6, 7, 8 or 9 denoting choice of color). The suffix "N" may appear in model number to denote match-lit oven. No other change in range.

36 INCH RANGE: 2010 SERIES

2010-3W, Basic Model: This range is basically similar to the Model 3010-1 except for the following. The side panels are 20 gauge steel. The oven front is 18 gauge steel.

The top section burners are detachable drilled port caps. The burner bowls have a porcelain or chrome finish. The burner valves are Harper or Micro Controls—Hi-Med-Low safety locking.

The oven body is 22 gauge steel. The oven thermostat is a Robertshaw BJFMA—Low temperature control. The oven safety pilot is a Robertshaw FM. The oven is on the right and a single door covers the storage compartment with shelf on the left side.

Approved with suffixes 3, 4, 5, E, G, W, C, O. The suffix "O" denotes a built in electric second oven and broil section with rotisserie in place of storage compartment at left side. The suffix "N" may appear in model number to denote match-lit oven. No other change in range.

The prefix GS—denotes built to Gold Star specifications.

The Models GS2010-3WE, GS2010-3WGE, GS2010-5WCE, and GS2010-5WCGE comply with the minimum requirements for gas ranges which display the "CP" trade mark.

36 INCH RANGE: 1010 SERIES

1010-1, Basic Model: This range is basically similar to the Model 3010-1 except for the following. The side panels are 20 gauge steel.

The top section burners are detachable drilled port caps. The burner bowls have a porcelain or chrome finish. The oven body is 22 gauge steel. The burner valves are Lincoln or Micro Controls—single purpose or Harper or Micro Controls—Hi-Med-Low safety locking. The oven body is 22 gauge steel. The oven thermostat is a Robertshaw BJFMA Low temperature control. The oven safety pilot is a Robertshaw FM. The oven is on the right and a single door covers the storage compartment with shelf on the left side.

Approved with suffixes 1, 3, 4, E, G, W, C, T and 1B. The suffix "T" indicates center cluster top type range. The suffix "1B" denotes models equipped with the alternate back-guard. The suffix "N" may appear in model number to denote match-lit oven. No other change in range.

The prefix GS—denotes built to Gold Star specifications.

RECESSED RANGE TOP SECTION—4820 SERIES

4820-1, Basic Model: For installation in a 19½ inch deep, by 22½ inch wide cutout in a combustible cabinet.

The top control section drop-in has four cast iron burners with detachable drilled port alloy aluminum caps. The grates are cast iron and have a porcelain finish. The burner bowls and main top are formed in one piece and can have a porcelain or chrome finish. The burner valves are either Harper or Micro Controls—Hi-Med-Low valves.

All sheet metal parts are 20 gauge steel.

	N M & M	L.P.
Right front burner.....	12,000	8,000
Left front burner	9,000	7,000
Rear burners	9,000	7,000
Thermostatically Controlled ...	9,000	7,000

Approved with suffix 1 and E.

The prefix GS—denotes built to Gold Star specifications. The fourth digit 0, 1, 2, 4, 5, 6, denotes choice of color.

RECESSED RANGE OVEN-BROILER SECTION—1320 SERIES

1320-1, Basic Model: For installation in a 20¾ inch wide by 37½ inch high by a minimum 23 inch deep cutout in a combustible cabinet.

The side panels are 22 gauge steel; the oven front is 18 gauge steel; the oven body is 22 gauge steel; the doors and panels are 20 gauge steel; the base is 18 gauge steel. All the above have porcelain finish except the base and side panels which are bonderized prior to high temperature enameling.

The oven is 16 inches wide, 15 inches high, and 19 inches deep. The thermostat is a Robertshaw BJFMA—Low temperature control. The oven safety pilot is a Robertshaw FM. The oven is approved as a vented or unvented unit. The oven BTU rating is 20,000 for all gases.

The broiler is under the oven. A two piece broiler pan is provided. The broiling area is 13½ inch wide by 15 inches deep.

Approved with suffix 1, 2, 3, 4, W, 21W, C. The suffix "N" may appear in model number to denote match-lit ovens. No other change in oven.

The prefix GS—denotes built to Gold Star specifications. The fourth digit 0, 1, 2, 4, 5, 6, denotes choice of color.

RECESSED RANGE OVEN-BROILER SECTION—2310 SERIES

2310-1, Basic Model: This model is basically similar to the model 1320-1 except for the following: For installation in a 24¾ inch wide by 37½ inch high by a minimum 23 inch deep cutout in a combustible cabinet.

The oven is 20 inches wide 15 inches high, and 18 inches deep.

INSPECTION AND TEST: All details of construction were examined by Assistant Architect T. W. Farricker. These ranges were tested and approved by the American Gas Association, except those ranges with the suffix "N".

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Magic Chef Gas Range, various models for use in New York City under the provisions of Article 12, Chapter 26, Administrative Building Code and Multiple Dwelling Law, and that Magic Chef Gas Ranges approved by the American Gas Association shall be installed in accordance with C26-695.0.2a and those models that are not approved by a recognized testing laboratory but are made to A.G.A. specifications shall be installed in accordance with C26-695.0.2.b. Further the ranges marked with the suffix "N" are not permitted to use the reduced clearances.

It is further recommended that each range bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 604-60-SA".

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

221-61-SA

APPLICANT—American Laundry Machinery Industries
Div. McGraw-Edison Company, agent; Challenge-Cook
Brothers, owner.

APPEARANCES—

For Applicant: Paul J. Abrams.

ACTION OF BOARD—Appliance approved in accordance

MINUTES

with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
221-61-SA—American Laundry Machinery Industries Div. McGraw-Edison Company for Challenge-Cook Brothers, La Marada, California, filed for approval of the appliance known as Drynamic Challenge Tumbler under the provisions of Article 12, Chapter 26, Administrative Building Code.

USE: Gas-fired clothes dryer.

DESCRIPTION: The Tumbler is a combination tumbler, conditioner and dryer, the tumbler is gas-fired with a forced draft pre-mix burner, cast refractory lined combustion chamber capable of withstanding temperatures to 2500°F, designed to insure complete gas combustion, with an input capacity of at least 15,000 B.T.U. per minute. Matching cast refractory intake elbow is provided for secondary air to be thoroughly mixed with the products of combustion and passed through the revolving basket at a rate of at least 3500 C.F.M. free flow by means of a 5 H.P. electric motor powered exhaust blower. Evaporation rate shall be at least 6 pounds of water per minute at maximum output.

Basket volume is 95 cubic feet with a tumbling capacity of 200 pounds dry weight of cotton textiles, and it is rotated by a 2 H.P. reversing electric motor in alternate directions automatically at a speed of approximately 22 R.P.M. during the operating cycle. Basket is of steel construction 66" in diameter, 48" deep, with its entire periphery covered by 10 gauge ½ inch wire cloth over six internal rib baffles. It has three point suspension consisting at one end of a main shaft revolving in a frictionless bearing and, near the other end an external steel track, concentrically machined after fabrication, riding on support rollers equipped with frictionless bearings.

The basket is enclosed and mounted in an insulated steel housing and so contrived and pivoted that the tumbling portion of the operating cycle will be performed with the axis of the basket in a horizontal position, but which will be tilted by means of an adequate pneumatic cylinder for automatic unloading at proper height into standard laundry carts and subsequent reloading while in the vertical position.

Loading and unloading is accomplished through a circular opening 48" in diameter in one end of the basket. Split doors are provided, hinged to the housing, which will cover this opening during the tumbling portion of the cycle but which will swing clear of the discharge opening and will form guides to prevent spillage when the basket and housing are tilted for discharge. Rate of discharge is controlled by push button.

An automatic electrically actuated cycle control system is provided which may be varied manually to suit the tumbling, conditioning or drying operation desired. Burners have both high and low positions controlled by adjustable thermostat in exhaust stack; and are interlocked for operation only when main blower is in operation and basket motor is revolving. A thermostatically actuated fire preventive internal sprinkler system is provided.

INSPECTION & TEST: Details of construction were examined by A'sst. Engr. J. A. Darts and it was noted that all controls were either A.G.A. or U. L. approved.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Drynamic Challenge Tumbler, as manufactured by Challenge-Cook Brothers, for voluntary use in New York City, on condition that the dryer be vented in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code and each machine bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals

for use in New York City under Calendar Number 221-61-SA"

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

841-61-SA

APPLICANT—Westinghouse Electric Corporation, owner.
APPEARANCES—

For Applicant: R. A. Schneider.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
841-61-SA—Westinghouse Electric Corp., New York City, filed for approval of the appliance known as Westinghouse Type OM-2 Buffer under the provisions of C26-1186.0 through C26-1191.0 Administrative Building Code.

USE: Oil Buffer installed in elevator pits.

DESCRIPTION: The buffer is constructed of the following parts—bumper, plunger, oil chamber and outer cylinder and base plate.

1. BUMPER

Made of tough durable rubber to provide the utmost resiliency, and fastened to the top of the buffer by means of machine screws.

2. PLUNGER

The plunger is made of strong high pressure lightweight seamless steel tubing, and is designed for a very high factor of safety. A strong helical compound spring inside the housing holds the plunger in operating position, and also returns it to original position after weight is removed.

3. OIL CHAMBER

As the car or counterweight descends on the buffer, the plunger is forced downward into the oil chamber. The oil escapes through an annular orifice into the plunger. Flow of oil through this orifice is controlled by a tapered steel pin which automatically reduces the size of the orifice as the plunger travels downward. This results in a constant retarding force.

After the load is removed and the plunger returns to its operating position, the oil returns through the orifice to the oil chamber and the buffer is again ready for service. The cylinder wall is provided with a dual oil seal which prevents oil from leaking by bleeding any oil that passes the first gland back into the oil reservoir.

Oil Gauge: An oil gauge is provided to check oil level.

4. OUTER CYLINDER AND BASE PLATE

The outer cylinder and reservoir are also made from seamless steel tubing. It is securely welded to a heavy steel base plate to provide the proper bottom support for the entire buffer.

INSPECTION AND TEST: The applicant has submitted a report of test conducted by the United States Department of Commerce, National Bureau of Standards showing that the buffers were tested in accordance with the requirements of C26-1186.0 through C26-1191.0 Administrative Building Code and successfully met the requirements of those sections. A copy of the report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Westing-

MINUTES

house Type OM-2 59" to 84" stroke under the following conditions:

Buffer Stroke	Weight of Car Maximum	Striking Speed
59" Stroke	11,500 lbs.	1066 ft/min.
66" Stroke	11,500 lbs.	1129 ft/min.
74" Stroke	11,500 lbs.	1195 ft/min.
84" Stroke	11,500 lbs.	1273 ft/min.

on condition that the buffer be installed in accordance with the requirements of the pertinent sections of the Administrative Building Code and labeled in accordance with the requirements of C26-950.0 including the wording "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 841-61-SA."

APPLICANT—Bonney Forge and Tool Works, owner.
SUBJECT—Application January 18, 1960—Brazolet (for silver brazing to copper or brass pipe or tubing), approval of.

APPEARANCES—

For Applicant: William M. Jackson.

ACTION OF BOARD—Laid over to January 23, 1962, at 2 P.M. for decision.

185-61-A

APPLICANT—Plastic Kitchen Company, lessee; Nathaniel Roven, owner.

SUBJECT—Application February 15, 1961—Appeal from an order of the Fire Commissioner re—bars on windows.
PREMISES AFFECTED—1612-1616 Broadway, southwest corner of Macon Street, Block 1499, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Nathaniel Roven.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 16, 1961 on Order No. 1841-0, reads:

"1. Arrange iron bars on windows on 1st and 2nd story, so as to be readily movable or removable from inside in such a manner as to afford the free and unobstructed use of such windows for the purpose of egress and to be left unlocked during working hours. Sec. 272 of the Labor Law."

and

WHEREAS, the applicant states that the building is 50 feet by 93 feet 1/2 inch irregular in area, 2 stories, 32 feet 6 inches high, of class 3 construction, located in business use, C area and class 1 height district, built in 1923, now used and occupied since 1955: cellar—boiler room and general storage; 1st floor—assembling plastic kitchen sets, 6 persons; 2nd floor—offices, 10 persons contrary to Certificate of Occupancy #127080 issued August 18, 1950, against Alt. Applic. 2660-50, which reads: cellar—heat and storage; 1st floor—private trade school (shoe repair), 100 persons; 2nd floor—offices, 10 persons; and

WHEREAS, the applicant states that the occupant of the 1st floor, Plastic Kitchen Company employs a maximum of 4 employees, who assemble kitchen and dinette sets by at-

taching aluminum legs to chairs and tables; that the building has two exits, one leading to Broadway, the other to Hopkinson Avenue; that there are 22 windows on the 1st or ground floor which have iron bars; that the iron bars on the front (3 windows) and on the 2nd set of 3 windows on the Hopkinson Avenue side nearest to Broadway, were removed; that these iron bars were constructed as part of the building and were built of steel and concrete construction; that prior to July 1958, the ground floor premises were occupied by a trade school, of 100 persons; that there was heavy machinery in said premises for the repair of shoes in addition to classrooms; that the occupancy of the Plastic Kitchen Company is of a temporary nature; that their lease expires June 30, 1962 and the ground floor premises may again be used by a public agency or finance company, which would require the added protection of these iron bars; that the exits in front and rear and the 2 windows without bars is amply sufficient for the 4 employees; that said bars on the other windows are not a hazard to the employees; that in place of these windows, having the iron bars, there could very well have been a solid wall; that the upstairs premises are used as offices; that there are no iron bars on the windows facing the street on the 2nd floor, except 4 windows facing the side court which have iron bars, making a total of 26 windows with bars; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in the decision of the Fire Commissioner, acting on Order No. 1841-0 dated Jan. 16, 1961, Objection No. 1 and that the appeal be and it hereby is *granted, on condition* that the building conform to drawings filed with this application dated February 15, 1961, three sheets. On further *condition* that the bars at the northerly window on Hopkinson Avenue are to be hinged so that they can be opened and that these bars are to be locked only when the factory is not occupied; that access to all exits shall be maintained clear and unobstructed; that all other rules, laws, regulations applicable be complied with; and that a new Certificate of Occupancy shall be obtained.

186-61-A

APPLICANT—Halperin, Natanson, Shivitz, Scholer and Steingut for Jacob Goodman and Company, Incorporated, owner; W. W. Elzea Incorporated, lessee.

SUBJECT—Application February 16, 1961—Appeal from an order of the Fire Commissioner re—sprinkler system.
PREMISES AFFECTED—182 Duane Street, Block 141, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Martin Schaum.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 20, 1961 on Violation Order No. 488069, reads:

"Provide an approved automatic sprinkler system throughout the Building. C19.161.0 Adm. Code."

and

WHEREAS, the applicant states that the building is 24 feet 11 inches by 127 feet 10 inches in area, 5 stories and cellar, 67 feet high, of class 3 construction, located in unrestricted use, A area and class 2 height district, built in 1872, now used and occupied prior to 1917: cellar—storage of butter and eggs in cartons; 1st floor—storage of butter and eggs in cartons and incidental, 5 persons; 2nd floor—storage of butter and eggs in cartons and incidental, 7 persons; 3rd, 4th and 5th floors—storage of eggs and butter in cartons;

MINUTES

that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that it would appear that the Fire Commissioner's order is repetitious and unreasonable, in view of the compliance with the Department of Buildings approval, as well as the previous variation by the Board; that the Fire Commissioner's order will cause undue hardship and practical difficulties and impose an unwarranted expenditure, impairing the owner's equities; that among other things, this building is unheated and will not maintain a standard wet sprinkler system, creating a practical difficulty; that the expenditure required to comply with said order is unwarranted by the conditions existing in these premises, as previously determined by the Board, and the Department of Buildings; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal not be granted.

Resolved, that the decision of the Fire Commissioner, dated January 20, 1961 acting on Violation Order No. 488069 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

305-61-A

APPLICANT—Henry C. Brucker for John and George Merkel, owners.

SUBJECT—Application March 16, 1961—Appeal from a decision of the Borough Superintendent re—Class 3 building—repair shop.

PREMISES AFFECTED—64-30 Shaler Avenue, east side 310.28 feet north of Cypress Hills Street, Block 3640, Lot 74, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Joseph A. O'Neill and John Merkel.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1961 on Alt. Applic. 1659-60, reads:

"1. Reconsideration denied, a motor vehicle repair shop in a class 3 building of more than one story being contrary to 4.2.1 B.C. (C26-254.0 A.C.)."

and

WHEREAS, the application states that the building is 40 feet by 29 feet 8 inches in area, 2 stories, 28 feet high, of class 3 construction, located in unrestricted use, C area and class 1 height district, built under N.B. Applic. 1009-53, now used and occupied since April 6, 1954: 1st floor—storage warehouse, 3 persons; 2nd floor—storage warehouse, substantially in accordance with Certificate of Occupancy #95313 issued April 6, 1954 against N.B. Applic. 1009-53; that the proposed use and occupancy will be: 1st floor—motor vehicle repair shop including welding, 3 persons; 2nd floor—storage warehouse and office, 2 persons; and

WHEREAS, the applicant states that it is proposed to change the occupancy of the 1st floor to motor vehicle repair, including welding, and continue the use of storage warehouse, including office, on the 2nd floor; that plans for this change were filed with the Department of Buildings, Borough of Queens, and were given Alt. Applic. 1659-60 and were approved on August 19, 1960 and a permit subsequently taken out to perform the work of fire retarding the 1st floor ceiling with a fire resistive rating of 1 hour, based C26-257.0 and C19 Article 12 of the Administrative Code; that a fuel oil heating system with blowers were also installed as a result of this approval; that upon filing for a Certificate of Occupancy it was discovered that this application was approved in error bringing about the reason for this appeal.

Resolved, that the decision of the Borough Superintendent, dated March 3, 1961, acting on Alt. Applic. 1659-60 Objection No. 1, be and it hereby is *modified* and that the

appeal be and it hereby is *granted* on condition that the building conform to drawings filed with this application dated March 16, 1961, four sheets; that all laws, rules and regulations applicable be complied with and a Certificate of Occupancy be obtained.

482-61-A

APPLICANT—Spiegel and Davis for Stephen Vali and Adam Damascus and Leonidas Damascus, owners.

SUBJECT—Application April 18, 1961—Appeal from a decision of the Borough Superintendent re—change in use. PREMISES AFFECTED—165 West 80th Street, north side, 150 feet east of Amsterdam Avenue, Block 1211, Lot 7, Borough of Manhattan.

APPEARANCES—

For Applicant: Irwin Emerman.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 13, 1961 on Alt. Applic. 290-61, reads:

"A2—Proposed change in use of the 2nd floor west apartment and the 5th floor east and west apartments to S.R.O. occupancy after April 13, 1956 is contrary to D26-7A.O of the Multiple Dwelling Code."

and

WHEREAS, the applicant states that the building is 31 feet by 90 feet in area, 5 stories, 50 feet high, of class 3 construction, located in residence use, B area and class 1½ height district, built in 1895, now used and occupied since 1954: cellar—boiler room—ordinary; 1st floor—2 room SRO units and 9 rooms SRO units and 1 manager's room, 2nd floor—2 room SRO units and 10 rooms SRO units, 3rd, 4th and 5th floors, the same as the 2nd floor; that Certificate of Occupancy #42635 issued May 17, 1954 against Alt. Applic. 454-52 lists the following use and occupancy: cellar—boiler room, storage and tenants' laundry; 1st story—2 single room occupancy units of 2 rooms each, 9 rooms—single room occupancy and one manager's room; 2nd story—1 apartment, 1 single room occupancy unit of two rooms, 5 rooms—single room occupancy; 3rd and 4th stories—2 single room occupancy units of two rooms each and 10 rooms—single room occupancy on each floor; 5th story—2 apartments; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal not be granted.

Resolved, that the decision of the Borough Superintendent, dated April 13, 1961 acting on Alt. Applic. 290-61, Objection No. A2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

867-61-A

APPLICANT—Samuel Rosenblum for Beta Press Incorporated, owner.

SUBJECT—Application June 6, 1961—Appeal from an order and a decision of the Fire Commissioner re—sprinkler system.

PREMISES AFFECTED—57 Warren Street, south side, 49 feet 11½ inches east of West Broadway, Block 133, Lot 19, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Moses Block.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commis-

MINUTES

sioner, dated May 15, 1961 on Violation Order No 484796, reads:

"1. Provide an approved automatic sprinkler system throughout building.

Chapter C19-161.0 Administrative Code."

and

WHEREAS, the applicant states that the building is 25 feet 2½ inches by 88 feet ½ inch in area, 8 stories, 102 feet 6 inches high, of class 1 construction, located in unrestricted use, B area and class 2 height district, built in 1898, now used and occupied since 1898 as a factory, without a certificate of occupancy; and

WHEREAS, the applicant states that the building was and is mostly occupied by small printers with no floor having an occupancy in excess of 5; that it has a fireproof enclosed stair and a fire escape on the front, heretofore accepted as a 2nd means of egress; that the openings on the course are fireproof except the top story, and a fireproof casement door on each floor, screened 5 feet and with a counter-balanced stair; that a interior fire alarm system with fire drills are to be maintained; that other minor orders of the Fire Department are to be complied with, and are merely filed because so requested on application; that to comply with the Fire Department order for this building, 8 stories in height would require the erection of a tank on the roof, a structural change, as the city pressure is not sufficient to lift to the top floor; that the occupancies of the building do not come within the classification of medium or high hazards; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner, dated May 15, 1961, acting on Violation Order No. 484796 Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition the building conform to drawings filed with application dated January 2, 1962, one sheet. On further condition that an automatic sprinkler system with a separate sprinkler connection be installed in the cellar, sub-cellar and first floor; that access aisles be maintained clear to all exits and that all laws, rules and regulations applicable be complied with.

1426-61-A

APPLICANT—Crinnion and Crinnion for Henry Herion, owner.

SUBJECT—Application September 13, 1961—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation Section 216 and Section 34 Subd. 6 of the Multiple Dwelling Law re—cellar apartment.

PREMISES AFFECTED—114 East 91st Street, south side, 175 feet east of Park Avenue, Block 1519, Lot 65, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert J. Crinnion.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 7, 1961 on Alt. Applic. 1434-61, reads:

"A1—Cellar apt. contrary to Sect. 216 M.D.L. and Sect. 34 Sub. 6 M.D.L. in that it does not meet requirements of these sections."

and

WHEREAS, the applicant states that the appeal is being made to permit the existing cellar apartment to be occupied by a non-rent paying superintendent; that although the cellar apartment is not recorded in the Department, it has existed for many years and a temporary cellar occupancy permit was issued by the Department of Buildings; that when the former superintendent became ill and moved, the cellar occupancy permit was cancelled; that the owner now

employs a superintendent from a building nearby, but is anxious to have a resident superintendent as it is more desirable and is safer for the occupants; that this building, although an old law tenement, is maintained very well and there are no violations pending except for the cellar apartment; that this apartment is presently unoccupied, but the violation is pending because the apartment still exists; that this 3 room apartment is located in the front of the building and is well-lighted and ventilated; that the ceiling is two feet above the sidewalk and fronts on a sidewalk area and the kitchen and bedroom ventilate on an inner court as used for the apartments on the upper floors; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1434-61 dated Sept. 7, 1961, Objection No. A1 be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, on condition the building conform to drawings filed with this application dated September 13, 1961, four sheets; that the apartment in the cellar is to be occupied by the Superintendent of the building only; that all laws, rules and regulations applicable be complied with, and a new Certificate of Occupancy be obtained.

*CORRECTION

That portion of the minutes of the meeting of the Board of Standards and Appeals held on December 12, 1961 as they appeared in Bulletin No. 51, Vol. 46 are hereby corrected to read as follows:

MINUTES

141-33-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Socony Mobil Oil Company, owner.

SUBJECT—Application reopened September 13, 1961, as Volume II—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use, E-1 area district for a temporary term of fifteen (15) years at an existing gasoline service station, the extension of the uses to include lubricatorium, minor auto repairs, car washing (non-automatic) sales room, utility room and the parking and storage of motor vehicles that extends into the required setbacks.

PREMISES AFFECTED—143-06 to 143-16 Farmers Boulevard and 174-01 to 174-05 143rd Road, northwest corner, and 142-31 to 142-39 174th Street, Block 12593, Lot 109, Springfield, Borough of Queens.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and 21, for a term of 15 years, to permit in a residence

use, E-1 area district, at an existing gasoline service station, the extension of the use to include lubricatorium, minor auto repairs, non-automatic car washing, sales room, utility room and the parking and storage of motor vehicles, that extends into the required setbacks, *on condition* that the work shall conform with drawings filed with this application dated June 14th, 1961, *4 sheets*; *on further condition* that the parking area shall be paved with crushed bluestone, clean cinders or gravel, treated with a binder and rolled to grade for proper drainage; that the existing wall on 174th Street and 143rd Road shall be put in good repair and continued for the entire front on 174th Street; that the planted area at the northwest corner shall be replanted; that the sidewalk and curbs shall be put in condition satisfactory to the Borough President; that all laws, rules and regulations applicable shall be complied with; and that a permit shall be obtained, work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

*Correction: In the resolved portion the number of sheets is corrected to read "*4 sheets*" instead of "*8 sheets*."

RULES

RULES FOR TESTS OF FIRE-RESISTIVE, FLAMEPROOFED MATERIALS, SUCH AS TEXTILES, PAPER, SIMILAR MATERIALS AND ADHESIVES USED FOR DECORATIVE PURPOSES AND TREATED ACOUSTICAL DRAPERIES, CARPETS AND SIMILAR MATERIALS FOR USE IN PLACES OF PUBLIC ASSEMBLY AND SPECIAL OCCUPANCY STRUCTURES.

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS MAY 3, 1940. EFFECTIVE IN ACCORDANCE WITH SECTION 665, SUBDIVISION C, OF THE NEW YORK CITY CHARTER, MAY 27, 1940.

[Cal. No. 294-40-SR]

AUTHORITY:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter of the City of New York and Section C26-721.0b (12.2) as amended by Local Law No. 170, approved November 14, 1939, and Section C19-16.1 Local Law No. 112, approved July 18, 1939.

1.0 SCOPE

These requirements apply to flameproofed combustible materials used for decorative or other purposes within special occupancy structures as defined in Section C26-715.0 (12.1.1) and other places of public assembly as provided in Section C19-161.0 which was amended by Local Law No. 112.

2.0 GENERAL REQUIREMENTS

It shall be unlawful for any person to use any decorations, drape, curtain or scenery used for artistic enhancement which is made of combustible material, unless painted or saturated with a non-combustible material or liquid or otherwise rendered safe against fire to the satisfaction of the Fire Commissioner and in accordance with the requirements of these Rules, in any building of a public character, including a hotel, theatre, restaurant, public hall, department store,

and a building used or intended to be used for purposes of public assembly, amusement or instruction, and a building where large numbers of persons congregate (See Section C19-161.1) except as exempted in Rule 7.

After flameproofing, such processing as ironing, sewing and normal handling shall have no detrimental effects on the treatment of the material.

3.0 APPROVAL OF MATERIALS AND METHODS USED IN FLAMEPROOFING TEXTILES, ETC.

3.1 No materials or methods for flameproofing combustible materials for use under these Rules shall be used unless approved by the Board.

4.0 FLAMEPROOFING PROPERTIES.

The flameproofed material, when subjected to the test described in Rule 5.0, shall meet the following requirements as to fire-retardant properties.

4.1 FLASHING—No flashing shall occur at any time on the length of the test specimen. A flashing due to fuzz or bad edges may be disregarded.

4.2 DURATION OF FLAME—The average continuation of flaming shall not exceed 3 seconds.

4.3 DURATION OF GLOW—The average continuation of glow at the edge of the charred area shall not exceed an additional twenty seconds after the cessation of flaming. Glow confined to the charred area may be disregarded.

5.0 TESTS.

Tests for each specific installation of originally treated combustible material, or any re-tests thereof, shall be made by the Fire Commissioner, or in a laboratory approved by him, in accordance with the requirements of these Rules.

5.1 SAMPLING FOR TEST SPECIMENS — Samples of each variety of material and for every kind of treatment shall be subjected to separate test. Samples shall be of sufficient size to furnish test specimens provided for in Rule 5.2. At least three samples shall be furnished for every 500 square feet or fraction thereof.

5.2 TEST SPECIMENS—Specimens for test shall be 2 in. wide and 12½ in. long and shall be numbered on one end. Test specimens shall be carefully cut from at least three different places in the material to provide

RULES

a minimum of three test specimens from each material for testing.

5.3 CONDITIONING OF TEST SPECIMENS—The test samples or test specimens shall be dried for 24 hours in a room of average temperature of 70° F., with an average humidity of 40%.

5.4 TEST FOR PERMANENCE OF CHEMICALS—Test specimens shall be suspended by folding and pinning one-half inch of the numbered end over a horizontal 8-gauge wire, placed two inches above the center of a 7-inch opening in a 3-ft. wind tunnel arranged to deliver a wind velocity to the air, at the tunnel end, of 700 lineal feet, plus or minus 50 ft. per minute, as measured by a suitable anemometer on a line with the wire. In this position the test specimens shall be whipped for five minutes. Immediately upon conclusion of this test, the specimens shall be placed in a closed dry container until required for the flame test.

5.5 APPARATUS FOR FLAME TEST—The apparatus shall consist of a ring stand 20 inches high with an adjustable clamp housed in a metal shield 12 inches square and 20 inches high, opened in front and at both ends and a Bunsen or Tirrill gas burner which shall have a tube of 3/8-inch inside diameter.

5.6 FLAME TEST—A whipped test specimen shall be taken from the closed container required in Rule 5.4 and suspended vertically with one-half inch of the numbered end in a clip held in a clamp on a ring stand so that the test specimen shall hang vertically within and near the center of the metal shield required in Rule 5.5. The lower end of the test specimen shall be three-quarters of an inch above the top of the gas burner on which the air supply is shut off completely and adjusted to give a luminous flame 1½ inches long. The flame shall be applied for 12 seconds, then withdrawn. The result

of the test for duration of flame and duration of glow of the three test specimens shall each be averaged and recorded. Flashing, if any, shall be noted.

6.0 APPROVAL AND CERTIFICATION.

The approval of materials that have been flameproofed, as provided in Rule 1.0 and tested as required in Rule 5.0 with flameproofing properties as given in Rule 4.0 shall be limited to one year. An affidavit by the person, firm or corporation flameproofing the combustible materials shall be filed with the Fire Commissioner stating that the flameproofing compound and method complies with the approval of the Board, with calendar number thereof, and including the date of treatment and warranted period of effectiveness of the flameproofing.

6.1 The Fire Commissioner may require check tests at any time. Upon the termination of the approval, as provided for in Rule 6.0, a retest of the flameproofed combustible materials shall withstand to the following:

Flameproofed materials shall withstand a test of at least 400° F., as measured by a pyrometer, or other acceptable method, for approximately one-minute's duration by means of an open flame. Under such test, the flameproofed material shall not flash or support combustion and shall not glow outside of the char if a char is set up by the open flame. Material found not to conform to these requirements, shall be removed and replaced with materials conforming to the requirements of Rule 4.0.

7.0 EXEMPTION.

These Rules shall not be construed to apply to merchandise for sale or displayed for sale, to guest rooms in hotels, to offices, to works of art in museums, nor to churches or places of religious worship.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts;
- (4) Means of egress; or
- (5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps *NOT ACCEPTABLE*.

In Memoriam—Timothy P. Guinee

WHEREAS, Timothy P. Guinee was a member of the Board of Standards and Appeals from July 12, 1946 until he retired on September 1, 1953; and

WHEREAS, he was appointed to the Fire Department on February 12, 1910 and served in the Department until he retired as Deputy Chief; and

WHEREAS, he served as a dedicated public servant both in the Department and on the Board and had the sincere friendship and respect of all who knew him.

RESOLVED, that the Board of Standards and Appeals, its officers, and staff express their great sorrow at his loss and deep sympathy for his family; and be it further

RESOLVED, that a copy of this resolution be sent to Mrs. Timothy P. Guinee.

COURT DECISIONS.

Matter of Independence Terrace Corp. vs. Board:—On May 31, 1961, the Board denied the appeal to review or reverse the decision of the Borough Superintendent and the Commissioner of Buildings in refusing to revoke building permit issued on N.B. Application 518-60; Calendar Number 249-61-A; Premises 2530 Independence Avenue, south side, 160.14 feet east of Palisade Avenue, Block 3407, Lots 2, 212 and 220, Borough of The Bronx.

At Supreme Court, Special Term, Part I, Mr. Justice Jacob Markowitz affirmed the Board's determination, vacated the order of certiorari and dismissed the petition. (N. Y. Law Journal, January 18, 1962, Page 13).

* * * * *

Matter of 201 East 57th Street Corporation vs. Foley:—On June 13, 1961, the Board granted a variance on the application reopened on May 9, 1961 as Volume II, under Sections 7c and 19B (e) of the Zoning Resolution, to permit in a restricted retail and retail use district, the maintenance of a motion picture theatre within a proposed 20 story apartment house and office building and to permit the omission of the required accessory garage; Calendar Number 34-61-BZ—Vol. II; Premises 200 East 58th Street, southeast corner of Third Avenue, Block 1331, Lots 4, 44½, 45 and 48, Borough of Manhattan.

At Supreme Court, Special Term, Part I, Mr. Justice Arthur Markewich sustained the Board's findings, denied the application and dismissed the petition. (N. Y. Law Journal, January 15, 1962, page 15).

61-SA, 43-60-SM, 201-61-A, 405-61-A, 637-61-A, 742-61-A, 1111-61-A, 1362-61-A, 178-61-A, 781-61-A, 814-57-A—Vol. II, 164-61-A, 223-61-A, 232-61-A, 372-61-A, 285-31-BZ—Vol. II, 128-57-BZ, 243-58-BZ, 289-58-BZ—Vol. II, 400-59-BZ—Vol. I, 758-59-BZ, 355-60-BZ, 182-61-BZ, 546-61-BZ, 183-29-BZ—Vol. II, 326-41-BZ—Vol. II, 721-41-BZ—Vol. III, 229-49-BZ—Vol. V, 87-52-BZ, 1000-55-BZ, 9-56-BZ, 392-60-BZ—Vol. II and 392-60-BZ—Vol. III.

MINUTES

REGULAR MEETING

TUESDAY MORNING JANUARY 23, 1962, 10 A.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon January 9, 1962 were approved as printed in the Bulletin of January 18, 1962, Vol. 47, No. 3.

327-41-BZ—Vol. II

APPLICANT—Philip P. Agusta for Joseph Foraldo, owner.

SUBJECT—Application reopened November 8, 1961 as Volume II—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the extension of the uses in an existing one story building presently occupied as a rag and metal storage to include rag baling, junk shop and metal storage and use of an oxy-acetylene torch for junk and metal storage in the open area and parking of cars.

PREMISES AFFECTED—191-195 Woodpoint Road and 230-234 Skillman Avenue, southeast corner, Block 2893, Lot 12, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip P. Agusta.

For Opposition: None.

ACTION OF BOARD—Laid over to February 20, 1962, at 10 A.M. for hearing; twenty days notices are to be sent to legally affected property owners by the applicant; drawings are to show all doors and gates.

883-48-BZ—Vol. II

APPLICANT—Benjamin F. Nolan for Engledrum Service Station, Incorporated, owner.

SUBJECT—Application reopened October 24, 1961 as Volume II—decision of the Borough Superintendent, under Sections 7a and 7c of the Zoning Resolution, to permit in a retail and residence use district, the extension in area and the erection of an extension to an existing gasoline service station with accessory uses of lubricatorium, car wash, parking and storage of more than five motor vehicles, motor vehicle repairs and a two car garage.

PREMISES AFFECTED—3590 East Tremont Avenue, southwest corner of Lafayette Avenue, Block 5543, Lots 6 and 16, Borough of The Bronx.

APPEARANCES—

For Applicant: Benjamin F. Nolan and Philip J. Engledrum.

For Opposition: Seymour L. Morse, Mary Ruschak, Anna Lukacina, Gabriella Schumi, Irene Feyti, Theresa Kremer and John Esovich.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

611-52-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober for Edward Baker, owner.

SUBJECT—Application reopened November 8, 1961 as Volume IV—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district for a temporary term of twenty years, the erection of a one story and cellar building for use as stores and storage with curb cuts for the parking of patrons and employees cars and loading and unloading in the open area.

PREMISES AFFECTED—35-01, 35-05 and 35-09 24th Street and 24-02 to 24-08 35th Avenue, southeast corner, Block 338, Lots 19 and 25, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: Joseph A. Weinstein.

ACTION OF BOARD—Laid over to February 14, 1962, at 10 A.M. for hearing at the request of the applicant.

25-57-BZ—Vol III

APPLICANT—Hodges, Reavis, McGrath and Downey for Davmac Corporation, owner.

SUBJECT—Application reopened October 3, 1961 as Volume III—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use, E-1 area district, the erection of a one story extension to a building for the manufacturing, storage and sale of tires, office and the parking of more than five motor vehicles and the extension of the uses to include wheel alignment, brake adjustment and repairs, the proposed structure exceeds the permitted area coverage and encroaches on the required rear yard.

PREMISES AFFECTED—221-18 Merrick Boulevard, southeast corner of 221st Street, Block 13100, Lot 26, Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: Fred V. Bruch and Morris Krichesky.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

854-59-BZ

APPLICANT—John J. Lynch and James J. Lyons, Jr. for Nathan Greenbaum, owner.

SUBJECT—Application reopened December 13, 1961 for consideration as to extension of time to complete, expired June 14, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—Manor Avenue, east side, 100

MINUTES

feet south of East 174th Street, Block 3865, Lots 34 and 36, Borough of The Bronx.

APPEARANCES—

For Applicant: None.

For Opposition: None.

ACTION OF BOARD—Laid over to February 6, 1962, at 10 A.M. for hearing; applicant to obtain new decision from the Borough Superintendent.

179-61-BZ—Vol. II

APPLICANT—Benjamin F. Nolan for Samuel and Ceilia B. Waterman, owners.

SUBJECT—Application reopened October 24, 1961 as Volume II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, sales and office, minor auto repairs and the parking and storage of motor vehicles.

PREMISES AFFECTED—1070 White Plains Road, southeast corner of Watson Avenue, Block 3733, Lots 26, 28 and 29, Borough of The Bronx.

APPEARANCES—

For Applicant: Benjamin F. Nolan.

For Opposition: Frederick Guminick, Samuel Orenstein, Bertrand L. Hill, Mary Leone, John Colapietroz, J. Scarfone, S. Grabowski, T. Constantine, Yin Wong, Roko Braunt and A. Castelluccio.

For Administration: John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1413-61-BZ

APPLICANT—Charles M. Spindler for 30-30 21st Street Corporation, owner.

SUBJECT—Application September 7, 1961—decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district on a plot presently occupied as a lumber yard, the erection and maintenance of a gasoline service station, lubritorium, auto washing (non-automatic), office sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles with a ground sign.

PREMISES AFFECTED—30-36 to 30-46 (30-40 official) 21st Street, 14-50 to 14-58 30th Road, southwest corner, Block 535, Lot 46, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: Harry Scrozati and Stanley Sofsky.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; applicant to submit statement; hearing closed.

1429-61-BZ

APPLICANT—Robert Gottlieb for Frank Feller, owner.

SUBJECT—Application September 14, 1961—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for not more than four (4) cars for a temporary term of five years.

PREMISES AFFECTED—48 West 167th Street, south side, 49.36 feet west of Anderson Avenue, Block 2509, Lot 55, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: Duncan M. Manning and Josiah B. Whyte.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1437-61-BZ

APPLICANT—John J. Tricarico for Pitta Funeral Home, owner.

SUBJECT—Application September 15, 1961—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a business and residence use district, the extension of the accessory parking of a funeral establishment into the residence portion of the premises.

PREMISES AFFECTED—292-302 McDonald Avenue west side, 90 feet south of Caton Avenue, and 21 Dahill Road, Block 5323, Lot 17 and 80, Borough of Brooklyn.

APPEARANCES—

For Applicant: John J. Tricarico.

For Opposition: Victor H. Abbott, Frank Scoppetta, A. Scoppetta, Theresa Mascanti, E. Dieckmann, Mrs. Geo. Cardinal and Mrs. F. Di Fusco.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; hearing closed.

1442-61-BZ

APPLICANT—Lama, Proskauer and Prober for Kinney Motors, Incorporated, owner.

SUBJECT—Application September 15, 1961—decision of the Borough Superintendent, under Section 7i of the Zoning Resolution, to permit in a business use district on a plot presently occupied for the sale and display of new and used cars, the erection of a one story building for the servicing and repair, with hand tools only, of the owners cars with lubritorium, storage room and office.

PREMISES AFFECTED—2204-2216 Coney Island Avenue, 923-937 Avenue S, northwest corner, Block 6685, Lot 49 and 53, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti and Gerard Steingartner.

For Opposition: Rose Hoffman, June Hoffman, Ralph Chadas, Vincent P. Padula, Murray Feuerstein, Alfonso J. Albano, Mildred Marra, Anthony C. Carlino, Anthony Panuthos, Armando Cerra, Jack Ciralo, Nicholas Demaria, Carmine Pignatro, Michael Mignon, Howard Ehrenman, Alice Camerieri, Rufus Testitore, Gerard M. Weisberg, Marianna Laurenzano, Olga Ricco, Sigmund Fox, and others.

ACTION OF BOARD—Laid over, without date, for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; applicant to submit revised drawing; hearing closed.

898-54-BZ

APPLICANT—Philip P. Agusta for Joseph Faraldo, owner.

SUBJECT—Application reopened December 13, 1961 for consideration as to extension of time to complete, expired December 22, 1956; extension of term of variance, expired October 11, 1960 and amendment of resolution—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district, the use of premises as a junk yard.

PREMISES AFFECTED—233-235 Skillman Avenue, north side, 136 feet 7 inches east of Woodpoint Road, Block 2884, Lot 39, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip P. Agusta.

For Opposition: None.

ACTION OF BOARD—Resolution amended, term of variance extended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Becker and Commissioner Klein 4
Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, on October 11, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the present site has not changed to any extent since the Board granted the variance on October 11, 1955 and the present zoning is exactly the same since its adoption—**residence use**; that no Certificate of Occupancy was issued on this application because the

MINUTES

work, which consisted of removing the existing frame structure, was not done; that an application for a variance to retain this structure is herewith filed; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation October 11, 1960; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation November 22, 1956; and

WHEREAS, this application was reopened on December 12, 1961 and set for hearing on January 23, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 23, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 10, 1961 acting on Alt. Applic. No. 3035-61, reads:

"1. Storage of junk & junk yard in Residential use district is contrary to Art. II Sect. 3 of Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 11, 1955 so that as amended it shall read:

"granted for a term of five years from the date of this *amended* resolution, to permit . . .; and that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this resolution that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

1667-61-A

APPLICANT—Philip P. Agusta for Joseph Faraldo, owner.
SUBJECT—Application October 10, 1961—Appeal from a decision of the Borough Superintendent re—frame building, business use, exits.

PREMISES AFFECTED—233-235 Skillman Avenue, north side, 136 feet 7 inches east of Woodpoint Road, Block 2884, Lot 38 (formerly 39), Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip P. Agusta.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 10, 1961 on Alt. Applic. 1033-54, reads:

"2. The use of the frame building (for which no record exists) for business use is contrary to 4.2.1 of A. C."

and

WHEREAS, the applicant states that the building is 47 feet by 42 feet in area, 1 story, 14 feet high, of class 4 construction, located in residence use, B area and class 1½ height district, built before 1932, now used and occupied since 1932: 1st floor—office and storage of junk in conjunction with yard, 2 persons; without a certificate of occupancy; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the structure houses perishable items that cannot be stored in the open area after it has been dismantled from the incoming junk; that this building also has an office which is 10 feet by 10 feet in area and in which the business of the operation of the yard is conducted; that there are no flammables stored in this structure except the adjacent 1 story brick garage owned and operated by the owner; that the building was built about 1929 or thereabouts which started as a shed for storage and has been occupied by the owner, Joseph Faraldo for the same purpose since that date and used in conjunction with the storage yard; that it is proposed that the existing frame exterior wall be brick filled and the exterior walls be covered

with metal lath and ¾ inch cement plaster; that it is also proposed that the premises be equipped with an approved interior fire alarm system and equipped with fire extinguisher and sand pails as prescribed; that it is also requested that the permitted time of use coincide with the use of the lot as limited in Cal. No. 898-54-BZ; that the structure is an intricate part of the business of the junk storage yard and removing the structure will render the running of the operation very difficult.

Resolved, that the decision of the Borough Superintendent, dated October 10, 1961 acting on Alt. Applic. 1033-54, Objection No. 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

384-58-BZ

APPLICANT—Rogers and Butler for New York Medical College, Flower and Fifth Avenue Hospitals, owner.

SUBJECT—Application reopened December 13, 1961 for consideration as to extension of term of variance, expires December 2, 1963—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district use of the premises as a private parking lot for more than five (5) motor vehicles restricted to the staff of the medical college and hospital and visiting physicians and patients visitors.

PREMISES AFFECTED—1-15 East 106th Street, north side, and 2, 4, 6, 12 and 18 East 107th Street, south side, 99 feet, 10 inches east of 5th Avenue, Block 1612, Lots 5, 60, 62, 66, 67 and 68, Borough of Manhattan.

APPEARANCES—

For Applicant: C. A. Brown.

For Opposition: None.

ACTION OF BOARD—Resolution amended and term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on December 2, 1958, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the variance granted the use of the premises, as proposed, it reads in part:

"that the premises shall be levelled substantially to grade of East 106th Street and East 107th Street, and SHALL BE SURFACED WITH CLEAN gravel or steam cinders and treated with a binder and properly rolled."

Which means that, that section of premises noted as Area "A" on original plan submitted, which is covered with BLACK TOP, would have to be removed and replaced with either gravel or cinders; that we do not feel that such was the intent of the Board, as said surface was stated in application; that is in good condition and is substantially levelled to 106th Street grade; and

WHEREAS, the applicant also requested reopening of this application and extension of the term of variance, which will expire by time limitations December 2, 1963; and

WHEREAS, this application was reopened on December 12, 1961 and set for hearing on January 23, 1961 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 31, 1961, acting on Alt. Applic. 707-58, reads:

"c. Application to be referred back to Board of Standards and Appeals. More than 1 year has elapsed since Board approval."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 2, 1958 so that as *amended* it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . .; and to *further amend* the resolution to permit the use of existing blacktop paving on the lot wherever it is in good condition; and

MINUTES

that other as herein *amended*, the resolution shall be complied with in all respects and a Certificate of Occupancy shall be obtained."

158-59-BZ

APPLICANT—Robert Gottlieb for Congregation Center of Israel, owner.

SUBJECT—Application reopened December 13, 1961 for consideration as to extension of time to complete, expired June 28, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 21 of the Zoning Resolution, permitting in a B area district, the erection of a one story extension to the rear of the south building which will encroach on the required rear yard.

PREMISES AFFECTED—2315-2323 Grand Concourse, west side, 147 feet north of East 183rd Street and 2314 Creston Avenue, Block 3164, Lots 9 and 29, Borough of The Bronx.

APPEARANCES—

For Applicant: None.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on July 24, 1959, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that on July 24, 1959, the Board granted a variance to permit the erection of a rear extension to the Community Center at the above location; that in May, 1960 permission was requested to enlarge the proposed extension by 176 square feet—9 by 14 more, which was also granted by the Board and which allowed one year to complete; that due to the death of the president of the Congregation, the work was never begun; that now the Committee proposes to do the work and requests that the Board grant a six months' extension of the variance in order to do the work; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation June 28, 1961; and

WHEREAS, this application was reopened on December 12, 1961 and set for hearing on January 23, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 23, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1961 acting on Alt. Applic. No. 111-59, reads:

"1. The proposed extension at the rear of the building located in a residence use district and "B" coverage district is contrary to Art. IV Sec. 12 and Sec. 17 of the Zon. Res. & B.S.A. Res. #158-59-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 24, 1959 so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained."

1424-61-BZ

APPLICANT—Lama, Proskauer and Prober for Hyman Bazerman, owner.

SUBJECT—Application September 13, 1961—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a local retail use district, the change in occupancy of an existing one story building occupied as a storage garage to manufacturing, storage,

loading and unloading and offices for a temporary term of twenty years.

PREMISES AFFECTED—2859-2865 West 37th Street, east side, 190 feet north of Mermaid Avenue, Block 7004, Lot 60, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: Nathan Malerman and William Suffin.

ACTION OF BOARD—Application withdrawn at the request of the applicant.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative 0

Adjourned 12:30 P.M.

JAMES P. MULROY, *Secretary*

REGULAR MEETING

TUESDAY AFTERNOON, January 23, 1962, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

115-32-SA

APPLICANT—Wayne Home Equipment Company, owner—gun-type oil burner.

APPEARANCES—

For Applicant: John Thurston.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads.

115-32-SA—Amendment to resolution as to additional model of oil burner.

Wayne Home Equipment Co., Fort Wayne, Indiana, requested that the resolution adopted April 19, 1932, and amended at various times through October 21, 1958, under Calendar Number 115-32-SA, be reopened and amended so as to include an additional model oil burner.

USE: Gun type oil burner.

DESCRIPTION: The requested model; Model G. Single Ignition, is basically the same as the Model G, previously approved, except that the requested model has single ignition whereas the Model G has dual ignition. The Model G Single Ignition has been approved by the Underwriters' Laboratories under MP 98.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 19, 1932, and amended at various times through October 21, 1958 under Calendar Number 115-32-SA, be reopened and amended so as to include the Wayne Oil Burner Model G. Single Ignition on condition that the requirements of the resolution adopted April 19, 1932, and amended at various times through October 21, 1958, under Calendar Number 115-32-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,

Committee on Test.

Resolved that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

MINUTES

841-50-SM

APPLICANT—Owens-Corning Fiberglas Corporation, owner—incombustible acoustical tile.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox, Commissioner Becker and Commissioner Klein 4
Negative: Vice Chairman Kleinert..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
841-50-SM—Amendment to resolution as to additional acoustical tile.

Owens-Corning Fiberglas Corp., Toledo, Ohio, requested that the resolution adopted January 12, 1954, under Calendar Number 841-50-SM be reopened and amended so as to include an additional acoustical tile.

USE: Incombustible acoustical tile.

DESCRIPTION: The requested tile, known as Sonoform Acoustical Tile is basically the same as the presently approved tile with the exception that the requested tile is covered with a vinyl chloride surfacing 0.002 inches in thickness instead of the same surfacing 0.0015 inches in thickness which is used to cover the presently approved tile.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted January 12, 1954, under Calendar Number 841-50-SM be reopened and amended so as to include the additional acoustical tile known as Sonoform Acoustical Tile on condition that the requirements of the resolution adopted January 12, 1954, under Calendar Number 841-50-SM and as printed in Volume XXXIX, No. 3 be complied with.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

891-51-SA

APPLICANT—Mueller Climatrol Division of Worthington Corporation, owner—additional gas-fired boilers.

APPEARANCES—

For Applicant: Paul Stephenson.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
891-51-SA—Amendment to resolution as to additional models of gas-fired boilers.

Mueller Climatrol, Division of Worthington Corporation, Milwaukee, Wisc., requested that the resolution adopted July 13, 1954, and amended at various times through November 1, 1960, under Calendar Number 891-51-SA be reopened and amended so as to include additional gas fired boilers.

USE: Domestic and commercial heating boiler using gas as the fuel.

DESCRIPTION: The requested models are basically the same as the presently approved models, being constructed of the same materials and having the same controls. The difference in the requested models and the presently approved models is the BTU input. The 16 and 17 Series having a BTU input range from 62,000 to 279,000, the 22 Series from

150,000 to 675,000 and the 26 Series from 720,000 to 5,760,000. All requested series have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 13, 1954, and amended at various times through November 1, 1960, under Calendar Number 891-51-SA, be reopened and amended so as to include the Series 16, 17, 22 and 26 Gas-Fired boilers on condition that the requirements of the resolution adopted July 13, 1954, and amended at various times through November 1, 1960, under Calendar Number 891-51-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

351-52-SA

APPLICANT—A. O. Smith Corporation, owner—change of ownership and new model gasoline dispensing pump.

APPEARANCES—

For Applicant: Ernest Varcoe.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
351-52-SA—A. O. Smith Corp., Erie, Penna., requested by letter that the resolution adopted November 18, 1952, under Calendar Number 351-52-SA be reopened and amended so as to include a change of ownership from the original owner-manufacturer Erie Meter Systems, Inc., to A. O. Smith Corp., Smith-Erie Division and also to include the new Model 907 Farm Fueler gasoline dispensing pump which will replace the previously approved Model 4007 Farm Fueler pump.

DESCRIPTION: A. O. Smith Corp., submitted a statement on July 18, 1961 which reads in part, "A. O. Smith Corp., purchased 100% of the stock of Erie Meter Systems Inc., in November 1958 and as of March 1, 1959, Erie Meter Systems Inc., was dissolved as a separate corporation and the entire business was made a division of A. O. Smith Corp."

The Model 907 gasoline dispensing pump is similar to the previously approved Model 4007 except for more modern styling.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 18, 1952, under Calendar Number 351-52-SA be reopened and amended so as to include a change of ownership from Erie Meter Systems Inc., to A. O. Smith Corp., Smith-Erie Division and to include the new Model 907 Farm Fueler gasoline dispensing pump on condition that the requirements of the resolution adopted November 18, 1952, under Calendar Number 351-52-SA be complied with.

211-53-SA

APPLICANT—Speed Queen, Division of McGraw-Edison, owner—additional models of clothes washing machines.

APPEARANCES—

For Applicant: D. M. Eckstein.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 211-53-SA—Amendment to resolution as to additional clothes washing machine.

Speed Queen, Division of McGraw-Edison, Ripon, Wisconsin, requested that the resolution adopted November 4, 1953 and amended at various times through May 23, 1961 under Calendar Number 211-53-SA be reopened and amended so as to include additional models of washing machines.

USE: Domestic clothes washing machines.
DESCRIPTION: The requested Models A38 and A38W are basically the same as the Models A28 and A28W, previously approved under Calendar Number 211-53-SA on April 26, 1960, differing as to cabinet styling and the attachment of the water supply system and inlet. The minimum air gap is still maintained.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 4, 1953 and amended at various times through May 23, 1961 under Calendar Number 211-53-SA be reopened and amended so as to include the additional Models A38 and A38W, clothes washing machines, on condition that the requirements of the resolution adopted November 4, 1953 and amended at various times through May 23, 1961 under Calendar Number 211-53-SA be complied with.

120-55-SM

APPLICANT—Pacific Foundry Co., Ltd., owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 120-55-SM—Pacific Foundry Co., Ltd., New York City, filed for approval of the material known as Corrosiron under the provisions of C26-191.0 and C26-1229.0 Administrative Building Code. The application was subject for dismissal September 13, 1961 but was removed at the request of the applicant.

USE: Pipe and fittings for acid waste lines.
DESCRIPTION: The pipe and fittings are a ferro-silicon alloy having basically the following chemical composition: Silicon—14.4%; Carbon—0.85%; Manganese—0.38%; and Sulphur—0.038%.

INSPECTION AND TEST: The applicant has submitted an approval granted by the Board of Buildings dated December 12, 1935.

RECOMMENDATION: The Committee on Test, on the basis of the above mentioned approval and under the proviso of C26-191.0 b and c Administrative Building Code, recommends the approval of the material known as Corrosiron for use in New York City under C26-1297.0 and Article 15 Administrative Building Code in acid waste systems, on condition that the bundles in which the pipe is marketed shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 120-55-SM".

Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
335-57-SA—Peerless Heater Co., Division of Eastern Foundry Co., Boyertown, Pa., filed for approval of the appliance known as Peerless Cast Iron Heating Boilers, Oil Fired, Series 1A and EA under the provisions of Article 12, Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board. The application was subject for dismissal October 24, 1961, but was taken off the dismissal calendar at the request of the applicant.

USE: Oil fired boiler, low pressure.

DESCRIPTION: The boilers are cast iron sectional water tube boilers of ASME design. The Series EA is not a boiler burner unit but is shipped as a boiler only and the oil burner may be any that have been approved by the Board. The 1A Series now known as the 1C Series is a boiler burner unit, incorporating the same boiler and an ABC Oil Burner Model 55J approved by the Board under Calendar Number 360-50-SA.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Peerless Cast Iron Heating Boilers, Oil Fired, Series EA and 1A which is also known as 1C for use in New York City when installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board on condition that when the Series EA is installed, only a burner approved by the Board may be used and the burner furnished with the Series 1A, now known as 1C, and furnished as a boiler burner unit, shall be an ABC Oil Burner Model 55J as approved by the Board under Calendar Number 360-50-SA and further that the unit bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 335-57-SA."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

771-57-SA

APPLICANT—A. O. Smith Corporation, owner—change of ownership and additional models of gasoline dispensing pumps.

APPEARANCES—

For Applicant: Ernest Varcoe.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative. Chairman Foley, Commissioner Fox, Commissioner Becker and Commissioner Klein 4
Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
771-57-SA—A. O. Smith Corp., Erie, Penna., requested by letter that the resolution adopted April 20, 1958, under Calendar Number 771-57-SA be reopened and amended so as to include a change of ownership from the original owner-manufacturer Erie Meter Systems Inc., to A. O. Smith Corp., Smith-Erie Division and also to include the new Models 304, 306 and 308 Removo Submersible Gasoline Dispensing Pumps which will replace the previously approved Erie Submersible Pumps Models 303, 305 and 307 respectively.
DESCRIPTION: A. O. Smith Corp., submitted a statement July 18, 1961, which reads in part, "A. O. Smith Corp., purchased 100% of the stock of Erie Meter Systems in November 1958, and as of March 1, 1959, Erie Meter

Systems Inc., was dissolved as a separate corporation and the entire business was made a division of A. O. Smith Corp."

The new Models 304, 306 and 308 Removo Submersible Gasoline Dispensing Pumps, except for minor changes, are similar in design to the previously approved Models 303, 305 and 307 respectively.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 20, 1958, under Calendar Number 771-57-SA be reopened and amended so as to include a change of ownership from Erie Meter Systems Inc., to A. O. Smith Corp., Smith-Erie Division and to include the new Models 304, 306 and 308 Smith-Erie Removo Gasoline Dispensing Pumps on condition that the requirements of the resolution adopted April 20, 1958, under Calendar Number 771-57-SA be complied with.

70-58-SM

APPLICANT—S. J. McCarthy for Clad Rex Corporation, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
70-58-SM—Clad Rex Corp., Chicago, Illinois, filed for approval of the material known as Clad Rex Vinyl Metal Laminate and Adhesive under the provisions of C26-191.0 and C26-667.0 Administrative Building Code.

USE: Interior wall covering.

DESCRIPTION: The material consists of sheet metal, either 4'-0" x 8'-0" x 24 gauge steel or 4'-0" x 8'-0" or 4'-0" x 10'-0" by .025" aluminum to which is applied a sheet of vinyl, .012" in thickness.

The panels are attached to the wall by means of a special water proof rubber based mastic manufactured by the same manufacturer for this specific purpose.

INSPECTION AND TEST: Samples of the material were examined by Assistant Engineer J. A. Darts and it was noted that the vinyl facing was less than 1/20 of an inch in thickness.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Clad Rex Vinyl Metal Laminate and Adhesive for voluntary use in New York City as an interior veneer under the provisions of C26-667.0.7.b Administrative Building Code on condition that the cartons in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 70-58-SM".

For Applicant: Coleman W. Sampson.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 83-58-SM—Wasco Products Inc., Cambridge, Mass., filed for approval of the material known as Wasco Type 20 for use in New York City under the provisions of C26-191.0 Administrative Building Code.

USE: Flashing material.

DESCRIPTION: The material is a non-reinforced poly-vinyl plastic homogeneous impermeable material composed of elastomeric substances which have been reduced to a thermoplastic state and extruded into a continuous sheet. The finished product is 20 gauge and weighs 22 oz. per square yard.

INSPECTION AND TEST: The applicant has submitted reports of tests as conducted by the Thompson and Lichtner Co., Inc., Brookline, Mass., which shows that the material complies with the requirements of CE 220.08 (Int. Guide for Military Construction). The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Wasco Type 20 (flashing material) for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code on condition that all wrappers in which the material is marketed shall be labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 83-58-SM".

90-58-SM

APPLICANT—Artic Roofings, owner.

APPEARANCES—

For Applicant: W. R. Black.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 90-58-SM—Artic Roofings, Inc., Edge Moor, Wilmington, Delaware, filed for approval of the material known as Artic Roll Roofing, Shingles and Felt under the provisions of C26-605.0 through C26-608.0 Administrative Building Code.

USE: Roof covering.

DESCRIPTION: The asphalt shingles have the following designations: Art-Master 12" x 36" and weighs 215 lbs. per square. "250" shingle 12" x 36" weighs 250 lbs. per square. "300" shingle 12" x 36" and weighs 300 lbs. per square. Hexagon Shingle 11 $\frac{1}{3}$ " x 36" and weighs 167

lbs. per square. Holdtite Double Coverage 19" x 20" and weighs 230 lbs. per square and Double Lap Individual 12" x 16" and weighs 163 lbs. per square.

The roll roofing is known as mineral surfaced and smooth surfaced. The mineral surface has two trade names, Artic Mineral Surface 36" wide contains 108 sq. ft. with a 2" selvage edge and weighs 90 lbs. per roll, and Artic Double Coverage has a mineral surface—19" selvage covers 50 sq. ft. and weighs 60 lbs. per roll.

The saturated felt is known as Artic Saturated Felt 36" wide and weighs 60 yds. per roll.

INSPECTION AND TEST: The materials were tested at the Underwriters' Laboratories in accordance with the requirements of C26-605.0 through C26-608.0 Administrative Building Code and successfully met the requirements.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Artic Roll Roofing, Shingles and Felt as herein described for use in New York City as having met the requirements of C26-605.0 through C26-608.0 Administrative Building Code on condition that all packages or wrappers in which the material is marketed shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 90-58-SM."

202-58-SM

APPLICANT—National Metal Door and Buck Corp., owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material disapproved.

THE VOTE TO APPROVE—

Affirmative: 0
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 202-58-SM—National Metal Door and Buck Corp., Queens, New York, filed for approval of the material known as National Metal Door and Buck Corp., 1 Hour Hollow Metal Door under the provision of C26-610.0 Administrative Building Code.

USE: A one hour fire resistive opening protective assembly.

DESCRIPTION: The doors are designed as a pair of swinging doors for an opening 8'0" x 8'0".

The door is manufactured of 18 gauge steel sheets, front and back, 20 gauge stiffeners spaced 6" on center and 18 end channel closures and is insulated with either air cell asbestos or rockwool.

A more complete description is contained in the Underwriters Laboratories Report Retrandant 4023-1 which is on file with and is part of the record.

INSPECTION AND TEST: The pair of doors were tested at the Underwriters Laboratories in accordance with the requirements of C26-610.0 Administrative Building Code. The temperature rise on both panels exceeded the allowable maxim.

RECOMMENDATION: On the basis of the test, the Committee on Test recommends that, as the doors herein described and as manufactured by National Metal Door and Buck Corp., did not meet the requirements of C26-610.0.e

111-60-SA

APPLICANT—Charles M. Shapiro for Western Laundry Machinery Company, owner: Panak-Gannon Dry Cleaning Machine Company, Agent.

APPEARANCES—

For Applicant: Elliot J. Shapiro.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

111-60-SA—Elliot Shapiro for Western Laundry Machinery Company, North Kansas City, Mo., filed for approval of the appliance known as Western Eagle Commercial Dry Cleaning Washer-Extractor Models 12A-2, 12A-3, 12A-4, 12A-5, 12A-6, 13A-2, 13A-3, 13A-4, 13A-5, 13A-6, 14A-1, 14A-2, 14A-3, 14A-4 and 14A-5 under the provisions of the Board's Rules Covering Dry Cleaning Establishments.

USE: For dry cleaning fabrics with petroleum solvent having a minimum flashpoint of 138.2°F.

DESCRIPTION: The Western Eagle Dry Cleaning Machines are combination washer-extractor units consisting of a washer-extractor cylinder, an enclosing tub and the connecting piping, pumps, control valves and motors. Machine operation can be automatic, semi-automatic or manual and the machines are made in nominal 50 lb., 70 lb., and 120 lb. sizes.

The washing cylinder is fabricated of a perforated steel wrapper welded to end heads. An internal partition divides the cylinder into two washing compartments. The cylinder shaft is mounted in bearings equipped with special seals to prevent leakage. Motive power to rotate the cylinder is supplied by two explosion proof motors and belt drives. One motor is used during the washing cycle and turns the cylinder at 32 rpm. The other motor serves to drive the cylinder at 670 rpm for the extracting cycle. The machine shell which forms the tub for the washing cylinder is constructed of welded steel and is provided with a two inch vent pipe leading to outdoors.

Machines designed for automatic control are equipped with a variable automatic cycle controller which through a rotating cam shaft and air operated valves controls the washing and extracting cycles. Cycle times can be altered or the "Vari-Matic" control can be used for manual or semi-automatic operation. Operating air pressure is supplied from an ASME design air compressor at 70 PSI.

This dry cleaning equipment is installed in conjunction with approved filtration equipment and steam heated drying tumblers approved for use with 138.2°F flashpoint petroleum solvent to complete the system.

The solvent storage tank may be above ground with a maximum capacity of 165 gallons, or below ground in larger sizes installed in conformity with the Oil Burner Rules of the Board.

The cylinder cubic capacity of the 50 lb. unit is 17.1 cubic feet, of the 70 lb. and 120 lb. units, 24 cubic feet and 37.7 cubic feet respectively. In accordance with the Board's

Rule of 2.8 lbs. per cubic foot this corresponds to 48 lbs., 67 lbs. and 106 lbs.

The different models vary as follows:

- 12A-2 Manual 70 lb. One-Bath or Two Bath, above ground or below ground.
- 12A-3 Automatic 70 lb. above ground system, One-Bath or Two Bath, One Filter or Two Filters.
- 12A-4 Automatic 70 lb. below ground system, One-Bath or Two-Bath, One or Two Filters.
- 12A-5 Semi-Automatic 70 lb. below ground system, One-Bath or Two Bath, One or Two Filters.
- 12A-6 Semi-Automatic 70 lb. above ground system, One-Bath or Two-Bath, One or Two Filters.
- 13A-2 Manual 120 lb. One-Bath or Two Bath, above ground or below ground system, One or Two Filters.
- 13A-3 Automatic 120 lb. above ground system, One-Bath or Two-Bath, One Filter or Two Filters.
- 13A-4 Automatic 120 lb. below ground system, One-Bath or Two-Bath, One Filter or Two Filters.
- 13A-5 Semi-Automatic 120 lb. below ground system, One-Bath or Two-Bath, One Filter or Two Filters.
- 13A-6 Semi-Automatic 120 lb. above ground system, One-Bath or Two-Bath, One Filter or Two Filters.
- 14A-1 Automatic 50 lb. above ground system, One-Bath or Two-Bath, One Filter.
- 14A-2 Automatic 50 lb. above ground system, One-Bath or Two-Bath, Two Filters.
- 14A-3 Semi-Automatic 50 lb. above ground system, One-Bath or Two-Bath, One Filter.
- 14A-4 Semi-Automatic 50 lb. above ground system, One-Bath or Two Bath, Two Filters.
- 14A-5 Manual 50 lb. above ground system, One-Bath or Two-Bath, One or Two Filters.

INSPECTION AND TEST: A typical installation was inspected at 361 Franklin Ave., Brooklyn, by Assistant Engineer G. F. Sklenarik, Committee on Test and Mr. Elliot Shapiro representing the applicant.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Western Eagle Commercial Dry Cleaning Washer-Extractor, Models 12A-2, 12A-3, 12A-4, 12A-5, 12A-6, 13A-2, 13A-3, 13A-4, 13A-5, 13A-6, 14A-1, 14A-2, 14A-3, 14A-4 and 14A-5 for use in New York City in accordance with this report, the Dry Cleaning Rules of the Board and the Zoning Resolution when using a petroleum solvent with minimum flash point of 138.2°F provided that all electrical installation work comply with the Electrical Code of the City of New York and further that each machine bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 111-60-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

MINUTES

334-60-SA—The Deming Co., Salem, Ohio, filed for approval of the appliance known as Deming Pump Series 5000, Series 1500, Series 4000, Series 4700 and Series 4703 under the provisions of C19-57.0 and C19-69.0 Administrative Code. The applicant has submitted an affidavit signed September 28, 1961, stating that the Deming Co. is now a division of the Crane Co.

USE: Pumps for removing oil or gasoline from tanks, barges or underground tanks.

DESCRIPTION: Series 4700G is designed to be mounted directly on the storage tank that is installed below ground. The turbine is submerged and the pumps are self-venting.

The pump is furnished with a totally enclosed explosion proof vertical hollow shaft motor. The discharge head is iron with flanged head for mounting. The guide bearings are of bronze. The stuffing box shaft and impeller shaft are stainless steel.

Series 4703 is designed for pumping gasoline or oil from underground tanks. The motor is a vertical solid shaft explosion proof type. The discharge head is of cast iron with flanged base for mounting on standard 4" or 6" ASA pipe flange and the discharge is threaded for 2" standard pipe. The column pipe is 2½" I.D. standard weight steel pipe. The stuffing box shaft and the impeller shaft are of stainless steel. The bowl assembly, bronze semi-enclosed impellers mounted on stainless steel impeller shaft with split tapered steel sleeves and bronze locking nuts; cast iron bowls, fitted with babbitt-graphite bearings.

Series 5000 is a centrifugal pump, single stage, split case. The casing is of cast iron with heavy parting flanges. The impeller is fully enclosed, cast in one piece of hard bronze. The casing ring is of cast iron and the impeller ring is of bronze. The shaft is of alloy steel.

Series 1500 is a rotary type pump and when used for pumping volatiles, the rotor idler is of bronze and the shaft is of steel.

Series 4000 is an end suction centrifugal pump. The type of service determines the material used in the pump; when the fluid is a volatile, the impeller is of bronze but in other applications, the impeller can be of cast iron.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Deming Pumps, Series 5000, 1500, 4000, 4700G and 4703 as herein described for use in New York City for pumping oil or gasoline from barges or tanks when installed in accordance with the requirements of C19-57.0 and C19-69.0 Administrative Code and the Oil Burner Rules of the Board provided the pump bears a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 334-60-SA."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

558-60-SA

APPLICANT—Donald Johnstone for Hardwick Stove Company, owner—to clarify the recommendation of resolution adopted October 10, 1961.

APPEARANCES—

For Applicant: Donald Johnstone.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 558-60-SA—Donald Johnstone for Hardwick Stove Company, Cleveland, Tennessee.

Calendar Number 558-60-SA, reopened at the request of the Board to clarify the recommendation of resolution adopted October 10, 1961.

RECOMMENDATION: So much of the recommendation adopted October 10, 1961, is changed to read: "Those Models 257, 258, 457, 458, 460, 461, 7607, 7608, 7625, 7626, 7627 and 7628 approved by the American Gas Association shall be installed in accordance with C26-695.0.2.a."

Those Models 1600, 2400, 2600, 6600 and 9600 that are not approved by a recognized testing laboratory but are made to the same specifications shall be installed in accordance with C26-695.0.2.b.

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

617-60-SM

APPLICANT—The Glidden Company, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox, Commissioner Becker and

Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

617-60-SM—The Glidden Company, Reading, Pa., filed for approval of the material known as GLID-TILE under the provisions of C26-667.0.b., Administrative Building Code.

USE: As a Polyester Wall Finish.

DESCRIPTION: The GLID-TILE is a 100% Reactive Thermosetting Polyester Resin Wall Coating that cures to a hard, tough chemical resistant film. It can be applied in films of from 5 to 20 mils. Thixotropy permits bridging of irregularities and pores in the surface. Additional spatter, webbing and/or gloss coats develop an appearance comparable to glazed tile. Colored systems, as well as spatter and webbing texture, can be achieved by on-the-job tinting with Glidden Dramatone Tinting Colors.

Although GLID-TILE sprays the same as paint, it is a true plastic, not a paint. The application of GLID-TILE must be applied by applicators licensed by the Glidden Company.

The GLID-TILE is highly resistant to extremely hard usage, mechanical abuse, impact and abrasion. It provides a protective coating approximately twenty times the thickness of the average paint film in a standard two-coat system and becomes an integral part of the surface, cures to a non-porous coating that withstands many highly corrosive agents, most acids, solvents, alkalis and hot water. It can be easily cleaned with strong soaps and detergents without harming the finish. It further offers chemical and stain resistance against damaging substances such as citric, acetic and lactic acids, grease, oil, chemicals and gaseous fumes.

Bacterial contamination can be easily eliminated from GLID-TILE by standard cleaning methods.

GLID-TILE may be used on many types of surfaces; concrete blocks, coarse cinder blocks, poured concrete (above grade), cement-asbestos panels, white coat plaster, wall-board, wood and metal. In addition, a wide range of varied types of coatings are available in GLID-TILE, single or

MINUTES

multiple coats, webbing or spatter effects, which simulate the appearance of ceramic tile.

The GLID-TILE shall be applied according to the manufacturer's recommendation.

INSPECTION AND TEST: All data was examined by Assistant Architect T. W. Farricker.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as GLID-TILE for voluntary use, as a wall finish, as herein described under the provisions of C26-667.0.b., Administrative Building Code, on condition that each container in which the material is marketed shall be marked or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 617-60-SM."

564-61-SM

APPLICANT—Coldwater Brass Company, owner.

APPEARANCES—

For Applicant: Herman L. Merritt.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

564-61-SM—Coldwater Brass Company, Coldwater, Michigan, filed for approval of the material known as Coldwater Brass Co. Anti-Syphon Ballcock, Model DA-1, under the provisions of the Submerged Inlet Rules of the Board.

USE: Anti-syphon ballcock.

DESCRIPTION: The device is a ballcock equipped with a vacuum breaker. Cast in the water control housing are four air ports and a seat. The supply of water is controlled by a small piston actuated by a float rod connected to a float. A neoprene diaphragm (upper) and the cast seat are the shut-off parts.

In the event that back flow occurs and the seat becomes fouled, a lower neoprene diaphragm will be drawn against a brass separator closing off any back flow of water and at the same time taking in air from around the stem seat from the air ports in the body.

INSPECTION AND TEST: The applicant has submitted copies of approval granted by the Cities of Chicago and Detroit and the Committee on Test has decided to accept the above mentioned approvals in lieu of additional tests.

RECOMMENDATION: The Committee on Test recommends the approval, for voluntary use in New York City, of the material known as Coldwater Brass Co. Anti-Syphon Ballcock, Model DA-1, under the Submerged Inlet Rules of the Board, on condition that the base of the valve body be maintained a minimum distance of 1" above the overflow tube in the closet tank and further, that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 564-61-SM".

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

667-61-SA

APPLICANT—Orr and Sembower, Incorporated, owner;
R. M. Klingaman, agent.

APPEARANCES—

For Applicant: Gorth E. Pehrson.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

667-61-SA—Orr and Sembower Inc., Reading, Pa., filed for approval of the appliance known as the Powermaster Model PF Combination Oil-Gas Fired Generator under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26 Administrative Building Code.

USE: Combination oil-gas fired generator, high pressure boiler.

DESCRIPTION: The complete unit includes the boiler and accessories, combustion equipment, control equipment and the electric wiring and fixtures completely assembled and mounted on a base.

The boiler is a three pass improved Scotch marine type built to ASME specifications. The pressure vessel is equipped with the necessary relief valves, water column connections, feed connections, blowdown connections and gauge connections.

The hinged single front cover, with quick opening fasteners (no bolts) can be opened for access to heating surface without disturbing burner, wiring or piping.

The unit can be equipped with either a dryback or a wetback. The dryback consists of a pre-fired high-temperature refractory shell backed by a light-weight insulating material. The wetback is completely interchangeable with the dryback. Handholes are provided in the wetback for waterside inspection and cleaning. The wetback and interconnecting piping are constructed to ASME specifications.

The combustion equipment is a combination oil/gas burner.

PRESSURE ATOMIZING OIL BURNER

The pressure atomizing type oil burner is furnished with direct electric ignition. This burner is designed for number two fuel oil. The unit is complete with a forced draft blower; motor driven rotary gear type oil pump with built in pressure regulator; piping system with suction strainer, solenoid valve, and pressure gauge.

AIR OR STEAM ATOMIZING OIL BURNER

With the air or steam atomizing oil burner the oil is supplied to the burner nozzle under pressure where it is mixed with compressed air or steam which atomizes it into a fine mist. The spray is ignited as it comes from the nozzle by a gas pilot flame which in turn is ignited by an electric spark.

The burner system which is designed for heavy oil operation may include the preheater for heating heavy oil. The oil preheater may be steam (hot water) operated, electrically operated or both steam (hot water) and electrically operated. The electric heater is controlled by a temperature control aquastat. The steam (hot water) heater element is a multitubular "U" tube type element. Steam supply to a steam heater is controlled by a regulating valve installed in the steam supply line. The temperature control on a steam preheater is set slightly higher than the electric preheater so that the steam preheater takes over the oil preheating and cuts out the electric preheating. Water supply to a water heater is controlled by a temperature control aquastat controlling a hot water circulating pump for circulating boiler water through the preheater. When a water-oil preheater is furnished, the electric preheater will generally be required in order to elevate the oil temperature sufficiently for proper combustion.

The air or steam atomizing oil fired unit is complete with a forced draft blower; a motor driven air compressor (if required); a motor driven gear type oil pump; oil preheating equipment (as required); piping system with suction strainer, solenoid shut-off valves, pressure gauge and temperature gauge (if oil preheating equipment is furnished).

GAS BURNER

The gas burner may be either a partial pre-mixing type or a nozzle mixing type with gas pilot ignition, the gas is metered, mixed with the proper amount of air and ignited by a gas pilot flame which in turn is ignited by an electric spark. The unit is complete with a forced draft blower, electrically operated valve, all components piped and wired as necessary and ready for installation and operation. A manual stop cock and a gas pressure regulator are furnished with the unit.

COMBINATION OIL/GAS BURNER

The combination oil/gas burner is a composite of the individual oil and gas burners, conveniently changeable from

MINUTES

one fuel to the other. The combination oil/gas burner is equipped with gas pilot ignition.

The programming control programs the starting sequence, automatically purging the combustion chamber before ignition. It also programs ignition, fuel supply and burner operation with flame failure protection. The burner operation is controlled through the use of integrally mounted pressure control (steam units) or temperature control (hot water units), low later cut-off control, flame failure control and air-fuel interlock.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts. The appliance has been approved by the Underwriters' Laboratories Inc., under MP 1434.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Powermaster Model PF Combination Oil-Gas Fired Generating Boiler as manufactured by Orr & Sembower Inc., and as herein described for use in New York City when installed in accordance with the Oil Burner Rules of the Board and the requirements of Article 12, Chapter 26 Administrative Building Code and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 667-61-SA".

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

690-61-SM

APPLICANT—Etna Pozzolana Corporation, owner.

APPEARANCES—

For Applicant: David Tiersten.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 690-61-SM—Etna Pozzolana Corp., Lawrence, New York, filed an application for approval of the material known as Firefoil under the provisions of C26-633.0, C26-634.0, C26-635.0, C26-636.0 and C26-637.0 Administrative Building Code.

USE: An admixture to plaster.

DESCRIPTION: The material is a combination of volcanic materials from the nontronite, hectorite and illite group, and before burning shows the following chemical composition.

SiO ₂	35 to 65%	FeO	0.09 to 3.0%
Al ₂ O ₃	.6 to 3.0%	Fe ₂ O ₃	0.06 to 3.0%
MgO	20 to 35%	CaO	0.25 to 3.0%
Na ₂ O	1.5 to 4%		

On calcination of the raw material, the interlattice adsorbed water is much less firmly held than in usual rock formation and on drying, temperatures in excess of 1200°F are required to drive off the adsorbed water.

INSPECTION AND TEST: The applicant has submitted results of tests conducted by Ohio State University. It should be noted that the tests were of a pilot nature and not on full scale samples. The tests were conducted using a standard 1:3 sand, gypsum plaster and the same mix with an admixture of 5 lbs. of Firefoil to 100 lbs. of gypsum, so that two panels were tested with the same coverage of plaster over 3/8 gypsum lath nailed to wood studs. In all

tests conducted on the stud partition, the plaster with the admixture showed a substantial increase in the time needed to raise the surface temperature 250°F above ambient.

Additional tests were conducted on 3 inch hollow gypsum block plastered on one face with mixes ranging from 1:3 to 1:7 and the thickness of plaster being 1/2" or 3/4" and it was noted that in all instances the time required to raise the surface temperature 250°F above ambient was well in excess of 2 hours.

The reports are on file with and are part of the record.

RECOMMENDATION: The Committee on Test, cognizant of the fact that the tests were not conducted on the size panels as required by the Code but as evidenced by the tests, the admixture of this material on the basis of 5 lbs. to 100 lbs. of gypsum, had no adverse effect on the fire resistive rating and therefore recommend the approval of the material known as Firefoil for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code on condition that the admixture shall not exceed 5 lbs. of Firefoil per 100 lbs. of gypsum and further that all bags in which the material is marketed shall be stamped, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 690-61-SM".

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

848-61-SA

APPLICANT—Chrysler Airtemp, owner; Frank Pfaffenberger, agent.

APPEARANCES—

For Applicant: Frank Pfaffenberger.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 848-61-SA—Chrysler Airtemp Corp., Dayton, Ohio, filed for approval of the appliance known as Chrysler Airtemp Oil Fired Air Conditioner Models 5265-2, 5280-2, 5210-2, 5212-2, 5408, 5410, 5413, 5415 and 5420 under the provisions of C19-57.0 Administrative Code and the Oil Burner Rules of the Board.

USE: Oil fired warm air heating furnaces.

DESCRIPTION: The Models 5265-2, 5280-2, 5210-2, and 5212-2 are vertical type oil fired furnaces and the Models 5408, 5410, 5413, 5415 and 5420 are horizontal type. Each unit is made up of a furnace equipped with an automatically operated mechanical draft oil burner, heat exchanger, safety combustion control, fan and limit switch, air filter, 27% Chromium stainless steel combustion chamber, motor driven blower and internal wiring all factory assembled.

The outside casing is of bonderized and enameled steel insulated with foil faced glass fibre. An opening is provided for the flue connection.

The heat exchanger used is of 18 gauge corrugated steel with all seams welded.

The blower fan is of the centrifugal type either belt or direct driven.

A room thermostat is supplied as standard equipment.

This equipment may be installed in conjunction with air cooling coils for warm weather use.

MINUTES

With No. 2 oil as fuel the input ratings of these furnaces are:

Model	Btu per Hour
5265-2	81,250
5280-2	100,000
5210-2	125,000
5212-2	150,000
5408	106,000
5410	125,000
5413	156,000
5415	187,000
5420	250,000

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik.

This equipment was tested and approved by Underwriters' Laboratories, Files MP-1776A, MP-1776B and MP1065.

RECOMMENDATION: The Committee on Test recommends the approval of Chrysler Airtemp Oil Fired Air Conditioner Models 5265-2, 5280-2, 5210-2, 5212-2, 5408, 5410, 5413, 5415 and 5420 for use in New York City in accordance with this report, the provisions of C19-57.0 Administrative Code and the Oil Burner Rules of the Board, but not in garages or places of explosive atmospheres and provided that each furnace shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 848-61-SA."

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

916-61-SA

APPLICANT—Thermice Corporation, owner.
APPEARANCES—

For Applicant: Gary W. Stein.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 916-61-SA—Thermice Corporation, Philadelphia, Pa., filed for approval of the appliance known as Thermice Liquid Storage Tank (Carbon Dioxide) Models T-12, T-6 and T-4 under the provisions of Article 17, Chapter 19, Administrative Code.

USE: To store liquefied carbon dioxide for use in carbonating beverages or filling I.C.C. cylinders.

DESCRIPTION: This equipment is made up of a foam-glass insulated steel tank designed in accordance with the A.S.M.E. pressure vessel code for 350 PSI working pressure and hydrostatically tested to 525 PSI. Each tank is provided with A.S.M.E. code designed and sized rupture disc set at 500 PSI and 2 relief valves on the vapor side of the tank set at 350 PSI. In addition there is a manually operated blow off valve.

To maintain the carbon dioxide pressure below the tank working pressure, a freon refrigerating system is employed to keep the temperature of the liquid carbon dioxide at approximately 0°F for which the corresponding vapor pressure is 291 PSIG. The refrigerating system is cut in automatically by the pressure in the storage tank.

If considerable vapor is to be withdrawn in a short period,

an electric heater element is supplied to make up the heat of vaporization drawn from the liquid carbon dioxide in order to keep up tank pressure and temperature.

If a vaporizer shell is used, the shell is equipped with a relief valve set at 500 PSI.

The T-12 model has a 12 ton capacity, employs a 28 kw heater and 3 hp refrigeration compressor motor.

The T-6 model has a 6 ton capacity, employs a 14 kw heater and 2 hp refrigeration compressor motor.

The T-4 model has a 4 ton capacity, employs a 7 kw heater and 1½ hp refrigeration compressor motor.

These storage tanks are to be filled with liquid carbon dioxide from tank trucks in accordance with the requirements of the Fire Commissioner.

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Thermice Liquid Storage Tank (Carbon Dioxide) Models T-12, T-6 heater and 1½ hp refrigeration compressor motor.

and T-4 for use in New York City in accordance with this report and the provisions of Article 17, Chapter 19 Administrative Code when installed in locations constructed and ventilated in a manner satisfactory to the Fire Commissioner and provided all manual relief valve, automatic relief valve and frangible disc outlets are piped outdoors and that the refrigerating equipment will conform to the requirements of Article 18 Chapter 19 Administrative Code and further that the appliance shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 916-61-SA."

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

MINUTES

10½ inches by 78 feet 10½ inches in area, 4 stories, 48 feet high, of class 3 construction, located in retail use, B area and class 2½ height district, built prior to 1904, now used and occupied since approximately 1904: cellar—storage dry color powders; 1st floor—storage and sales, 4 and 1 part time worker; 2nd and 3rd floors—blending and storage, 1 part time worker; 4th floor—storage; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that Fezandie and Sperrle owns and occupies the entire building which is the subject of this appeal; that the company is in the color and dye business and has been at its present location since approximately 1904, during which period of time it has never experienced a fire; that as of this date, the entire business operation consists of the storage, blending and sale of dry powder colors; that at the time the subject violation order was served, the company was also in the business of selling turpentine and linseed oil on a small lot individual retail basis; that however, this part of the business has since been permanently terminated and all turpentine, linseed oil and other inflammable liquids previously on the premises have been sold and removed leaving as the only remaining inventory, the aforementioned dry powder colors; that these dry powder colors are not flammable; that in addition to the sole owner, the company employs four full time employees and one part time employee; that the owner, his daughter who assists him, and a part time secretary are engaged solely in office and administrative work; that 2 of the remaining employees are engaged in packaging the powder colors for distribution; that the other employee blends the dry powder colors from time to time as required; that all of these employees except the blender who alternates between the 2nd and 3rd floors work principally on the ground floor; that normally there are no employees in the basement or on the 4th floor; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner, dated January 26, 1961, acting on Violation Order #477597, Objection No. 1, and Order #172-1 be and they hereby are affirmed and that the application be and it hereby is denied.

405-61-A

APPLICANT—Fezandie and Sperrle, Incorporated, owner.
SUBJECT—Application April 4, 1961—Appeal from an order and a decision of the Fire Commissioner re—stairways.

PREMISES AFFECTED—205 Fulton Street, north side, 152 feet 4¾ inches west of Church Street, Block 85, Lot 26, Borough of Manhattan.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, an order and a decision of the Fire Commissioner, dated March 30, 1961 on Violation Order No. 477596, reads:

"1. Properly enclose and fire-retard stairway from cellar to first floor and provide fire-proof self-closing door at either top or bottom of stairway."

and

WHEREAS, the applicant states that the building is 24 feet 10½ inches by 78 feet 10½ inches in area, 4 stories, 48 feet high, of class 3 construction, located in retail use, B area and class 2½ height district, built prior to 1904, now used and occupied since 1904: basement—storage dry color powders; 1st floor—storage and sales, 4 persons and 1 part time employee; 2nd and 3rd floors—blending and storage, 1 part time employee on each floor; 4th floor—storage; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that Fezandie and Sperrle

owns and occupies the entire building which is the subject of this appeal; that the company is in the color and dye business and has been at its present location since approximately 1904, during which period of time it has never experienced a fire; that the entire business operation consists of the storage, blending and sale of dry powder colors; that at the time the subject violation order was served, the company was also in the business of selling turpentine and linseed oil on a small lot individual retail basis; that however, this part of the business has since been permanently terminated, and all turpentine, linseed oil and other inflammable liquids previously on the premises have been sold and removed, leaving the dry powder colors; that these dry powder colors are not flammable; that in addition to the sole owner, the company employs four full time employees and one part time employee; that all of these employees, except the blender who alternates between the 2nd and 3rd floors, work principally on the ground floor; that normally there are no employees in the basement or on the 4th floor; that it has been decided to sell the business and diligent efforts are now being made to find a purchaser; that in any event, it is not contemplated that the present type of business will be continued in this building, and if subsequently rented, efforts would be made to obtain a use and occupation which would not require the alterations set forth in the subject violation order; that the interior wood stair is 3 feet 6 inches wide and is enclosed in wood partitions with wood doors; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner, dated March 30, 1961 acting on Violation Order #477596, Objection No. 1, be and it hereby is affirmed and that the application be and it hereby is denied

637-61-A

APPLICANT—De Rose and Cavalieri for La Guardia Memorial House, Incorporated, owner.

SUBJECT—Application May 3, 1961—Appeal from a decision of the Borough Superintendent re—egress, corridors etc.

PREMISES AFFECTED—309-313 East 116th Street, north side, 140 feet east of Second Avenue, Block 1688, Lots 6½ and 7, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 27, 1961 on Alt. Applic. 880-58, reads:

"2—Public bldg. should be of fireproof construction. Sections C26-235, 239 and 254 A.C.

3—Provide 2 legal means of egress from all floors including cellar, from street to roof enclosed in 3 hr. material & ¾ hr. F.P.S.C. doors. Sections C26-273(a) (3), 276.0 & 292, A.C.

4—Corridor should be of 1 hr. incombustible material & ¾ hr. F.P.S.C. doors Section C26-290. A.C."

and

WHEREAS, the applicant states that it is proposed to combine present 40 foot front building with 309 East 116th Street so that the newly created building will be 60 feet 6 inches by 100 feet 11 inches in area; that the 311-313 East 116th Street building was converted from a dwelling to a club house under Alt. Applic. 763-02; and further altered to a settlement house under Alt. Applic. 1774-17; that the combined building is subdivided into 3 sections by the original masonry party walls; that these walls have unprotected openings; that the building has two stairs 3 feet 11 inches by 2 feet 6 inches in width, some with wood winders; that the proposed alteration will consist of cellar—enclose the stairway at east; basement—provide 1 hour fire resistive

MINUTES

enclosure for stair hall #2, and reverse doors of said stair hall leading to street to swing outwardly; 1st floor—provide 1 hour fire resistive enclosure for stair hall #2 and construct greenhouse at rear of #309; 2nd floor—construct passageway between stair hall #1 and 2; close off stair hall from passageways; erect stair from roof garden down to yard of #309; 3rd floor—construct passageway between stair hall #1 and 2; close off stair halls from passageways; install sprinklers in entrance hall and stair halls throughout; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated March 27, 1961, acting on Alt. Applic. 880-58, Objections No. 2, 3, 4 be and it hereby is *modified*, and that the appeal be and it hereby is *granted*, on condition the building conform to drawings filed with this application, dated June 1, 1961, 11 sheets and January 16, 1962, 1 sheet, amended; *on further condition* that the proposed greenhouse at the first floor rear shall be omitted; that the building shall be equipped with approved type central office connected interior fire alarm system; that the present fire escape at the rear of the original building will be altered and a new fire escape erected at the rear of the addition, as shown on drawing No. 7, fire escape details, dated January 15, 1962; that the present windows in the rear wall of the addition will be removed and replaced with fireproof self-closing double hung windows glazed with wire glass; that the hallways and stairhalls throughout the building will be equipped with an automatic wet sprinkler system; that all other laws, rules and regulations applicable shall be complied with; that there shall be no occupancy in the cellar of the building.

742-61-A

APPLICANT—Gustave Goldman for Anthony Frascione, owner

SUBJECT—Application May 23, 1961—Appeal from a decision of the Borough Superintendent re—extension of business portion of building—Class 4 construction.

PREMISES AFFECTED—722 Courtlandt Avenue, east side, 50 feet north of 155th Street, Block 2402, Lot 3, Borough of The Bronx.

APPEARANCES—

For Applicant: Gustave Goldman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 3, 1961 on Alt. Applic. 46-61, reads:

"2. Proposed extension of business portion of building *note* (removal of apt. at rear of store). Is contrary to Sec. C26-250 & (4.2.1) B.C. in that the above building is of class 4 construction."

and

WHEREAS, the applicant states that the building is 25 feet by 48 feet in area, 3 stories, 35 feet high, of class 4 construction, located in retail use, B area and class 1½ height district, built prior to 1916, now used and occupied since 1916: cellar—ordinary; 1st floor—store (and 1 apartment—now vacant); 2nd and 3rd floors—2 apartments each floor; without a certificate of occupancy; that the proposed use and occupancy will be the same as present, except for the proposed laundromat on the first floor; and

WHEREAS, the applicant states that the store use existed since before 1916; that the rear portion of the store was used for storage purposes since before 1930; that the present owner purchased the building in 1960; that the 1st floor was then vacant; that all partitions were removed; that the owner intends to use the entire first floor as a laundrette, a non-hazardous use; that the ceilings of the cellar

and 1st floor will be made of 1 hour material; that there will be no increase in the size of the building; and that the drawings indicate no doors between the store (laundrette) and the 1st floor hall; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted

Resolved, that the decision of the Borough Superintendent, dated May 3, 1961, acting on Alt. Application 46-61, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this application dated November 17, 1961, four sheets; that all laws, rules, regulations applicable be complied with, and that a new certificate of occupancy be obtained.

1111-61-A

APPLICANT—Mazza and Seccia for Treber Realty Company, owner; Toy Parking Corporation, lessee.

SUBJECT—Application July 12, 1961—Filed pursuant to Section 60 subd. 1 of the Multiple Dwelling Law re—daily transient parking.

PREMISES AFFECTED—715-723 Avenue of the Americas (6th Ave) and 101-103 West 23rd Street, northwest corner, 102-106 West 24th Street, Block 799, Lot 35, Borough of Manhattan.

APPEARANCES—

For Applicant: Eugene M. Seccia.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 5, 1961 on Alt. Applic. 1813-60, reads:

"A4—The daily transient parking of motor vehicles in the garage in the cellar and 1st sty., by persons other than occupants of the multiple dwelling, is contrary to Sub. 60-Sub. 1-parag. b & d of Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is substantially in accordance with Certificate of Occupancy #52309, issued May 4, 1960 against N.B. Applic. 131-57; that the proposed use and occupancy will be the same, except for the transient parking within the present garage; and

WHEREAS, the applicant states that access to the garage portion of the building is from the westerly end of the 23rd Street side of the building and access to the cellar garage is by means of an interior ramp; that while the total number of motor vehicles allowed by the certificate of occupancy is 80 cars, that since the completion of the building, the average monthly rental of car spaces is:

12 cars to tenants of the building

25 cars to monthly non occupants of the building

—

37 cars, total, which is far below the legal capacity;

that the proposed use of surplus car spaces for transient parking for a period of less than one month is prohibited under the Multiple Dwelling Law; that the grant would help to relieve the shortage of off street parking, serve the public demand and would not adversely affect anyone; and

WHEREAS, the premises were inspected by a committee of the Board which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated July 5, 1961 acting on Alt. Applic. 1813-60, Objection No. A4 be and it hereby is *modified*, and that the appeal be and it hereby is *granted*, on condition that the building conform to drawings filed with this application dated July 12, 1961, two sheets; that the vehicles to be parked in the transient parking space shall be pleasure-type cars only, and shall not exceed 149 in number in addition to the number of cars parked by tenants of this building, and in addition to the cars parked on a monthly basis; and also on

MINUTES

condition that the tenants of this multiple dwelling may recapture any of the space devoted to transient parking on 30 days notice to the owner in accordance with Section 60 sub. 1 par. b of the Multiple Dwelling Law; that all other laws, rules and regulations applicable shall be complied with and a new certificate of occupancy shall be obtained.

1362-61-A

APPLICANT—M. Martin Elkind for Harris Block and Abraham Ticker, owners; American Ballet Centre, lessee. SUBJECT—Application August 18, 1961—Appeal from a decision of the Borough Superintendent re—Class 3 building, dance studio.

PREMISES AFFECTED—434-438 Avenue of the Americas, southeast corner of West 10th Street, Block 573, Lot 6, Borough of Manhattan.

APPEARANCES—

For Applicant: M. Martin Elkind.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 21, 1961 on Alt. Applic. 392-61, reads:

"C-2. A dance studio is public use. Public use in a class 3, non-fireproof building is not permitted above the second story. Therefore the proposed dance studio on the third floor is contrary to C26-254.0.

C-4. Since a previous variance for the building was granted by the Board of Standards and Appeals as application 1012-55-A, Volume 41, Bulletin No. 7, any change of use must be granted by them."

and

WHEREAS, the applicant states that the building is 65 feet 4 inches by 78 feet 1 inch in area, 6 stories, 71 feet high, of class 3 construction, located in local retail use, C area and class 1¼ height district, built in 1894, now used and occupied since 1913: cellar—boiler room and tenant storage, 2 persons; 1st floor—store and U.S. Post Office, 50 persons; 2nd floor—manufacturing moulded products, 5 persons; 3rd floor—dance studio, 25 persons; 4th floor—plating, 6 persons; 5th floor—manufacturing ladies blouses, 38 persons; 6th floor—manufacturing clothing, 75 persons, without a certificate of occupancy; that the proposed use and occupancy will be the same, including the dance school, which school started its activity on the 3rd floor in 1957; and

WHEREAS, the applicant states the nature of the dance instruction in this instance is not comparable to the activity of a school, public or private where classes of students spend prolonged periods at a time, numbering not over twenty, receive instructions or rehearse a dance number on these premises; that these classes are at most of 1½ hour duration and only one class is in session at any given time; that the Board is therefore requested to vary Items C-2 and C-4 placed by the Building Department and permit the existing dance studio use on the third floor of this building; and

WHEREAS, the premises were inspected by a committee of the Board which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated July 21, 1961 acting on Alt. Applic. 392-61, Objections No. C-2 and C-4 be and it hereby is *modified*, and that the appeal be and it hereby is *granted*, on condition the building conform to drawings filed with this application dated August 18, 1961, 2 sheets; that all other laws, rules and regulations applicable shall be complied with and a new certificate of occupancy shall be obtained.

285-31-BZ—Vol. II

APPLICANT—Morton S. Cahn for Nicholas Marg, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Sections 7a and 7i of the Zoning Resolution, to permit in a business use district, the reconstruction of an existing gasoline service station, office, grease pits and four car garage, by rebuilding the service building to include bait and tackle, office, grease pits, minor auto repairs and store and relocate pumps and install ground signs and continue uses for a stated term of thirty (30) years.

PREMISES AFFECTED—165-50 Cross Bay Boulevard, northwest corner of 165th Avenue, Block 14086, Lot 147, Borough of Queens.

APPEARANCES—

For Applicant: Morton S. Cahn.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on July 11, 1961, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 11, 1961, by adding thereto:

“that the gasoline service station may be redesigned rearranged and constructed substantially as shown on revised drawings marked ‘Received November 22, 1961’, 2 sheets, *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects.” (Alt. 1878/60)

128-57-BZ

APPLICANT—Lama, Proskauer and Prober for Utica Flatlands Corporation, owner.

SUBJECT—Application for consideration—reopening for approval of working drawings and extension of time to complete which expired December 20, 1961—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district, the erection of a modern supermarket and four adjoining stores, one story height and the parking of motor vehicles for patrons only.

PREMISES AFFECTED—78-06 to 78-18 Linden Boulevard, south side, from 79th Street to Sapphire Street, 137-02 to 137-18 79th Street and 137-01 to 137-19 Sapphire Street, Block 11384, Lot 1, Woodhaven, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Application reopened, time to complete work extended and working drawings approved.

THE VOTE TO REOPEN AND EXTEND TIME—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 19, 1957, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was last extended on December 20, 1960; and

WHEREAS, the resolution was amended on December 20, 1960; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work; and the applicant submitted working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 19, 1957, as *amended* through December 20, 1960, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained.” (N.B. 4354/56)

WHEREAS, this application was granted by the Board as Vol. I, on December 1, 1959, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on November 29, 1960; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 1, 1959, as *amended* on November 29, 1960, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained." (N.B. 2041/59)

753-59-BZ

APPLICANT—LaPierre, Litchfield and Partners for Hamilton Federal Savings and Loan Association, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Section 21 of the Zoning Resolution, permitting in a C area district, the erection of a two story building to be occupied as a bank, occupying more than the permitted area and without the required yard.

PREMISES AFFECTED—411-413 86th Street, north side, 75 feet east of 4th Avenue, Block 6035, Lots 75 and 76, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles L. Gittens.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 15, 1960, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on February 21, 1961; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 15, 1960, as *amended* on February 21, 1961 by adding thereto:

"that in the event the owner desires to make certain changes, as cited in the decision of the Borough Superintendent, dated January 9, 1962, acting on Amendment to N. B. Application 1676-59, such changes may be permitted, and the building may be redesigned, rearranged and constructed substantially as shown on revised drawings marked 'Received November 28, 1961', one sheet and 'Received January 10, 1962', 6 sheets, *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects"; except that it shall be

further amended as to the time to obtain permits and complete the work, so that as *amended* the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained."

355-60-BZ

APPLICANT—Albert Melniker for Jessie Troiano and James Troiano, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired October 25,

MINUTES

1961—decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one story extension to an existing one story store for storage use extending into the residence portion of the premises and the use of the unbuilt upon portion for accessory customer and employee parking.

PREMISES AFFECTED—135 New Dorp Lane, north side, 93.26 feet east of New Dorp Plaza and 12 Jacques Avenue, Block 3637, Lot 38, New Dorp, Borough of Richmond.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

RULES

RULES FOR TESTS OF FIRE-RESISTIVE, FLAMEPROOFED MATERIALS, SUCH AS TEXTILES, PAPER, SIMILAR MATERIALS AND ADHESIVES USED FOR DECORATIVE PURPOSES AND TREATED ACOUSTICAL DRAPERIES, CARPETS AND SIMILAR MATERIALS FOR USE IN PLACES OF PUBLIC ASSEMBLY AND SPECIAL OCCUPANCY STRUCTURES.

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS MAY 3, 1940. EFFECTIVE IN ACCORDANCE WITH SECTION 665, SUBDIVISION C, OF THE NEW YORK CITY CHARTER, MAY 27, 1940.

[Cal. No. 294-40-SR]

AUTHORITY:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter of the City of New York and Section C26-721.0b (12.2) as amended by Local Law No. 170, approved November 14, 1939, and Section C19-16.1 Local Law No. 112, approved July 18, 1939.

1.0 SCOPE

These requirements apply to flameproofed combustile materials used for decorative or other purposes within special occupancy structures as defined in Section C26-715.0 (12.1.1) and other places of public assembly as provided in Section C19-161.0 which was amended by Local Law No. 112.

2.0 GENERAL REQUIREMENTS

It shall be unlawful for any person to use any decorations, drape, curtain or scenery used for artistic enhancement which is made of combustile material, unless painted or saturated with a non-combustible material or liquid or otherwise rendered safe against fire to the satisfaction of the Fire Commissioner and in accordance with the requirements of these Rules, in any building of a public character, includ-

ing a hotel, theatre, restaurant, public hall, department store, and a building used or intended to be used for purposes of public assembly, amusement or instruction, and a building where large numbers of persons congregate (See Section C19-161.1) except as exempted in Rule 7.

After flameproofing, such processing as ironing, sewing and normal handling shall have no detrimental effects on the treatment of the material.

3.0 APPROVAL OF MATERIALS AND METHODS USED IN FLAMEPROOFING TEXTILES, ETC.

3.1 No materials or methods for flameproofing combustile materials for use under these Rules shall be used unless approved by the Board.

4.0 FLAMEPROOFING PROPERTIES.

The flameproofed material, when subjected to the test described in Rule 5.0, shall meet the following requirements as to fire-retardant properties.

4.1 FLASHING—No flashing shall occur at any time on the length of the test specimen. A flashing due to fuzz or bad edges may be disregarded.

4.2 DURATION OF FLAME—The average continuation of flaming shall not exceed 3 seconds.

4.3 DURATION OF GLOW—The average continuation of glow at the edge of the charred area shall not exceed an additional twenty seconds after the cessation of flaming. Glow confined to the charred area may be disregarded.

5.0 TESTS.

Tests for each specific installation of originally treated combustile material, or any re-tests thereof, shall be made by the Fire Commissioner, or in a laboratory approved by him, in accordance with the requirements of these Rules.

5.1 SAMPLING FOR TEST SPECIMENS—Samples of each variety of material and for every kind of treatment shall be subjected to separate test. Samples shall be of sufficient size to furnish test specimens provided for in Rule 5.2. At least three samples shall be furnished for every 500 square feet or fraction thereof.

5.2 TEST SPECIMENS—Specimens for test shall be 2 in. wide and 12½ in. long and shall be numbered on one end. Test specimens shall be carefully cut from at least three different places in the material to provide

RULES

a minimum of three test specimens from each material for testing.

5.3 CONDITIONING OF TEST SPECIMENS—The test samples or test specimens shall be dried for 24 hours in a room of average temperature of 70° F., with an average humidity of 40%.

5.4 TEST FOR PERMANENCE OF CHEMICALS—Test specimens shall be suspended by folding and pinning one-half inch of the numbered end over a horizontal 8-gauge wire, placed two inches above the center of a 7-inch opening in a 3-ft. wind tunnel arranged to deliver a wind velocity to the air, at the tunnel end, of 700 lineal feet, plus or minus 50 ft. per minute, as measured by a suitable anemometer on a line with the wire. In this position the test specimens shall be whipped for five minutes. Immediately upon conclusion of this test, the specimens shall be placed in a closed dry container until required for the flame test.

5.5 APPARATUS FOR FLAME TEST—The apparatus shall consist of a ring stand 20 inches high with an adjustable clamp housed in a metal shield 12 inches square and 20 inches high, opened in front and at both ends and a Bunsen or Tirrill gas burner which shall have a tube of 3/8-inch inside diameter.

5.6 FLAME TEST—A whipped test specimen shall be taken from the closed container required in Rule 5.4 and suspended vertically with one-half inch of the numbered end in a clip held in a clamp on a ring stand so that the test specimen shall hang vertically within and near the center of the metal shield required in Rule 5.5. The lower end of the test specimen shall be three-quarters of an inch above the top of the gas burner on which the air supply is shut off completely and adjusted to give a luminous flame 1½ inches long. The flame shall be applied for 12 seconds, then withdrawn. The result

of the test for duration of flame and duration of glow of the three test specimens shall each be averaged and recorded. Flashing, if any, shall be noted.

6.0 APPROVAL AND CERTIFICATION.

The approval of materials that have been flameproofed, as provided in Rule 1.0 and tested as required in Rule 5.0 with flameproofing properties as given in Rule 4.0 shall be limited to one year. An affidavit by the person, firm or corporation flameproofing the combustible materials shall be filed with the Fire Commissioner stating that the flameproofing compound and method complies with the approval of the Board, with calendar number thereof, and including the date of treatment and warranted period of effectiveness of the flameproofing.

6.1 The Fire Commissioner may require check tests at any time. Upon the termination of the approval, as provided for in Rule 6.0, a retest of the flameproofed combustible materials shall withstand to the following:

Flameproofed materials shall withstand a test of at least 400° F., as measured by a pyrometer, or other acceptable method, for approximately one-minute's duration by means of an open flame. Under such test, the flameproofed material shall not flash or support combustion and shall not glow outside of the char if a char is set up by the open flame. Material found not to conform to these requirements, shall be removed and replaced with materials conforming to the requirements of Rule 4.0.

7.0 EXEMPTION.

These Rules shall not be construed to apply to merchandise for sale or displayed for sale, to guest rooms in hotels, to offices, to works of art in museums, nor to churches or places of religious worship.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or by rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts;
- (4) Means of egress; or
- (5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on November 9, 1938, this application was granted by the Board on certain conditions; and

WHEREAS, this application was reopened from time to time to amend the resolution and extend the term of the variance and last extended on December 18, 1956 for a term of five (5) years; and

WHEREAS, the applicant states that the surrounding area at the site is substantially unchanged and the use, height and area districts have not been changed since the issuance of the last certificate of occupancy; namely, local retail use district, C area and 1¼ height district; that the designation under the amended resolution is C1-1; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation December 18, 1961; and

WHEREAS, this application was reopened on December 19, 1961, and set for hearing on January 30, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated October 19, 1961, acting on Alt. Applic. 208-54, reads:

"1. Contrary to Cal. #66-38-BZ to extend use of parking lot."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 9, 1938, as amended through December 18, 1956, only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

530-42-BZ—Vol. III

APPLICANT—Mazza and Seccia for Edward Rudin and Henry Rudin, owners.

SUBJECT—Application reopened December 19, 1961 for consideration as to extension of term of variance expired October 23, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a local retail use district, the parking and storage of more than five motor vehicles.

APPLICANT—Bowman Steel Corp., for American Steel Band Co., owner.

APPEARANCES—

For Applicant: Eugene F. Beshears.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

258-44-SM—Amendment to a resolution as to additional trade name.

Bowman Steel Corp., for American Steel Band Co., requested that the resolution adopted July 23, 1946, under Calendar Number 258-44-SM be reopened and amended so as to include an additional trade name.

USE: Roof deck and siding.

DESCRIPTION: There has been no change in the material or in the method of manufacture from the presently approved material.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 23, 1946, under Calendar Number 258-44-SM be reopened and amended so that the approved deck and siding may be marketed by the Bowman Steel Corp., under the trade name of Bowman Steel Felt Cote on condition that the requirements of the resolution adopted July 23, 1946, under Calendar Number 258-44-SM are complied with.

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

594-47-SM

APPLICANT—Yonkers Concrete Products, Inc., owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

594-47-SM—Amendment to resolution as to additional sizes of cinder blocks.

Yonkers Concrete Products, Inc., Yonkers, New York, requested that the resolution adopted March 16, 1948 and amended at various times through May 3, 1960, under Calendar Number 594-47-SM be reopened and amended so as to include additional sizes of cinder blocks.

USE: Cinder block for masonry construction.

DESCRIPTION—The block is made of the same material and in the same manner as the blocks presently approved

of Standards and Appeals under Cal. #799-51-BZ, Vol. I expires on June 11, 1962, any further extension of the term of variance is therefore referred back to the Board."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 24, 1952, as amended through June 11, 1957 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

137-56-BZ

APPLICANT—Leonard F. Rothkrug for Frank Ward, owner.

SUBJECT—Application reopened December 19, 1961 for consideration as to extension of term of variance, expired January 15, 1962—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence and local retail use district, the maintenance of a parking lot for non-transient parking of motor vehicles.

PREMISES AFFECTED—238-240 McDougal Street, south side, 100 feet east of Rockaway Avenue, Block 1534, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on January 15, 1957, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that Certificate of Occupancy No. 156356 was issued June 21, 1957 in accordance with the Resolution of the Board, to expire January 15, 1962; that there have been no changes in zone and no change in the character of the area nor new buildings constructed; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation January 15, 1962; and

WHEREAS, this application was reopened on December 19, 1961 and set for hearing on January 30, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 30, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 8, 1961 acting on Alt. Applic. No. 204-56, reads:

"1. The parking of motor vehicles (pleasure type non-transient motor vehicles) partly in a residence use district and partly in a Local Retail use district is contrary to Art. II Sec. 3 and Sec. 4c of the Zoning Resolution.

Note: This application was granted under Cal. #137-56-BZ which expires Jan. 1962."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 15, 1957, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

Adjourned 2:50 P.M.

JAMES P. MULROY, Secretary

MINUTES

under this calendar number.

INSPECTION AND TEST: The blocks were tested in accordance with the requirements of the Masonry Rules of the Board at Manhattan College. The blocks successfully met all requirements. The report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted March 16, 1948, and amended at various times through May 3, 1960, under Calendar Number 594-47-SM be reopened and amended so as to include the following sizes of cinder blocks:

Hollow Cinder: 3 x 9 x 18 inches; 4 x 9 x 18 inches and 6 x 9 x 18 inches.

Solid Cinder: 4 x 9 x 18 inches; 6 x 9 x 18 inches; 8 x 9 x 18 inches and 12 x 8 x 16 inches on condition that the requirements of the resolution adopted March 16, 1948, and amended at various times through May 3, 1960, under Calendar Number 594-47-SM are complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

502-53-SM

APPLICANT—Smith and Kanzler Corporation, owner.
APPEARANCES—

For Applicant: Lee C. Jenne.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

502-53-SM—Amendment to resolution as to additional form of fire resistive floor and/or ceiling construction and fireproofing of columns.

Smith and Kanzler Corp., Linden, New Jersey, requested that the resolution adopted December 4, 1956, and amended through July 18, 1961, under Calendar Number 502-53-SM be reopened and amended so as to include additional fire resistive floor and/or ceiling construction and for fireproofing of columns.

USE: Sprayed asbestos fireproofing for floor and/or roof construction and for columns.

DESCRIPTION: There has been no change in the basic material from that previously approved, the difference being in the thickness to which it is applied to the beam and to the underside of the steel floor units and to the column.

INSPECTION AND TEST: The material was tested at the Underwriters Laboratory as a component part of a complete floor and ceiling construction in accordance with the requirements of C26-588.0 through C26-590.0 and C26-609.0 Administrative Building Code. The material was also tested in accordance with the requirements of C26-593.0 through C26-599.0 Administrative Building Code as to the fireproofing of columns.

The floor and ceiling construction was as follows:

The floor consisted of alternate sections of 16 gauge fluted sections and 16-16 gauge cellular sections, all welded to the supports. A structural concrete is then poured to a thickness of 2½ inches over the top plane of the floor units, where the floor units rest on the supporting beam, a cover plate of 16 gauge steel, 5¾ inches wide is welded to the floor units on 12 inch centers.

The sprayed asbestos "Spraycraft" is then applied to a thickness of ¾ inch to the floor, following the flat of the

deck and to a thickness of 1½ inches in the valleys of the cellular units. The beam is protected by ⅞ inch of Spraycraft applied directly to and following the contour of the beam.

During the course of the test the floor units were stressed to 18,000 PSI and the beam to 20,000 PSI.

The beam successfully met the fire resistive tests required for a 3 hour fire resistive beam protection, and the floor construction for a 2 hour fire resistive floor construction. The complete report is on file with and is part of the record.

The column was tested with 3 inches of Spraycraft applied directly to and following the contour of the column and successfully met the requirements of a 4 hour fire resistive column. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 4, 1956, and amended through July 18, 1961, under Calendar Number 502-53-SM be reopened and amended so as to permit the use of the material Spraycraft as a fire resistive covering on columns provided that the material is applied to a thickness of 3 inches following the contour of the column, and shall be protected as required under C26-613.0 with the added precaution that the protective covering shall apply in all instances and not only in locations as specified under C26-613.0 Administrative Building Code on condition that the construction comply with Drawings R2923-12 which is on file with and is part of the record.

The Committee further recommends that the floor and/or ceiling as herein described and as shown on Drawing R2923-10 which is on file with and is part of the record as a 2 hour fire resistive floor and/or ceiling construction and a 3 hour fire resistive beam protection. The Committee further recommends that the beam herein described may be used with any floor construction, previously approved under this application, that has been granted a 3 hour fire resistive floor construction in order to obtain a 3 hour fire resistive floor construction with a 3 hour fire resistive beam protection on condition that the requirements of the resolution adopted December 4, 1956, and amended through July 18, 1961, under Calendar Number 502-53-SM be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

679-53-SM

APPLICANT—W. R. Grace and Co., Dewey and Almy Chemical Division, owner.

APPEARANCES—

For Applicant: Walter Adler, Jr.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

679-53-SM—Amendment to resolution as to increase in the amount of Darex.

W. R. Grace and Co., Dewey and Almy Chemical Division, requested that the resolution adopted June 23, 1959, under Calendar Number 679-53-SM be reopened and amended so as to permit an increase in the amount of Darex that may be used in portland cement concrete.

USE: Air entraining agent.

MINUTES

DESCRIPTION: There has been no change in the formulation of the material.

INSPECTION AND TEST: The applicant has submitted test reports showing that the increase in the amount of Darex up to 3 ounces per sack of cement still maintained compressive strength greater than 80 percent of non air entrained concrete.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted June 23, 1959, under Calendar Number 679-53-SM be reopened and amended so as to allow an increase in the amount of Darex up to 3 ounces per sack of cement on condition that the requirements of the resolution adopted June 23, 1959, under Calendar Number 679-53-SM are complied with. (Not to be used in conjunction with an air entrained cement.)

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

313-54-SM

APPLICANT—National Gypsum Company, owner.
APPEARANCES—

For Applicant: John K. Hovind.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
313-54-SM—Amendment to resolution as to additional asbestos.

National Gypsum Co., Buffalo, New York, requested that the resolution adopted April 2, 1957, and amended through December 2, 1958, under Calendar Number 313-54-SM be reopened and amended so as to include additional asbestos shingles.

USE: Asbestos siding shingles.

DESCRIPTION: The shingles are manufactured of the same material as the shingles presently approved, the difference being in the size, color and surface texture.

The shingle known as Classic-Shake Siding is 12 inches high by 24 inches long with straight edges. Classic-Shake "32" is 14 $\frac{1}{4}$ inches high by 32 inches long with straight edges and the Classic "32" Clapboard is 9 inches high by 32 inches long with straight edges.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 2, 1957, and amended through December 2, 1958, under Calendar Number 313-54-SM be reopened and amended so as to include the additional shingles as herein described on condition that the requirements of the resolution adopted April 2, 1957, and amended through December 2, 1958, under Calendar Number 313-54-SM be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

561-54-SA

APPLICANT—Design and Manufacturing Corp., owner.
APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
561-54-SA—Amendment to resolution as to additional model of dishwasher and additional trade name and change of corporate name.

Design and Manufacturing Corp., Connorsville, Indiana, requested that the resolution adopted November 3, 1954, and amended October 1, 1957, under Calendar Number 561-54-SA be reopened and amended so as to include an additional model of dishwasher, additional trade name and change of corporate name.

USE: Automatic dishwasher.

DESCRIPTION: The requested dishwasher Model MM-24DW is basically the same as the presently approved model, differing only in styling, trim and name. There has been no change in the water supply inlet feature.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 3, 1954, and amended October 1, 1957, under Calendar Number 561-54-SA be reopened and amended so as to include the model MM-24DW Automatic Dishwasher and permission to market this model by the Tennessee Stove Works under the trade name of Modern Maid Dishwasher on condition that the requirements of the resolution adopted November 3, 1954, and amended October 1, 1957, under Calendar Number 561-54-SA be complied with.

The Committee further recommends that, as the Design and Manufacturing Corp., Connorsville, Indiana, has submitted an affidavit showing that, that organization has acquired all assets from American Kitchens Division Avco Manufacturing Corp., that the owner-manufacturer of the equipment approved under Calendar Number 561-54-SA shall now be known as Design and Manufacturing Corp.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
16-59-SM—Amendment to resolution as to additional channel clip.

Erico Products, Inc., Cleveland, Ohio, requested that the resolution adopted May 19, 1959, under Calendar Number 16-59-SM be reopened and amended so as to include an additional channel clip.

USE: Clip used to support #8 wire from lathers channels.

DESCRIPTION: The Gat Channel Clip is made of 20 gauge spring steel, 1 7/32 inches long by 5/8 inch wide. The clip is so designed that the wire is adjustable to provide proper leveling and when pressure is released the clip automatically locks the wire in a set position.

The clip is so designed that it will fit 3/4 inch, 1 1/2 inch and 2 inch lathers channels with a maximum flange width of 5/8 inch. This is accomplished by the tab located under the flange that contacts the inner face of the channel so that the hole for the #8 wire is always in the proper position against the outer face of the channel.

INSPECTION AND TEST: Samples of the clip were examined by Assistant Engineer J. A. Darts, and the clip was tested to a maximum average load of 1120 pounds on wide channels, 540 pounds on narrow channels and 525 pounds on acoustical tees. The reports are on file with the application.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 19, 1959, under Calendar Number 16-59-SM be reopened and amended so as to include the additional clip known as Gat 2-B-L Channel Clip on condition that the requirements of the resolution adopted May 19, 1959, under Calendar Number 16-59-SM be complied with.

The Committee further recommends that when rods are

MINUTES

used in conjunction with the clamps, they shall be of non-ferrous material but not to include aluminum.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

97-59-SA—Waste King Corporation, Los Angeles, filed for approval of the appliance known as Wasteking Dishwasher: Custom and Deluxe Models under the provisions of the Submerged Inlet Rules of the Board.

USE: Automatic dishwasher.

DESCRIPTION: The appliance is a standard automatic dishwasher. The washer is equipped with a thermostat pre-set at 160°F which controls the operation of a heating element which provides 160°F rinse water. The heating element is a 1350 watt, thermostatically controlled, rod type element. An added safety feature is a safety switch which automatically stops operation of the machine when the door is opened.

Both the water supply inlet line and the drain line are protected by an air gap.

INSPECTION AND TEST: Details of construction were examined by Assistant Engineer J. A. Darts, and it was noted that the appliances were equipped with the required air gap. The appliance has been approved by the Underwriters' Laboratories and the City of Los Angeles.

The Committee has decided to accept these approvals in lieu of requiring additional tests.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Wasteking Dishwashers, Custom and Deluxe Models for voluntary use in New York City when installed as herein described with a minimum of 1½ inch air gap on condition that all electrical work shall comply with the Electrical Code of the City of New York and each appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 97-59-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

591-60-SM—Amendment to resolution as to additional plants. Solite Corp., Richmond, Va., requested that the resolution adopted April 18, 1961, under Calendar Number 591-60-SM be reopened and amended so as to include additional plants at which the material Solite is processed.

USE: Aggregate for concrete.

DESCRIPTION: The material is the same as that produced at the applicants plant at Bremono Bluff, Va., and the process is the same. The additional plants located at Aquadale, North Carolina, were inspected by Vice Chairman E. W. Kleinert and Director W. A. Nolan, and the plant at Saugerties, New York, was inspected by Director W. A. Nolan and Deputy Director S. Sheer.

RECOMMENDATION: In view of the favorable report of the Committee; the Committee on Test recommends that the resolution adopted April 18, 1961, under Calendar number 591-60-SM be reopened and amended so as to include the material Solite as manufactured at the applicants additional plants located at Aquadale, North Carolina and Saugerties, New York, on condition that the requirements of the resolution adopted April 18, 1961, under Calendar Number 591-60-SM are complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

485-61-SA

APPLICANT—Fiese and Firstenberger Manufacturing, Incorporated, owner; Frank A. Kristal and Ass'n., agent.

APPEARANCES—

For Applicant: Edward Newcott.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

485-61-SA—Fiese and Firstenberger Mfg., Inc., Fresno, California, filed for approval of the appliance known as Floway Fuel Handling Pump, Model VF under the provisions of Article 8, Chapter 19 Administrative Code and the Oil Burner Rules of the Board.

USE: For pumping flammable or combustible liquids from large storage tanks.

DESCRIPTION: The Floway multi-stage vertical turbine pumps are designed to transfer volatile fluids from underground or above ground storage tanks. These fluids may be gasoline, diesel fuel, fuel oil or other flammable liquids.

The pumping unit consists of a cast iron or fabricated steel discharge head with base machined and drilled for mounting on a tank flange. The discharge connection is a standard ASA type flange. The discharge head is fitted with a mechanical seal to prevent vapor or flammable fluid from escaping. The mechanical seal is equipped with a by-pass to prevent vapor lock at the seal faces. The discharge head also has a by-pass to return fluid back to the tank in case the pump is operated at shut off or if discharge valves are closed.

MINUTES

The column pipe consists of standard weight steel pipe with bronze bearing retainers on 5 foot intervals for speeds over 2200 rpm and 10 foot intervals for speeds under 2200 rpm. The shaft is stainless steel.

The turbine pump consists of single stage or multi stage bowl assembly consisting of cast iron bowls, bronze impellers, bronze bearing and stainless steel pump shaft. The bell suction inlet is furnished with strainers or sediment guards.

The motors are either vertical hollow shaft or vertical solid shaft with thrust bearings. The motors are explosion proof type.

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik.

An aircraft refueling pump of this type was tested and accepted by the U. S. Army Engineer Research and Development Laboratories, Fort Belvoir, Va.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Floway Fuel Handling Pump, Model VF for use in New York City under the provisions of Article 8, Chapter 19 Administrative Code and the Oil Burner Rules of the Board provided that each pump shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 485-61-SA," and further that all electrical installation work shall be done in accordance with the Electrical Code of the City of New York.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

700-61-SM

APPLICANT—William S. Elliott for Virginia Lightweight Aggregate Corp., owner; M. F. Hickey Company, Incorporated, agent.

APPEARANCES—

For Applicant: William S. Elliott.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
700-61-SM—William S. Elliott for Virginia Lightweight Aggregate Corp., Roanoke, Va., filed for approval of the material known as Weblite (lightweight aggregate) under the provisions of C26-178.0.b, C26-10.0, C26-38.0.a.b.c.d.f.g., C26-315.0, C26-361.0, C26-363.0, C26-364.0, C26-365.0, C26-468.0 through C26-509.0, C26-522.0, C26-575.0, C26-620.0, and C26-630.0.

USE: Aggregate used in concrete.

DESCRIPTION: Weblite is an expanded lightweight aggregate produced from Watauga Shale from the Cambrian era at Webster, Virginia, 10 miles east of Roanoke, Virginia.

The raw shale is mined by tractor-scraper from a large open pit mine. The shale bed is stratified and dips about 60° from the horizontal. After primary crushing, the shale is stored in a large storage shed to insure a uniform and adequate supply during inclement weather. The shale is removed as needed from the storage shed, screened and accurately sized for the sintering process.

About 8% by weight of solid fuel, screened to minus $\frac{1}{8}$ ", is added to the sized shale and mixed in a pelletizing

drum with a controlled addition of water sufficient to produce a range of pellets. The "pelletized" mixture is distributed on the continuously moving sintering machine pallets, which passes the sinter bed under the ignition furnace and over the downdraft suction boxes. Ignition begins on the top of the bed and burns downward in a thin horizontal zone as the bed passes over the 66 feet of suction chamber. The solid fuel furnishes heat necessary for incipient fusion. As the shale reaches the pyroplastic condition, a portion of the evolved gasses are sealed into the individual shale particles by the chilling action of the flow of air through the bed as the sintering action progresses to the bottom of the bed. The sintered conglomerate is crushed immediately to approximately 8" size and smaller, this facilitates the cooling of the hot material. The aggregate is then conveyed to a large storage pile for complete cooling.

The cooled aggregate is reclaimed, crushed and screened to proper size for shipment.

INSPECTION AND TEST: A comprehensive range of tests was determined upon by the Committee on Test. These tests included the following: Compressive strength, unit weight, modulus of elasticity, flexure strength, bond strength and determination of the properties of Weblite when in flexure and subjected to fire. These tests were conducted on various water-cement ratios so as to give sufficient data to plot all curves necessary to evaluate the properties of Weblite as an aggregate for concrete as accepted in general engineering practice.

All steel used for reinforcing conformed to the requirements of ASTM A-15 and A-305.

The complete report of the tests with all graphs are on file with and is part of the record. These tests were conducted by the Froehling & Robertson Inc., and Protexol Testing Laboratories.

RECOMMENDATION: Since it is the general intention of the applicant to apply for the approval of Weblite (a lightweight aggregate) as an all purpose aggregate for plain concrete average A and B concrete and controlled concrete, the Committee has taken into consideration only those sections of the Code pertaining to those classifications.

On this basis and the tests and the data supplied by the applicant, The Committee on Test, under the provisions of C26-3.0, C26-4.0, C26-189.0 and C26-191.0 Administrative Building Code, draws the following conclusions and recommends as follows in so far as granting approval under the various sections of the Administrative Building Code.

1. Section C26-10.a.b.—The Committee is of the opinion that Weblite may be classed under the heading of Aggregate.

2. C26-315.0—Aggregates for reinforced concrete. The Committee is of the opinion, that under C26-189.0.C—Weblite be approved as an aggregate for reinforced concrete as it meets the Standard Specifications for Light Weight Aggregate for Concrete ASTM Designation C331-53 and accordingly recommends approval under C26-315.0.

3. C26-361.0—The Committee recommends the approval of Weblite as an aggregate for plain concrete and if a mix described under C26-365.0 is used, the Committee further recommends that the allowable working stresses be increased to 25% of the ultimate compressive strength.

4. C26-363.0—The Committee is of the opinion that the allowable working stresses used in the design of reinforced concrete structures may be established under C26-364.0 and C26-365.0 when using Weblite as an aggregate and accordingly recommends the approval under C26-363.0.

5. C26-364.0—Controlled Concrete Proportions and Allowable Working Stresses—The Committee is of the opinion that the material Weblite may be used as an aggregate for controlled concrete and recommends approval as such.

6. C26-365.0—Average Concrete—Proportions and Allowable Working Stresses. The Committee is of the opinion, that, on the basis of the strength shown in the test and as C26-365.0.b does not prohibit the use of average concrete of different mix proportions provided the working stresses conform to the values as set forth under C26-365.3; Weblite

MINUTES

be recommended for approval as an aggregate for average concrete and the working stresses of which shall conform to the Table of Allowable Working Stresses as set forth under C26-365.3.

7. C26-468.0 through C26-509.0 (Reinforced Concrete Construction)—The Committee is of the opinion that Weblite meets the requirements of C26-468.0 through C26-509.0 and recommends the approval of Weblite as an aggregate for reinforced concrete.

10. C26-630.0—The Committee recommends the approval of Weblite as a top-filling as meeting the requirements of C26-630.0.

11. C26-620.0—The Committee is of the opinion that Weblite may be used under the provisions of C26-620.0.

The Committee on Test therefore recommends the approval of the material known as Weblite (lightweight aggregate) under the provisions of the Administrative Building Code as mentioned herein, on condition that each shipment of Weblite be accompanied by a bill of lading bearing the following statement "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 700-61-SM," and further that the design mixes with the corresponding Modulus of Elasticity of Concrete for the various strengths be as follows:

P.S.I.	EC
2800	— 1,990,000
3000	— 2,060,000
3500	— 2,260,000
4000	— 2,440,000

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

788-61-SA

APPLICANT—York-Shipley, Incorporated, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 788-61-SA—York-Shipley Inc., York, Pa., applied for approval of the appliance known as York-Power Combination Oil and Gas Burner Models F-60, F-100, F-125, F-150, F-225, F-350, F-400, F-500 and F-600 under the provisions of C19-57.0 Administrative Code, the Oil Burner Rules of the Board and Article 12, Administrative Building Code.

USE: Conversion burners for steam or hot water boilers.

DESCRIPTION: The York-Power combination burners are designed to burn either light oil and gas fuel in which case the oil burner is of the pressure atomizing type or they are designed to burn heavy oil and gas fuel in which case the oil burner is of the air atomizing type. When heavy oil is used the oil is preheated by means of approved electric and steam or hot water preheaters, and an air compressor is used for air atomization.

The gas burners are of the ring type and are interlocked so that they cannot operate simultaneously with the oil burners.

The combination burner firing head is made for attachment to the boiler combustion chamber. It consists of a

wind box, oil burner nozzle, ring type gas burner and the ignition assembly.

Also there is a burner chassis that carries an electric motor that is used to belt drive a centrifugal blower fan which delivers combustion air adjusted by automatic damper control. This same motor serves to drive the fuel pump and, when used, the air compressor.

The oil burners on the F-60 through F-125 Models have electric ignition, a limit control, and quick acting electronic combustion control for flame failure safeguard.

The Models F-150 through F-600 light oil and all heavy oil models have the same safety controls but employ gas-electric ignition. The heavy oil burners in addition have a cold oil safety switch.

All gas burners have gas-electric ignition, limit control, gas safety shut off valve with quick acting electronic combustion control.

The oil firing rate varies from 20 gallons per hour for the F-60 to 45 gallons per hour for the Model F-600. Corresponding gas rate is 3,000 cubic feet per hour to 25,000 cubic feet per hour.

The numeral in the model designation indicates the maximum boiler horsepower rating for which the burner is designed.

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik.

The Model F combination burners have been tested and approved by Underwriters Laboratories File MP 956.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as York-Power Combination Oil and Gas Burner Models F-60, F-100, F-125, F-150, F-225, F-350, F-400, F-500 and F-600 under the provisions of C19-57.0 Administrative Code, the Oil Burner Rules of the Board and Article 12, Administrative Building Code provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 788-61-SA".

1258-61-SM

APPLICANT—Colonial Sand and Stone Company, Incorporated, owner.

APPEARANCES—

For Applicant: Frank L. Kelly.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 1258-61-SM—Colonial Sand and Stone Co., New York, filed for approval of the material known as Colite (lightweight aggregate) under the provisions of C26-178.0.b, C26-10.0, C26-38.0.a.b.c.d.f.g, C26-315.0, C26-361.0, C26-363.0, C26-364.0, C26-365.0, C26-468.0 through C26-509.0, C26-522.0, C26-575.0, C26-620.0 and C26-630.0.

USE: Aggregate used in concrete.

DESCRIPTION: Colite is a trade name for a manufactured shale aggregate produced by the Colonial Sand & Stone Co.,

MINUTES

Inc. with quarries and plant at Kingston, New York. This is to be a light weight material.

This high quality shale is mined by the open process. Raw material is trucked to the crushers in dump trucks where it is crushed and graded. Material is then transported to the pelletizing mixer where same is mixed with coal and water to the proper consistency. After this it is then fed to a travelling grate. The charge then travels under an ignition hood where flame applied to the top surface ignites the charge. During the ignition, a fan draws air for combustion down through the charge and burning continues as the grate travels from the ignition hood over a succession of wind boxes where fans draw the air down through the grate causing the charge to burn downward until the charge is completely clinkered when the grate reaches the discharge end of the sintering machine. The complete sintering cake or clinker is discharged from the machine over a scalping screen where the partially burnt and unsintered material is screened off. The other material then goes through the clinker cooler and hence to the crushing and screening house where same is separated into three (3) sizes. After leaving the screening house, same is then stock piled over reclaiming tunnels.

This sintering machine process is similar to that used in the manufacture of steel.

INSPECTION AND TEST: A comprehensive range of tests was determined upon by the Committee on Test. These tests included the following:

Compressive strength, unit weight, modulus of elasticity, flexure strength, bond strength and determination of the properties of Colite when in flexure and subjected to fire. These tests were conducted on various water-cement ratios so as to give sufficient data to plot all curves necessary to evaluate the properties of Colite as an aggregate for concrete as accepted in general engineering practice.

All steel used for reinforcing conformed to the requirements of ASTM A-15 and A-305.

The complete report of the tests with all graphs are on file with and is part of the record. These tests were conducted by the Jersey Testing Laboratory.

RECOMMENDATION: Since it is the general intention of the applicant to apply for the approval of Colite (a lightweight aggregate) as an all purpose aggregate for plain concrete average A and B concrete and controlled concrete, the Committee on Test has taken into consideration only those sections of the Code pertaining to those classifications.

On this basis and the tests and the data supplied by the applicant, the Committee on Test, under the provisions of C26-3.0, C26-4.0, C26-189.0, and C26-191.0 Administrative Building Code, draws the following conclusions and recommends as follows in so far as granting approval under the various sections of the Administrative Building Code:

1. Section C26-10.a.b.—The Committee is of the opinion that Colite may be classed under the heading of Aggregate.
2. C26-315.0—Aggregates for reinforced concrete. The Committee is of the opinion, that, under C26-189.0.C.—Colite be approved as an aggregate for reinforced concrete as it meets the Standard Specifications for Light Weight Aggregate for Concrete ASTM Designation C331-53 and accordingly recommends approval under C26-315.0.
3. C26-361.0—The Committee recommends the approval of Colite as an aggregate for plain concrete and if a mix as described under C26-365.0 is used, the Committee further recommends that the allowable working stresses be increased to 25 percent of the ultimate compressive strength.
4. C26-363.0—The Committee is of the opinion that the allowable working stresses used in the design of reinforced concrete structures may be established under C26-364.0 and C26-365.0 when using Colite as an aggregate and accordingly recommends the approval under C26-363.0.
5. C26-364.0—Controlled Concrete Proportions and Allow-

able Working Stresses—The Committee is of the opinion that the material Colite may be used as an aggregate for controlled concrete and recommends approval as such.

6. C26-365.0—Average Concrete—Proportions and Allowable Working Stresses. The Committee is of the opinion, that, on the basis of the strength shown in the test and as C26-365.0.b does not prohibit the use of average concrete of different mix proportions provided the working stresses conform to the values as set forth under C26-365.3; Colite be recommended for approval as an aggregate for average concrete and whose working stresses shall conform to the Table of Allowable Working Stresses as set forth under C26-365.3.
7. C26-468.0 through C26-509.0 (Reinforced Concrete Construction)—The Committee is of the opinion that Colite meets the requirements of C26-468.0 through C26-509.0 and recommends the approval of Colite as an aggregate for reinforced concrete.
9. C26-522.0—As Colite meets the requirements of C26-38.0.b.c.d.f. and g as noted in Paragraphs 5 and 6 above; the Committee is of the opinion that Colite meets the requirements of C26-575.0.
10. C26-630.0—The Committee recommends the approval of Colite as a top-filling as meeting the requirements of C26-630.0.
11. C26-620.0—The Committee is of the opinion that Colite may be used under the provisions of C26-620.0.

The Committee on Test therefore recommends the approval of the material known as Colite (lightweight aggregate) under the provisions of the Administrative Building Code as mentioned herein, on condition that each shipment of Colite be accompanied by a bill of lading bearing the following statement "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1258-61-SM" and further that the design mixes with the corresponding "n" value (ES/EC for the various strengths be as follows:

Strengths—P.S.I.

	"N"
1500	22.2
2000	19.8
2500	18.2
3000	17.4
3500	16.4
4000	15.3

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

MINUTES

1305-61-SM—Bestwall Gypsum Co., Ardmore, Pa., filed for approval of the materials known as Bestwall Gypsum Plaster and Bestwall Gypsum Lath for use as a component part of a floor and ceiling construction under the provisions of C26-618.0 and C26-588.0 through C26-590.0 Administrative Building Code.

USE: Component part of a fire resistive floor and ceiling construction.

DESCRIPTION: The plaster has been approved under Calendar Number 685-56-SM and the lath under Calendar Number 686-56-SM.

The subject of this application is the use of these materials used in conjunction with other materials to achieve various fire resistive floor and ceiling construction.

Types 1 and 2—Consisted of steel joists, spaced in accordance to the requirements of C26-519.0 Administrative Building Code. Expanded metal lath with a $\frac{3}{8}$ " rib is used as a form for the concrete floor slab. Concrete is then poured to a depth of 2" over the mesh. To the bottom chords of the joists are wire tied $\frac{3}{4}$ " lathing channels spaced 16" on centers, and the $\frac{3}{8}$ " perforated gypsum lath is then applied and secured to the furring channels by means of lathing clips and perlite or vermiculite plaster is then applied to the face of the lath to a thickness of $\frac{5}{8}$ " for Type 1 and 1" for Type 2.

Type 3—Basically the same as 1 and 2 except that the form board and the fill are different. Rail tees spaced $32\frac{5}{8}$ " on centers are welded to the top flange of the joists and $\frac{1}{2}$ " gypsum form board is then placed between the flanges of the tees. Wire mesh 14 gauge spaced 8" and 12 gauge spaced 4" is laid transversely to the rails and formed over the rails so that the mesh was $\frac{1}{2}$ " above the form board. Gypsum concrete was then poured to a depth of $1\frac{1}{2}$ " giving a total depth of 2" including the form board. The joists were protected in the same manner as for Type 1 and 2 except that channels were spaced on 12" centers and the plaster was applied to a thickness of $1\frac{1}{4}$ ".

Type 4—Consisted of a 2" poured reinforced concrete slab over open web joists and protected with a ceiling of $\frac{3}{8}$ " perforated gypsum lath on furring channels spaced 12" on centers and $\frac{5}{8}$ " of sanded gypsum plaster. The lath was additionally supported by means of 14 gauge diagonal steel wire.

Type 5—Construction same as Type 4 except that the furring channels were spaced 16" on centers and the plaster was $\frac{1}{2}$ " perlite or vermiculite.

Type 6—Construction same as Type 5 except furring channels are spaced 12" on centers and the plaster is applied to a thickness of $\frac{5}{8}$ ".

Type 7—Consisted of a 2" poured in place reinforced concrete slab, open web steel joists and a ceiling of $\frac{1}{2}$ " perlite or vermiculite on 1" hex-mesh wire fabric and $\frac{3}{8}$ " perforated gypsum lath secured by clips to furring channels spaced 16" on centers.

Type 8—Constructed the same as Type 7 except that the furring channels were 12" on centers and the perlite or vermiculite plaster was applied to a thickness of 1".

Type 9—Consisted of steel beam, cellular floor with $2\frac{1}{2}$ " concrete topping and a suspended ceiling of $\frac{1}{2}$ " perlite or vermiculite plaster on $\frac{3}{8}$ " perforated gypsum attached to furring channels spaced 12" on centers, the lath reinforced with 14 gauge diagonal steel wire. The beam in the assembly is protected with $\frac{7}{8}$ " perlite or vermiculite plaster on the $\frac{3}{8}$ " lath—lath spaced $2\frac{3}{4}$ " below the lower flange of the beam.

Type 10—Same basic construction as Type 9 except that the furring channels are 12" on centers, the concrete topping is 2", the plaster is 1" thick and the beam is furred $3\frac{1}{2}$ " below the flange.

Type 11—Same basic construction as Type 10 except the deck is $2\frac{1}{2}$ " concrete, channels spaced 12" on center, plaster $1\frac{1}{8}$ " on ceiling and beam, and the beam is lath furred $2\frac{1}{2}$ " below the flange.

INSPECTION AND TEST: All above described types were tested at the Underwriters Laboratories or the National Bureau of Standards in accordance with the requirements of C26-588.0 through C26-590.0 and C26-609.0 Administra-

tive Building Code. The construction successfully met the requirements for the following fire resistive ratings.

Type 1—1 Hour fire resistive floor and ceiling. Types 2 and 3— $1\frac{1}{2}$ Hour fire resistive floor and ceiling. Type 4—2 Hour fire resistive floor and ceiling. Type 5— $2\frac{1}{2}$ Hour fire resistive floor and ceiling.

Types 6, 7 and 8—3 Hour fire resistive floor and ceiling. Types 9, 10 and 11—4 Hour fire resistive floor and ceiling.

RECOMMENDATION: The Committee on Test recommends the approval of the floor and ceiling construction as herein described for use in New York City, with fire resistive hourly ratings as herein shown under the title "Inspection and Test," under the pertinent sections of the Administrative Building Code on condition that all plans submitted to the Department of Buildings showing the proposed use of this construction shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1305-61-SM."

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein

Negative 5

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

1306-61-SM—Bestwall Gypsum Co., Ardmore, Pa., filed for approval of the materials known as Bestwall Gypsum Plaster and Bestwall Gypsum Lath as a component part of a fire resistive partition under the provisions of C26-591.0 and C26-592.0 Administrative Building Code.

USE: Interior non load bearing partitions.

DESCRIPTION: The plaster has been approved under Calendar Number 685-56-SM and the lath under Calendar Number 686-56-SM.

The subject of this application is the use of these materials in various thickness to achieve various fire resistive ratings.

INSPECTION AND TEST: Partitions with various thickness of lath and plaster were tested at Ohio State University and the National Bureau of Standard in accordance with the requirements of C26-591.0 and C26-592.0 Administrative Building Code.

Types 1 and 2 consisted of steel studs spaced 16" on centers. $\frac{3}{8}$ " perforated gypsum lath is then attached to each face of the studs by means of clips, and then $\frac{1}{2}$ " of gypsum plaster is applied to the lath. Type 1 having perlite or vermiculite plaster and Type 2 having sanded gypsum plaster. Each partition is $4\frac{1}{4}$ " in overall thickness.

Types 3, 4 and 5 are basically the same, being a 2" solid partition consisting of 2" plain gypsum lath set in floor and ceiling runners and plastered on each face with gypsum plaster.

Type 3 has $\frac{3}{4}$ " of sanded gypsum plaster on each face of the lath. Type 4 has $\frac{3}{4}$ " perlite or vermiculite plaster on

MINUTES

each face of the lath and Type 5 has 1" of perlite or vermiculite plaster on each face of the lath.

Results were as follows: Types 1 and 3—1 hour non load bearing fire resistive rating. Types 2 and 4—1½ hour non load bearing fire resistive rating. Type 5—2 hour non load bearing fire resistive rating.

RECOMMENDATION: The Committee on Test recommends the approval of materials known as Bestwall Gypsum Plaster and Bestwall Gypsum Lath for use in New York City in the construction on non load bearing fire resistive partitions on condition that the construction and fire resistive ratings be as set forth in this report under "Inspection and Test" and further that all plans submitted to the Department of Buildings showing the proposed use of the partition shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1306-61-SM."

(Sgd.) WILLIAM A. NOLAN,
Vice Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

1307-61-SM

APPLICANT—Bestwall Gypsum Company, owner; Chester E. Abbey, Bestwall Certain-Teed Sales Corporation, agent.

APPEARANCES—

For Applicant: Chester E. Abbey and C. Martin.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 1307-61-SM—Bestwall Gypsum Co., Ardmore, Pa., filed for approval of the material known as Bestwall Gypsum Plaster and Bestwall Gypsum Lath as component parts used for fireproofing of columns under the provisions of C26-593.0, through C26-595.0 and C26-599.0 Administrative Building Code.

USE: Component parts used for fireproofing of structural steel columns.

DESCRIPTION: The plaster has been approved under Calendar Number 685-56-SM and the lath under Calendar Number 686-56-SM.

The subject of this application is the use of these materials in various thickness to achieve various fire resistive ratings.

INSPECTION AND TEST: Columns with various thickness of lath and plaster were tested at the National Bureau of Standards in accordance with the requirements of C26-593.0 through C26-595.0 and C26-599.0 Administrative Building Code. Types 1, 2, 3 and 4 are basically the same, consisting of one layer of ¾" perforated gypsum lath wire tied on 15" centers and covered with sanded gypsum plaster; type 1 having ½", type 2—⅝", type 3—1⅜" and type 4—2". Type 5 and 6 were of the same basic construction as the preceding types except that a perlite or vermiculite plaster is used. Type 5 having 1" and type 6 having 1⅜".

Types 7, 8 and 9 were of the same construction consisting of two layers of ½" plain gypsum lath wire tied on 15" centers. A wire mesh of 20 gauge wire is then wrapped around the lathed column and a perlite or vermiculite plas-

ter is then applied to the mesh, type 7 having 1" and types 8 and 9 having 1½" of plaster.

Results were as follows: Type 1—1 hour fire resistive rating. Type 2—1½ hour fire resistive rating. Types 3 and 5—2 hour fire resistive rating. Type 4, 6 and 7—3 hour fire resistive rating. Types 8 and 9—4 hour fire resistive rating.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Bestwall Gypsum Plaster and Bestwall Gypsum Lath for use in New York City as fire proofing for structural steel columns under the provisions of C26-575.0 Administrative Building Code on condition that the construction and fire resistive ratings be as set forth in this report under the title "Inspection and Test" and further that all plans submitted to the Department of Buildings showing the proposed use of this construction shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1307-61-SM."

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

551-60-A

APPLICANT—Abraham Grossman for Local Textile Mills, Incorporated, owner.

SUBJECT—Application July 1, 1960—Appeal from a decision of the Borough Superintendent re—egress.

PREMISES AFFECTED—240-242 West 23rd Street, south side, 337 feet 6 inches east of 8th Avenue, Block 772, Lot 67, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 23, 1960 on Alt. Applic. 955-59, reads:

"5. Fire escape not acceptable as means of egress in factory building over 6 stories in height as per Sec. 271 L.L."

and

WHEREAS, the applicant states that there is an approved fire alarm system and monthly fire drills; that the building is 100% sprinklered; that the exits consist of a 3 foot wide wooden stairs, fire retarded both sides stair enclosure leading directly to street, with bulkhead in the roof; that it is proposed to erect on the front of this building a new fire escape to comply with Section 273 Labor Law serving as a second means of egress from each floor; that egress from the cellar floor indicates two means; that engineer's ladder to street and self closing fireproof door leading to adjoining building #244-246, which is used to store pianos; that no persons are on this floor; that the ceilings in this building are of #26 gauge metal throughout over existing wooden beams; that the partitions are few in number, and as noted on 4th floor plan are of wood studs and sheetrock construction; that with the exception of the 4th floor, all floors are occupied by one tenant; that an examination of the 4th floor plan indicates 2 tenants with a sub-dividing partition and a 3 foot opening to ceiling for egress to fire escape on front of building for the tenant occupying the rear; that the applicant now proposes to pro-

MINUTES

vide a new front fire escape that will comply with Section 273 of the Labor Law; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated June 23, 1960, acting on Alt. Applic. 955-59, Objection No. 5, be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that the building conform to drawings filed with this application dated July 1, 1960, four sheets, and January 10, 1962, 7 sheets; *on further condition* that the owner either install a separate Siamese connection or a sign on the front of the building stating that the sprinkler supply comes from the Siamese connections on the adjacent building; that there be a signed agreement between the owner of this building and the owner of the adjacent building that the adjacent building will furnish the supply for the sprinkler system, and that this agreement be registered with the City Clerk; that the fire escape in the rear be maintained in good condition and with proper access to it; that the doors to the stairs be made operable as self-closing doors and that all doors open in the direction of egress; that the interior fire alarm system be maintained; and that the occupancy be limited to the capacity of the primary means of egress.

184-61-A

APPLICANT—Henry Nordheim for Leah Slapo, owner.
SUBJECT—Application February 15, 1961—Appeal from an order of the Fire Commissioner re—sprinkler system.
PREMISES AFFECTED—171 Spring Street, north side, 70 feet 2 inches east of Thompson Street, Block 502, Lot 41, Borough of Manhattan.

APPEARANCES—

For Applicant: Henry Nordheim and William Slapo.
For Administration: Lieut. John P. Manfredi, Fire Dept.
ACTION OF BOARD—Appeal granted on condition.
THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 18, 1961 on Order No. 197-1, reads:

"1. Install an approved wet automatic sprinkler system throughout the building having at least one source of water supply, arranged and equipped as per Chapter 26—1336.0 Admin. Code—280-LL."

and

WHEREAS, the order of the Fire Commissioner, dated December 16, 1960 on Violation Order No. 482703 and decision of the Fire Commissioner dated January 12, 1961, reads:

"1. Provide an approved automatic Sprinkler System, throughout entire building.
Chapter C19-161.0 Administrative Code."

and

WHEREAS, the applicant states that the building is 23 feet 4 inches by 96 feet in area, 4 stories, 56 feet high, of class 3 construction, located in retail use, B area and class 1½ height district, built in 1911, now used and occupied since 1946: cellar—boiler and storage; 1st floor—factory, printing, 5 persons; 2nd floor—factory, metal candy moulds, 5 persons; 3rd floor—vacant; 4th floor—factory, screening on silk and linen with nonflammable paste metallic, 4 persons, substantially in accordance with Certificate of Occupancy #52811 issued September 27, 1960 against Alt. Applic. 1676-45; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the building has all ceilings fire protected conforming to the Labor Law and is operated under a certificate of occupancy and with the type of occupancies there is practically no fire hazards; that the exits are adequate with a front stairway enclosed in masonry walls and fireproof stairway and a rear wall fire

escape from roof to yard all of which was approved by the Board of Standards and Appeals under Cal. No. 444-55-A; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the order of the Fire Commissioner No. 197-1, dated January 18, 1961 has been rescinded by the Fire Commissioner.

Resolved, that the order of the Fire Commissioner dated December 16, 1960, acting on Order No. 482703 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* the building conform to drawings filed with this application dated February 15, 1961 2 sheets; *on further condition* that no inflammable materials will be used in the building.

202-61-A

APPLICANT—H. E. Horwood for Estate of Robert Hotkins, C/O Albert S. Hotking.

SUBJECT—Application February 23, 1961—Appeal from an order of the Fire Commissioner re—sprinkler system.
PREMISES AFFECTED—213-217 Grand Street, south side, 40 feet 1 inch west of Elizabeth Street, 97 Elizabeth Street, Block 238, Lot 16, Borough of Manhattan.

APPEARANCES—

For Applicant: H. E. Horwood.
For Administration: Lieut. John P. Manfredi, Fire Dept.
ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated January 24, 1961 on Violation Order No. 478117, reads:

"1. Pursuant to the authority of Fire Commissioner and by virtue of Sec. C19.161.0 of the Administrative Code, you are hereby ordered to provide an approved automatic sprinkler system throughout the entire building."

and

WHEREAS, the applicant states that the building faces on two streets and has a fireproof stairway and fireproof enclosure with self-closing doors at the openings on each street front, and on the Elizabeth Street side is also a fire escape in good condition, not required as an exit, which would assist the Fire Department in reaching any possible fire in the building; that except for the 4th floor and a part of the 5th floor, the entire building above the 1st story is used as retail furniture showroom entered only when an occasional customer on the 1st story furniture store is shown one of the model rooms which are laid out on the upper stories of the building; that there is a printer on part of the 5th floor who has 2 employees beside himself and partner and the 4th floor has been used by a manufacturer of sportswear with up to 25 employees, said business being shut down for several months and may not resume and no use classified as medium or high hazard by the Rules of the Board will be permitted; that the building has a standpipe system and interior fire alarm system in good working order; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal not be granted.

Resolved, that the decision of the Fire Commissioner acting on Order No. 478117, Objection No. 1, dated January 24, 1961, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

267-61-A

APPLICANT—Daniel Arvan for 495 Broadway Corporation, owner; New Era Letter Company, Inc., and New Era Lithograph Company, Incorporated, lessees.

MINUTES

SUBJECT—Application March 1, 1961—Appeal from an order of the Fire Commissioner, re—sprinkler system.
PREMISES AFFECTED—499 Broadway, west side, 99 feet 8 inches north of Broome Street, and 70 Mercer Street, Block 484, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Daniel Arvan.
For Administration: Lieut. John P. Manfredi, Fire Dept.
ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 31, 1961 on Order No. 347-1, reads:

"1. Install an approved wet automatic sprinkler system throughout the building having at least one source of water supply, arranged and equipped as per Chapter 26—Article 16 Adm. Code C19-161.0.a Adm. Code."

and

WHEREAS, the applicant states that the building is 19 feet 9½ inches by 200 feet 3⅝ inches in area, 4 stories, 50 feet high, of class 3 construction, located in unrestricted use, B area and class 2 height district, built prior to 1913, now used and occupied since 1951: cellar—storage; 1st floor—shipping and packing, 7 persons; 2nd to 4th floors—unoccupied (abandoned); that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that at the present time the use of the 2nd, 3rd and 4th floors at 499 Broadway have been abandoned and the floors have been completely evacuated; that there is a 24 hour watchman service throughout the entire building from Monday to Saturday morning and also at any time where there are any persons in the building; that the only operations now proceeding at 499 Broadway are on the 1st floor which contains the shipping and packing department and in the basement for the storage of paper; that the building herein is within the area of demolition of the proposed construction of the Lower Manhattan Expressway; that the layout maps were approved by the Board of Estimate of the City of New York on September 16, 1960; that a sum in the area of \$10,000 would be required to be expended to pay for an automatic sprinkler system throughout the building; that the order of the Fire Commissioner requiring the installation of an automatic sprinkler system on the 2nd, 3rd and 4th floor is completely unnecessary; that the use of the 2nd, 3rd and 4th floors has been completely abandoned pursuant to the direction of the Fire Commissioner, and such floors have been evacuated; and

Resolved, that the order of the Fire Commissioner dated November 30, 1960, acting on Order No. VO 463840 be and it hereby is *modified* and that the appeal be and it hereby is granted for a period of one year from this date on condition the building conform to drawings filed with this application dated March 1, 1961, 5 sheets; also, on condition that watchman service be maintained by the owner during the one year period or until the City takes over the building; that the second, third and fourth floors be vacated.

280-61-A

APPLICANT—Dolg Realty Corporation, owner.

SUBJECT—Application March 7, 1961—Appeal from an order and a decision of the Fire Commissioner re—iron shutters.

PREMISES AFFECTED—372 Broome Street, northeast corner, Mott Street, 177 Mott Street, Block 480, Lot 37, Borough of Manhattan.

APPEARANCES—

For Applicant: Harry A. Gross and Leon Goldsmith.
For Administration: Lieut. John P. Manfredi, Fire Dept.
ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 6, 1961 on Order No. 252-9, reads:

"1. Replace missing iron shutters at rear of building on 2nd, 3rd, 4th, 5th and 6th floors and at all openings in the exterior wall which are distant in a direct line less than 30' from any opening in any other building and not in the same plane with said openings or which are not more than 50' above a neighboring roof at the above designated locations or other approved locations. Sec. 491A2-2.0 Adm. Code.

2. Repair or replace the defective (badly corroded) iron shutters at rear of building at cellar and 1st floor and at all openings in the exterior wall which are distant in a direct line less than 30' from any opening in any other building and not in the same plane with said openings or which are not more than 50' above a neighboring roof at the above designated locations or other approved protection. Sec. 491A2-2.0, Adm. Code.

3. Properly paint iron shutters on windows at rear of building at cellar and 1st floor. Sec. 491A2-2.0 Adm. Code.

and

WHEREAS, the applicant states that the building is 50 feet 9½ inches by 97 feet 1 inch in area, 6 stories, 65 feet high, of class 3 construction, located in business use, B area and class 2 height district, built in 1893, now used and occupied since 1902: 1st floor—stores; 2nd, 3rd, and 4th floors—factory; 5th and 6th floors—vacant, without a certificate of occupancy; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that on September 15, 1960, a Resolution was passed by the Board of Estimate of the City of New York, laying out the area over which a Lower Expressway connecting the Williamsburg and Brooklyn Bridges will be connected with the West Side or Miller Highway, in New York; that the property in question is in the path of same and will be condemned in due course; that the owner respectfully asks for a modification of the Order issued by the Fire Department, on January 26, 1959, so as to permit the enclosure of each window and all wooden parts on the rear of the building on the 2nd, 3rd, 4th, 5th and 6th floors with 20 gauge galvanized sheet metal fastened to the wood with ¼ inch cadmium plated sheet metal screws every 4 inches for the 3 windows on the 3rd, 4th and 6th floors and 4 windows on the 5th floor and two windows on the 2nd floor; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated February 6, 1961, acting on Order No. 252-9 Objection Nos. 1, 2 and 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this application dated January 26, 1962, 1 sheet; on further condition that the windows be covered with 20 gauge steel as per drawing; that all other laws, rules and regulations applicable be complied with.

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on September 24, 1957, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was last extended on October 6, 1959; and

WHEREAS, the resolution was amended on July 6, 1960; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on September 24, 1957, as amended through July 6, 1960, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

“that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution; and that a Certificate of Occupancy shall be obtained.” (N.B. 670/56)

744-56-BZ

APPLICANT—Burke and Groh for Mary Paino and Joycon Corporation, owners.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under

MINUTES

Sections 7e, 7f and 7i of the Zoning Resolution, permitting in a business and residence use district, the erection of a 1-story structure to be used as offices and private storage garage for more than 5 motor vehicles, minor auto repairs, underground gasoline tanks with pumps for private use and parking for more than 5 motor vehicles of the lessee, its patrons and employees on the unbuilt upon portion of the premises, for a stated term of 20 years.

PREMISES AFFECTED—2533-2547 Coney Island Avenue, east side, 82 feet 11½ inches north of Gravesend Neck Road, 2254-2268 East 12th Street and 1017-1033 Gravesend Neck Road, northwest corner, Block 7371, Lot 30 (Lots 30, 37 and 100 part of Lots 28 and 72), Borough of Brooklyn.

APPEARANCES—

For Applicant: Jerrold I. Ehrlich.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

RULES

RULES GOVERNING THE USE OF EQUIPMENT FOR SPRAYING AND DRYING OF PAINTS, VARNISHES, LACQUERS AND OTHER INFLAMMABLE SURFACE COATINGS AND STORAGE OF SUCH MATERIALS

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS JUNE 10, 1932 AND REVISED JULY 16, 1937, EFFECTIVE AUGUST 16, 1937, AMENDED JULY 25, 1944, EFFECTIVE AUGUST 21, 1944 AND AMENDED JANUARY 29, 1960, EFFECTIVE MARCH 2, 1960.

(353-30-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, Subdivisions 2 and 3 of the Charter of the City of New York, to effectuate the provisions of C19-84.0, C19-85.0 and C19-86.0 of the Administrative Code.

Rule 1. Application.

1.1 No person, firm or corporation shall spray, dip or immerse any article or thing within the City of New York with any inflammable paints, varnishes, lacquers or any other inflammable or combustible substances, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes except in conformance with these rules, and under a permit issued by the Fire Commissioner. Where the quantity of spraying, dipping or immersing materials used in a day does not exceed two quarts, except for spraying as performed under Rule 5.13, and the total amount of material stored does not exceed twenty gallons, these rules shall not apply.

1.2 APPLICATIONS. Application for the required permit to store and use the above-mentioned materials shall be made to the Fire Commissioner on forms prescribed by him and shall contain such information as he may require. When a spray, dipping, immersing, storage or mixing room is to be installed, an application shall be filed with and approved by the Borough Superintendent before a permit is issued by the Fire Commissioner.

1.3 RESTRICTIONS. No spraying, dipping or immersing of any article or thing within the City of New York with any inflammable paints, varnishes, lacquers or any other inflammable substances, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes shall be permitted in any premises or portion thereof as follows:

1.3.1 Which is occupied as a class A or B multiple dwelling or a dwelling for one or two-families, except where a location is provided which is separated by fireproof construction from the residential occupancy and ventilated as provided in Rule 3.

1.3.2 Which is occupied as a place of public assembly except trade schools where the buildings are of Class I or Class II construction and spraying, dipping or immersing are demonstrated for instruction purposes only.

1.3.3 Which is artificially lighted by any means other than electricity.

1.3.4 Which is heated by other than the use of steam or hot water circulating systems and the boiler is located outside the space where spraying, dipping or immersing is carried on.

Rule 2. Definitions.

2.1 The term "SPRAY or SPRAYING SPACE" "DIPPING SPACE or IMMERSING SPACE" when used in these rules shall mean that portion of the premises

used for the actual work of spraying, dipping or immersing any article or thing with any flammable paints, varnishes, lacquers or any other flammable substances, mixtures or compounds, commonly used for painting, varnishing, staining or similar purposes in any booth or room.

2.2 The term "CABINET BOOTH" when used in these rules shall mean a compartment with a back, top and two sides of incombustible materials over a substantial metal frame and equipped with air exhaust facilities, located within a room or any portion of any premises where spraying with any flammable paints, varnishes, lacquers or any other flammable substances, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes is carried on.

2.3 The term "CANOPY BOOTH or HOOD" when used in these rules shall mean an installation consisting of a metal canopy or hood, without any side or end panels enclosing the object sprayed and an air exhaust system under which spraying with any flammable paints, varnishes, lacquers or any other flammable substances, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes is carried on.

2.4 The term "TUNNEL BOOTH" when used in these rules shall mean a compartment consisting of two sides and top, equipped with an air exhaust system in which spraying with any flammable paints, varnishes, lacquers or any other flammable substances, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes is carried on.

2.5 The term "SPRAY ROOM" when used in these rules shall mean a fully enclosed ventilated room approved for such use in which any article or thing is sprayed by any flammable paints, varnishes, lacquers or any other flammable substance, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes is carried on.

2.6 The term "DIPPING ROOM" when used in these rules shall mean a fully-enclosed ventilated room approved for such use in which any article or thing is dipped, or immersed in any flammable paints, varnishes, lacquers or any other flammable substances, mixtures, or compounds commonly used for painting, varnishing, staining or similar purposes is carried on.

2.7 The term "FIREPROOF or FIRE-RESISTING PARTITIONS" used in these rules shall mean the standard set in the Labor Law and the Rules of the Board of Standards and Appeals for factory buildings. All openings in this type of partition shall only be equipped with self-closing fireproof assemblies.

2.8 The term "STORAGE ROOM" when used in these rules shall mean a fully-enclosed ventilated room used for the storage and mixing of any inflammable paints, varnishes, lacquers or any flammable substances, mixtures or compounds commonly used for painting, varnishing, staining or similar purposes.

RULES

2.9 The term "CERTIFICATE OF FITNESS" when used in these rules shall mean the written permission granted by the Fire Commissioner to an individual to supervise and to process spraying, dipping and immersing materials and equipment, in accordance with the provisions of Section C19-14.0 of the Administrative Code and these Rules.

2.10 The term "PERMIT" when used in these rules shall mean the written permission issued to a person, firm or corporation by the Fire Commissioner, to store and use materials covered by Sections C19-12.0 and C19-84.0 of the Administrative Code and these Rules.

Rule 3. Ventilation.

3.1 Spraying or dipping spaces shall be ventilated when in operation so that the movement of air shall be at least one hundred (100') linear feet per minute in the breathing zone of the operator and be of sufficient capacity to prevent the accumulation of mist or vapors. For requirements of ventilation of storage rooms see Rule 4.4.1.

3.2 Air shall be admitted to the spraying, dipping or immersing spaces in an amount equal to the capacity of the fan or fans and in such a manner as to avoid short-circuiting the path of air in the working zone of such spaces. Exhaust fans shall be kept running constantly while spraying, mixing or dipping. Exhaust fan control shall be interconnected with spray gun so as to operate simultaneously. Exhaust fans shall, in addition, be arranged to operate independently of spray gun. Ventilation Equipment shall be kept in operation for a sufficient length of time thereafter to exhaust all vapors, fumes or residues of spraying materials from the spray booth, dip space or drying room. Air admitted to the spraying, dipping, immersing, drying spaces or storage rooms shall be fresh air taken from the outside of the building.

3.3 EQUIPMENT. Motors shall be located outside of spraying, dipping or immersing spaces except as provided in Rule 4.

Rule 4. Specification for Spray Booths, Spray Rooms, Dip and Immersing Rooms, Drying Equipment and Material Storage Rooms.

4.1 Spray booths shall be constructed of metal or incombustible materials satisfactory to the administrative official having jurisdiction. Ventilation and lighting for spray booths, spray rooms, dipping rooms, drying rooms and storage rooms shall comply with the requirements of these rules.

4.1.1 Spray, dip and immersing rooms shall be enclosed on all sides with partitions constructed of incombustible materials with floors in such rooms of concrete. Where such rooms are located over wooden floors, such wooden floors shall be surfaced with 1" of grout adequately reinforced or a mixture of Portland cement, and sand similarly reinforced. Ceilings over such rooms shall be protected by $\frac{5}{8}$ " unsanded gypsum plaster or $\frac{7}{8}$ " of cement or sanded gypsum plaster on approved 3.0 lb metal lath or other equivalent fire resisting ceiling protection. Ventilation, lighting and heating for these rooms shall comply with the requirements of these rules. Where additional fire fighting equipment is necessary such equipment shall be furnished in accordance with the direction of the Fire Commissioner. Floor drains leading to the house draining system

or the public sewer shall not be permitted. Dip tanks shall be provided with hinged metal covers held open by a fusible link, such covers to be equipped with an opening to permit automatic flooding of the tank with fire extinguishing media of a type and so located as the Fire Commissioner shall direct. Where the work process, such as conveyerized operation, makes the use of a cover impractical, the dip tank and drain boards shall be protected by an adequate extinguishing system designed for manual and automatic operation satisfactory to the Fire Commissioner and such conveyor shall be interlocked with the extinguishing system so that in the event the extinguishing system is activated, the conveyor action shall be stopped.

4.1.2 Panels of polished wired glass or plate-glass at least one-quarter ($\frac{1}{4}$) of an inch thick, not exceeding seven hundred and twenty (720) square inches in area and not more than forty-eight (48") inches in any linear dimension may be used in the sides of a spray booth or room.

4.1.3 The inner sides of walls, ceilings and the floors of all spraying or dipping spaces shall have a smooth surface.

4.1.4 All openings in spray, dip or immersing rooms shall be protected by fireproof opening protective assemblies. Windows opening on a street may be used to provide ventilation but no window on a lot line or less than 20 ft. from any opening in a wall of an adjacent building shall be permitted except when the subject room is more than 20 ft., in the horizontal plane, above an adjoining building.

4.1.5 Ferrous metals used in the construction of spraying, dipping or immersing spaces shall be thoroughly painted on the inside or be galvanized.

4.1.6 All spraying, dipping or immersing spaces shall be so constructed that at least three (3) feet of clear working space shall always be maintained for each operator spraying, dipping or immersing the material being processed.

4.2 STORAGE ROOMS.

4.2.1 Storage rooms shall be constructed of fireproof or fire resisting material and shall have a window opening to the outer air but such window shall not be on a lot line, enclosed court, nor opposite within twenty feet of windows of adjacent buildings nor part of the same premises, such window openings to be fireproofed and lower half provided with open louvers or ventilated by metal duct or fan at least 8 inches in diameter. The floors of all storage rooms shall be of incombustible non-ferrous materials. The sill of the door shall be at least 6 inches above the finished floor. All doors to be tin-clad, approved, fireproof and self-closing.

The lighting equipment shall comply with rule 4.5.2.2 and shall have an electric switch located outside the room. Immediately adjacent to such room shall be provided such portable fire extinguishing equipment for use within the storage room as the Fire Commissioner shall direct.

4.3 DRYING EQUIPMENT.

4.3.1 Gas Fired Drying Ovens. Gas fired drying ovens shall be of a type as approved by the Board. Such ovens shall be constructed of metal and incombusti-

RULES

ble materials so designed as to preclude the direct application of flame to the materials in process. Ventilation shall be provided for each oven of sufficient capacity to maintain an oven vapor concentration at all times during the drying process of less than $\frac{1}{4}$ the low explosive limit of the solvent used. All oven openings shall be maintained at a negative pressure relative to room pressure for inward flow. The controls for the safety exhaust and recirculating fans shall be properly interlocked with the gas supply line so that when the gas is flowing the fans are in operation. A time delay relay shall be installed to provide a minimum of four oven volume changes with fresh air and in the case of an indirect fired type of oven simultaneous purging of the combustion chamber before the ignition system can be energized and gas flow started. Each oven shall be equipped with gas burning equipment approved for such use and with electrical controls so arranged as to shut off the gas valve when ignition fails or the gas supply pressure drops to 2 inches of water.

The use of a continuous gas pilot light is prohibited unless an automatic gas shut off valve is provided which will shut the gas off at the pilot light when the flame is extinguished or the supply of gas cut off. Electrical pilot ignition shall be of the continuous type or equal in performance, designed for use in high temperatures, with controls so interlocked as to shut off the gas supply when current is interrupted. An auxiliary manually operated gas shut off valve shall be located not nearer than 25 feet from the oven so as to control the gas supply in the event of an emergency. Such ovens shall be adequately insulated on all sides and top to limit the maximum surface temperature to 140°F and to 160°F on the base, unless the floor is protected by a 3 inch mat of reinforced concrete placed over and bonded into the existing concrete floor and projecting not less than 6 inches outside the projected area of the equipment or unless an unenclosed clear air space not less than 4 inches above the concrete floor is maintained between the floor and the underside of the oven.

- 4.3.1.1 The burner section of gas fired drying ovens shall not be located nearer than 25 feet from spraying or dipping spaces except when separated by fire proof construction, in which case the distance between burner section and spray or dip space shall be not less than 25 feet measured in the shortest line of travel.

4.3.2 ELECTRIC INFRA-RED RAY DRYING OVENS.

- 4.3.2.1 Electric Infra Red Ray Drying Ovens shall be of a type as approved by the Board. Such ovens shall be constructed of electric equipment installed in accordance with the National Electric Code and the requirements of the Department of Water Supply, Gas and Electricity. Ovens when erected shall be placed on concrete floors without any additional protection, provided that at least 12 inches of clear space above the floor is provided to permit adequate ventilation.

- 4.3.2.1.1 In drying processed material involving the evaporation of considerable amounts of flammable solvents by infra-red lamps, such installations shall not be confined in small rooms

unless such rooms are thoroughly ventilated by a power driven ventilation system of sufficient capacity to maintain a vapor concentration at all times during the drying process of less than $\frac{1}{4}$ the low explosive limit of the solvent used; the controls of the ventilation system to be so interlocked with the Infra-Red Ray System that the latter cannot function unless the ventilating system is in operation. When equipped with duct ventilating system, the Infra-Red Ray Oven shall be adequately secured so as to prevent moving.

- 4.3.2.1.2 Where the evaporation of a considerable amount of flammable vapors are involved, ventilated hoods located as near to the floor as practicable or enclosures shall be provided at the initial stage of the process with adequate exhaust system to discharge the primary evaporation from the solvents to the outer air, so that when the processed material progresses through the lamp drying tunnels only a comparatively small amount of solvent is left for evaporation. A space between such ventilating section and the drying section shall be maintained.

- 4.3.2.1.3 Lamps and other electrical equipment shall be kept free from flammable deposits and adequate cleaning shall be maintained.

- 4.3.2.1.4 Lamp and resistance heater type drying units shall be separated from spraying and dipping processes complying with these rules by a distance of at least 15 feet or shall be installed in a separate fireproof room.

- 4.3.2.1.5 Controls shall be arranged so that the lamps in the tunnels will be shut off automatically if and when the conveyor stops.

- 4.3.2.1.6 Where there are no conveyors and the material being processed is left stationary in the dryer there shall be an excessive temperature switch to shut off the lamps or resistance heaters to avoid overheating the material being processed if it is not removed from the dryer in time.

- 4.3.2.1.7 Material to be processed on the conveyors shall be rigidly supported so as not to be liable to displacement and cause lamp breakage and short circuits. Where there are no conveyors, materials should be fixed on dollies running on tracks or other equivalent method to accomplish the same result.

- 4.3.3 The temperature of the air contacting the processed material or of the material itself shall not be higher than that to which such material can be safely subjected.

RULES

4.3.4 Such fire fighting equipment suitable for electrical and solvent vapor fires shall be provided as the Fire Commissioner may direct.

4.4 SPECIFICATIONS FOR DUCTS, PIPES AND FANS.

4.4.1 All ducts used for ventilating spray, dip or immersing spaces shall be constructed of approved incombustible materials or metal of not less than the following gauges of metal:

Ducts twenty-four (24") inches or less in diameter No. 22 gauge.

Ducts over twenty-four (24") inches and not over thirty-six (36") inches in diameter No. 20 gauge.

Ducts exceeding thirty-six (36") inches in diameter No. 18 gauge.

4.4.2 Ducts shall be strongly constructed and be installed in a workmanlike manner. They shall be rigidly supported.

4.4.3 Ventilating ducts shall run as directly as practicable to the outer air and be protected with a hood against the weather. The exhaust terminal or hood shall also be protected with a screen of copper or bronze with a mesh not larger than one-quarter ($\frac{1}{4}$ ") inch.

4.4.4 Where a duct passes through a non-fireproof floor or roof, the duct shall be protected at such point by an outer pipe or sleeve with an air space of at least one (1") inch between the sleeve and pipe protected from the woodwork by at least a 1" blanket of asbestos, compressed rockwool or glasswool, or equivalent fire-resistive material extending through the entire depth of the ceiling construction and adequately secured to the outer pipe. The outer pipe shall be not less than two (2") inches from any woodwork and such woodwork shall be covered with at least 26 gauge metal or other incombustible material.

4.4.5 Ventilating ducts shall not terminate within ten (10) feet measured horizontally of any chimney outlet, unprotected air intakes or within twenty (20) feet of any exit or any opening in an adjoining building.

4.4.6 If induced draft is used to create an air movement, the air shall be supplied from a point outside the spray or dip or immersing space. Fans and motor must be located outside the spray, or dip space, except approved explosion-proof motor and non-ferrous blade fans which, however, are not to be located where residues of spraying material may collect on such equipment.

4.4.7 The exhaust system from any spray, dip or immersing space shall not be connected to any other ventilating system or be discharged into a chimney or flue used for the purpose of conveying gases of combustion.

4.4.8 Exhaust fan blades shall be constructed of non-ferrous metal. All exhaust and ventilating fans to be permanently connected to their source of power, using metallic conduit. Rheostats in fan bases not permitted. Fan blades not coming in direct contact, with spraying fumes, need not comply with this requirement.

4.4.9 Adequate access doors or panels have tight fitting by means of screw bolts, clamps or springs shall be provided, to permit inspection and cleaning.

4.5 ELECTRICAL EQUIPMENT AND LIGHTING FIXTURES.

4.5.1 No motors, switches, rheostats, lamps, fluorescent light or other electrical equipment shall be located in spray, dipping or immersing rooms or within ten (10') feet of the open end of any spray compartment, spray booth, immersing or dipping space unless such electrical equipment be of a type approved for use in explosive atmosphere and where a conduit leads from a hazardous location to a non-hazardous location, the conduit shall be sealed off by an approved sealing compound. Except that alternating current induction motors of the totally enclosed type, having no brushes make and break contacts, collectors or other arcing or sparking parts may be located within ten (10') feet of a spray booth, spray compartment or dipping space when approved by the administrative official having jurisdiction. No open flame shall be used within 25 ft. of spray, dip or coating space or paint storage room or cabinet except when separated by fireproof construction, except as provided in Rule 4.3.1. Gas Fired Drying Ovens and 4.3.2.1.4 Electric Infra Red Dry Ovens.

4.5.2 Lighting Fixtures.

4.5.2.1 Artificial lighting shall be **only** by means of electricity.

4.5.2.2 When lighting fixtures are located within 10 feet of a spray booth, spraying space, dipping space or within a storage room they shall be of the rigid stem type, enclosing all wiring and be equipped with keyless sockets having vapor proof globes. Where exposed to breakage, globes shall be adequately protected by substantial metal guards or equivalent means. Fluorescent tube type lighting fixtures when used in spray booths or in spray and dip spaces or in storage rooms or rooms containing inflammable vapors, shall be of a type approved for use in explosive atmospheres. The auxiliaries of mercury vapor lamps shall be offset at least ten (10) feet from spray booth, spray or dip spaces unless enclosed in explosion-proof protection.

4.5.2.3 All electrical equipment shall be installed and grounded as provided by the Administrative Code covering electrical equipment and permanently connected to their source of current supply, using metallic conduit.

4.5.2.4 No pin plug receptacles shall be used except when the use of receptacles and attachment plugs become necessary they shall be so connected to form a part of a unit device with explosion-proof interlocking switch precluding the removal of the plug when the switch is in the "on" position or by an approved explosion-proof enclosure which can seal the arc when the current is interrupted. Such receptacles and plugs shall be of the polarized type providing a connection for the grounding wire of the portable cords.

RULES

4.5.2.5 All electric wiring shall be enclosed in rigid standard weight metallic conduits with explosion proof joints and fittings. Joints in metallic conduit having threaded couplings shall not have less than five (5) fully engaged threads. Where flexible connections are required a flexible fitting approved for explosive atmospheres shall be used.

4.5.2.6 The use of portable cords or trailer lights are prohibited, except when flexible cord approved for hard usage containing one (1) extra insulated conductor properly connected to form a grounding connection for metal lamp guards, motor frames and all other exposed metal portions of such portable lamps and devices may be used. When portable lamps are used they shall be enclosed in a manner approved for explosive atmospheres and with substantial guards of metal to prevent breakage. Sockets shall be of the keyless moulded composition type with no exposed metal parts.

Rule 5. Maintenance and Operation.

5.1 Every premises wherein a spraying, dipping, or immersing space is maintained and operated shall be continuously under the charge and supervision of one or more persons holding a certificate of fitness, whose duty shall be to see that the spray, dipping and immersing space comply with the rules and the terms of the permit are not violated. No other duties shall interfere with the enforcement of these rules while the work is in process. A copy of these rules shall be available near the space where these rules apply.

5.2 Smoking or the carrying of lighted cigars, cigarettes, matches, or pipes in spray, dipping or immersing space is prohibited.

5.3 No person shall be permitted within a spray space between the spray gun and the exhaust outlet while the spray gun is in use.

5.4 Spraying, dip or immersing spaces, and its surroundings shall be kept clean at all times and shall be kept clear of all materials, equipment and utensils not required in the operation of the spray. Side walls, ceilings, baffle plates, etc., shall be sprayed with soap and water solution, before cleaning, or cardboard or masking paper may be fastened before any operation and after said operation all waste material shall immediately be removed from the premises.

5.5 Floors within and surrounding spray, dip, or immersing spaces shall be kept clean and free from waste material at all times.

5.6 Spray rooms, booths, fans, ducts, and other equipment shall be cleaned frequently and maintained in clean and efficient working condition; lacquer spraying booths shall be wet down before cleaning.

5.7 Implements used for cleaning shall be made of non-ferrous material to avoid sparks.

5.8 Metal waste cans with self-closing covers shall be provided for all spraying, dipping or immersing spaces and storage rooms. The number to be installed shall be determined by the administrative official having jurisdiction.

5.9 Approved fire appliances shall be installed in all spraying, dipping or immersing spaces and in storage rooms as may be determined by the administrative official having jurisdiction.

5.10 Accumulation of inflammable waste, sweepings or deposits from spray, dip or immersing space is prohibited. All such waste shall be placed in approved waste cans and be removed from the premises at the close of work each day.

5.11 All sandpapering of lead painted surfaces shall be done with wet sandpaper.

5.12 When a motor vehicle is taken into a spray space, the batteries shall be disconnected before the process of spraying is begun.

5.13 Before spraying is performed on elevator cars all electric power operating all elevators enclosed in a common shaft, shall be turned off. While such work is in progress portable fire extinguishers shall be provided and maintained adjacent to the work as the Fire Commissioner shall direct. Such shafts shall be well ventilated of fumes before starting elevators.

5.14 Inflammable solvents used for cleaning equipment or for any other purpose shall not be discharged into the house drain.

Rule 6. Material Storage and Mixing.

6.1 Main supplies of spray coating and dipping materials and thinners shall be kept in an outside storage building, storage rooms or in vented metal cabinets in accordance with the following amounts:

6.1.1 Spraying materials not in excess of 100 gallons may be stored in single walled metal cabinets ventilated to the outer air. Such cabinet to be metal covered on all sides, including the doors and arranged for ventilation at top and bottom.

6.1.2 Spraying materials not in excess of 200 gallons may be stored in double-walled metal cabinets ventilated to the outer air or wood cabinets metal covered on all sides, including the door, and arranged for ventilation at top and bottom, to the outer air.

6.1.3 Spraying materials in excess of 200 gallons shall be stored in a separate exterior storage building of fireproof or fire-resisting material with ventilated plain glass skylight or in a storage room constructed fireproof in a fireproof building or fire-resisting in a non-fireproof building. The maximum amount of spraying materials to be stored in a storage room of a non-fireproof building shall be determined by the administrative official having jurisdiction.

6.1.4 Mixing or thinning of coating materials shall be conducted in a storage building or storage room, except that containers of total capacity not exceeding ten gallons may be opened and their contents mixed in the spray room or room in which booths are located while the air exhaust system is operating.

6.1.5 Working supplies sufficient for not more than one day's use but not exceeding twenty gallons to each booth, nor a total of one hundred gallons, may be

RULES

kept in the spray room or room in which spray booths are located; covers of containers must be kept thereon when such containers are not actually in use. This amount is in addition to the amount allowed in Rule 6.1.7.

6.1.6 Gravity feed material containers for supplying spray guns shall not exceed ten gallons in capacity and shall be supported by wire cables or metal brackets having a factor of safety of four when filled with the heaviest spraying materials used.

6.1.7 Pressure feed tanks and other equipment for use in connection with direct spraying under air pressure shall be restricted to tanks of not more than sixty gallons, individual capacity, designed, constructed and approved for this specific purpose by the Board of Standards and Appeals. Each tank shall be provided with a safety valve set at a pressure not exceeding eighty pounds. All gravity feed containers and other spraying equipment shall be approved as above.

6.1.8 The installation of all electrical wiring, switches, lighting and all other electrical equipment, and the provisions of these rules against carrying matches or smoking and prohibiting flame or spark-producing devices, shall also apply to storage or mixing rooms.

6.2 Storage of Materials where nitro cellulose products are manufactured.

6.2.1 Storage of spraying, dipping and immersing materials shall be as provided in Rule 6.1.1 through Rule 6.1.3, but in a building in which nitro cellulose products are manufactured, stored or kept the amount shall be not over twenty-five (25) gallons as per Section C19-113.0, subdivision h of the Administrative Code.

6.3 Sprinklers.

6.3.1 Sprinkler heads shall be provided in all spray, dip or immersing spaces and storage rooms and shall be installed in accordance with the Sprinkler Rules of the Board of Standards and Appeals, except in non-sprinklered buildings where sprinkler connection may be made to the house water supply, provided the size of the house water supply line is adequate for the number of sprinkler heads.

6.4 Maintenance of Sprinkler Heads.

6.4.1 Sprinkler heads in spraying, dipping and immersing spaces shall be cleaned at least once a week under the supervision of the person holding the certificate of fitness and a coating of light grease or vaseline shall be applied after each cleaning to prevent the formation of a hard deposit and render the sprinkler useless in case of fire. The use of paper bags or other materials about sprinkler heads is prohibited.

Rule 7. General Requirements.

Notice—Attention is called to the provisions of the Administrative Code as to violations reading as follows:

Section C19-152.0 of the Administrative Code, "Any person who shall willfully violate or neglect or refuse to comply with any of the provisions of this chapter in addition to any other penalties prescribed by law or ordinance shall, upon conviction, be punished by a fine of not more than \$500 or by imprisonment not exceeding 6 months, or by both such fine and imprisonment."

NOTE:—The principal cause of fires in spray-booth installations are: broken electric lamps and other electrical defects; cleaning the interior booths, fans and motors with highly flammable solvents;

accumulation of deposits in the tubes and vent pipes from neglect in cleaning them frequently; unnecessary accumulation of waste and refuse, smoking and a general lack of cleanliness.

- (a) "No Smoking" signs, with letters at least 2 inches in height, shall be posted at entrances to and in all spray rooms and paint storage rooms or building.
- (b) No combustible materials shall be stored or maintained within 15 feet of any spray booth.
- (c) All stocks shall be arranged so as not to interfere with the operation of automatic sprinkler heads.
- (d) Adequate mechanical or natural ventilation shall be provided.
- (e) No open flames or devices creating open flames or arcs shall be maintained within 25 feet of the spray or dipping process.
- (f) The premises where painting, dipping or immersing is performed shall be kept clear of empty paint cans, rubbish, paint accumulations and other combustible material.

Rule 8. Existing Spray Booths and Installations.

8.1 These rules shall be retroactive in the following respects:

Rule 1.3.4 Heating of Rooms.

Rule 3.1 Air Exhaust System.

Rule 3.2 Air Supply and Mixing.

Rule 4.0 Specifications for Spray Booths, Spray Rooms, Dip and Immersing Rooms, New Drying Equipment, and Material Storage Rooms.

4.1.3 Surfacing of Booths.

4.1.5 Surfacing of metal in Booths.

4.3.2 Maintenance of Ducts.

4.4.6 Method of Induced Draft.

4.5.1 Electrical Equipment.

4.5.2 Electrical Lighting.

Rule 5.1 Certificate of Fitness.

5.2 Smoking, Matches, etc.

5.6 Maintenance of Equipment.

5.7 Cleaning Implements.

5.9 Fire Appliances.

5.10 Accumulation and disposal of waste materials.

5.12 Motor vehicles in booths or rooms.

5.13 Spraying Elevator Cabs.

Rule 6. Material, Storage and Mixing.

Rule 7. General Requirements.

Rule 8.1 Rules 6.1, 6.2, 6.3 and 6.4 may not be applied in fireproof buildings equipped with an approved existing automatic sprinkler system where the general conditions of cleanliness are properly maintained at all times.

Rule 9. Permits and Plans.

Before a permit is issued by the Fire Commissioner, plans shall be filed with the Borough Superintendent, stating name, address, floor and space where the painting, dipping or spraying processes or storage room are to be installed. Such plan shall include a complete layout of the proposed installation and shall clearly indicate the location of all exterior wall openings, in premises and adjacent buildings, exits, chimneys, vent openings and proposed processes.

Plans shall be filed with the Borough Superintendent for storage and mixing rooms. Such plans shall show the complete floor plan of the proposed equipment and the location of the proposed equipment with respect to the storage and mixing rooms, exterior wall openings, in premises and adjacent buildings, exits and all chimneys within 20 feet of storage rooms and vent openings.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

Minutes of Regular Meeting, Tuesday Afternoon, February 6, 1962, Affecting Calendar Numbers 795-60-A, 164-61-A, 223-61-A, 372-61-A, 716-61-A, 1900-61-A, 1038-61-A, 19-61-A—Vol. II, 232-61-A, 277-61-A, 292-61-A, 1150-61-A, 1233-61-A, 1260-61-A, 1295-61-A, 1819-61-A, 249-29-BZ—Vol. II, 219-55-BZ, 487-59-BZ, 897-60-BZ, 237-61-BZ, 930-61-BZ, 392-21-BZ—Vol. II, 398-32-BZ—Vol. II, 110-37-BZ—Vol. II, 438-39-BZ—Vol. III, 828-47-BZ—Vol. II, 842-55-BZ, 998-55-BZ, 145-56-BZ—Vol. II, 662-56-BZ, 819-59-BZ, 889-60-BZ—Vol. II and 43-60-SM.

Public Hearing on Proposed Rules covering Coin-Operated Dry Cleaning Establishments.

Notice—Warning.

COURT DECISION.

Matter of Sands Harbor Homes vs. Board:—On November 14, 1961, the Board denied the appeal to review a decision of the Borough Superintendent's stop work order; calendar numbers and premises listed below:

Cal. No.	Premises — Brooklyn	Block	Lot
744-61-A	2659 East 66th Street	8602	19
745-61-A	2663 " 66th "	8602	17
746-61-A	2675 " 66th "	8602	11
747-61-A	2671 " 66th "	8602	13

At Supreme Court, Special Term, Part I, Mr. Justice Morrissey stated in part as follows:

"Petitioner moves for an order staying the Department of Buildings 'from all proceedings in furtherance of the violations issued against petitioner'. . . . The building department claims that the homes are not erected on piers and docks subject to the jurisdiction of the Department of Marine and Aviation but on land over which the building department has supervisory function. Petitioner appealed to the Board of Standards and Appeals, and the board affirmed the decision of the building department. Petitioner now brings a certiorari proceeding to review the determination of the board and pending the determination, asks for a temporary stay restraining the building department from enforcing its orders. . . . Motion denied."

(N.Y. Law Journal, February 1, 1962, page 14)

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesday at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

CALENDAR

THE RESOLUTION—

WHEREAS, on March 11, 1952, this application was granted by the Board on certain conditions; and

WHEREAS, this application was reopened to extend the term of the variance for a term of five years, on January 22, 1957; and

WHEREAS, the applicant states that under the Amended Zoning Resolution, the zoning for the above premises is C1-2 for a distance of 150 feet south of Hempstead Avenue (Turnpike); that beyond this distance of 150 feet the zoning is R-2; that under the previous zoning, the local retail zoning extended only for 100 feet south of Hempstead Avenue (Turnpike); and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation January 22, 1962; and

WHEREAS, this application was reopened on January 9, 1962 and set for hearing on February 6, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 6, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 8, 1961 acting on Alt. Applic. No. 812-51, reads:

"1. The proposed extension of use beyond Jan. 22, 1962 is contrary to the BS & A variance granted under Cal. 377-51-BZ and must be referred back to the Board for its determination."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 11, 1952, as amended through January 22, 1957, as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained," on condition that the sidewalk and property shall be cleaned and put in proper condition.

361-57-BZ

APPLICANT—Abraham Grossman for 175 Sullivan Street Corp., owner.

SUBJECT—Application reopened December 19, 1961 for consideration as to extension of term of variance, expires December 17, 1962—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the maintenance of a parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—175 Sullivan Street, east side, 150 feet north of West Houston Street, Block 525, Lot 3, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on December 17, 1957, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that due to the fact that the owners of this property are in process of securing a new mortgage, application is hereby made to reopen and extend the term of the present variance; that there has been no change on the site or on the surrounding area or in the use designation; that the area and height designations were changed on March 24, 1960; that the area district now is "D" and the height district now is "1"; that the zoning

designation under the amended zoning resolution is — the premises is in an R7-2 designation; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation December 17, 1962; and

WHEREAS, this application was reopened on December 19, 1961, and set for hearing on January 30, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; laid over to February 6, 1962 for inspection and decision; applicant to advise Board as to restriction to pleasure car parking; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated November 1, 1961, acting on Alt. Applic. 527-57, reads:

"C1—Contrary to B.S.A. #361-57-BZ."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on December 17, 1957, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; on condition that the present projecting sign shall be removed and that the only sign shall be that required by the Department of Licenses; that fences around the lot shall be put in good condition; that the lot shall be paved with clean cinders, treated with a binder and properly rolled for drainage; that the parking shall be restricted to passenger vehicles; that other than as herein amended the above resolution above cited shall be complied with in all respects and that a new Certificate of Occupancy shall be obtained."

Adjourned 1:15 P.M.

JAMES P. MULROY, Secretary.

REGULAR MEETING

TUESDAY AFTERNOON, February 6, 1962, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

795-60-A

APPLICANT—Charles M. Shapiro for Arown Realty Corporation, owner; Crown Sanitary Prod., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—Appeal from orders and a decision of the Fire Commissioner re—new oven, sprinkler system, storage of combustible fibre, etc.; previously granted on condition.

APPEARANCES—

For Applicant: Elliot J. Shapiro.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 9, 1961 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on May 9, 1961, by adding thereto:

"that the 500 gallon per minute motor driven fire pump taking suction from the existing well may be replaced with a 250 gallon per minute motor driven pump taking suction from the existing well and discharging into a nominal 21,000 gallon reservoir from which a 500 gal-

MINUTES

lon per minute pump will take suction and discharge into the sprinkler system, *on condition* that the system described shall be supervised by a central station approved by the Fire Department and that the supervision will include the supervision of a water level indicator in the 21,000 gallon tank; and *on further condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects." (Fire Dept. Orders #3357-9 and 3891-7.)

164-61-A

APPLICANT—Robert Teichman for E and A Building Corporation, owner.

SUBJECT—Application February 8, 1961—Appeal from an order of the Fire Commissioner re—Smoking in factory.

PREMISES AFFECTED—633-635 Greenwich Street, northeast corner of Morton Street, Block 603, Lot 49, Borough of Manhattan.

APPEARANCES—

For Applicant: R. Teichman.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative 0

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 9, 1961, reads:

"Permission to smoke in certain areas of your factory, you will please be advised that the law prohibiting smoking in factories or any part of a premises connected with a factory is mandatory and may not be modified by the Fire Commissioner."

and

WHEREAS, the applicant states that the building is 100 feet 5¼ inches by 172 feet 6 inches in area, 7 stories, 85 feet high, of class 1 construction, located in unrestricted use, A area and class 2 height district, built in 1919; that the entire building is occupied by a drug and chemical company; and

WHEREAS, the applicant states that the building is provided with 3 interior legal stairs extending from cellar to roof, enclosed in fireproof walls, fireproof self-closing doors, etc., having a frontage of 100 feet 5¼ inches on Greenwich Street, 172 feet 6 inches on Morton Street, extending through the block and having a frontage of 50 feet on Barrow Street; that said building being 100% sprinklered and is occupied by a wholesale drug house; that employees have petitioned both the owners and the Fire Department for permission to smoke in allocated areas outside of all factory areas; and

WHEREAS, the premises was inspected by a representative of the Fire Commissioner who has reported that there is no objection from him to smoking under certain conditions.

Resolved, that the decision of the Fire Commissioner, dated January 9, 1961, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated February 8, 1961, 3 sheets; on further condition that there shall be a total of five, 2 and one half gallon fire extinguishers located on the 7th floor; that the open receptacles now in the toilets shall be replaced by metal, self-closing receptacles for towel disposal; that smoking shall be done in the areas only which are cross-hatched on the above drawings; and that all other laws, rules and regulations applicable shall be complied with.

223-61-A

APPLICANT—Times Square Stores Corporation for Rabco Estates, Incorporated, owner; Times Square-Springfield, Incorporated, lessee.

SUBJECT—Application February 21, 1961—Appeal from an order of the Fire Commissioner re—sprinkler system.

PREMISES AFFECTED—130-35 Merrick Boulevard, north side, 100 feet west of Farmers Boulevard, Block 12494, Lot 8, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: H. G. Savran.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated February 9, 1961 on Order No. 072-1, reads:

"1. Install an approved automatic wet sprinkler system throughout the main and mezzanine floors in stock room area. Stock room area approximately 20' x 125' separated from store proper by cinder block. Sprinkler system shall be arranged and equipped as per Article 16, Chapter 26 Administrative Code as provided in Chapter 19-161.0 Adm. Code."

and

WHEREAS, the applicant states that the building is 31.88 feet by 248 feet in area, 1 story, 46 feet high, of class 1 construction, located in retail use, D area and class ½ height district, built in 1951, now used and occupied since 1958: cellar—boiler room and storage; 1st floor—retail store, 50 persons; substantially in accordance with Certificate of Occupancy No. Q128686 issued May 7, 1959 against Alt. Applic. 86-58; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that in December 1959 this building was approved by both the Building Department and the Fire Department as a class 1 building; that at that time, the Fire Department requested that we separate the Stock Room from the Retail Store with an 8 inch cinder block wall going 3 feet through and above the roof, complete with automatic fire doors on both sides of the cinder block wall; that the owner states that he has complied completely with that order and the work was duly approved by the Building and Fire Departments; that since this area was classified as a Class #3 building, a sprinkler system was not required; that inasmuch as we are a tenant and not owner of the above mentioned building, it would impose undue financial hardship on our company to be required to install a sprinkler system after having already borne the reconstruction expense referred to above; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Order of the Fire Commissioner, dated February 9, 1961, acting on Order #072-1, Objection No. 1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

372-61-A

APPLICANT—Albert B. Bauer for Uris 850 Third Avenue Corporation, owner.

SUBJECT—Application March 30, 1961—Appeal from a decision of the Borough Superintendent re—gasoline dispenser below street level.

PREMISES AFFECTED—838-852 Third Avenue, 161-171 East 51st Street, northwest corner, and 160-166 East 52nd Street, Block 1306, Lots 30, 33 and 41, Borough of Manhattan.

APPEARANCES—

For Applicant: S. H. Greenhill.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 30, 1961 on Misc. Applic. 2368-61, reads:

"1. Gasoline dispensing facilities located on any floor below street level, are contrary to Section C19-70.0 subd. C of the Administrative Code."

WHEREAS, the applicant states that a portion of the 1st and 2nd floors and a part of the cellar have been leased by the City of New York for the use of the Police Department; that this installation would provide gasoline service for radio motor cars on patrol in this precinct; that if such a facility were not available, these cars would of necessity refuel at remote locations with a consequent loss in patrol coverage in this important mid-town area; that patrol cars are called upon to respond at irregular hours during the day and night on police duty, and the handicap of not having gasoline service situated within their base of operations could seriously impair their efficiency; that because of the limited site conditions, there is no outside space available above the cellar level for gasoline service; that the garage area in the cellar has been designed for maximum safety in conformity with Administrative Code requirements with prescribed fire partitions, remote exits, 1½ hour fire rated doors, sprinklers and standpipe systems; that the gasoline pumps are to be of an approved type and the storage tanks are encased in 12 inches of concrete in an unexcavated area below the cellar floor; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 30, 1961, acting on Alt. Applic. 2368-61, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated May 26, 1961, 3 sheets and January 31, 1962, 2 sheets which show the vent line running from the gasoline tank through the main roof; and that all other laws, rules and regulations applicable shall be complied with.

716-61-A

APPLICANT—Rogers, Isquith, Backer and Gussak for Cedroc Holding Corporation, owner. The Park Town House Nursing Home, lessee.

SUBJECT—Application May 22, 1961—Appeal from an order and a decision of the Fire Commissioner re—sprinkler system.

PREMISES AFFECTED—57-61 East 91st Street, north side, 130 feet east of Madison Avenue, Block 1503, Lot 26, Borough of Manhattan.

APPEARANCES—

For Applicant: Hugo E. Rogers.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the order and the decision of the Fire Commissioner, dated May 3, 1961 on Order #1209-1, reads:

"1. Install an approved, *WET AUTOMATIC SPRINKLER SYSTEM* throughout the building having at least one source of water supply, arranged and equipped as per Art. 16, Chapt. 26 Adm. Code. — Sec. 28 Hospital Code—C19.161.0a Adm. Code."

and
WHEREAS, the applicant states that the building is 51.1 feet by 60 feet in area, 5 stories, 65 feet approximately high, of class 1 construction, located in residence use, B area and class 1½ height district, built date unknown, now used and occupied since January 8, 1953: basement—storage, laundry, boiler room, mortuary and treatment room, 2 per-

sons; 1st floor—reception room, kitchen and nurses' room, 5 persons; 2nd floor—bedrooms, 20 persons; 3rd floor—bedrooms, 19 persons; 4th floor—bedrooms, 18 persons; 5th floor—bedrooms and 1 isolation room, 13 persons; substantially in accordance with Certificate of Occupancy #40679 issued January 8, 1953 against Alt. Applic. 1254-52; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that at the time when application was made to the Department of Buildings to make the necessary alterations, the various items intended to be done were detailed on plans and all alterations were performed in strict compliance with the plans and the law; that the building is of fireproof construction with the front stairs constructed of concrete leading to street, and the rear stairs of steel leading to street through rear yard; that there have been no changes in use or construction or additions to the premises since 1953 to change the classification; that the premises have been in continuous operation as a nursing home since 1953, at which time the certificate of occupancy was issued, and there have been no accidents and no fires, and no incidents resulting from poor construction, poor exits or poor housekeeping; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner, dated May 3, 1961, acting on Order #1209-1, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this appeal dated February 2, 1962, 8 sheets; that the sprinkler system as shown on the drawings shall be installed in the storage rooms in the basement and in the kitchen; that the doors to all rooms shall be made self-closing; and that all laws, rules and regulations applicable shall be complied with.

1900-61-A

APPLICANT—Harry Soled for Chaim Realty Corporation, owner.

SUBJECT—Application December 12, 1961—Appeal from a decision of the Borough Superintendent re—change in use.

PREMISES AFFECTED—2847 West 21st Street, east side, 260 feet north of Mermaid Avenue, Block 7018, Lot 64, Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry Soled.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 30, 1961 on Alt. Applic. 970-61, reads:

"1. The Proposed change of occupancy from garage and office to warehousing and shipping which area is in excess of 10,000 square feet, on one street is contrary to 2.1.3.5 of Code & 4.2.1 of Code."

and

WHEREAS, the applicant states that the building is 100 feet by 118 feet 9¾ inches in area, 1 story, 14 feet high, of class 3 construction, located in residence use, C area and class 1 height district, built in 1925: cellar—boiler; 1st floor—vacant; that the proposed use and occupancy will be: cellar—boiler; 1st floor—warehousing and shipping of non-inflammable toys and novelties, 12 persons; and

WHEREAS, the applicant states that the building and use were subject to Board's action under Cal. No. 712-61-BZ, granting a change in use from a garage to a warehouse; that in accordance with Section C26-254.0 of the Administrative Code, only 10,000 square feet of area is permitted to be occupied by a class 3 building when fronting on one

MINUTES

street; that this building being 118 feet 9¾ inches by 100 feet, exceeds this amount by 1,875 square feet; that the building was built legally to occupy 11,875 square feet and inasmuch as any change today would exceed the permitted tabular list, and inasmuch as today a garage may occupy only 7,500 square feet, whereas an ordinary commercial building may occupy 10,000 square feet; that under the present law a garage may occupy 7,500 square feet of floor area; that a warehouse may occupy 10,000 square feet.

Resolved, that the decision of the Borough Superintendent, dated November 3, 1961, acting on Alt. Applic. 970-61, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform with drawings filed with this application dated December 12, 1961, 3 sheets; and that all other laws, rules and regulations applicable shall be complied with.

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on February 28, 1950, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on February 15, 1956; and

WHEREAS, the resolution was last amended on February 15, 1956; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 28, 1950, as *amended* through February 15, 1956, by adding thereto:

"that in the event the owner desires to construct an extension to the existing accessory building, such change shall be permitted substantially as shown on revised drawings marked 'Received December 11, 1961', 6 sheets; and that under the original term stated in the resolution there may be minor auto repairs with hand tools only maintained solely within the accessory building, *on condition* that permit shall be obtained and this work completed within the requirements of Section 22A of the Zoning Resolution; that a new certificate of occupancy shall be obtained; and *on further condition* that other than as herein amended the resolution above cited shall be complied with in all respects." 219-55-BZ

APPLICANT—Leonard F. Rothkrug for Tru-Art Aluminum Grille Company, Inc., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired December 13, 1961—decision of the Borough Superintendent; previously granted on condition, under Section 7a of the Zoning Resolution, permitting in a retail use district, the occupancy of a frame building for a factory use, manufacture of aluminum grille doors.

PREMISES AFFECTED—217-03 Merrick Boulevard, north side, 146 feet west of 218th Street, Block 12956, Lot 36, (Springfield), Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 20, 1956 on certain conditions; and

WHEREAS, time to obtain permits and complete the work was last extended on December 13, 1960; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 20, 1956, as *amended* through December 13, 1960, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained." (Alt. Applic. 2506/54)

487-59-BZ

APPLICANT—Lama, Proskauer and Prober for Ida Siegel, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired January 10, 1962—decision of the Borough Superintendent previously granted on condition, under Sections 7a and 7A of the Zoning Resolution, permitting in a business use district, the rehabilitation of the accessory building and extend the legal gasoline service station so it will have a total frontage of 96 feet, 8 inches on 86th Street and 76 feet on Bay 7th Street; it is also proposed to install seven new 550 gallon buried gasoline tanks for a total of twelve tanks, with curb cuts, show windows, signs and business entrance within 75 feet of a residence use district.

PREMISES AFFECTED—1414-1424 86th Street and 2-10 Bay 7th Street, southwest corner, Block 6357, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 5, 1960 on certain conditions; and

WHEREAS, the resolution was amended on October 25, 1960; and

WHEREAS, time to obtain permits and complete the work was extended on January 10, 1961; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 5, 1960 as *amended* through January 10, 1961, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained." Alt. 1716/59)

897-60-BZ

APPLICANT—Leonard F. Rothkrug for Gertrude Christie, owner; Christie and Sons, lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, to permit in a business district, the addition of power saws and storage of lumber to an existing use for manufacturing of wood doors, and the permitted extension of the building.

PREMISES AFFECTED—2011-2017 Utica Avenue, east side, 240 feet south of Avenue L, Block 7848, Lots 28 and 32, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 4, 1961, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 4, 1961, by adding thereto:

"that in the event the owner desires to decrease the size of the site by the omission of Lot 32, which it is proposed to develop with conforming use, and to provide off-street loading areas, such changes may be permitted substantially as shown on revised drawing marked 'Received February 5, 1961,' 1 sheet, *on condition* that other than as herein *amended*, the resolution above cited shall be complied with in all respects." (Alt. 2131/60)

237-61-BZ

APPLICANT—Burke and Groh for Joseph S. Ammirati, owner.

SUBJECT—Application for consideration—for an approval of working drawings and an amendment of the resolution—decision of the Borough Superintendent; previously granted on condition, under Sections 21, 9A, 7e and 19A (j) of the Zoning Resolution, to permit in a residence use, E-1 area and Class ½ height district, the erection of a class B multiple dwelling (hotel) with a public restaurant and meeting rooms in a residence use district, with less than the required 15 foot set back and exceeding the permitted area coverage in an E-1 area district, without the required off street loading berth and exceeding the permitted height within two miles of a designated airport.

PREMISES AFFECTED—177-10 South Conduit Avenue, southeast corner of 177th Street, Block 13277, Lots 230, 232, 233, 234, 235 and 240, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Jerrold I. Ehrlich.

ACTION OF BOARD—Working drawings approved and application reopened and resolution amended.

THE VOTE TO APPROVE WORKING DRAWINGS—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on September 13, 1961, on certain conditions; and

WHEREAS, the applicant submitted working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution and requested an amendment of the resolution.

Resolved, that working drawings marked "Received December 21, 1961," 2 sheets are *approved* as to arrangement and design, as being in substantial compliance with the terms and conditions of the resolution adopted by the Board on September 13, 1961. (N.B. 58/61)

THE VOTE TO REOPEN AND AMEND RESOLUTION—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 13, 1961, by adding thereto:

"that the swimming pool may be relocated to the roof of the building and the sixth floor of the building may be redesigned, rearranged and constructed substantially as shown on revised drawings marked 'Received November 21, 1961,' 3 sheets, *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects." (N.B. 58/61)

930-61-BZ

APPLICANT—Leonard F. Rothkrug for Golden Gate Motor Inn, Incorporated, owner.

SUBJECT—Application for consideration—reopening for approval of sign details—decision of the Borough Superintendent; previously granted on condition, under Section 7e of the Zoning Resolution, to permit in a residence use district, for a stated term of years, the use of dining room, cabaret and bar in conjunction with a proposed hotel with an illuminated name sign.

PREMISES AFFECTED—3867-3891 Shore Parkway, northeast corner of Brigham Street, Block 7510, Lot 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Seymour Grabel.

For Applicant: Samuel Bodian, Park Dept.

ACTION OF BOARD—Sign detail drawings approved.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 8, 1961 on certain conditions; and

WHEREAS, the applicant submitted drawings of sign details for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby approve sign detail drawings, marked "Received December 14, 1961," 1 sheet and "Received February 2, 1962," 1 sheet, as to arrangement and design, as being in substantial compliance with the terms and conditions of the resolution adopted by the Board on November 8, 1961. ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
43-60-SM—Bonney Forge and Tool Works, Allentown, Penna., filed for approval of the material known as Brazolet Fittings (for silver brazing to copper or brass pipe or tubing) under the provisions of C26-1240.0 Administrative Building Code.

USE: Outlet fittings for copper or brass pipe or tube.

DESCRIPTION: A Brazolet is a bronze branch connection fitting for saddling over a copper or brass pipe or tubing to form a 90° branch connection. The Brazolet fitting is attached to the pipe by silver brazing and the branch connection is attached to the Brazolet by a threaded joint, or by a silver brazed joint. The inside of the Brazolet is flared to improve fluid flow into the branch.

To attach the fitting over a cut hole in the pipe both brazing surfaces are cleaned and the fitting is lightly clamped into position after application of a high melting point flux ("Handy Flux" 1100°F m.p.). Sufficient heat is applied by means of a brazing torch to fuse the flux and then fuse the silver brazing alloy (1270°F m.p.). The brazing alloy flows by capillary action to the entire contact surface. Complete penetration is determined visually through the outlet of the fitting. If the branch pipe is also to be brazed then the joint between base of fitting and pipe is to be protected with wet asbestos.

The Brazolet fittings are made in nominal sizes of ¼ inch to 6 inches, with 4 inch maximum outlet.

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik.

A hydrostatic test was performed at the New York Testing Laboratories, Inc., on a 6 inch length of 2 inch diameter type TP tube to which was brazed a 2 x ¾ Brazolet fitting. At 1900 PSI failure occurred in the copper tube approximately ¼ inch from the silver soldered joint at the fitting.

RECOMMENDATION: The Committee on Test recom-

mends the approval of the material known as Brazolet Fittings for use in New York City in accordance with this report and Article 15, Chapter 26, Administrative Code provided that each carton in which these fittings are shipped shall be stamped or labelled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 43-60-SM."

The Committee further recommends the following pipe sizes for the following fitting sizes:

Pipe	Fitting
1"	¼"
1"	⅜"
1¼"	½"
1½"	¾"
2"	1"

and for all outlets 1½" and up.

The pipe shall be at least twice the diameter of the outlet size and further that the inside edges of all holes drilled in the pipes shall have all burrs removed and all chips shall be carefully cleaned out of pipes to prevent the chips becoming jammed in the seats of valves of the pipe system.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

Adjourned 3:30 P.M.

JAMES P. MULROY, *Secretary*.

PUBLIC HEARING

NOTICE OF PUBLIC HEARING

156-62-SR

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on *Friday morning March 2, 1962 at 10 A.M. in Room 909, 80 Lafayette Street, Borough of Manhattan, on the Proposed Rules covering Coin-Operated Dry Cleaning Establishments.*

Authority

Section 666, subd. 2 of the Charter of the City of New York and Article III, Chapter 1, Section 32, Article VII, Chapter 2, Sections 72 and 73 in their entirety of the Zoning Resolution of the City of New York, effective December 15, 1961.

Application of Rules

These rules shall be deemed to apply only to coin-operated dry cleaning establishments, pursuant to Article III, Chapter 2, Section 32-15 A and Section 32-25 D of the Zoning Resolution effective December 15, 1961.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York or the Rules Governing Dry Cleaning Establishments adopted by the Board of Standards and Appeals under Calendar Number 958-47-SR—Vol. II.

Zoning Resolution Effective December 15, 1961—Excerpts

Preamble

This resolution is adopted in order to promote and protect public health, safety and general welfare. These general goals include, among others, the specific purposes set forth in the statements of legislative intent for the respective districts and groups of districts.

Article VII—Administration

Chapter 1

71-00 ENFORCEMENT AND ADMINISTRATION

The Commissioner of the Department of Buildings shall administer and enforce this resolution, except as specifically provided in the New York City Charter and in this resolution.

Chapter 2

72-00 POWERS OF THE BOARD OF STANDARDS AND APPEALS

72-01 GENERAL PROVISIONS

The Board of Standards and Appeals (referred to hereinafter as the Board) shall have the power, pursuant to the provisions of the New York City Charter and of this resolution, after public notice and hearing:

- (a) To hear and decide appeals from and to review interpretations of this resolution;
- (b) To hear, decide, and determine, in a specific case of practical difficulties or unnecessary hardship, whether to vary the application of the provisions of this resolution;
- (c) To hear and decide applications for such special permits as are set forth in this resolution and are more specifically enumerated in Section 73-01 (General Provisions); and

- (d) To adopt, amend, or repeal such rules or regulations as may be necessary to carry into effect the provisions of this resolution.

Article III—Commercial District Regulations

32-15 USE GROUP 6

Use Group 6 consists primarily of retail stores and personal service establishments which:

- (1) Provide for a wide variety of local consumer needs, and
- (2) Have a small service area and are, therefore, distributed widely throughout the City.

*

*

*

The *uses* listed in A below are also permitted within large-scale residential developments, to provide daily convenience shopping for residents of the development.

A. CONVENIENCE RETAIL OR SERVICE ESTABLISHMENTS

*

*

*

*

See Note:

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of *floor area* per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds.

Parking Requirement Category B—District where *uses* are so permitted are C1, C2, C3, C4, C6, C7, C8.

In a C5 district a use in Use Group 6, shall not be located on the ground floor of a building unless such use is at least fifty feet from the street wall of the building in which it is located as provided in Section 32-423 (Limitation on Ground Floor Location).

32-25 Use Group 16

Use Group 16 consists of automotive and other necessary semi-industrial uses which:

- (1) Are required widely throughout the city, and
- (2) Involve offensive noise, vibration, smoke, dust, or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable influences, making such *uses* incompatible with residential *uses* and other types of commercial development.

32-25 D. Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, floor area, or capacity per establishment—parking requirement category in F, Use Regulation is District C8.

PROPOSED RULES

Rule 1. Definitions

For the purpose of these rules "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

PUBLIC HEARING

The term "Dry Cleaning Establishment" shall mean any room, place and space in which dry cleaning is performed. Coin-operated dry cleaning machine shall mean an automatic machine actuated by the insertion of coins, tokens, keys or any other similar device for use by the general public. For the purpose of this definition the term "used by the general public" shall be deemed to refer to the insertion of textiles, fabrics, garments of other articles into a dry cleaning machine or the removal of the same from such unit by a person or persons other than an employee or owner-operator of such establishment.

- 1.1 Coin-operated dry cleaning establishments shall mean dry cleaning establishments in which dry cleaning solvent used in the dry cleaning units shall be non-inflammable and non-combustible when tested in a Tagliabue open cup tester as rated by the Fire Commissioner.
- 1.2 The term "inflammable liquid solvents" shall mean such as will emit an inflammable vapor at a temperature below 100 degrees Fahrenheit when tested in a Tagliabue open cup tester.
- 1.3 "Spotting" or "sponging" shall mean the local application of an "inflammable liquid solvent" to remove spots of dirt, grease, paint or stains from wearing apparel, textile, fabrics or articles of any sort.
- 1.4 For the purposes of Section 32-15 of the Zoning Resolution the term 'dealing with ultimate consumer' as contained therein shall refer only to those dry cleaning establishments which perform services on articles conveyed directly by a retail customer to such dry cleaning establishment or collected directly from and delivered to the retail customer by any vehicle or any or any other means of effecting the same and such dry cleaning establishment directly processes such articles for such customer.
- 1.5 All other terms used shall be as defined in the Zoning Resolution effective December 15, 1961, Chapter 19 of the Administrative Code, Multiple Dwelling Law, or Labor Law, when not inconsistent with the specific term defined herein.

Rule 2. Approvals

- 2.1 It shall be unlawful to use any premises for any coin-operated dry cleaning establishment without filing plans of that portion of the premises to be so used with the Department of Buildings and obtain its approval.
- 2.2 No coin-operated dry cleaning unit shall be installed unless such unit is approved by the Board of Standards and Appeals.
- 2.3 No dry cleaning solvent shall be used unless such solvent has been tested and rated by the Fire Commissioner.
- 2.4 It shall be unlawful in any coin-operated dry cleaning unit approved by the Board to use any solvent other than that for which the dry cleaning unit has been approved by the Board.
- 2.5 No non-conforming existing dry cleaning establishment shall be enlarged or extended unless such extension or enlargement be made in conformity with the provisions of the Zoning Resolution and may include a coin-operated dry cleaning establishment by complying with these rules.
- 2.6 All coin-operated dry cleaning units shall be installed in a diked area all parts of which shall be impervious to the solvent used in such units. The diked section shall consist of a four inch curb above the floor. All solvent spillage into the diked area shall be conducted by gravity flow into a tank which shall be equipped with a leakproof pump and enclosed piping system, to pump the solvent back to the dry cleaning units. Such system shall be installed pursuant to the Rules of the

Board of Standards and Appeals for Oil Burners. The said tank or tanks shall be of sufficient capacity to accept all solvent contained in the dry cleaning unit or units which it services.

Rule 3. Restrictions on Locations and Areas

- 3.1 No coin-operated dry cleaning establishment shall have a gross floor area exceeding 2,000 square feet to be used for dry cleaning, and incidental operations, including space used for pressing, finishing, storage and for the service of customers. The square foot area limitation shall apply to the aggregate of all space so used on all floors and mezzanines of the premises involved above the cellar or basement thereof. Additional space may be used on a lower floor which is either a basement or cellar provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles. Such additional space may include ordinary storage, boilers, compressors, pumps and filtration equipment.
 - 3.1.1 In calculating the gross floor area pursuant to Rule 3.1, the area restriction shall not include the area used by lawful non-dry cleaning operations of a multiple use type of service establishment.
- 3.2 No coin-operated dry cleaning establishment shall be permitted within any building:
 - 3.2.1 which is of wood frame construction;
 - 3.2.2 which is classified as a public building pursuant to Section C26-235.0 of the Administrative Building Code;
 - 3.2.3 where any part of such establishment is within 20 feet of any public building.

Rule 4. Egress

- 4.1 The means of egress from all coin-operated dry cleaning establishments shall be in conformity with the provisions of the building code and all laws, rules and regulations applicable. In addition thereto, all establishments shall conform to the following:
 - 4.1.1 Aisles not less than 3 feet in width providing access from the main work area to required means of egress shall be provided. Such required aisles shall not be obstructed in any manner.
 - 4.1.2 In all coin-operated dry cleaning establishments all required exit doors shall be arranged to swing in the direction of egress.

Rule 5. Fire Prevention

All coin-operated dry cleaning establishments shall comply with the following:

- 5.1 Unless otherwise specifically exempted by Law, no boiler shall be permitted in the same area or space where dry cleaning units are located unless such boiler shall be enclosed in a one-hour fireproof enclosure.
- 5.2 All ceilings of all such boiler rooms as provided in Rule 5.1 shall be fire-retarded with one-hour fire resistive material.
- 5.3 All openings from any such dry cleaning establishment on the course of a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 5.4 It shall be unlawful to use or store any inflammable liquids or solvents.
- 5.5 Inflammable liquids and solvents shall not be used for spotting and sponging.
- 5.6 All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding

PUBLIC HEARING

55 gallons of capacity with a tight fitting cover and shall be removed from the premises and disposed of in a lawful manner.

- 5.7 All solvent used in the dry cleaning unit shall be either (a) received and stored in metal containers not exceeding 55 gallons each and pumped directly into a dry cleaning unit or units by means of a detachable leakproof pump and pipe system, or (b) received and stored in a tank or tanks installed in accordance with the Rules of the Board of Standards and Appeals relating to the receiving and storing of light fuel oils and pumped directly into a dry cleaning unit or units by means of a closed leakproof pipe and pump system.
- 5.8 In any such coin-operated dry cleaning establishment, no member of the general public shall be permitted to do spotting or sponging or make use of any device employing live steam or heat for pressing or finishing.
- 5.9 Any pressing or finishing, spotting or sponging may be performed only by a qualified operator and these operators shall be located within an enclosed space separated from the customer area.

Rule 6. Ventilation

- 6.1 In coin-operated establishments all dry cleaning units shall be installed in such a manner so that the working or maintenance portion of the equipment shall be separated from the front of such units by solid partitions. Access doors to the space in back of the machines shall be kept closed and locked. Such establishments shall be ventilated in such a manner to preclude solvent vapors from being admitted to the combustion area of any device requiring an open flame or heating element. Solvent storage tanks, power boxes and other source of danger shall be so situated as to be inaccessible to the general public.
- 6.1.1 Any drying equipment shall be located at least 25'-0" from any dry cleaning unit unless placed in an enclosed area.
- 6.2 Coin-operated dry cleaning establishments shall be equipped with adequate ventilation to provide at least four (4) complete changes of air volume an hour. The minimum ventilation specified here shall be maintained at all times when the coin-operated dry cleaning establishment is open.
- 6.3 All dry cleaning units must be provided with facilities to cause an inward flow of 100 cubic feet of air per minute through the loading door of any such units when the same is open.
- 6.4 Additional general ventilation of the service area back of coin-operated dry cleaning units shall be provided so that in emergencies a minimum of one air change per minute of the enclosed service area will be provided.
- 6.5 All coin-operated dry cleaning establishments shall have sufficient ventilation so as to prevent an excessive concentration of solvent vapors in the dry cleaning establishment. An excessive concentration of solvent vapors shall be that which exceeds 100 parts of solvent vapors per one million parts of air during any working day.
- 6.6 In addition to all other ventilation requirements provided for in these Rules, the following shall apply to coin-operated dry cleaning establishments:
 - (a) A power exhaust system shall be provided for the removal of toxic vapors consisting of: at least one individual exhaust on each dry cleaning unit; scavenger ducts located in front of each unit; power exhaust fans for the space behind such unit; and air intakes located on the front grill of each such unit. All exhaust facilities shall be sealed and air tight and constructed in such manner so that all solvent vapors shall be discharged

mechanically to the open air in the manner specified in subsection 1 through 4 of Rule 6.8 hereof. All exhaust facilities shall be operated continually while the premises are open to the public. Provisions must be made by air intakes to replace air exhausted from the establishment to the outside.

- 6.7 A scavenger duct shall be provided in the front of each unit and shall be designed to pick up vapors surrounding the equipment near the floor. The suction inlet for these scavenger ducts shall be located not less than two or more than six inches above the floor and shall exhaust 300 feet of air per minute.
- 6.8 The equipment exhausts, or vents shall terminate at the outer air in the following manner:
 - (1) At least 7 feet above the roof, street, yard or court grade on which it opens of the premises in which said establishment shall be located, and
 - (2) The exhaust shall be under positive pressure by reason of a mechanical fan, and
 - (3) The terminal of the exhaust shall be at least five feet from any window or ventilating opening if the window or ventilating opening lies on the same plane as the exhaust terminal and when the windows, or ventilating openings lie on a plane which faces in the direction of the exhaust terminal such terminal shall be at least 10 feet from such opening, and
 - (4) All direct equipment exhausts or vents shall be provided with mesh lint arrestors which shall be kept clean. When lint traps are provided on the units, mesh lint arrestors may be omitted from the exhaust equipment.

Rule 7. Operating Precautions

- 7.1 A legible printed notice embodying these Rules shall be posted in a conspicuous place in all coin-operated dry cleaning establishments.
- 7.2 Coin-operated dry cleaning establishments shall post complete legible printed operating instructions near the machines. These instructions shall include a warning to the effect that garments or materials which retain an odor of the cleaning solvent are dangerous if placed in a small enclosed space such as an automobile.
- 7.3 The owner-operator of any coin-operated dry cleaning establishment shall furnish to any person cleaning out a dry cleaning unit an approved type respirator for his use during the process of cleaning out any such unit.
- 7.4 All equipment shall be installed in such manner as to minimize noise, vibration, smoke, and odors, and other forms of nuisances to the occupants of the premises in which such cleaning establishment may be located or to the occupants of any adjacent premises.
- 7.5 A trained attendant shall be present at all times when the coin-operated dry cleaning establishment is open. The training of this attendant shall include knowledge of the safe operation of the machine installed and the handling of emergency situations. The telephone number of the owner-operator shall be posted conspicuously for emergencies.
- 7.6 No member of the general public who is less than sixteen years of age shall be permitted to insert into or remove from any dry cleaning unit any textile fabric, garment or other article. A lighted indoor sign to such effect shall be posted conspicuously in all coin-operated dry cleaning establishments. All coin-operated dry cleaning establishments shall also display lighted indoor signs warning the general public of the danger of excessive vapor inhalation and skin irritation from unevaporated dry cleaning solvent.

PUBLIC HEARING

7.7 All dry cleaning machines used in a coin-operated dry cleaning establishments shall be fitted with an interlocking device which will prevent the opening of the door of any such machine (a) while such machine is in operation and (b) until solvent vapors have been removed from any textile, fabric, garment or other article and from the tumbler in which the same shall be placed.

7.8 The odor of any solvent used in a coin-operated dry cleaning unit in a dry cleaning establishment shall not be masked or altered in any fashion.

7.9 All coin-operated dry cleaning units shall have the dry load capacity of the unit as rated by the Board, based on the factor of 2.8 times the cubic feet capacity of the basket displayed on the face of the unit.

7.10 Spotting or sponging with inflammable liquid solvent shall not be permitted in coin-operated dry cleaning establishments except as provided in Rule 5.9.

7.11 A scale shall be located on premises to assure that the rated dry load capacity of coin-operated dry cleaning machine shall not be exceeded.

Rule 8. Penalties

Any violation of these Rules by an operator shall subject him or her to the penalties prescribed in the Zoning Resolution effective December 15, 1961 and the employee and owner shall be deemed responsible for any violation.

It shall be unlawful to exceed the posted dry load capacity of any coin-operated dry cleaning unit.

Rule 9. Effective Date of Rules

The effective date of these rules shall be twenty (20) days after date of publication of the rules as adopted.

Rule 10.

If any term or provision of any of the aforesaid Rules shall be held unconstitutional or ineffective in whole or in part, such determination shall not be deemed to invalidate the remaining terms or provisions of these Rules.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

Notice of Hearing Calendar.

Minutes of Regular Meeting, Wednesday Morning, February 14, 1962, Affecting Calendar Numbers 1094-39-BZ—Vol. II, 611-52-BZ—Vol. IV, 190-54-BZ—Vol. II, 310-61-BZ, 311-61-BZ, 456-61-BZ—Vol. II, 549-61-BZ, 693-61-BZ, 1452-61-BZ, 1464-61-BZ, 1493-61-BZ, 1494-61-A, 1495-61-BZ, 1496-61-A, 1497-61-BZ, 1498-61-A, 1499-61-BZ, 1500-61-A, 1501-61-BZ, 1502-61-A, 1576-61-BZ, 1754-61-BZ, 804-41-BZ—Vol. II, 597-44-BZ—Vol. II, 665-51-BZ, 967-57-BZ and 1465-61-BZ.

Minutes of Regular Meeting, Wednesday Afternoon, February 14, 1962, Affecting Calendar Numbers 183-34-SA, 442-56-SM, 574-57-SA, 818-57-SM, 196-59-SA, 282-61-SA, 324-61-SM, 326-61-SM, 495-61-SM, 701-61-SM, 829-60-SA, 325-61-SM, 814-57-A—Vol. II, 69-59-A, 204-61-A, 232-61-A, 277-61-A, 541-61-A, 696-61-A, 125-62-A, 146-61-A, 147-61-A, 157-61-A, 229-61-A, 243-61-A, 269-61-A, 289-61-A, 302-61-A, 316-61-A, 1033-61-A, 1819-61-A, 471-57-BZ, 866-57-BZ, 726-59-BZ, 788-59-BZ, 354-60-BZ, 557-60-BZ, 854-60-BZ, 374-16-BZ—Vol. IV, 209-30-BZ—Vol. II, 262-33-BZ—Vol. II, 615-47-BZ—

PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On February 14, 1962, Petition and Order of Certiorari was served on the Board by Halperin Shivitz Scholer & Steingut, attorneys for petitioner, Jacob Goodman & Company, Inc., owner, seeking a review of the Board's denial of its appeal from a decision and Order of the Fire Commissioner in regard to a sprinkler system; Calendar Number 186-61-A; Premises 182 Duane Street, south side, 229 feet 11 inches west of Hudson Street, Block 141, Lot 23, Borough of Manhattan.

* * * * *

On February 14, 1962, Petition and Notice of Motion was served on the Board by Spiegel & Davis, attorneys for petitioners, Stephen Vali, Leonidas Damascus and Adam Damascus, owners, seeking a review of the Board's denial on January 16, 1962 of their appeal from a decision of the Borough Superintendent in regard to change in use; Calendar Number 482-61-A; Premises 165 West 80th Street, north side, 150 feet east of Amsterdam Avenue, Block 1211, Lot 7, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

MAX H. FOLEY, *Chairman.*

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein

Negative: 5
0

THE RESOLUTION—

WHEREAS, on March 25, 1958, this application was granted by the Board on certain conditions; and

WHEREAS, this application was reopened and the term of the variance extended for a term of two years on December 1, 1959; and

WHEREAS, the applicant states that there have been no changes in the vicinity of the property, no changes to the property itself and no new construction and no change in the use, height and area districts since the last extension of the variance; that the amended zoning designation is R-6; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation December 1, 1961; and

WHEREAS, this application was reopened on January 16, 1962 and set for hearing on February 14, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

MINUTES

WHEREAS, a public hearing was held on this application on February 14, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 15, 1961 acting on Alt. Applic. No. 437-57, reads:

"1. The extension of parking lot and storage of motor vehicles (pleasure type) is contrary to B. of St. & Appeals—Cal. BZ-804-41—Vol. II—Bul. 49—Vol. 44 dated Dec. 1, 1959 must be referred to Bd. of St. and Appeals for further consideration."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 25, 1958 as amended through December 1, 1959 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

and also on condition that the fences around the lot be put in proper condition; that the lot be paved with clean cinders or gravel, treated with a binder and rolled to the proper grade for drainage; that bumpers be provided around the perimeter of the lot where cars are to be parked.

597-44-BZ—Vol. II

APPLICANT—Haus and Bresin for Tidewater Oil Company, owner.

SUBJECT—Application reopened January 16, 1962 for consideration as to extension of term of variance, expired November 7, 1961—decision of the Borough Superintendent, previously granted on condition, under Sections 7c and 7h of the Zoning Resolution, permitting in the residence use portion of a lot located in a residence and unrestricted use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—2987-2997 Atlantic Avenue and 205-221 Elton Street, northeast corner, Block 3955, Lot 48, Borough of Brooklyn.

APPEARANCES—

For Applicant: T. Hartnett.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, on November 20, 1951 this application was granted by the Board on certain conditions; and

WHEREAS, this application was reopened and the term of the variance extended for an additional five years on November 7, 1956; and

WHEREAS, the applicant states that there have been no changes in the use, height or area designations affecting this plot since the date of the last action by the Board; that the portion of the site within 100 feet of Atlantic Avenue is in a C8-2 district and the balance is R-5; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation November 7, 1961; and

WHEREAS, this application was reopened on January 16, 1962 and set for hearing on February 14, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 14, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 15, 1961 acting on Alt. Applic. No. 1603-51, reads:

"1. Proposed parking and storage of motor vehicles on part of lot located within a residential district is

contrary to Art. 2 Sect. 3 of the Zoning Resolution. The term of the variance expires 11-7-61, the proposed extension of time is contrary to this variance."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 20, 1951 as amended through November 7, 1956 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

and on condition that fences around the lot be put in proper condition; that the sidewalk shall be repaired where necessary to put in condition satisfactory to the Borough President, and that bumpers shall be provided around the perimeter of the lot where cars are to be parked; that paving shall be repaired and put in condition wherever necessary by use of clean cinders or gravel treated with a binder and rolled to the proper grade.

665-51-BZ

APPLICANT—Murlee Estates Inc., owner.

SUBJECT—Application reopened January 16, 1962 for consideration as to extension of term of variance, expires June 10, 1962—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district a retail store on 1st floor.

PREMISES AFFECTED—88 East End Avenue, west side, 101 feet north of East 83rd Street, Block 1580, Lot 27, Borough of Manhattan.

APPEARANCES—

For Applicant: Stanley Hendericks and Paul Murray.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, on June 10, 1952, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that a search of the records and files of the Planning and Zoning Commission reveals no changed conditions on the site and surrounding area; that neither has there been any change in the use, area of height designations; residential use, B area and class 1½ height district; that the amended zoning designation is R-10; and

WHEREAS, the applicant requested reopening of this application and extension of variance which will expire by time limitation June 10, 1962; and

WHEREAS, this application was reopened on January 16, 1962, and set for hearing on February 14, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 9, 1961, acting on Alt. Applic. 1233-51, reads:

"The proposed extension of variance for the change in occupancy from apartments on first floor to a retail store in a Residence District will shortly expire and be contrary to Art. II Sect. 3 of the Zoning Resolution and the Temporary Certificate of Occupancy #41636/53 approved under Cal. 665/51-BZ for a term of ten years commencing on June 10, 1952.

"Present variance expires on June 10, 1962 and is referred to the Board for whatever action they deem appropriate for the requested extension in time."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 10, 1952 only

MINUTES

as to the term of the variance, so that as *amended* it shall read:

"granted for a term of ten years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

967-57-BZ

APPLICANT—Samuel Carr for Nathaniel Ratner, owner.

SUBJECT—Application December 24, 1957—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a business and residence use, "D" area district, the erection of a one story masonry building to be used for manufacturing and storage as permitted in the business district and occupying more than the permitted area.

PREMISES AFFECTED—108-24 Astoria Boulevard, southwest corner of 110th Street, Block 1703, Lot 94, East Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: H. J. Geiser.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Becker and Commissioner Klein . . . 4

Negative: Commissioner Fox . . . 1

THE RESOLUTION—

WHEREAS, on November 12, 1958, this application was granted by the Board on certain conditions; and

WHEREAS, this application was reopened to extend the time to obtain permits and complete the work on November 24, 1959; and

WHEREAS, the applicant requests an extension of time to complete the work as approved and guaranteed by the Board under Cal. No. 967-57-BZ printed in Bulletin 46, Volume 43; that there has been no change in conditions on the site or surrounding areas, nor in use, area and height designations; that permits have not been obtained, but plans have been filed; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation November 24, 1960; and

WHEREAS, this application was reopened on January 9, 1962 and set for hearing on February 6, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 6, 1962 after due notice by publication in the Bulletin; laid over to February 14, 1962; applicant to be notified; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1961 acting on N.B. Applic. No. 3845-57, reads:

"1. The proposed use of this building, located within a bus. use dist. and extending into Res. use dist. is contrary to Art. II Sec. 3 of the Zone Resolutions.

2. The area of the proposed bldg. occupying 100% of the area of the lot in a D area dist. is contrary to Art. IV Sec. 14 of the Zone Res.

Note: Cal. #967-57-BZ, Bul. 48, Vol. 44 expired on 11/24/60."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 12, 1958 as amended through November 24, 1959 only as to the time to obtain permits and complete the work, so that as *amended* his portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained."

1465-61-BZ

APPLICANT—Andrew Di Camillo for M.J.M. Distributors, Incorporated, owner.

SUBJECT—Application September 22, 1961—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a business use D area district, the erection of a one story and cellar store that exceeds the permitted area coverage.

REGULAR MEETING

WEDNESDAY AFTERNOON, FEBRUARY 14, 1962,
2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein.

183-34-SA

APPLICANT—Kohler Company, Inc., owner.

APPEARANCES—

For Applicant: K. Hasselbrink.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein . . . 4

Negative: . . . 0

Absent: Commissioner Becker . . . 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

183-34-SA—Amendment to resolution as to additional closet bowl.

Kohler Company, Inc., Kohler, Wisconsin, requested that the resolution adopted January 29, 1935 under Calendar Number 183-34-SA be reopened and amended so as to include an additional closet bowl.

USE: Closet bowl.

DESCRIPTION: The bowl is a one-piece vitreous china, quiet action bowl, of the low silhouette type, with elongated vortex action, having a non-overflow bowl with 11 $\frac{1}{8}$ " x 13 $\frac{1}{4}$ " water area, 3" deep seal and 2" trapway.

The water in the tank is isolated from the fresh water line by means of an exterior supply connection which connects with the float valve above the overflow level of the water in the tank.

The float valve has a vacuum breaker. In addition to the integral overflow which drains into the bowl, the tank has three holes located above the normal water level to permit overflow of the tank.

INSPECTION AND TEST: Details of construction were examined by Ass't. Engr. J. A. Darts and the construction of the water supply was especially noted.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted January 29, 1935 under Calendar Number 183-34-SA be reopened and amended so as to include the Kohler Model K-5580 Integra One-Piece Closet Bowl, on condition that the requirements of the

MINUTES

resolution adopted January 29, 1935 under Calendar Number 183-34-SA be complied with.

442-56-SM

APPLICANT—Johns-Manville Sales Corporation, owner.
APPEARANCES—

For Applicant: A. E. Schultis.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox and Commissioner Klein..... 4
Negative 0
Absent: Commissioner Becker..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

442-56-SM—Amendment to resolution as to change of corporate name.

Johns-Manville Sales Corp., New York, requested, by filing an affidavit, that the resolution adopted February 19, 1957, under Calendar Number 442-56-SM be reopened and amended so as to show a change in ownership.

USE: The material is an incombustible roof insulation board.

DESCRIPTION: There has been no change in the material or in the process of manufacture of the board.

RECOMMENDATION: On the basis of the affidavit filed by Johns-Manville Sales Corp., showing that the F. E. Schundler & Co., Inc., has become an integral part of the Johns-Manville Corp., the Committee on Test recommends that the resolution adopted February 19, 1957 under Calendar Number 442-56-SM be reopened and amended so as to show a new owner-manufacturer, namely Johns-Manville Sales Corp., on condition that the requirements of the resolution adopted February 19, 1957, under Calendar Number 442-56-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

574-57-SA

APPLICANT—Temco, Inc., owner.
APPEARANCES—

For Applicant: George R. Darche.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox and
Commissioner Klein 3
Negative: Vice Chairman Kleinert 1
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

574-57-SA—Temco Inc., Nashville, Tenn., requested by letter that the resolution adopted March 31, 1959, and amended June 27, 1961, under Calendar Number 574-57-SA be reopened and amended so as to include additional model Ken-

more E-Z Vent Wall Heaters Models 138.528570T and 138.528570G.

USE: Gas fired heaters for wall mounting.

DESCRIPTION: The Models 138.528570T and 138.528570G Kenmore Heaters are similar to those previously approved except that the capacity has been increased to 65,000 BTU per hour input by the use of a larger sealed combustion chamber using two cast iron slotted port burners. The largest capacity of the previously approved heaters was 30,000 BTU per hour. In addition, the new heater employs a fan for forced circulation of heated air; the previously approved heaters were gravity type.

The 138.528570T Model has a Minneapolis-Honeywell gas valve, the 138.528570G Model has a General Controls valve.

These two models have been tested and approved by American Gas Association with a maximum vent length of 12 inches and a minimum vent length of 5 inches.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted March 31, 1959, and amended June 27, 1961, under Calendar Number 574-57-SA be reopened and amended so as to include the Kenmore E-Z Vent Wall Heater Models 138.528570T and 138.528570G on condition that the requirements of the resolution adopted March 31, 1959, and amended June 27, 1961 under Calendar Number 574-57-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

818-57-SM

APPLICANT—National Portland Cement Company, owner.
APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox and Commissioner Klein..... 4
Negative 0
Absent: Commissioner Becker..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

818-57-SM—National Portland Cement Company, Bethlehem, Pa., filed for approval of the material known as Pioneer High Early Portland Cement Type III and Type III-AE under the provisions of the Rules for Approval and Use of Air Entraining Portland Cement and C26-312.0.C.2 Administrative Building Code. The application was subject for dismissal October 31, 1961, but was taken off the dismissal list at the request of the applicant.

USE: Portland cement to be used in concrete and concrete products.

DESCRIPTION: The material is a standard high early and air entrained high early cement, manufactured at the applicant's plant. Manufacture and controls are similar to that as described in the approval granted to the same organization under Calendar Number 271-55-SM for the approval of their air entraining portland cement Types I and IIA.

INSPECTION ON TEST: Samples of both types of cement from the plant at Brodhead, Pa., were tested by the E. L. Conwell & Co., and both cements complied with the respective A.S.T.M. Specifications. The complete reports are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Pioneer High Early Portland Cement Type III and Type III-AE for use in New York City as meeting the requirements of C26-312.0

MINUTES

as superceded by General Resolution adopted under Calendar Number 64-55-SR for use in New York City under C26-191.0 Administrative Building Code and the premissive uses under Calendar Number 64-55-SR on condition that the type of cement shall be legibly marked on each bag in addition to the wording "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 818-57-SM" and further when the cement is marketed in bulk, the bill of lading shall be similarly marked.

196-59-SA

APPLICANT—Manufacturers' Sales Associates for Armstrong Products Corp., owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox and Commissioner Klein 4
Negative: 0
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

196-59-SA—Amendment to resolution as to additional models of gas fired space heaters.

Manufacturer's Sales Associates for Armstrong Products Corp., requested that the resolution adopted October 14, 1959 and amended October 18, 1960 under Calendar Number 196-59-SA be reopened and amended so as to include additional models of gas fired space heaters.

USE: Gas fired space heaters, not to be installed in garages or places of explosive atmosphere.

DESCRIPTION: The requested models are basically the same as the presently approved heaters differing only as to cabinet styling. The requested Models 120 20M, 130 30M and 140 40M are all unvented heaters and the Models 240A 40M, 650 50M and 670 70M are vented heaters. All the requested heaters have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 14, 1959, and amended October 18, 1960, under Calendar Number 196-59-SA be reopened and amended so as to include the Models 120 20M, 130 30M and 140 40M Unvented Heaters and Models 240A 40M, 650 50M and 670 70M Vented Heaters on condition that the requirements of the resolution adopted October 14, 1959, and amended October 18, 1960 under Calendar Number 196-59-SA are complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

282-61-SA

APPLICANT—Warren-Connolly Company, Incorporated for York Corp., Subsidiary of Borg-Warner Corporation, owner; T. R. Rogers, agent.

APPEARANCES—

For Applicant: Thomas R. Rogers.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox and Commissioner Klein 4
Negative: 0
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

282-61-SA—Warren-Connolly Co., Inc., for York Corp., Subsidiary of Borg-Warner Corp., York, Pa., filed for approval of the appliance known as York Room Air Conditioner Models 61JB-19, 61JBS-19, 61JN-19, 61JNS-19, 61JT-19, 61JTS-19, 61JB-2, 61JBS-2, 61JAL-2, 61JBL-2, 61JN-2, 61JY-19 and JGAL-2 under the provisions of Article 18, Chapter 19, Administrative Code.

USE: Room air conditioners.

DESCRIPTION: These are room air conditioners for window or through the wall installation. They are made up of a sealed refrigerating system charged with Freon-22 refrigerant which is installed within a steel weatherproof casing specially designed for this use. Each conditioner has a two speed evaporator fan motor and controls to permit the entry of outside filtered air to the evaporator coil section. Except for the "S" models, a control is also provided to permit inside air to be exhausted to the outside through a vent.

These conditioners are thermostatically controlled to maintain a room temperature setting.

The characteristics of the various models are as follows:

Model	Volts	Amperes	Horsepower Refrigerant	
			Nominal	Charge
61JB-19	208	8.6	1	2 lbs.
61JBS-19	Same as above but without air vent or directional louvres.			
61JN-19	208	9.5	1	3 lbs.
61JNS-19	Same as above but without air vent or directional louvres.			
61JT-19	208	11.5	1½	3 lbs.
61JTS-19	Same as above but without air vent or directional louvres.			
61JB-2	115	12.0	1	2 lbs.
61JBS-2	Same as above but without air vent or directional louvres.			
61JAL-2	115	7.5	1	2 lbs.
61JBL-2	115	7.5	1	2 lbs.
61JN-2	115	12	1	3 lbs.
61JY-19	208	15	2	3 lbs.
JGAL-2	115	7.5	1	2 lbs.

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik.

These room conditioners were tested and approved by Underwriters Laboratories, File SA 2254.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as York Room Air Conditioner, Models 61JB-19, 61JBS-19, 61JN-19, 61JNS-19, 61JT-19, 61JTS-19, 61JB-2, 61JBS-2, 61JAL-2, 61JBL-2, 61JN-2, 61JY-19, and JGAL-2 for use in New York City under the provisions of Article 18, Chapter 19, Administrative Code and the Electrical Code of the City of New York Provided that each conditioner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 282-61-SA".

hereby *approve* this appliance in accordance with the above report.

324-61-SM

APPLICANT—Barrett Division Allied Chemical Corporation, owners; H. J. Kandiner, agent.

APPEARANCES—

For Applicant: J. W. Donegan.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein 4
Negative: 0
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 324-61-SM—H. J. Kandiner for Barrett Division Allied Chemical Corp., filed for approval of the material known as Barrett Urethane Roof Insulation under the provisions of C26-191.0, C26-619.0 Administrative Building Code and the Fiber Board Rules of the Board.

USE: Roof insulation for use over a structural roof in Class I and II Building.

DESCRIPTION: The material is a rigid insulation board, of cellular organic foam having a density of 1.8 to 2.0 pounds per cubic foot. It is manufactured in slabs 3'-0" x 4'-0" and in various thickness ranging from 1 inch upwards.

The product is manufactured by mixing the foam forming reagents in a molding box and permitting a block of rigid foam to form. In some instances a roofing cap sheet approved by the Board under Calendar Number 827-38-SM is laminated to one or both sides of the board.

In use the board is adhered to the deck and is covered with an approved built up roofing.

INSPECTION AND TEST: The applicant has submitted reports of tests conducted by New York Testing Laboratories Inc. and Foster D. Snell, Inc., covering toxicity, flexural strength, stability, compressive strength, absorption and volume lost on heating. The complete reports are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Barrett Urethane Roof Insulation for use in New York City as a combustible roof insulation under the provisions of C26-191.0 Administrative Building Code and where permitted under C26-619.0 Administrative Building Code and the Fiber Board Rules of the Board on condition that each carton be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 324-61-SM".

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

326-61-SM

APPLICANT—Masonite Corporation, owner.

APPEARANCES—

For Applicant: Lyman Drake.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein 4
Negative 0
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 326-61-SM—Masonite Corp., Chicago, Illinois, filed for approval of the material known as Masonite X Siding under the provisions of C26-191.0 Administrative Building Code.

USE: Exterior siding.

DESCRIPTION: The basic material is the same as that approved by the Board under Calendar Number 170-57-SM. The wood chips are exploded by high pressure steam which separates the chips into fibers. The cleaned fibers are felted into a blanket by means of heated platens. Under the action of heat and pressure the fibers are bonded by the retained lignin which is the original bonding agent in the natural wood.

After leaving the presses, the panels are placed in a humidity chamber which raises the humidity to a maximum of 8% and then cut to 12" lengths and in lengths up to 16' x 7/16" thick. The siding is factory primed on the face and long edges and its back is sealed.

The material has the following characteristics:

Weight—lbs. per sq. ft.....	1.83
Absorption	7%
Density—lbs. per cu. ft.....	55

INSPECTION AND TEST: The applicant has submitted a report of test as conducted by the Forest Products Laboratory in accordance with ASTM D1037-60T which showed that the requested siding—X Siding performed more satisfactorily than the standard Presdwood Siding. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Masonite X Siding for voluntary use as siding material over sheathing on Class 4 buildings in New York City under the provisions of C26-191.0 Administrative Building Code on condition that each carton or bill of lading shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 326-61-SM."

Negative: 0
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 495-61-SM—Leatherguild, Inc., owner, New York, N. Y., filed for approval of the material known as Kerazon (Vinyl wallcovering) for use in New York City under the provisions of Article 11, C26-667.7.b., Administrative Building Code.

USE: As a wall covering to be used similar to wallpaper for commercial and residential application.

DESCRIPTION: The material known as Kerazon is a 54 inch wide, vinyl chloride sheeting pigmented throughout, plasticized, stabilized, and top coated with a clear stabilized vinyl film fused to a cotton fabric, applied to interior walls and classified as vinyl wallcovering.

INSPECTION AND TEST: All data was examined by

MINUTES

Assistant Architect T. W. Farricker. The material is less than 1/20 inch in thickness.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Kerazon (Vinyl wallcovering) for voluntary use in New York City under the provisions of Article 11, C26-667.7.b., Administrative Building Code on condition that all cartons or packages in which the material is to be marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 495-61-SM."

APPLICANT—Ingersoll-Humphryes Division Borg-Warner Corporation, owner.

APPEARANCES—

For Applicant: Maxwell Cohen.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein 4

Negative: 0

Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

701-61-SM—Ingersoll-Humphryes Division Borg-Warner Corporation, Mansfield, Ohio, owner, filed for approval of the material known as Borgranite Shower Receptor under the provisions of Article 15, C26-1240.0, Administrative Building Code.

USE: As a shower receptor for shower stall installation.

DESCRIPTION: The Borgranite Shower Receptor is not Gel-Coated but is a one piece homogeneous bond, ribbed, rigid and self supporting material. The construction is of Nylon Fibers and Fiber glass bonded together with Polyester Resin, coloring; all moulded at a pressure of 100,000 b. per sq. ft., and under a temperature of 300°F. The receptor surface has a sun burst design and weighs 45 lbs. after moulding.

The receptor comes in seven colors: Beige, Pink, Light Blue, Light Green, Pink Marble, Beige Marble, Black Granite. A code approved brass strainer is supplied with each receptor.

INSPECTION AND TEST: A sample receptor was examined by Assistant Architect T. W. Farricker at the Board. The applicant has also submitted test results from the California Testing Laboratories on Salt Spray Test; the Raymond G. Osborne Laboratories of California, tests on Staining and on Tensile Properties, impact resistance, hardness, cracking or crazing. Water absorption, stain resistance, washability, humidity resistance, effectiveness of support and rain fitting connection. Also approved by the Western Plumbing Officials Association as meeting the requirements of the Uniform Plumbing Code. Approved by the City of Detroit.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Borgranite Shower Receptor for voluntary use in New York City under the provisions of Article 15, C26-1240.0, Administrative Building Code on condition that each receptor shall be stamped or labeled as follows: "Approved by the Board

MINUTES

demnation will produce the effect of the City of New York paying the cost of the sprinkler system—the result of the increase in value of the premises by virtue of the installation of the system; that secondly, the owner has been advised by H. G. Vogel Company that, in view of the imminent condemnation, an automatic sprinkler system, as now required, would not, even if installed, serve any useful purpose because of its comparatively short useful life; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the order of the Fire Commissioner, dated June 6, 1961, acting on Order No. 452-9, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted for a period of one year on condition* that the premises shall conform with drawing filed with this application, dated May 18, 1961, one sheet; that the precautionary regulations listed in the letter from the owner to the Fire Commissioner, dated May 12, 1961, shall be complied with; that a hydrant with a manifold and six outlets shall be maintained and that there shall be a hose at least 150 feet long at each of the six outlets.

APPLICANT—Samuel Rosenblum for 1038 Corporation, owner.

SUBJECT—Application for consideration—reopening for extension of time to obtain a Certificate of Occupancy which expired December 22, 1960—Appeal from a decision of the Borough Superintendent—re—review of Borough Superintendent's decision of zoning matter; previously granted on condition.

PREMISES AFFECTED—10-12 East 38th Street, south side, 200 feet east of Fifth Avenue, Block 867, Lot 64, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE:

Affirmative: Chairman Foley, Vice Chairman Kleinert, and Commissioner Klein 3
Negative: Commissioner Fox 1
Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 23, 1959, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on December 22, 1959; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 23, 1959, as *amended* on December 22, 1959, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that in view of statement by the applicant that all work has been completed, a new Certificate of Occupancy shall be obtained within six months from the date of this *amended* resolution.” (Alt. 1288/58)

204-61-A

APPLICANT—Robert Teichman for Hurlow Holding Corporation, owner.

SUBJECT—Application February 17, 1961—Appeal from a decision of the Borough Superintendent re—fire escape; and an order and a Decision of the Fire Commissioner re—Sprinkler System.

PREMISES AFFECTED—458 Broadway, 121-123 Grand Street, southeast corner, Block 232, Lot 12, Borough of Manhattan.

APPEARANCES—

For Applicant: R. Teichman.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—1. Appeal from the order of Fire Commissioner withdrawn.

2. Appeal from the decision of Borough Superintendent granted on condition.

THE VOTE—To Withdraw Order of Fire Commissioner.

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein 4

Negative: 0

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein 4

Negative: 0

Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 20, 1961 on Alt. Applic. 1953-60, reads:

“1. Use of fire escape on 9 story factory building contrary to Factory Exit Rules of B.S.&A.”

and

WHEREAS, the order and decision of the Fire Commissioner, dated February 1, 1961 and June 14, 1961 on Violation Order No. 490724, reads:

“1. Provide an approved automatic sprinkler system in *CELLAR*.

Chapter C-19-161.0 Adm. Code.”

and

WHEREAS, the applicant states that the exits consist of one primary exit, an interior fireproof stair, 2 feet 5 inches wide, extending from cellar to the 9th floor or top story, enclosed in fireproof partitions with fireproof doors; that the secondary egress is provided by a Labor Law type 45° fire escape erected on the Grand Street front of the building containing fireproof windows, doors and counterbalanced stairs; that the building is provided with an approved stand-pipe system there being two 4 inch stacks—one in the stair-hall at front and one at the rear of each floor near the freight elevator; that each of these are provided with 50 feet of hose and both fed from a 3,500 gallon tank on the roof; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated January 20, 1961, acting on Alt. Applic. 1953-60, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform to drawings filed with this application dated February 17, 1961, 3 sheets; that the fire escape shall be maintained in good condition; that the doors to the fire escape shall be made and maintained operable; that all other laws, rules and regulations applicable shall be complied with; that the occupancy of each of the floors shall be limited to the capacity of the primary means of egress. The application as to the order and decision of the Fire Commissioner dated February 1, 1961 and June 14, 1961, on Violation Order No. 490724, Objection No. 1, is hereby *withdrawn*, since the order has been *rescinded* by the Fire Commissioner.

232-61-A

APPLICANT—Herman E. Horwood for Meyer Herschberg, owner.

SUBJECT—Application February 28, 1961—Appeal from an order of the Fire Commissioner re—sprinkler system.

MINUTES

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 30, 1961 on Violation Order No. 490628, reads:

"1. Provide an approved automatic sprinkler system throughout building.

Chapter C19.161.0 Administrative Code."

and
WHEREAS, the applicant states that the building is 27 feet 9 inches by 90 feet in area, 5 stories, 61 feet high, of class 3 construction, located in unrestricted use, A area and class 2 height district, built in 1897, now used and occupied since 1897: cellar—storage of dairy products; 1st floor—sale and storage of dairy products, 3 persons; 2nd floor—machine shop, 20 persons; 3rd floor—storage of machines and metal; 4th floor—storage of empty egg tins; 5th floor—manufacturing dried soups, 2 persons, without a certificate of occupancy; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the building is small in area, being about 2,500 square feet on the 1st floor and about 2,250 square feet on the 2nd, 3rd, 4th and 5th floors; that the elevator shaft is enclosed in fireproof blocks with fireproof doors at the opening and the stairhall is fire retarded with metal lath and cement plaster; that the occupancy is non-hazardous; that the 5th floor has 2 people employed at manufacturing dried soup powder, the 4th is used by a tenant of the adjoining building to store empty egg tins with no persons employed, the 3rd floor is used for the storage of unused machinery and metal of the tenant on the 2nd floor with no persons regularly employed, and the 2nd floor is a machine shop handling only metal and with a maximum of 20 persons, the 1st floor and basement by a dealer in dairy products with 3 persons employed on the 1st floor only; that there is no boiler room in the building; that this order is issued under Chapter 19, Section 161 which covers the discretionary power of the Fire Commissioner to be used only where extreme hazard exists; that none of the uses of this building are listed under either the medium or high hazard on the uses stipulated by the Board on new Section 280 of the Labor Law and it is very evident that this order is arbitrary and capricious; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the order of the Fire Commissioner, dated January 30, 1961, acting on Violation Order #490628, Objection No. 1, be and it hereby is *modified* and that the appeal be and it is hereby is *granted on condition* that the building shall conform with drawings filed with this application dated February 8, 1962, 2 sheets; that the stairs throughout the building shall be enclosed with one-hour material and fireproof, self-closing doors; that there shall be no combustible material stored, or used in the building which would require a permit from the Fire Department; that fire escapes and doors to the fire escapes shall be put in good operating condition; that the occupancy of each floor shall be limited to the capacity of the primary means of egress; and that all laws, rules and regulations applicable shall be complied with.

277-61-A

541-61-A

APPLICANT—Seymour A. Mitteldorf for Comax Realty Corporation, owner.

SUBJECT—Application April 19, 1961—Appeal from a decision of the Borough Superintendent re—egress, bulkhead, winders on stairs, elevator openings, live load, etc.

PREMISES AFFECTED—80 West 40th Street, 1054-1056 Avenue of the Americas, southeast corner, Block 841, Lot 89, Borough of Manhattan.

APPEARANCES—

For Applicant: Seymour A. Mitteldorf.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein..... 4

Negative 0

Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 20, 1961 on Alt. Applic. 1349-60, reads:

"2. The two req. means of egress not remote.

7. Continue both stairs to roof and provide bulkhead.

8. Winders on stairs not allowed.

9. Elevator openings not to open onto stair enclosure.

10. New elevator not allowed to open onto stair enclosure.

11. Verify live loads."

and

WHEREAS, the applicant states that it is proposed under Alt. Applic. 1349-60, to convert 6 apartments, consisting of 2 units on the 3rd floor, 2 units on the 5th floor, 1 unit on the 7th floor, and 1 unit on the 9th floor, which occupy only a small part of said floors, to office use to be used and occupied in exactly the same manner as the present legal office use now found on the entire 2nd floor, the entire 4th floor, the entire 6th floor and mezzanine, the entire 8th floor and mezzanine and the entire 10th floor; that this building is presently inadequately served by two small elevators erected at the time of the original building and are located in the present stairhall; that to meet the present day needs these elevators have been modernized but still do not provide for a sufficient capacity to meet the operational demands; that it is of utmost need that an additional elevator be installed adjacent to and in conjunction with the operation of the present elevators for the efficient and proper elevator service for the occupants; that it is necessary to install this new elevator in the same stair enclosure where the present elevators are located so that the operation of the elevators are co-ordinated; that to do this, it is proposed to relocate the present stairhall door further to the east and to extend the present sprinkler work accordingly; that the proposed extension of the new office uses will not be inconsistent with the identical legal uses and conditions found on those floors now occupied entirely for office use; that the apartments in question are used in fact by their occupants for office use differing only with them by their cooking facilities; that the exit conditions will be improved by the erection of an interior fireproof stair to the roof in place of the present fire escape stair, the present sprinkler work in the stair and entrance halls will be extended, and the installation of the new elevator will alleviate the present congestion now caused by the present inadequate elevators; that the bearing capacity of the floors to sustain a live load of 50 #/ s.f. required for office use has been previously approved by the Department of Buildings as indicated in the present, and previous certificates of occupancy issued for this building; that further, it is impractical, at all time, to determine the actual framing data relating to the existing construction as the records on this building are incomplete; that also, the statutory increase in the allowable unit stress in the original framing from 16,000# to 18,000# will apply as the building was erected in 1900; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 20, 1961, acting on Alt. Applic. 1349-60, Ob-

Absent: Commissioner Becker 1

THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated April 17, 1961 on Violation Order No. 489837, reads:

"1. Provide an approved automatic sprinkler system throughout building.

Chapter C19-161.0 Administrative Code."

and

WHEREAS, the applicant states that the building is 50 feet by 89 feet in area, 6 stories, 74 feet 8 inches high, of class 3 construction, located in unrestricted use, A area and class 2 height district, built in 1907, now used and occupied since 1913: cellar—storage, 1 person; 1st floor—offices and shipping, 15 persons; 2nd floor—butter processing, 15 persons; 3rd floor—butter processing and dressing rooms, 8 persons; 4th floor—cheese processing and storage, 4 persons; 5th and 6th floors—storage; contrary to Certificate of Occupancy #51148 issued September 14, 1959, against Alt. Applic. 1865-58: Cellar—storage and boiler room; 1st story—store and offices, 15 persons; 2nd story—factory, 25 persons; 3rd floor—factory and locker rooms, 10 persons; 4th to 6th floors inclusive, factory and office, 10 persons each floor; that the proposed use and occupancy will not be changed from the present use; and

WHEREAS, the applicant states that the building is provided with a 3 foot wide, fire-retarded enclosed stairs on the west side from the 1st floor to 6th floor, with an iron ladder and scuttle to roof, and leading directly to the street from the 1st floor; that in addition there is a fire escape at the front of the building which was approved by the Board, under Cal. No. 1096-47-A, with fireproof self-closing windows on the course of same, and 1 hour test, fireproof self-closing doors to the fire escape, with counterbalanced stair to the street from the 2nd floor level, and goose-neck ladder to roof; that there is an interior closed circuit fire alarm system in the building and fire drills are conducted under strict supervision every month; that the building is operated under a valid Certificate of Occupancy #51148, issued by the Department of Buildings in 1959; that there have been no change in applicable laws, ordinances, rules and regulations pertaining to the safety of this building or its occupants since the issuance of this certificate of occupancy, except the requirements for fire retarded ceilings under Section 272, Labor Law; that it is proposed that the ceilings of the 2nd to the 6th floors, be covered with Fire Code #60 Sheetrock to comply with this law; that the cellar ceiling is covered with metal lath and Portland Cement plaster; that in addition, there is a stair, enclosed in wood parti-

tions at the east side of the building from the 1st to 6th floors; that since this stairs is not a means of egress, if the Board considers them to be a potential point of the spread of fire, it is then proposed that they be removed, the openings filled in and floored over; that the exists in the building comply with Section 271 of the Labor Law; that the usage of the building is of low hazard and is occupied by a relatively low number of persons in proportion to the total floor area; that the stairs are more than adequate to accommodate the number of persons employed in the building as per Administrative Building Code and the fire escape is a legal second means of egress; that it is proposed to eliminate potential points of spread of fire by removing the accessory stairs from 1st to 6th floors and flooring over the openings; that it is proposed to cover the ceilings of the 2nd to 6th floors with Fire Code #60 Sheetrock; that a valid certificate of occupancy, recently issued, covers the operations of the building; that the building is equipped with a closed circuit fire alarm and fire drills are held monthly; that there have been no changes in applicable laws, ordinances, rules and regulations affecting the safety of the building (except fire-retarded ceilings, which will be complied with); and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the order and decision of the Fire Commissioner, dated April 17, 1961, acting on Violation Order #489837, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform with drawings filed with this application, dated May 16, 1961, 11 sheets; that an interior fire alarm system and a thermostatic fire alarm system with central office connection shall be maintained; that the present open stairs near the front of the building shall be removed; that proper aisles and fireproof self-closing doors shall be maintained to all exits; that the occupancy of each floor shall be limited to the capacity of the primary means of egress; and that all other laws, rules and regulations applicable shall be complied with.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Klein 4
Negative 0
Absent: Commissioner Becker 1

Adjourned 3:50 P.M.

JAMES P. MULROY, *Secretary*.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on February 6, 1962, as they appeared in Bulletin No. 7, Vol. 47, hereby corrected to read as follows:

795-60-A

APPLICANT—Charles M. Shapiro for Arown Realty Corporation, owner; Crown Sanitary Prod., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—Appeal from orders and a decision of the Fire Commissioner re—new oven, sprinkler system, storage of combustible fibre, etc.; previously granted on condition.

PREMISES AFFECTED—601 Van Sinderen Avenue, east side, 100 feet south of Riverdale Avenue, Block 3833, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Elliot J. Shapiro.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 9, 1961 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 9, 1961, by adding thereto:

"that the 500 gallon per minute motor driven fire pump taking suction from the existing well may be replaced with a 250 gallon per minute motor driven pump taking suction from the existing well and discharging into a nominal 21,000 gallon reservoir from which a 500 gallon per minute pump will take suction and discharge into the sprinkler system, *on condition* that the system described shall be supervised by a central station approved by the Fire Department and that the supervision will include the supervision of a water level indicator in the 21,000 gallon tank; and *on further condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects." (Fire Dept. Orders #3357-9 and 3891-7.)

* Correction: The paragraph shown in italics above has been added to the original Resolution to correct.

PUBLIC HEARING

NOTICE OF PUBLIC HEARING

156-62-SR

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on *Friday morning March 2, 1962 at 10 A.M. in Room 909, 80 Lafayette Street, Borough of Manhattan, on the Proposed Rules covering Coin-Operated Dry Cleaning Establishments.*

Authority

Section 666, subd. 2 of the Charter of the City of New York and Article III, Chapter 1, Section 32, Article VII, Chapter 2, Sections 72 and 73 in their entirety of the Zoning Resolution of the City of New York, effective December 15, 1961.

Application of Rules

These rules shall be deemed to apply only to coin-operated dry cleaning establishments, pursuant to Article III, Chapter 2, Section 32-15 A and Section 32-25 D of the Zoning Resolution effective December 15, 1961.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York or the Rules Governing Dry Cleaning Establishments adopted by the Board of Standards and Appeals under Calendar Number 958-47-SR—Vol. II.

Zoning Resolution Effective December 15, 1961 —Excerpts

Preamble

This resolution is adopted in order to promote and protect public health, safety and general welfare. These general goals include, among others, the specific purposes set forth in the statements of legislative intent for the respective districts and groups of districts.

Article VII—Administration

Chapter 1

1-00 ENFORCEMENT AND ADMINISTRATION

The Commissioner of the Department of Buildings shall administer and enforce this resolution, except as specifically provided in the New York City Charter and in this resolution.

Chapter 2

2-00 POWERS OF THE BOARD OF STANDARDS AND APPEALS

2-01 GENERAL PROVISIONS

The Board of Standards and Appeals (referred to hereinafter as the Board) shall have the power, pursuant to the provisions of the New York City Charter and of this resolution, after public notice and hearing:

- (a) To hear and decide appeals from and to review interpretations of this resolution;
- (b) To hear, decide, and determine, in a specific case of practical difficulties or unnecessary hardship, whether to vary the application of the provisions of this resolution;
- (c) To hear and decide applications for such special permits as are set forth in this resolution and are more specifically enumerated in Section 73-01 (General Provisions); and

- (d) To adopt, amend, or repeal such rules or regulations as may be necessary to carry into effect the provisions of this resolution.

Article III—Commercial District Regulations

32-15 USE GROUP 6

Use Group 6 consists primarily of retail stores and personal service establishments which:

- (1) Provide for a wide variety of local consumer needs, and
- (2) Have a small service area and are, therefore, distributed widely throughout the City.

*
*
*

The uses listed in A below are also permitted within large-scale residential developments, to provide daily convenience shopping for residents of the development.

A. CONVENIENCE RETAIL OR SERVICE ESTABLISHMENTS

*
*
*
*

See Note:

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of floor area per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds.

Parking Requirement Category B—District where uses are so permitted are C1, C2, C3, C4, C6, C7, C8.

In a C5 district a use in Use Group 6, shall not be located on the ground floor of a building unless such use is at least fifty feet from the street wall of the building in which it is located as provided in Section 32-423 (Limitation on Ground Floor Location).

32-25 Use Group 16

Use Group 16 consists of automotive and other necessary semi-industrial uses which:

- (1) Are required widely throughout the city, and
- (2) Involve offensive noise, vibration, smoke, dust, or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable influences, making such uses incompatible with residential uses and other types of commercial development.

32-25 D. Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, floor area, or capacity per establishment—parking requirement category in F, Use Regulation is District C8.

PROPOSED RULES

Rule 1. Definitions

For the purpose of these rules "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

PUBLIC HEARING

The term "Dry Cleaning Establishment" shall mean any room, place and space in which dry cleaning is performed. Coin-operated dry cleaning machine shall mean an automatic machine actuated by the insertion of coins, tokens, keys or any other similar device for use by the general public. For the purpose of this definition the term "used by the general public" shall be deemed to refer to the insertion of textiles, fabrics, garments of other articles into a dry cleaning machine or the removal of the same from such unit by a person or persons other than an employee or owner-operator of such establishment.

- 1.1 Coin-operated dry cleaning establishments shall mean dry cleaning establishments in which dry cleaning solvent used in the dry cleaning units shall be non-inflammable and non-combustible when tested in a Tagliabue open cup tester as rated by the Fire Commissioner.
- 1.2 The term "inflammable liquid solvents" shall mean such as will emit an inflammable vapor at a temperature below 100 degrees Fahrenheit when tested in a Tagliabue open cup tester.
- 1.3 "Spotting" or "sponging" shall mean the local application of an "inflammable liquid solvent" to remove spots of dirt, grease, paint or stains from wearing apparel, textile, fabrics or articles of any sort.
- 1.4 For the purposes of Section 32-15 of the Zoning Resolution the term 'dealing with ultimate consumer' as contained therein shall refer only to those dry cleaning establishments which perform services on articles conveyed directly by a retail customer to such dry cleaning establishment or collected directly from and delivered to the retail customer by any vehicle or any or any other means of effecting the same and such dry cleaning establishment directly processes such articles for such customer.
- 1.5 All other terms used shall be as defined in the Zoning Resolution effective December 15, 1961, Chapter 19 of the Administrative Code, Multiple Dwelling Law, or Labor Law, when not inconsistent with the specific term defined herein.

Rule 2. Approvals

- 2.1 It shall be unlawful to use any premises for any coin-operated dry cleaning establishment without filing plans of that portion of the premises to be so used with the Department of Buildings and obtain its approval.
- 2.2 No coin-operated dry cleaning unit shall be installed unless such unit is approved by the Board of Standards and Appeals.
- 2.3 No dry cleaning solvent shall be used unless such solvent has been tested and rated by the Fire Commissioner.
- 2.4 It shall be unlawful in any coin-operated dry cleaning unit approved by the Board to use any solvent other than that for which the dry cleaning unit has been approved by the Board.
- 2.5 No non-conforming existing dry cleaning establishment shall be enlarged or extended unless such extension or enlargement be made in conformity with the provisions of the Zoning Resolution and may include a coin-operated dry cleaning establishment by complying with these rules.
- 2.6 All coin-operated dry cleaning units shall be installed in a diked area all parts of which shall be impervious to the solvent used in such units. The diked section shall consist of a four inch curb above the floor. All solvent spillage into the diked area shall be conducted by gravity flow into a tank which shall be equipped with a leakproof pump and enclosed piping system, to pump the solvent back to the dry cleaning units. Such system shall be installed pursuant to the Rules of the

Board of Standards and Appeals for Oil Burners. The said tank or tanks shall be of sufficient capacity to accept all solvent contained in the dry cleaning unit or units which it services.

Rule 3. Restrictions on Locations and Areas

- 3.1 No coin-operated dry cleaning establishment shall have a gross floor area exceeding 2,000 square feet to be used for dry cleaning, and incidental operations, including space used for pressing, finishing, storage and for the service of customers. The square foot area limitation shall apply to the aggregate of all space so used on all floors and mezzanines of the premises involved above the cellar or basement thereof. Additional space may be used on a lower floor which is either a basement or cellar provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles. Such additional space may include ordinary storage, boilers, compressors, pumps and filtration equipment.
 - 3.1.1 In calculating the gross floor area pursuant to Rule 3.1, the area restriction shall not include the area used by lawful non-dry cleaning operations of a multiple use type of service establishment.
- 3.2 No coin-operated dry cleaning establishment shall be permitted within any building:
 - 3.2.1 which is of wood frame construction;
 - 3.2.2 which is classified as a public building pursuant to Section C26-235.0 of the Administrative Building Code;
 - 3.2.3 where any part of such establishment is within 20 feet of any public building.

Rule 4. Egress

- 4.1 The means of egress from all coin-operated dry cleaning establishments shall be in conformity with the provisions of the building code and all laws, rules and regulations applicable. In addition thereto, all establishments shall conform to the following:
 - 4.1.1 Aisles not less than 3 feet in width providing access from the main work area to required means of egress shall be provided. Such required aisles shall not be obstructed in any manner.
 - 4.1.2 In all coin-operated dry cleaning establishments all required exit doors shall be arranged to swing in the direction of egress.

Rule 5. Fire Prevention

All coin-operated dry cleaning establishments shall comply with the following:

- 5.1 Unless otherwise specifically exempted by Law, no boiler shall be permitted in the same area or space where dry cleaning units are located unless such boiler shall be enclosed in a one-hour fireproof enclosure.
- 5.2 All ceilings of all such boiler rooms as provided in Rule 5.1 shall be fire-retarded with one-hour fire resistive material.
- 5.3 All openings from any such dry cleaning establishment on the course of a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 5.4 It shall be unlawful to use or store any inflammable liquids or solvents.
- 5.5 Inflammable liquids and solvents shall not be used for spotting and sponging.
- 5.6 All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding

PUBLIC HEARING

55 gallons of capacity with a tight fitting cover and shall be removed from the premises and disposed of in a lawful manner.

- 5.7 All solvent used in the dry cleaning unit shall be either (a) received and stored in metal containers not exceeding 55 gallons each and pumped directly into a dry cleaning unit or units by means of a detachable leakproof pump and pipe system, or (b) received and stored in a tank or tanks installed in accordance with the Rules of the Board of Standards and Appeals relating to the receiving and storing of light fuel oils and pumped directly into a dry cleaning unit or units by means of a closed leakproof pipe and pump system.
- 5.8 In any such coin-operated dry cleaning establishment, no member of the general public shall be permitted to do spotting or sponging or make use of any device employing live steam or heat for pressing or finishing.
- 5.9 Any pressing or finishing, spotting or sponging may be performed only by a qualified operator and these operators shall be located within an enclosed space separated from the customer area.

Rule 6. Ventilation

- 6.1 In coin-operated establishments all dry cleaning units shall be installed in such a manner so that the working or maintenance portion of the equipment shall be separated from the front of such units by solid partitions. Access doors to the space in back of the machines shall be kept closed and locked. Such establishments shall be ventilated in such a manner to preclude solvent vapors from being admitted to the combustion area of any device requiring an open flame or heating element. Solvent storage tanks, power boxes and other source of danger shall be so situated as to be inaccessible to the general public.
- 6.1.1 Any drying equipment shall be located at least 25'-0" from any dry cleaning unit unless placed in an enclosed area.
- 6.2 Coin-operated dry cleaning establishments shall be equipped with adequate ventilation to provide at least four (4) complete changes of air volume an hour. The minimum ventilation specified here shall be maintained at all times when the coin-operated dry cleaning establishment is open.
- 6.3 All dry cleaning units must be provided with facilities to cause an inward flow of 100 cubic feet of air per minute through the loading door of any such units when the same is open.
- 6.4 Additional general ventilation of the service area back of coin-operated dry cleaning units shall be provided so that in emergencies a minimum of one air change per minute of the enclosed service area will be provided.
- 6.5 All coin-operated dry cleaning establishments shall have sufficient ventilation so as to prevent an excessive concentration of solvent vapors in the dry cleaning establishment. An excessive concentration of solvent vapors shall be that which exceeds 100 parts of solvent vapors per one million parts of air during any work-day.
- 6.6 In addition to all other ventilation requirements provided for in these Rules, the following shall apply to coin-operated dry cleaning establishments:
- (a) A power exhaust system shall be provided for the removal of toxic vapors consisting of: at least one individual exhaust on each dry cleaning unit; scavenger ducts located in front of each unit; power exhaust fans for the space behind such unit; and air intakes located on the front grill of each such unit. All exhaust facilities shall be sealed and air tight and constructed in such manner so that all solvent vapors shall be discharged

mechanically to the open air in the manner specified in subsection 1 through 4 of Rule 6.8 hereof. All exhaust facilities shall be operated continually while the premises are open to the public. Provisions must be made by air intakes to replace air exhausted from the establishment to the outside.

- 6.7 A scavenger duct shall be provided in the front of each unit and shall be designed to pick up vapors surrounding the equipment near the floor. The suction inlet for these scavenger ducts shall be located not less than two or more than six inches above the floor and shall exhaust 300 feet of air per minute.
- 6.8 The equipment exhausts, or vents shall terminate at the outer air in the following manner:
- (1) At least 7 feet above the roof, street, yard or court grade on which it opens of the premises in which said establishment shall be located, and
- (2) The exhaust shall be under positive pressure by reason of a mechanical fan, and
- (3) The terminal of the exhaust shall be at least five feet from any window or ventilating opening if the window or ventilating opening lies on the same plane as the exhaust terminal and when the windows, or ventilating openings lie on a plane which faces in the direction of the exhaust terminal such terminal shall be at least 10 feet from such opening, and
- (4) All direct equipment exhausts or vents shall be provided with mesh lint arrestors which shall be kept clean. When lint traps are provided on the units, mesh lint arrestors may be omitted from the exhaust equipment.

Rule 7. Operating Precautions

- 7.1 A legible printed notice embodying these Rules shall be posted in a conspicuous place in all coin-operated dry cleaning establishments.
- 7.2 Coin-operated dry cleaning establishments shall post complete legible printed operating instructions near the machines. These instructions shall include a warning to the effect that garments or materials which retain an odor of the cleaning solvent are dangerous if placed in a small enclosed space such as an automobile.
- 7.3 The owner-operator of any coin-operated dry cleaning establishment shall furnish to any person cleaning out a dry cleaning unit an approved type respirator for his use during the process of cleaning out any such unit.
- 7.4 All equipment shall be installed in such manner as to minimize noise, vibration, smoke, and odors, and other forms of nuisances to the occupants of the premises in which such cleaning establishment may be located or to the occupants of any adjacent premises.
- 7.5 A trained attendant shall be present at all times when the coin-operated dry cleaning establishment is open. The training of this attendant shall include knowledge of the safe operation of the machine installed and in the handling of emergency situations. The telephone number of the owner-operator shall be posted conspicuously for emergencies.
- 7.6 No member of the general public who is less than sixteen years of age shall be permitted to insert into or remove from any dry cleaning unit any textile, fabric, garment or other article. A lighted indoor sign to such effect shall be posted conspicuously in all coin-operated dry cleaning establishments. All coin-operated dry cleaning establishments shall also display lighted indoor signs warning the general public of the danger of excessive vapor inhalation and skin irritation from unevaporated dry cleaning solvent.

PUBLIC HEARING

- 7.7 All dry cleaning machines used in a coin-operated dry cleaning establishments shall be fitted with an interlocking device which will prevent the opening of the door of any such machine (a) while such machine is in operation and (b) until solvent vapors have been removed from any textile, fabric, garment or other article and from the tumbler in which the same shall be placed.
- 7.8 The odor of any solvent used in a coin-operated dry cleaning unit in a dry cleaning establishment shall not be masked or altered in any fashion.
- 7.9 All coin-operated dry cleaning units shall have the dry load capacity of the unit as rated by the Board, based on the factor of 2.8 times the cubic feet capacity of the basket displayed on the face of the unit.
- 7.10 Spotting or sponging with inflammable liquid solvent shall not be permitted in coin-operated dry cleaning establishments except as provided in Rule 5.9.
- 7.11 A scale shall be located on premises to assure that the rated dry load capacity of coin-operated dry cleaning machine shall not be exceeded.

Rule 8. Penalties

Any violation of these Rules by an operator shall subject him or her to the penalties prescribed in the Zoning Resolution effective December 15, 1961 and the employee and owner shall be deemed responsible for any violation.

It shall be unlawful to exceed the posted dry load capacity of any coin-operated dry cleaning unit.

Rule 9. Effective Date of Rules

The effective date of these rules shall be twenty (20) days after date of publication of the rules as adopted.

Rule 10.

If any term or provision of any of the aforesaid Rules shall be held unconstitutional or ineffective in whole or in part, such determination shall not be deemed to invalidate the remaining terms or provisions of these Rules.

RULES

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by self-closing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire-retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

In Memoriam—Charles M. Blum

WHEREAS, Charles M. Blum was a member of the Board of Standards and Appeals from February 17th, 1934 until October 4th, 1949; and

WHEREAS, prior to his service on the Board, Commissioner Blum served as president of the Carpenter's Union and had supervised the construction of many large projects; and

WHEREAS, subsequent to his service on the Board he devoted his time, until retirement from the Engineering staff of the Board of Water Supply, to the supervision of construction of facilities designed to augment the supply of water for the City of New York; and

WHEREAS, during his dedicated service to labor and to the public he endeared himself to all those associated with him;

RESOLVED, that the Board of Standards and Appeals, its officers and staff express their great sorrow at his loss and deep sympathy for his family; and be it further

RESOLVED, that a copy of this resolution be sent to Mrs. Charles M. Blum.

MAX H. FOLEY, *Chairman*.

MINUTES

REGULAR MEETING

TUESDAY MORNING, FEBRUARY 20, 1962, 10 A.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon, February 6, 1962, were approved as printed in the Bulletin of February 15, 1962, Vol. 47, No. 7.

327-41-BZ—Vol. II

APPLICANT—Philip P. Agusta for Joseph Foraldo, owner.

SUBJECT—Application reopened November 8, 1961 as Volume II—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the extension of the uses in an existing one story building presently occupied as a rag and metal storage to include rag baling, junk shop and metal storage and use of an oxy-acetylene torch for junk and metal storage in the open area and parking of cars,

PREMISES AFFECTED—191-195 Woodpoint Road and 230-234 Skillman Avenue, southeast corner, Block 2893, Lot 12, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip P. Agusta.

For Opposition: None.

ACTION OF BOARD—Laid over to February 27, 1962, at 10 A.M. for continued hearing; applicant to amend application and change drawings.

567-43-BZ—Vol. III

APPLICANT—Philip P. Agusta for Gottscheer and Central Holding Company, Incorporated, owner.

SUBJECT—Application reopened November 14, 1961 as Volume III—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a local retail use, C area district the erection of a one story extension to an existing two story building as a bar and grill, meeting room, cabaret and kitchen extending into the residence portion of the premises and exceeding the permitted area coverage.

PREMISES AFFECTED—655-657 Fairview Avenue, north side, 77.29 feet east of Linden Street, 2012-2014 Linden Street, Block 3485, Lot 1, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Philip P. Agusta, Ferdinand Sbaschnig and Herman Lackner.

For Opposition: Louis Zimmer, Louis Firmbach, Robert Koch and Emil Hermig.

ACTION OF BOARD—Laid over to March 6, 1962, at 10 A.M. for inspection and for decision insofar as the Board is authorized by amendment to the new Zoning Resolution; drawings to be corrected, hearing closed.

821-46-BZ—Vol. II

APPLICATION—Harry Silverman for Airport Motors Incorporated, owner.

SUBJECT—Application reopened September 19, 1961 as Volume II decision of the Borough Superintendent, under Section 7i and 7A of the Zoning Resolution, to per-

mit in a business use district, for a temporary term of twenty (20) years, the erection of a one story extension to an existing auto showroom, service repair shop and storage garage for more than five motor vehicles previously granted by the Board, with business entrances and exits within 75 feet of a residence use district.

PREMISES AFFECTED—78-01 to 78-19 Northern Boulevard, northwest corner, from 78th Street to 79th Street, 32-62 to 32-70 79th Street and 32-65 to 32-71 78th Street, Block 1174, Lots 35 and 41, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Harry Silverman, Nat Koepfel and Irving Koepfel.

For Opposition: None.

ACTION OF BOARD—Laid over to March 6, 1962, at 10 A.M. for inspection and for decision insofar as the Board is authorized by amendment to the new Zoning Resolution; hearing closed.

1459-61-A

APPLICANT—Harry Silverman for Airport Motors Incorporated, owner.

SUBJECT—Application June 27, 1961—Appeal from a decision of the Borough Superintendent re—extension, tabular limits.

PREMISES AFFECTED—78-01 to 78-19 Northern Boulevard, northwest corner, from 78th Street to 79th Street, 32-62 to 32-70 79th Street, 32-65 to 32-71 78th Street, Block 1174, Lots 35 and 41, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Harry Silverman, Nat Koepfel and Irving Koepfel.

ACTION OF BOARD—Laid over to March 6, 1962, at 10 A.M. for inspection and decision; hearing closed.

47-59-BZ—Vol. II

APPLICANT—Nathan Lubroth for 100 Montague Corporation, owner; Love Lane Automotive Corporation, lessee.

SUBJECT—Application reopened December 19, 1961 as Volume II—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the combining of three existing garage buildings using them conjunctively as a nonstorage garage and discontinuing the second floor use.

PREMISES AFFECTED—12-18 College Place, east side, 77 feet, 11 inches north of Love Lane, Block 236, Lot 43, Borough of Brooklyn.

APPEARANCES—

For Applicant: Nathan Lubroth, Boris Landy and F. W. N. Tardy.

326-41-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug for Marharita Boccia, owner.

SUBJECT—Application reopened January 23, 1962 for con-

sideration as to extension of term of variance, expired November 14, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7e in a residence use district, the continued use of a frame building for 7 car garage.

PREMISES AFFECTED—2222 Homecrest Avenue, west side, 180 feet south of Avenue V, Block 7372, Lot 16, Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on November 14, 1956 this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the original variance was granted under Vol. I for a term of ten years, which expired on October 15, 1951; that the owner was not aware that the variance had not been renewed until several years after it had expired; that in 1956, the Board granted an extension of term of the variance for five years; that it is more than likely that the Board considered the fact that a new five year term would cover the additional five years during which the variance had lapsed; that the owner has been using only six of the seven permitted garage spaces and does not maintain them as a business proposition; that the amended zoning designation is R-4; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation November 14, 1961; and

WHEREAS, this application was reopened on January 23, 1962 and set for hearing on February 20, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 16, 1961 acting on Alt. Applic. No. 4377-54, reads:

"1. The proposed continued use of a frame bldg. for a (7) seven car garage located in a residence use district is contrary to Art. II Sec. 3 of Zone Resolution. Note—a variation for this use was granted under 326-41-BZ and expired 11-14-61."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 14, 1956, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit. . . ; that other than herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

721-41-BZ—Vol. III

APPLICANT—Dominick Salvati and Son for H. N. F. Realty Co., owner.

SUBJECT—Application reopened January 23, 1962 for consideration as to extension of term of variance, expires September 12, 1965—decision of the Zoning Resolution, previously granted on condition, under Sections 7e and 7i of the Zoning Resolution, permitting in a business use district, the maintenance of a gasoline service station, lubricatorium, office and minor repairs with hand tools only may be permitted within the accessory building.

PREMISES AFFECTED—260-01 to 260-09 Horace Harding Boulevard and 54-47 to 54-63 Little Neck Parkway, northeast corner, Block 8274, Lot 135, Little Neck, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application for extension of the term of the variance has been considered by the Board and it has been held that since the variance will not expire until 1965, it is too soon to consider an extension.

Resolved, that the application be and it hereby is withdrawn at the request of the applicant.

87-52-BZ

APPLICANT—Paul Gordon for Ida Shapiro, owner.

SUBJECT—Application reopened January 23, 1962 for consideration as to extension of term of variance, expired April 10, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—2840-2842 West 22nd Street, west side, 315 feet south of Neptune Avenue, Block 7016, Lot 25, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Gordon.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, on July 1, 1952 this application was granted by the Board on certain conditions; and

WHEREAS, this application was reopened from time to time to extend the term of the variance and last extended, for a term of five years, on April 10, 1956; and

WHEREAS, the applicant states that at present there is no practical use for the land other than as a parking lot; that the adjacent vacant land is delinquent and in arrears in taxes; that in general, neither this block nor adjoining blocks are residential in character, although zoned as a residence district; that the amended designation is R-5; that on the same block there are several stores, an automobile repair shop recently granted under a zoning variance, and on each of the four corners, there is a business or factory; that the owner of the property, because of the condition imposed upon her in the original variance, has to date not even recovered the initial capital improvement cost to her to date, and with the increasing cost of taxes the maintenance of the property without any income would be a substantial hardship upon her; that automobile space remains acute and additional parking facilities are needed, especially so in the summer when the one sided parking is enforced and outside multitudes of visitors come to the summer resort area, wherein subject property is located; that the Board has granted variances of similar character in the same area, subsequent to the granting of same herein, which have been for longer periods of time; that because of the expense involved in making these renewal applications, in addition to which, the loss of time from the periodic granting of the variance, which was originally granted until July and has now been decreased to April, it is requested that the permit for parking be renewed for a period of ten years; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation April 10, 1961; and

WHEREAS, this application was reopened on January 23, 1962 and set for hearing on February 20, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 14, 1961 acting on Alt. Applic. No. 3823-51, reads:

"1. Parking & storage of motor vehicles in a residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 1, 1952, as amended through April 10, 1956, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

1000-55-BZ

APPLICANT—Leonard F. Rothkrug for G.H.N.B. Realities, Ins., owner.

SUBJECT—Application reopened January 23, 1962 for consideration as to extension of term of variance, expired October 30, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district a parking lot for more than 5 cars.

PREMISES AFFECTED—940-942 Marcy Avenue, west side, 80 feet south of Macon Street, Block 1850, Lots 26 and 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, on October 30, 1956 this application was granted by the Board on certain conditions; and

WHEREAS the applicant states that there have been no changes in the site or the zoning, nor in the character of the area; that on December 15, 1961 the zone was designated as C 1-1 and R-6; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation October 30, 1961; and

WHEREAS, this application was reopened on January 23, 1962 and set for hearing on February 20, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 27, 1961 acting on Alt. Applic. No. 4411-55, reads:

"1. Parking lot for more than 5 motor vehicles in a partly retail use district—partly in Residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 30, 1956, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

For Applicant: None.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on October 16, 1956, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that since the granting of the application, the owner has purchased the other adjoining lot, so that he now owns both side of the lot; that there has been no change in the character of the area and no new construction; that there have been no changes in zoning; that the amended zoning designation is R-5; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation October 16, 1961; and

WHEREAS, this application was reopened on January 23, 1961 and set for hearing on February 20, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1961 acting on Alt. Applic. No. 4518-55, reads:

"1. The proposed parking lot of motor vehicles (pleasure type) maximum twelve (12) Pleasure type cars non-transient, contrary to Art. II Sec. 3 of Zone Resolution.

Note: The above use was granted under Cal. #9-56-BZ expires 10/16/61."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 16, 1956, only as to the term of the variance in connection with Lot 26, Block 7014, Brooklyn, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit. . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

854-59-BZ

APPLICANT—Lynch and McManus for Nathan Greenbaum, owner.

SUBJECT—Application reopened December 12, 1961 for consideration as to extension of time to complete, expired June 14, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—Manor Avenue, east side, 100 feet south of East 174th Street, Block 3866, Lots 34 and 36, Borough of The Bronx.

APPEARANCES—

For Applicant: James J. Lyons, Jr. and John J. Lynch.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on June 14, 1960, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that there have been no changes in zoning affecting this site, other than the adoption of the new Zoning Resolution itself; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation June 14, 1961; and

WHEREAS, this application was reopened on December 12, 1961 and set for hearing on January 23, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 23, 1962 after due notice by publication in the Bulletin; laid over to February 6, 1962; applicant to obtain new decision from the Borough Superintendent; then laid over to February 20, 1962 at request of applicant to obtain new decision of Borough Superintendent; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated February 8, 1962 acting on Alt. 572-62, reads:

1. Proposed parking of more than 5 motor vehicles located in an R-6 District is contrary to Art. II, Chapter 2; Art. V, Chapter 2 of the Zoning Resolution and contrary to B.S.A. Cal. #854-59-BZ.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 14, 1960, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution; and that a Certificate of Occupancy shall be obtained."

693-61-BZ

APPLICANT—Carl H. Salminen for Cosmo Pacetta, owner.

SUBJECT—Application May 16, 1961—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use, E area district, the erection of a one story building with less than the required setback for an E area district, and for use as a refreshment stand for the sale of soda, candy, cigarettes, frankfurters and sandwiches, sale of fishing bait and tackle, boat rental and installation of two gasoline tanks and two pumps for the refueling of boats.

PREMISES AFFECTED—120 Beach 9th Street, east side, (361.38 feet mapped) 366.53 feet south of Seagirt Avenue, Block 15612, Lot 55, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Robert Shaynak and Cosmo Pacetta.

For Opposition: Samuel Bodian, for Park Dept.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 19, 1961 after due notice by publication in the Bulletin; laid over the October 17, 1961, for inspection and decision; applicant to submit letter from city; hearing closed; then to November 14, 1961; applicant to inform Board in regard to permission to use the adjoining lot; then laid over at request of applicant; date to be set for decision after applicant reports as to possible purchase of adjoining Lot 51; then set for January 30, 1962, then to February 14, 1962 for inspection and decision if the new Zoning Resolution is amended to permit the Board to act;

MINUTES

Park Department to furnish the Board with an application form for concessionaires; then to February 20, 1962 for decision; applicant to amend drawing; and

WHEREAS, the decision of the Borough Superintendent, date May 15, 1961 acting on N.B. Applic. No. 1114-67, reads:

"1. The proposed erection of a refreshment stand in a Res. use district with accessory boat rental, sale of fishing bait and tackle, docking of boats and two gas pumps for the refueling of boats, is contrary to Art. II Sec. 3 Zone Res.

2. The proposed erection of a bldg. in an E area district within the required 10' setback from the street line is contrary to Art. IV, Sec. 15(d) Zone Res.

Note: This parcel of land is under the jurisdiction of the Dept. of Marine & Aviation whose denial is noted in their letter of May 12, 1961."

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and 21, for a term of ten (10) years, to permit in a residence use, E area district, the erection of a one-story building with less than the required setback for an E area district and for use as a refreshment stand for the sale of soda, candy, cigarettes, frankfurters and sandwiches and the sale of fishing bait and tackle, *on condition* that the work shall be done in accordance with drawings filed with this application dated May 16, 1961, 2 sheets and February 1, 1962, 3 sheets, with the exception that there shall be no open front on the north side of the building and the only openings on the north side shall be windows similar to those on the west front of the building; that signs shall be limited to non-illuminated signs placed flat against the building on the south and west sides not over 18 inches in height and of a total length not to exceed 30 feet; that the exterior of the building shall be stuccoed and kept in good condition; that all other laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained and all work done and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

Adjourned 1:30 P.M.

James P. Mulroy, *Secretary*

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 20, 1962,
2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.

19-61-A—Vol. II

Applicant—Lee Schoen for A. Trenkman Estates, owner.
SUBJECT—Application reopened November 14, 1961 as Volume II—Appeal from a decision of the Borough Superintendent, re—egress.

PREMISES AFFECTED—247-249 Center Street, west side, 121 feet, 2 inches south of Broome Street, and 179-183 Lafayette Street, Block 472, Lots 4 and 17, Borough of Manhattan.

APPEARANCES—

For Applicant: Lee Schoen and Lewis M. Isaacs, Jr.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 29, 1961 on Alt. Applic. 1799-60, reads:

"2. Provide two means of egress for each tenant each floor in accordance with the Sec. 271 Labor Law & Factory Exit Rules of the Bd. of Stds. & Appeals. Contrary to have a fire escape as a req'd means of egress in a building which is over six stories in height."

WHEREAS, the applicant states that the building is now equipped with an approved sprinkler system; that the Center Street fire escape does not conform to the current standards as to railings and ladders, it is contemplated, that the railings will be raised in height and the ladder will be replaced with a counterbalanced stair to comply with the standards of Section 273 Labor Law; that the owner has undertaken to improve the property and remove all hazardous conditions; that during the course of that work, a new application was filed with the Building Department; that the work done since the last application is as follows: 1.. replacement of all hall doors leading to tenant areas with new approved one-hour self-closing doors; 2. the sealing up with one-hour walls of all superfluous openings; 3. the replacement of elevator doors with one and a half hour self-closing doors; 4. the elimination of all exposed wood facias, soffits, wainscot and trim in the public hall; 5. the installation of new lighting; 6. the owner has compelled one of the tenants to install fireproofing around some of his work areas which has heat producing elements; that at the moment, the owner is about to undertake the repainting of all public halls, which has been deferred until completion of the above work; that the owner has also given orders, now in the process of completion, to replace all non-fireproof fire escape windows with kalamein wire-glassed doors and windows, and has on order ready for issuance to correct the fire escape railings and ladders in accordance with the plans filed with the Building Department and annexed to the appeal; that all work now done and that contemplated to be done under the plans attached to the appeal will provide complete safety to all occupants of the building, the owner is prepared to make an further reasonable improvements which the Board might deem necessary; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, dated September 29, 1961, acting on Alt. Applic. 1799-60, Objection No. 2, and that the appeal be and it hereby is *granted*, *on condition* that the building shall conform to drawings filed with this appeal dated February 13, 1962, 10 sheets; that the approved sprinkler system presently in the building shall be maintained; and that all other laws, rules and regulations applicable shall be complied with.

226-61-A

APPLICANT—Joseph Kiell for Pasquale Matera, owner.

1150-61-A

APPLICANT—Peter S. Gluck for Jamed Properties, Incorporated, owner; Typhoon Air Conditioning Division, Hupp Corporation, lessee.

SUBJECT—Application July 13, 1961—Appeal from a decision of the Borough Superintendent re—bake oven.

PREMISES AFFECTED—505 Carroll Street, north side, 200 feet east of Third Avenue, 530 President Street, Block 448, Lot 13 (includes former 18) Borough of Brooklyn.

APPEARANCES—

For Applicant: Peter S. Gluck and Frank R. Benedict.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Fox, Commissioner Becker and Commissioner Klein 4
Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 22, 1961 on B.N. Applic. 788-61, reads:

"2. Fannon Infra Red gas operated oven non approved for use in the City of New York in accordance with Board of Standards and Appeals Spray Rules, Rule 4.3.1."

and

WHEREAS, the applicant states that the oven is developed by the FANNON DIVISION, HUPP CORPORATION from a type of perforated ceramic rayhead units, which are patented under Number 277529J as "Perfection-Schwank" burners; that the burners are used in the city for gas space heaters and are approved by the Board under Calendar Number 846-55-SA; that the metal parts are carried through a 5-stage "bonderite system" for rustproofing; that the materials in sequence are: 1. alkaline cleaner; 2. warm water rinse, maximum 110°F; 3. a water soluble compound containing about 1 percent sodium phosphate; 4. cold water rinse; 5. acid seal rinse which seals the phosphate coating; that this last bath contains 0.06 percent chromic acid; that none of the materials is inflammable; that from the "bonderite" equipment the parts are carried through a short dry-off oven of the same construction as the oven under appeal; that however, no inflammable material is involved in this drying process; that from here the objects are carried to the basic paint spray booth about 35 linear feet away, and then into the color spray booth; that both spray booths are of recirculating waterwash type, the excess paint particles being collected on screens in the water tank; that from the second spray booth the painted objects are carried 25 linear feet away to the last stage of the process, the paint baking, which is done in the oven under appeal; that the actual conveyor travel from spray booth to over is 38 feet; that the entire system except the oven is approved by the Building Department; that the oven frame is constructed of 1/8 inch formed structural channels and angles to which the oven walls are spot welded; that the walls are built of two layers of 20 gauge black iron the outer surface of which is prime coated; that between the two layers of metal a 3 inch layer of high density fiberglass insulation is accommodated; that all along the bottom part of the side walls louvers are inserted; that each side of the walls has 4 panels serving as explosion vents; that while the recommended ratio for explosion vents is one square foot to every 15 cubic feet of oven volume (NBFU pamphlet Number 86, page 14), the ratio is here 1 to 13.5; that the panels are gravity retained, as recommended; that the oven is tunnel shaped with metal panels at both ends which are so arranged that when a narrow object enters the tunnel, the openings can be reduced to 16 inches by 60 inches, and when the object is large, the opening is widened to 52 inches by 60 inches; that gas is fed through rigid 1/2 inch copper piping to the rayheads which are mounted along the two interior sides of the oven; that there are on each side of the oven two burner sections, one consisting of 20 rayheads (about 37 feet long), the other consisting of 17 rayheads (about 31 feet long); that along the top of the oven run three ventilating ducts with manually controllable louvers; that they all join in the main ventilation systems; that exhaust is effected by a "Chicago" cen-

trifugal fan #22 1/2, cl. 1, with a 3 HP, 1800 RPM, 3 phase 60 cycle totally enclosed fan cooled ball bearing motor, delivering 5,800 CFM air; that considering the fact that at a time maximum five small objects may travel within the oven, each of which remains approximately 7 minutes inside, and that the surface coating of an object is one mil, the largest object having a surface of 41.140 square inch, it is figured that about 1/70th of a gallon of solvent is evaporated per minute in the oven; that it follows therefore that the ventilation is by far within the required 10,000 CFM per gallon of solvent; that the oven is set 4 inches above the floor on a base of a 4 inch channel and filled with cement; that the base extends one foot beyond the oven on all sides; that the oven will operate only if the sequence as described on plans is carefully observed; that when all precautions are taken the ignition plug ignites the pilot flame which in its turn lights the line of a burner section; that the flame then travels the entire length of the burner assembly, and must be proved at the end of the line by an UL approved electronic combustion safeguard; that if flame travel is interrupted for any reason, the gas is automatically shut off and the cycle must be repeated; that the conveyor is interlocked with the gas supply and must be running before ignition; that any failure of the conveyor operation would stop the gas supply; that the ventilating blower is also interlocked with the gas supply which would be automatically cut off if operation of the blower would fail for any reason; that when natural gas is used the temperature of the ceramic heads is set to operate at 1650°F; that the two Maxon Premix burners are so adjusted that they control this setting; that the oven temperature is set to a high limit of 350°F; that the high temperature limit switch which is installed at the main line of the ventilating system, would shut off the gas supply if the oven temperature would for any reason exceed the 350°F limit; that while in operation the ceramic has a glowing surface without visible flame, and no substantial flame can extend through the tiny portholes of the ceramic; that the burner has no residual heat; that temperature of the ceramic drops 300°F in 2 seconds, and that temperature drop is effected in 8 seconds on the wire screen, so that after the gas is discontinued the burner assembly is at room temperature within less than a minute; that a manual gas shut off valve is installed at about 30 feet from the oven; that the building is equipped with an automatic two source sprinkler system and central office connection; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated June 22, 1961, acting on B.N. Applic. 788-61, Objection Number 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building and equipment shall conform to drawings filed with this appeal dated July 13, 1961, 4 sheets and February 1, 1962, 3 sheets; that a two-source sprinkler system with central office connection shall be maintained throughout the building; and that all other laws, rules and regulations applicable shall be complied with.

1233-61-A

APPLICANT—Schaefer and Atkin for Chestnut Realty Corporation, owner.

SUBJECT—Application July 28, 1961—filed pursuant to Section 310, of the Multiple Dwelling Law, re—cellar apartment.

PREMISES AFFECTED—609-615 Ft. Washington Avenue, west side, 101 feet, 13 1/8 inches north of West 187th Street, Block 2179, Lot 354, Borough of Manhattan.

APPEARANCES—

For Applicant: Victor E. Block.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

MINUTES

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 7, 1961 on Alt. Applic. 870-61, reads:

"A-1 Proposed occupancy of cellar apt. by a rent paying tenant is contrary to Sect. 216 Sub. 2-e and Sect. 34 Sub. 6 M.D. Law."

and
WHEREAS, the applicant states that Certificate of Occupancy Number 12701 was issued, reading "Tenement House" but not enumerating number and location of apartments; that however, the plan approved with N.B. Applic. 428-26 shows an apartment in the cellar, which is the apartment in question; that this cellar apartment was used by the Building Superintendent of the apartment house from 1927 for a number of years; that subsequently the Superintendent moved to an upper apartment above, based on a clause in the agreement between the Building Service Union and Apartment House Owners, which states that "Building Superintendents" must be allowed, if they so desire, to select an apartment above the cellar; that the cellar apartment shortly afterward, rented to another tenant, and is now being occupied by this tenant; that this apartment is a well laid out, well ventilated apartment with all legal plumbing approved by the Department; that the windows in the apartment ventilate on courts which are at or about the elevation of the floor of the apartment in question; that the south court is about 26 feet to the nearest building, the west court is about 22 feet to a retaining wall which does not interfere with the ventilation and about 40 feet to the nearest building; that the north court upon which only the bathroom and kitchen ventilate is 14 feet; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the conditions reported by the committee did not warrant granting of the application.

Resolved, that the decision of the Borough Superintendent, dated July 7, 1961, acting on Alt. Applic. 870-61, Objection Number A-1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

1260-61-A

APPLICANT—John F. Fitzsimons for Graphic Talents Incorporated, owner.

SUBJECT—Application August 3, 1961—Appeal from a decision of the Borough Superintendent re—stair enclosure and class 3 construction.

PREMISES AFFECTED—44 East 52nd Street, south side, 182 feet west of Park Avenue, Block 1287, Lot 143, Borough of Manhattan.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 325-61-SM—Masonite Corporation, Chicago, Illinois, filed for approval of the material known as Masonite Royalcote under the provisions of C26-667.0 Administrative Building Code.

USE: Interior panel.

DESCRIPTION: The panels are manufactured from wood chips that have been exploded into a fibrous state. These fibers are then refined and compressed into a dense rigid panel in heated hydraulic presses. The fibers are permanently bonded with the natural lignin which is the natural bonding agent in the tree.

The basic material has been approved by the Board under Calendar Numbers 403-40-SM and 144-57-SM.

The panels are available in thickness of 1/4" nominal thickness and the standard size is 4'-0" x 8'-0" and is available in various colors and finish.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Masonite Royalcote for voluntary use in New York City for uses in partitions, on wood or steel studs; nailed 16" on centers—4" on edge—8" on intermediate not required to be fireproof, wall and ceiling decoration and other interior trim in non fireproof structures under C26-241.0 and for similar use in Class 4 structures under C26-242.0 and in Class 1 and 2 structures as interior trim, subdividing partitions and special spaces as permitted under C26-667.0.3, .5 and .8 Administrative Building Code on condition that all bundles or packages in which the material is shipped shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 325-61-SM".

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

Adjourned 3:15 P.M.

James P. Mulroy, Secretary

PUBLIC HEARING

NOTICE OF PUBLIC HEARING

156-62-SR

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on *Friday morning March 2, 1962 at 10 A.M. in Room 909, 80 Lafayette Street, Borough of Manhattan, on the Proposed Rules covering Coin-Operated Dry Cleaning Establishments.*

Authority

Section 666, subd. 2 of the Charter of the City of New York and Article III, Chapter 1, Section 32, Article VII, Chapter 2, Sections 72 and 73 in their entirety of the Zoning Resolution of the City of New York, effective December 15, 1961.

Application of Rules

These rules shall be deemed to apply only to coin-operated dry cleaning establishments, pursuant to Article III, Chapter 2, Section 32-15 A and Section 32-25 D of the Zoning Resolution effective December 15, 1961.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York or the Rules Governing Dry Cleaning Establishments adopted by the Board of Standards and Appeals under Calendar Number 958-47-SR—Vol. II.

Zoning Resolution Effective December 15, 1961 —Excerpts

Preamble

This resolution is adopted in order to promote and protect public health, safety and general welfare. These general goals include, among others, the specific purposes set forth in the statements of legislative intent for the respective districts and groups of districts.

Article VII—Administration

Chapter 1

71-00 ENFORCEMENT AND ADMINISTRATION

The Commissioner of the Department of Buildings shall administer and enforce this resolution, except as specifically provided in the New York City Charter and in this resolution.

Chapter 2

72-00 POWERS OF THE BOARD OF STANDARDS AND APPEALS

72-01 GENERAL PROVISIONS

The Board of Standards and Appeals (referred to hereinafter as the Board) shall have the power, pursuant to the provisions of the New York City Charter and of this resolution, after public notice and hearing:

- (a) To hear and decide appeals from and to review interpretations of this resolution;
- (b) To hear, decide, and determine, in a specific case of practical difficulties or unnecessary hardship, whether to vary the application of the provisions of this resolution;
- (c) To hear and decide applications for such special permits as are set forth in this resolution and are more specifically enumerated in Section 73-01 (General Provisions); and

- (d) To adopt, amend, or repeal such rules or regulations as may be necessary to carry into effect the provisions of this resolution.

Article III—Commercial District Regulations

32-15 USE GROUP 6

Use Group 6 consists primarily of retail stores and personal service establishments which:

- (1) Provide for a wide variety of local consumer needs, and
- (2) Have a small service area and are, therefore, distributed widely throughout the City.

*

*

*

The uses listed in A below are also permitted within large-scale residential developments, to provide daily convenience shopping for residents of the development.

A. CONVENIENCE RETAIL OR SERVICE ESTABLISHMENTS

*

*

*

*

See Note:

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of floor area per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds.

Parking Requirement Category B—District where uses are so permitted are C1, C2, C3, C4, C6, C7, C8.

In a C5 district a use in Use Group 6, shall not be located on the ground floor of a building unless such use is at least fifty feet from the street wall of the building in which it is located as provided in Section 32-423 (Limitation on Ground Floor Location).

32-25 Use Group 16

Use Group 16 consists of automotive and other necessary semi-industrial uses which:

- (1) Are required widely throughout the city, and
- (2) Involve offensive noise, vibration, smoke, dust, or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable influences, making such uses incompatible with residential uses and other types of commercial development.

32-25 D. Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, floor area, or capacity per establishment—parking requirement category in F, Use Regulation is District C8.

PROPOSED RULES

Rule 1. Definitions

For the purpose of these rules "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

PUBLIC HEARING

The term "Dry Cleaning Establishment" shall mean any room, place and space in which dry cleaning is performed. Coin-operated dry cleaning machine shall mean an automatic machine actuated by the insertion of coins, tokens, keys or any other similar device for use by the general public. For the purpose of this definition the term "used by the general public" shall be deemed to refer to the insertion of textiles, fabrics, garments of other articles into a dry cleaning machine or the removal of the same from such unit by a person or persons other than an employee or owner-operator of such establishment.

- 1.1 Coin-operated dry cleaning establishments shall mean dry cleaning establishments in which dry cleaning solvent used in the dry cleaning units shall be non-inflammable and non-combustible when tested in a Tagliabue open cup tester as rated by the Fire Commissioner.
- 1.2 The term "inflammable liquid solvents" shall mean such as will emit an inflammable vapor at a temperature below 100 degrees Fahrenheit when tested in a Tagliabue open cup tester.
- 1.3 "Spotting" or "sponging" shall mean the local application of an "inflammable liquid solvent" to remove spots of dirt, grease, paint or stains from wearing apparel, textile, fabrics or articles of any sort.
- 1.4 For the purposes of Section 32-15 of the Zoning Resolution the term 'dealing with ultimate consumer' as contained therein shall refer only to those dry cleaning establishments which perform services on articles conveyed directly by a retail customer to such dry cleaning establishment or collected directly from and delivered to the retail customer by any vehicle or any or any other means of effecting the same and such dry cleaning establishment directly processes such articles for such customer.
- 1.5 All other terms used shall be as defined in the Zoning Resolution effective December 15, 1961, Chapter 19 of the Administrative Code, Multiple Dwelling Law, or Labor Law, when not inconsistent with the specific term defined herein.

Rule 2. Approvals

- 2.1 It shall be unlawful to use any premises for any coin-operated dry cleaning establishment without filing plans of that portion of the premises to be so used with the Department of Buildings and obtain its approval.
- 2.2 No coin-operated dry cleaning unit shall be installed unless such unit is approved by the Board of Standards and Appeals.
- 2.3 No dry cleaning solvent shall be used unless such solvent has been tested and rated by the Fire Commissioner.
- 2.4 It shall be unlawful in any coin-operated dry cleaning unit approved by the Board to use any solvent other than that for which the dry cleaning unit has been approved by the Board.
- 2.5 No non-conforming existing dry cleaning establishment shall be enlarged or extended unless such extension or enlargement be made in conformity with the provisions of the Zoning Resolution and may include a coin-operated dry cleaning establishment by complying with these rules.
- 2.6 All coin-operated dry cleaning units shall be installed in a diked area all parts of which shall be impervious to the solvent used in such units. The diked section shall consist of a four inch curb above the floor. All solvent spillage into the diked area shall be conducted by gravity flow into a tank which shall be equipped with a leakproof pump and enclosed piping system, to pump the solvent back to the dry cleaning units. Such system shall be installed pursuant to the Rules of the

Board of Standards and Appeals for Oil Burners. The said tank or tanks shall be of sufficient capacity to accept all solvent contained in the dry cleaning unit or units which it services.

Rule 3. Restrictions on Locations and Areas

- 3.1 No coin-operated dry cleaning establishment shall have a gross floor area exceeding 2,000 square feet to be used for dry cleaning, and incidental operations, including space used for pressing, finishing, storage and for the service of customers. The square foot area limitation shall apply to the aggregate of all space so used on all floors and mezzanines of the premises involved above the cellar or basement thereof. Additional space may be used on a lower floor which is either a basement or cellar provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles. Such additional space may include ordinary storage, boilers, compressors, pumps and filtration equipment.
 - 3.1.1 In calculating the gross floor area pursuant to Rule 3.1, the area restriction shall not include the area used by lawful non-dry cleaning operations of a multiple use type of service establishment.
- 3.2 No coin-operated dry cleaning establishment shall be permitted within any building:
 - 3.2.1 which is of wood frame construction;
 - 3.2.2 which is classified as a public building pursuant to Section C26-235.0 of the Administrative Building Code;
 - 3.2.3 where any part of such establishment is within 20 feet of any public building.

Rule 4. Egress

- 4.1 The means of egress from all coin-operated dry cleaning establishments shall be in conformity with the provisions of the building code and all laws, rules and regulations applicable. In addition thereto, all establishments shall conform to the following:
 - 4.1.1 Aisles not less than 3 feet in width providing access from the main work area to required means of egress shall be provided. Such required aisles shall not be obstructed in any manner.
 - 4.1.2 In all coin-operated dry cleaning establishments all required exit doors shall be arranged to swing in the direction of egress.

Rule 5. Fire Prevention

All coin-operated dry cleaning establishments shall comply with the following:

- 5.1 Unless otherwise specifically exempted by Law, no boiler shall be permitted in the same area or space where dry cleaning units are located unless such boiler shall be enclosed in a one-hour fireproof enclosure.
- 5.2 All ceilings of all such boiler rooms as provided in Rule 5.1 shall be fire-retarded with one-hour fire resistive material.
- 5.3 All openings from any such dry cleaning establishment on the course of a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 5.4 It shall be unlawful to use or store any inflammable liquids or solvents.
- 5.5 Inflammable liquids and solvents shall not be used for spotting and sponging.
- 5.6 All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding

PUBLIC HEARING

55 gallons of capacity with a tight fitting cover and shall be removed from the premises and disposed of in a lawful manner.

- 5.7 All solvent used in the dry cleaning unit shall be either (a) received and stored in metal containers not exceeding 55 gallons each and pumped directly into a dry cleaning unit or units by means of a detachable leakproof pump and pipe system, or (b) received and stored in a tank or tanks installed in accordance with the Rules of the Board of Standards and Appeals relating to the receiving and storing of light fuel oils and pumped directly into a dry cleaning unit or units by means of a closed leakproof pipe and pump system.
- 5.8 In any such coin-operated dry cleaning establishment, no member of the general public shall be permitted to do spotting or sponging or make use of any device employing live steam or heat for pressing or finishing.
- 5.9 Any pressing or finishing, spotting or sponging may be performed only by a qualified operator and these operators shall be located within an enclosed space separated from the customer area.

Rule 6. Ventilation

- 6.1 In coin-operated establishments all dry cleaning units shall be installed in such a manner so that the working or maintenance portion of the equipment shall be separated from the front of such units by solid partitions. Access doors to the space in back of the machines shall be kept closed and locked. Such establishments shall be ventilated in such a manner to preclude solvent vapors from being admitted to the combustion area of any device requiring an open flame or heating element. Solvent storage tanks, power boxes and other source of danger shall be so situated as to be inaccessible to the general public.
- 6.1.1 Any drying equipment shall be located at least 25'-0" from any dry cleaning unit unless placed in an enclosed area.
- 6.2 Coin-operated dry cleaning establishments shall be equipped with adequate ventilation to provide at least four (4) complete changes of air volume an hour. The minimum ventilation specified here shall be maintained at all times when the coin-operated dry cleaning establishment is open.
- 6.3 All dry cleaning units must be provided with facilities to cause an inward flow of 100 cubic feet of air per minute through the loading door of any such units when the same is open.
- 6.4 Additional general ventilation of the service area back of coin-operated dry cleaning units shall be provided so that in emergencies a minimum of one air change per minute of the enclosed service area will be provided.
- 6.5 All coin-operated dry cleaning establishments shall have sufficient ventilation so as to prevent an excessive concentration of solvent vapors in the dry cleaning establishment. An excessive concentration of solvent vapors shall be that which exceeds 100 parts of solvent vapors per one million parts of air during any working day.
- 6.6 In addition to all other ventilation requirements provided for in these Rules, the following shall apply to coin-operated dry cleaning establishments:
- (a) A power exhaust system shall be provided for the removal of toxic vapors consisting of: at least one individual exhaust on each dry cleaning unit; scavenger ducts located in front of each unit; power exhaust fans for the space behind such unit; and air intakes located on the front grill of each such unit. All exhaust facilities shall be sealed and air tight and constructed in such manner so that all solvent vapors shall be discharged

mechanically to the open air in the manner specified in subsection 1 through 4 of Rule 6.8 hereof. All exhaust facilities shall be operated continually while the premises are open to the public. Provisions must be made by air intakes to replace air exhausted from the establishment to the outside.

- 6.7 A scavenger duct shall be provided in the front of each unit and shall be designed to pick up vapors surrounding the equipment near the floor. The suction inlet for these scavenger ducts shall be located not less than two or more than six inches above the floor and shall exhaust 300 feet of air per minute.
- 6.8 The equipment exhausts, or vents shall terminate at the outer air in the following manner:
- (1) At least 7 feet above the roof, street, yard or court grade on which it opens of the premises in which said establishment shall be located, and
- (2) The exhaust shall be under positive pressure by reason of a mechanical fan, and
- (3) The terminal of the exhaust shall be at least five feet from any window or ventilating opening if the window or ventilating opening lies on the same plane as the exhaust terminal and when the windows, or ventilating openings lie on a plane which faces in the direction of the exhaust terminal such terminal shall be at least 10 feet from such opening, and
- (4) All direct equipment exhausts or vents shall be provided with mesh lint arrestors which shall be kept clean. When lint traps are provided on the units, mesh lint arrestors may be omitted from the exhaust equipment.

Rule 7. Operating Precautions

- 7.1 A legible printed notice embodying these Rules shall be posted in a conspicuous place in all coin-operated dry cleaning establishments.
- 7.2 Coin-operated dry cleaning establishments shall post complete legible printed operating instructions near the machines. These instructions shall include a warning to the effect that garments or materials which retain an odor of the cleaning solvent are dangerous if placed in a small enclosed space such as an automobile.
- 7.3 The owner-operator of any coin-operated dry cleaning establishment shall furnish to any person cleaning out a dry cleaning unit an approved type respirator for his use during the process of cleaning out any such unit.
- 7.4 All equipment shall be installed in such manner as to minimize noise, vibration, smoke, and odors, and other forms of nuisances to the occupants of the premises in which such cleaning establishment may be located or to the occupants of any adjacent premises.
- 7.5 A trained attendant shall be present at all times when the coin-operated dry cleaning establishment is open. The training of this attendant shall include knowledge of the safe operation of the machine installed and in the handling of emergency situations. The telephone number of the owner-operator shall be posted conspicuously for emergencies.
- 7.6 No member of the general public who is less than sixteen years of age shall be permitted to insert into or remove from any dry cleaning unit any textile fabric, garment or other article. A lighted indoor sign to such effect shall be posted conspicuously in all coin-operated dry cleaning establishments. All coin-operated dry cleaning establishments shall also display lighted indoor signs warning the general public of the danger of excessive vapor inhalation and skin irritation from unevaporated dry cleaning solvent.

PUBLIC HEARING

- 7.7 All dry cleaning machines used in a coin-operated dry cleaning establishments shall be fitted with an interlocking device which will prevent the opening of the door of any such machine (a) while such machine is in operation and (b) until solvent vapors have been removed from any textile, fabric, garment or other article and from the tumbler in which the same shall be placed.
- 7.8 The odor of any solvent used in a coin-operated dry cleaning unit in a dry cleaning establishment shall not be masked or altered in any fashion.
- 7.9 All coin-operated dry cleaning units shall have the dry load capacity of the unit as rated by the Board, based on the factor of 2.8 times the cubic feet capacity of the basket displayed on the face of the unit.
- 7.10 Spotting or sponging with inflammable liquid solvent shall not be permitted in coin-operated dry cleaning establishments except as provided in Rule 5.9.
- 7.11 A scale shall be located on premises to assure that the rated dry load capacity of coin-operated dry cleaning machine shall not be exceeded.

Rule 8. Penalties

Any violation of these Rules by an operator shall subject him or her to the penalties prescribed in the Zoning Resolution effective December 15, 1961 and the employee and owner shall be deemed responsible for any violation.

It shall be unlawful to exceed the posted dry load capacity of any coin-operated dry cleaning unit.

Rule 9. Effective Date of Rules

The effective date of these rules shall be twenty (20) days after date of publication of the rules as adopted.

Rule 10.

If any term or provision of any of the aforesaid Rules shall be held unconstitutional or ineffective in whole or in part, such determination shall not be deemed to invalidate the remaining terms or provisions of these Rules.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

Minutes of Regular Meeting, Tuesday Afternoon, February 27, 1962, Affecting Calendar Numbers 647-48-SA—Vols. I and II, 439-52-SM—Vols. I and II, 220-58-SM, 84-59-SM, 616-60-SM, 869-60-SM, 176-61-SM, 497-61-SM, 556-61-SM, 919-61-SA, 360-59-A, 146-61-A, 147-61-A, 157-61-A, 229-61-A, 289-61-A, 302-61-A, 316-61-A, 1033-61-A, 1546-61-A, 58-61-A—Vol. II, 1019-21-A—Vol. II, 553-59-A—Vol. II, 552-60-A, 54-61-A, 242-

NOTICE OF MOTION AND PETITION SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On February 23, 1962, Notice of Motion and Petition was served on the Board by Herbert Daniel Stone, attorney for petitioner, Allan B. Stone, lessee, seeking a review of the Board's denial on January 30, 1962 of the application for reopening as Volume II, subject to regular procedure, the application which was previously denied, under Section 7e of the Zoning Resolution, to permit in a residence use district, a change in use of the first floor, from doctor's office, to Art Gallery and office; Calendar Number 220-61-BZ—Vol. I; Premises 18 East 82nd Street, south side, 119 feet west of Madison Avenue, Block 1493, Lot 61, Borough of Manhattan.

PUBLIC HEARINGS

Tuesday at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 14, 1962, after due notice by publication in the Bulletin; laid over to February 27, 1962 for inspection and decision; applicant to file drawing showing existing conditions, hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated September 26, 1961 acting on Alt. Applic. No. 1347-61, reads:

"1. The proposed change in use from boiler room, garage for more than 5 motor vehicles, milk distribution plant and offices to, boiler room, garage for more than 5 motor vehicles, wholesale grocery business and offices of a structure located in a business use district and extending into a residence use district is contrary

to Art. 2, Sec. 3 and Sec. 4-a, subsection 15 of the Z.R. See C.O. #Q-10127.

2. The proposed change in ownership is contrary to the resolution of the Board under Cal. #1094-39-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7c and 21 of the Zoning Resolution, to permit in a business and residence use district, the change in occupancy of an existing two story building from a milk distributing plant, office and garage to a wholesale grocery establishment and offices, with a garage for more than five motor vehicles extending into the residence portion of the premises on condition the work conform to drawings filed with this application dated October 23, 1961, 4 sheets, February 21, 1962, 2 sheets; that the signs on the building shall be restricted to those permitted in a business use district; that all laws, rules and regulations applicable be complied with; that permit shall be obtained, work done, and a Certificate of Occupancy obtained within twelve months from the date of this Resolution.

327-41-BZ—Vol. II

APPLICANT—Philip P. Agusta for Joseph Foraldo, owner.

SUBJECT—Application reopened November 8, 1961 as Volume II—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the extension of the uses in an existing one story building presently occupied as a rag and metal storage to include rag baling, junk shop and metal storage and use of an oxy-acetylene torch for junk and metal storage in the open area and parking of cars.

This premises subject to previous BSA Board action under Cal. #327-41-BZ." and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a of the Zoning Resolution, to permit in a residence use district, the extension of the uses in an existing one story building presently occupied for rag and metal storage, to include rag baling, junk shop and metal storage and the use of an oxyacetylene torch for junk and metal storage in the open area and for the parking of cars *on condition* the work be done to conform with drawings filed with this application dated September 22, 1961, 1 sheet, and February 23rd, 1962, 4 sheets revised; *on further condition* that all loading and unloading will be done on the property and off the street; that all laws, rules and regulations applicable be complied with, and that permit be obtained, work done, and Certificate of Occupancy obtained within twelve months from the date of this Resolution.

950-50-BZ—Vol. II

APPLICANT—Crinnion and Crinnion for John Sacchi, owner.

SUBJECT—Application reopened January 30, 1962 for consideration as to extension of term of variance, expires October 7, 1963—decision of the Borough Superintendent, previously granted on condition, under Sections 7e and 7h of the Zoning Resolution, permitting in a residence and local retail use district, the use of premises for the sale and display of used motor vehicles.

PREMISES AFFECTED—1909 Bruckner Boulevard, northeast corner of White Plains Road, Block 3733, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert J. Crinnion.

For Opposition: None.

ACTION OF BOARD—Time extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on October 14, 1953, this application, Volume II, was granted by the Board on certain conditions; and

WHEREAS, this application was reopened and the term of variance extended for five years on October 7, 1953; and

WHEREAS, the applicant states that this plot is presently located in a local retail district, from White Plains Road for a distance of 100 feet easterly along Bruckner Boulevard for a depth of 100 feet, and the balance is in a residence district; that the entire plot is in an E area district and class 1 height district; that there is no amendment pending before the City Planning Commission to change the zoning designation of this plot, but under the comprehensive amendment to the Zoning Resolution effective December 15, 1961, this entire plot is designated in a C2-5 district; that there have been no changes on the site and surrounding area since Certificate of Occupancy No. 17842 was issued December 20, 1955; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance which will expire by time limitation on October 7, 1963; and

WHEREAS, this application was reopened on January 30, 1962, and set for hearing on February 27, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent,

dated November 13, 1961, acting on Alt. Applic. 146-53, reads:

"1—Continued use of premises as a used car, sales lot for the entire lot and auxiliary office located within a residence & loc. ret. use district is contrary to Art. II Sections 3 and 4c of the Zoning Resolution & B.S.A. Cal. #950-50-BZ, Vol. II."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 14, 1953 as amended through October 7, 1958, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"That the Resolution be amended so that the time to obtain a Certificate of Occupancy shall extend from the date of this amended Resolution for a term of six months, and that in all other respects the provisions of the original Resolution shall be complied with."

611-52-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober for Edward Baker, owner.

SUBJECT—Application reopened November 8, 1961 as Volume IV—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, for a temporary term of twenty years, the erection of a one story and cellar building for use as stores and storage only as permitted in restricted retail district, with curb cuts for the parking of patrons and employees cars and loading and unloading in the open area.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 14, 1962, after due notice by publication in the Bulletin; laid over to February 27, 1962 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated September 6, 1961, acting on Alt. Applic. 1549-61, reads:

"A1—Transient parking in a garage in a cellar of a building which is located in a Residence use district and which is appurtenant to a class A Multiple Dwelling is contrary to Art. II Sec. 9-b & c of the Zoning Resolution which prohibits the rental of such garage space for a period of less than one month by non-occupants."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 60-3 of the Multiple Dwelling Law.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 60-3 of the Multiple Dwelling Law to permit in a residence use district, the use of the surplus parking spaces in a multiple dwelling accessory garage for transient parking, for a term of twenty years, *on condition* the building conform to drawings filed with this application dated September 20, 1961, 3 sheets; on further condition that the vehicles parked in the transient parking space shall be pleasure-type cars only and shall not exceed 149 in number in addition to the number of cars parked by the tenants of the building, and in addition to cars parked on a monthly basis; and also, *on condition* that the tenants of this apartment building may recapture any of the space devoted to transient parking on 30 days notice to the owner in accordance with Section 3(9)(b) of the Zoning Resolution and Section 60(1b) of the Multiple Dwelling Law; that all other laws, rules and regulations applicable shall be complied with, that permits required and any work required shall be done within twelve months from the date of this Resolution.

1494-61-A

APPLICANT—Max Siegel Associates for First Terrace Gardens Incorporated, owner; G and M Garage Incorporated, lessee.

SUBJECT—Application September 20, 1961—Filed pursuant to Section 60 Subd. 1(b) of the Multiple Dwelling Law re—transient parking in accessory Multiple Dwelling Garage.

PREMISES AFFECTED—413-421 West 23rd Street, north side, 125 feet west of Ninth Avenue, 420 West 24th Street, Block 721, Part of Lot 7, Borough of Manhattan.

APPEARANCES—

For Applicant: John M. Hronec.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 6, 1961 on Alt. Applic. 1549-61, reads:

"A2—Transient parking in a garage in the cellar of a Multiple Dwelling by persons other than the occupants is contrary to Sec. 60, Sub. 1B of Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is 110 feet by 52 feet in area, 16 stories and penthouse, 150 feet high, of class 1 construction, located in residence use, B area and class 1½ height district, built in 1929, now used and occupied since 1956: cellar—boiler room, storage, tenant's laundry and garage; 1st floor—doctor's office and apartments; 2nd to 16th floors inclusive, apartments; penthouse—apartments, substantially in accordance with Certificate of Occupancy No. 45219 issued February 2, 1956; that the proposed use and occupancy will be the same, except for transient parking in the cellar; that additional facts about the premises are outlined in an accompanying zoning appeal under Cal. No. 1493-61-BZ; and

WHEREAS, the applicant states that in the year 1953 an accessory garage was built under the common yards between the buildings, at about cellar level, with a total legal capacity of 185 car spaces; that the Multiple Dwelling Law voluntarily permits a maximum capacity of one (1) car space for each dwelling unit, which would equal 193 car spaces for each building; that said law does not require any minimum number of car spaces for said dwelling; that we respectfully urge the Board to grant these variances, as permitting transient parking would not adversely affect anyone; that it would serve a public demand and tend to relieve traffic congestion; that no change of any kind to the structure is involved; that for all intents and purposes, the garage will exist as it does now, except for a minor change in signs indicating the transient parking; that the legislative intent of the amendments of Section 60 of the Multiple Dwelling Law was designed to take advantage of the large amount of unused parking space in Multiple Dwellings to relieve to some extent the shortage of off-street parking facilities for transient motor vehicles; that the granting of these variances will do substantial justice and be in harmony with the general purpose and intent of the laws governing same; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1549-61, Objection No. A-2, dated September 6, 1961, be and it hereby is *modified* under the powers vested in the Board by Section 60 (1b) of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, *on condition* that all of the requirements of the Resolution adopted this day by the Board under Calendar Number 1493-61-BZ be complied with.

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 5, 1961 on Alt. Applic. 1551-61, reads:

"A2—Transient parking in a garage in the cellar of

a Multiple Dwelling by persons other than the occupants is contrary to Sec. 60 Sub. 1B of the Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is 110 feet by 52 feet in area, 16 stories, and penthouse, 150 feet high, of class 1 construction, located in residence use, B area and class 1½ height district, built in 1929, now used and occupied since 1956: cellar—boiler room, storage, tenant's laundry, employee's rest and locker rooms and garage; 1st floor—apartments, lobby and lounge, ladies and men's toilets, manager's office, reading room, accounting office, renting and building offices, cashier's desk, package and telephone switchboard rooms; 2nd to 16th floors inclusive—apartments; penthouse—apartments; substantially in accordance with Certificate of Occupancy No. 54211 issued February 2, 1956; that the proposed use and occupancy will be the same, except for transient parking in the cellar; that additional facts about the premises are outlined in an accompanying zoning appeal under Cal. No. 1497-61-BZ; and

WHEREAS, the applicant states that in the year 1953 an accessory garage was built under the common yards between the buildings, at about cellar level, with a total legal capacity of 185 car spaces; that the Multiple Dwelling Law voluntarily permits a maximum capacity of one (1) car space for each dwelling unit, which would equal 193 car spaces for each building; that said law does not require any minimum number of car spaces for said dwelling; that we respectfully urge the Board to grant these variances, as permitting transient parking would not adversely affect anyone; that it would serve a public demand and tend to relieve traffic congestion; that no change of any kind to the structure is involved; that for all intents and purposes, the garage will exist as it does now, except for a minor change in signs indicating the transient parking; that the legislative intent of the amendments of Section 60 of the Multiple Dwelling Law was designed to take advantage of the large amount of unused parking space in Multiple Dwellings to relieve to some extent the shortage of off-street parking facilities for transient motor vehicles; that the granting of these variances will do substantial justice and be in harmony with the general purpose and intent of the laws governing same; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1551-61, Objection No. A2, dated September 5, 1961, be and it hereby is *modified* under the powers vested in the Board by Section 60(1b) of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, *on condition* that all of the requirements of the Resolution adopted this day by the Board under Calendar Number 1493-61-BZ be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

647-48-SA—Vols. I and II—Automatic Burner Corporation, Chicago, Illinois, requested that the resolution adopted May 3, 1949, and amended through May 9, 1961, under Calendar Number 647-48-SA—Vols. I and II be reopened and amended so as to include the ABC Model 97A Hi-Lo Burner 7668 and 7669 which will also be marketed by American-Standard Plumbing and Heating Division as the American Standard Burner.

USE: Residential and commercial oil burners.

DESCRIPTION: The Model 97A Hi-Lo Burner 7668 and 7669 is similar to the previously approved Model 97 burner but with a higher firing range of 12 to 24 gallons per hour. It has a low fire start and high fire operation and has a M-H electronic flame safeguard or similar control.

The burner has been tested and approved by the Underwriters' Laboratories File MP 1131 for fuel oil not heavier than No. 2.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 3, 1949, and amended through May 9, 1961, under Calendar Number 647-48-SA—Vols. I and II be reopened and amended so as to include the ABC Model 97A Hi-Lo Burner 7668 and 7669 which will also be marketed by American-Standard Plumbing and Heating Division of the American Standard Burner with same model designation on condition that the requirements of the resolution adopted May 3, 1949, and amended through May 9, 1961, under Calendar Number 647-48-SA—Vols. I and II be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

439-52-SM—Vols. I and II—Amendment to resolution as to additional fire resistive partitions and floor and ceiling construction.

J. K. Hovind for National Gypsum Co., Buffalo, N. Y., requested that the resolution adopted June 2, 1953, and amended through May 23, 1961, under Calendar Number 439-52-SM—Vols. I and II be reopened and amended so as to include additional fire resistive partition and floor and ceiling construction.

USE: Studs and Furring Channels used in conjunction

MINUTES

with fire resistive partitions and floor and ceiling construction.

DESCRIPTION: The Gold Bond Drywall Steel Studs are manufactured from 25 gauge galvanized steel in depth of 1 5/8", 2 1/2" and 3 5/8". The channels are "C" shaped with a 1/4" hemmed return at the open end of the flange. The flanges contain fine ridges to facilitate penetration of self-drilling sheet metal screws.

The Gold Bond Drywall Steel Stud Track, manufactured from 25 gauge galvanized steel in the same widths as the studs and are "U" shaped for aligning and anchoring the studs at floor and ceiling.

The Gold Bond Drywall Furring Channels, manufactured from 25 gauge galvanized steel into hat shaped channels with an overall width of 2 3/4". The channels have 1/2" hemmed wing flanges to facilitate attachment to ceiling framing spaced up to 4' 0" centers.

INSPECTION AND TEST: The studs, stud track and furring channels were tested, as a component part of both a fire resistive partition or a floor and ceiling construction at Ohio State University in accordance with the requirements of C26-588.0 through C26-590.0 and C26-591.0 and C26-592.0 Administrative Building Code. The partitions were constructed as follows:

Type 1.—The studs are spaced 2' 0" on centers and 5/8" Gold Bond Fire Shield Gypsum Wallboard (previously approved) is applied to each side of the stud with 1 1/8" self drilling screws spaced 1' 0" on centers along the intermediate studs and 0' 8" on centers along the vertical edges.

Type 2.—The same basic construction as Type 1 except that a second layer of the 5/8" board is laminated to the first layer, attached with the approved joint compound only. The floor and ceiling is constructed as follows:

Bar joists are placed 2' 0" on centers and 3/8" rib metal lath is placed on top of the joists to act as a form for the 2" sand and gravel concrete, strength 2700 p.s.i. min. The Gold Bond Furring Channels, spaced 2' 0" on centers are attached to the lower flanges of the joists every 4' 0" with wire clips. The 5/8" Gold Bond Fire Shield Gypsum Wallboard is attached to the channels with self drilling screws 1' 0" on centers along the intermediate framing and 0' 8" on centers along the butt edges.

Ratings based on the results of the tests were as follows:

Type 1. One hour fire resistive non-load bearing partition.

Type 2. Two hour fire resistive non-load bearing partition.

Floor and Ceiling—One hour fire resistive floor and ceiling construction.

The complete reports are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted June 2, 1953 and amended through May 23, 1961, under Calendar Number 439-52-SM—Vols. I and II be reopened and amended so as to include the material known as Gold Bond Drywall Steel Studs, Gold Bond Drywall Steel Stud Track and Gold Bond Drywall Furring Channels for use in New York City as a component part of a one and/or two hour fire resistive non-load bearing partition and for use in a one hour fire resistive floor and ceiling construction when constructed as herein described on condition that the requirements of the resolution adopted June 2, 1953, and amended through May 23, 1961, under Calendar Number 439-52-SM—Vol I be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 220-58-SM—Amendment to resolution as to additional flameproofed fabrics.

Charles Bloom, Inc., New York, requested that the resolution adopted November 18, 1958, under Calendar Number 220-58-SM be reopened and amended so as to include additional flameproofed fabrics.

USE: Flameproofed fabrics for drapery use in places of public assembly.

DESCRIPTION: The material is a combination of the approved modified acrylonitrile and/or Saran with either viscose rayon, polyester or flax.

INSPECTION AND TEST: Samples of the various blends of fabrics were tested at Better Fabrics Testing Bureau and all samples successfully met the requirements of the Flameproofing Rules of the Board. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 18, 1958, under Calendar Number 220-58-SM be reopened and amended so as to include the additional fabrics known as Fire-LL Drapery Fabrics, Lexicon, Lipton, Samara, Pacific, Nomad and Biarritz on condition that the requirements of the resolution adopted November 18, 1958, under Calendar Number 220-58-SM are complied with.

APPLICANT—Weyerhaeuser Company owner.

APPEARANCES—

For Applicant: Eugene M. Ford and Frank N. Modica.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Becker and Commissioner Klein 4

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 84-59-SM—Amendment to resolution as to rails, stiles, lock-block and change of corporate name.

Weyerhaeuser Company, Wood Products Division, Marshfield, Wisconsin, requested by filing an affidavit, that the resolution adopted February 21, 1961, under Calendar Number 84-59-SM be reopened and amended so as to show a change of ownership and also a change in the rails, stiles and lock-blocks.

USE: 3/4" and one hour fire resistive opening protective assemblies.

DESCRIPTION: The requested changes consists of a wider fire treated wood top and bottom rails, the approved door having 1 1/2" bottom rail and 1/2" top rail, and the request is for 4 1/2" fireproof treated wood top and bottom rails. The presently approved stiles are 3/4" and the request

MINUTES

is for 1½" fireproof wood stiles. The requested size of the lock-block is 4" wide by 26" long of fireproof treated wood. RECOMMENDATION: The Committee on Test recommends that the resolution adopted February 21, 1961, under Calendar Number 84-59-SM be reopened and amended so as to show a new owner-manufacturer, namely Weyerhaeuser Co., Wood Products Division and to permit an increase in size of "fireproof" treated wood as herein described in the stiles, rails and lock-block, on condition that the requirements of the resolution adopted February 21, 1961, under Calendar Number 84-59-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

616-60-SM

APPLICANT—National Gypsum Company, owner.
APPEARANCES—

For Applicant: Donald K. Busch.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of the Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

616-60-SM—Amendment to resolution as to additional construction.

National Gypsum Co., Buffalo, New York, requested that the resolution adopted November 22, 1960, and amended April 18, 1961, under Calendar Number 616-60-SM be reopened and amended so as to include additional size tile and its use as a component part of a fire resistive floor and ceiling construction.

USE: Acoustical tile for use as a component part of a 2 hour fire resistive floor and ceiling.

DESCRIPTION: The requested tile is manufactured of the same material and in the same manner as the presently approved tile, the difference being in the size, the requested tile is 5⅞" x 23¾" x 23¾" or 5⅞" x 23¾" x 47¾".

INSPECTION AND TEST: A sample floor and ceiling construction was tested at the Underwriters Laboratories in accordance with the requirements of C26-588.0 through C26-596.0 Administrative Building Code.

The construction was as follows:

Steel joists, spaced 24" on centers, are first installed then ⅜" ribbed expanded metal lath is placed on top of the joists and secured to the joists with lath clips to be used as a form for the concrete topping. Concrete is then poured to a depth of 2" over the lath.

Main tees are then attached to the lower flange of the joists by means of tie wires, these tees are spaced 4' 0" on centers and cross tees are then placed perpendicular to the main tees on 2' 0" centers and the tile is then placed so as to rest on the flanges of the main and cross tees. The tiles are held in place by means of hold-down clips which are snapped onto the webs of the tees and made to bear on the tile. The construction conformed to Drawing R 4337-6 which is on file with and is part of the record.

The construction successfully met the fire and hose stream requirements of a two hour fire resistive floor and ceiling construction.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 22, 1960, and amended April 18, 1961, under Calendar Number 616-60-SM be reopened and amended so as to include the Gold Bond

Fire Shield Solitude Grid Panels in sizes of 5⅞" x 23¾" x 23¾" and 5⅞" x 23¾" x 47¾" for use in New York City as an incombustible acoustical tile and also to be used as a component part of a two hour fire resistive floor and ceiling construction on condition that the floor and ceiling construction be as herein described under the heading "Inspection and Test" and in the conformity with Drawing R 4337-6 and further that all the requirements of the resolution adopted November 22, 1960, and as amended April 18, 1961, under Calendar Number 616-60-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

869-60-SM

APPLICANT—American Synthanite Corporation, owner.
APPEARANCES—

For Applicant: D. W. Gesler.

ACTION OF BOARD—Material disapproved.

THE VOTE TO APPROVE—

Affirmative: Commissioner Fox 1
Negative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Becker and Commissioner Klein 4

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:
869-60-SM—American Synthanite Corp., New York, filed for approval of the material known as Synthanite Cement under the provisions of C26-191.0 Administrative Building Code.

USE: Forms a concrete floor topping and/or underlayment.
DESCRIPTION: The material Synthanite is processed from the residue of hydrofluoric acid manufacture, and is manufactured for the American Synthanite Corp., by E. I. du Pont de Nemours & Co., Inc., at its hydrofluoric acid plant at Penns Grove, New Jersey.

The material is basically a synthetic anhydrous calcium sulfate (Ca SO⁴).

INSPECTION AND TEST: The applicant has submitted reports of tests conducted by Gulick-Henderson Laboratories, Inc., showing the compressive and flexural strength of a concrete using the material Synthanite.

The mix was 1 part of Synthanite, 1½ parts of sand and 1 part of gravel and 3½ gals. of water per sack of Synthanite.

The results were as follows: Compression—6325 p.s.i.
Flexure 651

The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Synthanite Cement under the provisions of C26-191.0 Administrative Building Code as a component part of a Synthanite concrete, of a mix of 1 part of Synthanite cement, 1½ parts of sand, 1 part of gravel and 3½ gallons of water per sack of cement, for use in New York City as a floor topping and/or underlayment for floor finishes on condition that each bag in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 869-60-SM."

The Committee further recommends that the material shall only be construed as a topping and in no way shall it be considered as part of the thickness of the slab when considering the structural or fire resistance of the floor construction, the topping shall not be exposed to continuous moisture and if used with floor heating systems, the system shall not exceed 158°F and when topping is covered with

MINUTES

an approved floor covering, the floor covering shall not be laid until the Synthianite Concrete is completely dried.

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

WHEREAS, the report of the Committee on Test recommended approval of the appliance; and

WHEREAS, by vote of the Board, the material was not approved.

Resolved, that the Board of Standards and Appeals does hereby disapprove this material.

176-61-SM

APPLICANT—Air Reduction Chemical & Carbide Company, owner; John J. Crowe, agent.

APPEARANCES—

For Applicant: John J. Crowe.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 176-61-SM—J. J. Crowe for Air Reduction Chemical and Carbide Co., Cleveland, Ohio, filed for approval of the material known as Vinac CE-1-P under the provisions of C26-464.0 Administrative Building Code.

USE: The material is a bonding agent to be used to bond plaster to concrete.

DESCRIPTION: The material is a polyvinyl acetate emulsion. The formulation is of a proprietary nature and, therefore, the committee has placed the formula in a sealed envelope which has been placed in the Board's safe so that the constituent parts of the formula will not be disclosed but can be checked at any time, if necessary.

INSPECTION AND TEST: Samples of the material were tested at E. L. Conwell & Co., Laboratories.

The following tests were conducted: Tension, shear acidity and toxicity.

The tensile tests were made on three different groups of standard briquettes. The first group consisted of the following: neat cement, Ottawa sand mortar, Warner sand mortar, sanded gypsum, perlite gypsum, vermiculite gypsum and neat plaster.

The second group was made by cementing together the halves of the first group, after testing, with Vinac CE-1-P.

The third group was made by making half briquettes of neat cement, placing them in briquette molds, coating the exposed cross section with Vinac CE-1-P and then molding the other half with a brown coat, finish plaster, acoustical plaster and perlite plaster.

All specimens in condition 2 and 3 broke in shear and tension due to failure of the masonry material.

There was no change in pH at the end of 30 days and the products of combustion are not considered more dangerous than products of combustion of other materials used in construction. The complete report is on file with and is part of the record.

RECOMMENDATION: On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Vinac CE-1-P for voluntary use in New York City as a bonding agent to bond plaster to concrete or to cement mortar, the Committee further recommends that this material may be used as an adhesive to bond a finish coat directly over trowelled concrete, provided a three coat plaster is not required, for example, a line putty finish coat on concrete columns.

It is further recommended that, in no way shall this ma-

terial be construed to be the equivalent, nor shall it be used in lieu of a coat of plaster and further that each container in which the material is marketed shall be marked, labeled or stamped, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 176-61-SM."

The committee further recommends that this material may be marketed by the Standard Dry Wall Products, Inc., under the trade name Thorobond and by Preco Chemical Co. under the trade name Tite-Bond.

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

497-61-SM

APPLICANT—Hart and Cooley Manufacturing Company, owner.

APPEARANCES—

For Applicant: Richard C. Smeenge.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 497-61-SM—Hart and Cooley Manufacturing Co., Holland, Michigan, filed for approval of the material known as Metlvent Types B and BW under the provisions of C26-696.0.4C Administrative Building Code.

USE: Flue and/or outlet pipe for gas appliance.
DESCRIPTION: The vent pipe sections consist of an aluminum pipe within a galvanized pipe, with an air space between. The aluminum pipe is 0.012" thick and the galvanized pipe is 0.018" thick. The type B range in size to 6" and the BW is used for venting recessed heaters.

INSPECTION AND TEST: Samples of the material were found to comply with C26-88.0 Administrative Building Code. The appliance has also been approved by the Underwriters Laboratories under File MH 6690. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Metlvent Types B and BW as having met the requirements of C26-88.0 for use in New York City under C26-696.0.3.C on condition that the clearance from combustible material shall not be less than 1" and further that this appliance may be used only in conjunction with gas fired appliances producing gas vent temperature not in excess of 550°F and further that all cartons in which the material is marketed shall be labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 497-61-SM."

(Sgd.) WILLIAM A. NOLAN,
Director,

JOHN A. DARTS,

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

556-61-SM

APPLICANT—National Gypsum Company, owner; J. K. Hovind, agent.

APPEARANCES—

For Applicant: Donald K. Busch.

MINUTES

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 556-61-SM—J. K. Hovind for National Gypsum Company, Buffalo, New York, filed an application for approval of the material known as Gold Bond Therma Thane Perimeter Insulation for use in New York City under the provisions of Section C26-191.0 Administrative Building Code.

USE: Perimeter insulation for foundations and slab-on-ground construction.

DESCRIPTION: Gold Bond Therma Thane Perimeter Insulation is a rigid closed cellular polyurethane foam plastic of thermosetting characteristics. It is furnished in rectangular sheet form, 2' wide and 4' long in thicknesses of 13/32", 5/8", 15/16" and 1 1/4". Other thicknesses and sizes also available. It is a natural white or integrally colored light brown or yellow. Each sheet is scored lengthwise at spacings of 4", 8" and 6" on one side only to facilitate breaking or "snapping" into narrower sheets.

INSPECTION AND TEST: Tests covering thermal conductivity, compression resistance, moisture absorption, capillarity and other physical characteristics were conducted by Pittsburgh Testing Laboratory in accordance with ASTM and FHA test procedures and the product met all the requirements of "FHA Test Procedures to Determine Acceptability of Perimeter Insulation for Concrete Floors on Ground." Copies of the test reports are on file with and part of the record.

RECOMMENDATION: The Committee on Test recommends approval of the material known as Gold Bond Therma Thane Perimeter Insulation for voluntary use as perimeter insulation for concrete slab-on-ground, floors or foundations under the provisions of C26-191.0 Administrative Building Code which may be placed on ground, held by back-fill or bonded to concrete surfaces with a cement mortar, emulsion type asphalt adhesive, or rubber mastic on condition that the cartons in which the material is marketed, or if supplied unwrapped, the shipping tickets, bills of lading and/or invoices shall be tagged, stamped or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 556-61-SM."

(Sgd.) WILLIAM A. NOLAN,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

919-61-SA

APPLICANT—Sears, Roebuck and Company for Armstrong Products Corporation, owner.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 919-61-SA—Armstrong Products Corp., Huntington, West Virginia, filed for approval of the appliance known as Ken-

more Gas Fired Heater Models 519015, 519020, 520015 and 520020 under the provisions of Article 12 Administrative Building Code, the Multiple Dwelling Code and the Multiple Dwelling Law. These heaters will be marketed by Sears Roebuck and Co.

USE: Gas fired space heaters.

DESCRIPTION: These Kenmore heaters are free standing heaters consisting of a cast iron drilled port burner firing into the bottom of a stamped steel combustion chamber which connects to a secondary heat exchanger or radiator by means of two flue ways. The radiator connects to a draft hood which is provided with a collar to which a vent pipe is to be connected to exhaust combustion products outdoors. The entire heat exchanger is constructed of 20 gauge sheet steel and is finished in a heat resistant black paint.

The heat exchanger and burner are enclosed in a rectangular cabinet constructed of 22 gauge sheet steel finished in a tan textured baked-on enamel. The top portion of the front panel has an opening of expanded steel. The 519015 Models in addition have louvers in the top of the casing.

Access is provided for lighting the pilot burner or adjusting the air regulator by means of a small door on the left side of the cabinet.

Each heater is provided with an automatic gas valve and safety pilot to shut off gas supply in case of pilot flame failure.

These heaters are available with thermostatic control.

The last two digits in the model number indicate the heat rating in thousands of BTU per hour.

INSPECTION AND TEST: All data was examined by Assistant Engineer G. F. Sklenarik.

These Kenmore heaters have been tested and approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends the approval of the appliance known as Kenmore Gas Fired Heater Models 519015, 519020, 520015 and 520020 for use in New York City in accordance with this report and the provisions of Article 12 Administrative Building Code, the Multiple Dwelling Code and the Multiple Dwelling Law provided that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 919-61-SA." The Committee further recommends that the heater shall not be installed in garages or places of explosive atmospheres.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated January 17, 1961 and February 24, 1961 on Order No. 269-1, reads:

"1. Install an approved wet automatic sprinkler system throughout building having at least one source of water supply arranged and equipped as per Article 16 Chapter 26 Administrative Code as provided in Chapter 19-161.0, Adm. Code."

and

WHEREAS, the applicant states that the building is 50.76 feet by 114.92 and 132.04 feet in area, 3 stories, 40 feet high, of class 3 construction, located in retail use, B area and class 1 $\frac{1}{4}$ height district, built in 1905, now used and occupied since 1939: cellar—boiler room and storage; 1st floor—warehouse, 4 persons; 2nd and 3rd floors—warehouse, contrary to Certificate of Occupancy #2589 issued February 1, 1937 against Cor. Applic. 4053, which indicates use as follows: 1st floor—sale of lumber material; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that 1st, 2nd and 3rd floors are used to display and sell light furniture items; that the occupancy is always very small with never more than 5 to 10 people on a floor; that the cellar is used for storage and a boiler room which is self-contained in a fire retarded enclosure; that the owners intend to comply with the Building Department regulations and will install the necessary and proper exits; that the building has limited occupancy; that the building is maintained in a neat and orderly manner; that the building was originally a furniture warehouse but the certificate of occupancy, obtained on February 1, 1937 for the sale of lumber material presented a greater hazard to the area than the present occupancy; that the Fire Department rescinded a similar order in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board

Resolved, that the order of the Fire Commissioner, dated January 17, 1961 and February 24, 1961, acting on Order No. 269-1, Objection No. 1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

302-61-A

APPLICANT—C.H.J. Realty Corporation, owner; Interstate Casing Company of Ohio, lessee.

SUBJECT—Application February 20, 1961—Appeal from an

MINUTES

order of the Fire Commissioner re—sprinkler system.
PREMISES AFFECTED—38 Renwick Street, east side,
125 feet south of Spring Street, Block 594, Lot 71, Bor-
ough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub and Henry Rice.
For Administration: Lieut. Michael F. Leen, Fire Dept.
ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Becker and Commissioner Klein..... 4
Negative: Commissioner Fox 1
THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated
January 23, 1961 on Violation Order Number 478014, reads:

"1. Provide an approved automatic sprinkler system
throughout the building.
Chapter 19-161.0 Administrative Code."

and
WHEREAS, the applicant states that the building is 25 feet by
57 feet in area, 6 stories, 60 feet high of class 3 construc-
tion, located in unrestricted use, A area and class 2 height
district, built in 1880, now used and occupied since 1955:
cellar—packing sausage casings and boiler room, 1 person;
1st floor—shipping and office, 3 persons; 2nd floor—water
testing sausage casings, 14 persons; 3rd floor—salt storage
and rest rooms, 10 persons; 4th floor—storage of barrels;
5th floor—refrigerator for sausage casings; 6th floor—stor-
age of equipment; substantially in accordance with Certifi-
cate of Occupancy Number 44651 issued September 23, 1955
against Alt. Applic. 1297-51; that the proposed use and
occupancy will be the same; and

WHEREAS, the applicant states that this building is in the
area of the Lower Manhattan Crosstown Expressway and
will be condemned when construction of said Expressway
is undertaken; that the ceilings in this building are fire
retarded insofar as the factory portion is concerned; that no
combustible materials are stored anywhere in these premises;
that the only business presently conducted in this building is
the treatment with water of natural casings for frankfurters;
that after treatment these casings are stored in salt
water; that there are no employees working above the 2nd
floor in this building; and

WHEREAS, the premises was inspected by a committee of
the Board and the committee has recommended granting in
accordance with drawings filed.

Resolved, that the order of the Fire Commissioner, dated
January 23, 1961, acting on Violation Order Number 478014,
Objection Number 1, be and it hereby is *modified* and that
the appeal be and it hereby is *granted on condition* that the
building shall conform to drawings filed with this appeal
dated February 20, 1961, 7 sheets; that there shall be no
human occupancy above the third floor; and that all other
laws, rules and regulations applicable shall be complied with.

316-61-A

APPLICANT—Samuel Rosenblum for Mark Zaron, owner.
SUBJECT—Application March 17, 1961—Appeal from an
order of the Fire Commissioner re—Sprinkler system.

PREMISES AFFECTED—50 Dey Street, north side, 149
feet 1 inch east of Greenwich Street, Block 81, Lot 10,
Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.
For Administration: Lieut. Michael F. Leen, Fire Dept.
ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox and Commissioner Klein 4
Negative: 0
Absent: Commissioner Becker 1
THE RESOLUTION—

WHEREAS, the order of the Fire Commissioner, dated
March 15, 1961 on Order No. 489285, reads:

"1. Provide an approved automatic sprinkler system
throughout building.

Chapter C19-161.0 Administrative Code."

and

WHEREAS, the applicant states that the building is 25
feet 2 inches by 78 feet in area, 5 stories, 60 feet high, of
class 3 construction, located in unrestricted use, B area
and class 2 height district, built in 1913, now used and
occupied since 1913: cellar—vacant; 1st floor—store vacant;
2nd floor—storage of machinery and office, 1 person; 3rd
floor—machine repair, 5 persons; 4th floor—glass blowing,
3 persons; 5th floor—storage of glass; without a certificate
of occupancy; that the proposed use and occupancy will be
the same; and

WHEREAS, the applicant states that this building is
equipped with an interior steel stair, enclosed in fire retard-
ing material, and a fire escape on the front equipped with
fireproof windows, one a casement and with counterbal-
anced stair; that the exits therefore conform to the Labor
Law, and are good for any occupancy of 28 persons per
floor; that the occupancy is for less, being only about 9
persons in the entire building, the 1st floor store is vacant,
the 2nd floor is storage of machinery and office, the 3rd
floor machine repair with 5 employees, the 4th floor has
3 employees at hand glass blowing and the 5th floor is
used for storage of glass, no regular employees; that this
building presents no problem to a fire fighting force, the
occupancy is light, and the exits well protected; and

WHEREAS, the premises was inspected by a committee
of the Board; and

WHEREAS, the Fire Commissioner calls for an approved
automatic sprinkler system to be installed in the cellar
and first floor.

Resolved, that the order of the Fire Commissioner, dated
March 15, 1961, acting on Order No. 489285, Objection
No. 1, be and it hereby is *modified* and that the appeal be
and it hereby is *granted on condition* that the building
shall conform to drawing filed with this appeal dated
March 17, 1961, 1 sheet; that an automatic sprinkler system
shall be installed in the first floor and cellar; and that all
other laws, rules and regulations applicable shall be com-
plied with.

1033-61-A

APPLICANT—Murray L. White for William Cantelmi,
owner.

SUBJECT—Application July 5, 1961—Filed pursuant to
Section 36 Art. 3 of the General City Law re—storage
shed, building not facing legal street and Appeal from
Borough Superintendent re—Yard Hydrant system.

PREMISES AFFECTED—5810-5818 Avenue D, south
side, 56 feet 2½ inches west of Ralph Avenue, and 639
feet 1¾ inches south of Ditmas Avenue, Block 7932,
Lot 131, Borough of Brooklyn.

APPEARANCES—

For Applicant: Murray L. White.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and Com-
missioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,
dated June 6, 1961 on Alt. Applic. 410-60, reads:

"1 Proposed erection of a storage shed and change
of use in buildings and premises to motor vehicle
repair shop, storage shed, parking and storage of
motor vehicles, offices, junk yard and gasoline pump
for owner's use only on a plot where the street front-
age has been eliminated is contrary to Article 3, P. 36
of the General City Law.

2. Provide a yard hydrant system as per Section
16.1.1(d) of the Bldg. Code."

and

WHEREAS, the applicant states that the building is 30
feet 6 inches by 65 feet in area, 1 story, 14 feet high, of
class 3 construction, located in unrestricted use, A area

MINUTES

and class 1 height district, built in 1928, now used and occupied: 1st floor—motor vehicle repair shop and offices, 5 persons, without a certificate of occupancy; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the unmapped portion of Avenue D, though unpaved has been in the past and continues to be accessible from the mapped portion of Avenue D on the west to Ralph Avenue on the east; that the adjoining property owners who own various portions of unmapped Avenue D, use the street extensively and have accepted the status quo of the condition; that the nature of the area adjoining unmapped Avenue D calls for the mapping of this portion of the street, and it is very likely the property owners may apply for such street mapping; that Section 36 of the General City Law states that no permit for the erection of any building shall be issued unless it fronts on a mapped street; that the only new construction applied for is a small storage shed of some 225 square feet in area; that the two buildings on the premises have been there legally since 1928; that Section 36 says nothing about the use of vacant land; that Objection 2 invokes Section 16.1.1 of the Administrative Code which requires certain enclosures with an area of over 15,000 square feet to be provided with a yard hydrant system; that motor vehicle parking areas do not come under the purview of this section; that the area of the junk yard together with the area of two buildings on the plot totals 14,387 square feet; that Section 16.1.1 does not therefore apply to this condition; that the owner has made a very substantial investment in the land and improvements on this property; that the enforcement of Section 36 of the General City Law would entail considerable practical difficulty and would impose a severe unnecessary hardship upon the owner;

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 6, 1961, acting on Alt. Applic. 410-60, Objections No. 1 and 2, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the work shall conform to drawings filed with this appeal dated July 5, 1961, 2 sheets and January 11, 1962, 1 sheet; that the owner shall maintain an 8 foot high solid fence along the southerly line of Avenue D; and that all other laws, rules and regulations applicable shall be complied with.

1546-61-A

APPLICANT—Albert Melniker for Harry and Jack Steinberg, doing business as Steinberg Brothers, owners.

SUBJECT—Application October 6, 1961—Filed pursuant to Section 36 of the General City Law re—building not facing legal street.

PREMISES AFFECTED—41 Dora Street, north side, 371.11 feet west of Woolley Avenue, Block 472, Lot 74, Westerleigh, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative; Chairman Foley, Vice Chairman Kleinert, Commissioner Becker and Commissioner Klein 4

Negative; Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 14, 1961 on N.B. Applic. 1127-61, reads:

"1. The application for the above dwelling to be located on a street that is not final mapped is contrary to Art. III Sec. 36 of the General City Law."

and

WHEREAS, the applicant states that the building to be constructed will be 26 feet by 45 feet in area, 2 stories, 19 feet high, of class 4 construction, located in residence use, E area and class 1 height district; that the proposed

use and occupancy will be: 1 family residence and one car garage in basement; and

WHEREAS, the applicant states that the site in question for a proposed one family dwelling would be one of eight dwellings already constructed on this block; that this street containing all utilities, namely, sewer, water, gas and electricity, and containing a series of dwellings, leaves this parcel as one that cannot obtain a permit because the street is not final mapped; that as a street connecting Crystal Avenue and Woolley Avenue, both of which are final mapped streets, it appears that the final grades for Dora Street will vary by only a few inches from the present road surface; that in addition, sewer manholes and hydrants as well as utility poles have been placed at points and elevations that will be the final finished grades.

Resolved, that the decision of the Borough Superintendent, dated September 14, 1961, acting on N.B. Applic. 1127-61, Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the building shall conform to drawings filed with this appeal dated October 6, 1961, 1 sheet and January 15, 1962, 1 sheet; that the sidewalk, curb, curb cuts and pavement to the center of the street wherever such improvements are lacking, shall be constructed in accordance with the standards of the Borough President's Office; that in all other respects the building shall comply with all applicable laws, rules and regulations that a Certificate of Occupancy shall be obtained. This resolution shall be printed on the face of the Certificate of Occupancy.

APPEARANCES—

For Applicant: Joseph B. Lynch.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 21, 1959, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on July 12, 1960; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 21, 1959, as *amended* on July 12, 1960, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained." (Alt. 1788/58)

613-60-BZ

APPLICANT—Lama, Proskauer and Prober for David Minkin, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired January 17, 1962—decision of the Borough Superintendent; previously granted on condition, under Sections 7c, 19A (j) and 21 of the Zoning Resolution, to permit in a retail and residence use, D area district, the erection of a one story and cellar store building occupying more than the permitted area coverage without the required rear yard and loading space.

PREMISES AFFECTED—97-14 to 97-22 63rd Road, south side, 102.97 feet east of 97th Street, and 97-11 63rd Drive, Block 2089, Lots 6, 8, 9, 40 and 111, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 17, 1961, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 17, 1961, only as to the time to obtain permits and complete the work, so as *amended* this portion of the resolution shall read:

"that the provisions of Section 22 of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a Certificate of Occupancy shall be obtained." (N.B. 1956/60)

192-53-BZ—Vol. II

APPLICANT—Gulf Oil Corporation for Tremarco Corporation, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—decision of the Borough Superintendent; previously granted on condition, under Sections 7e and 7h of the Zoning Resolution, permitting in a residence use district, the erection and maintenance of a gasoline service station, accessory car washing and the parking of cars awaiting service.

PREMISES AFFECTED—1102-1110 Metcalf Avenue and 1661-1669 Watson Avenue, northeast corner, Block 3747, Lot 88, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph B. Lynch.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative: 0

568-56-BZ

APPLICANT—Milton S. Zeiberg for Helen Weiss, owner; Lawrence Parking Corporation, lessee.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired December 11, 1961—decision of the Borough Superintendent; previously granted on condition, under Section 7h of the Zoning Resolution, to permit in a business and residence use district, the proposed use of parking of motor vehicles.

PREMISES AFFECTED—923-941 East Tremont Avenue, north side, 50 feet west of Vyse Avenue, Block 3126, Lots 3, 4 and 8, Borough of The Bronx.

APPEARANCES—

For Applicant: Milton S. Zeiberg.

ACTION OF BOARD—Application reopened and set for hearing on March 27, 1962 at 10 A.M., to consider extension of the term of the variance, requiring a new decision of the Borough Superintendent and photographs, which have been filed, and two publications in the Bulletin as notice.

THE VOTE—

Notice-Warning.

COURT DECISION

Matter of Satin vs. Board:—On April 5, 1960, the Board granted a variance under Section 21 of the Zoning Resolution, to permit in an E area district the erection of a multiple dwelling with less than the required setback on one street front, exceeding the permitted ground area coverage and total floor area, with ingress and egress to garage in the E area district and less than the required parking spaces; Calendar Number 49-60-BZ; Premises 964-996 Ocean Parkway and 507-525 Avenue J, northwest corner, and 4636 Bay Parkway, Block 6518, Lot 59, Borough of Brooklyn.

At Supreme Court, Special Term, Part I, Mr. Justice Brown dismissed the petition as it was presented more than thirty days after the Board's decision was filed. (N. Y. Law Journal, July 1, 1960, page 8.)

Matter of Satin et al., ap. (Board of Standards and Appeals of the City of N. Y., res.; 968 Ocean Parkway Realty Corp'n. et al., intervenor-res.)—The Appellate Division-Supreme Court, Second Department granted motion to add appeal to the October term calendar. The appeal is ordered to be placed on the calendar for October 14, 1960. (N. Y. Law Journal, October 6, 1960, page 13.)

Matter of Satin, pet.-ap. (Board of Standards and Appeals of the City of N. Y., res.; 968 Ocean Parkway Realty Corp'n., intervenor-res.)—The Appellate Division—Supreme Court, Second Department in its decision by Nolan, P.J., stated in part, as follows:

"If it be assumed arguendo that the mere service of the petition and notice of motion within the thirty-day period after the publication of the board's determination was not a presentation of the petition at a Special Term of the Supreme Court within the fair sense of section 668e-1.0 of the Administrative Code of the City of New York (but, cf. Matter of Barnes v. Osborne, 286 N. Y. 403; Civ. Prac. Act. secs. 113, 1286), nevertheless when, within the time limitation prescribed by that section, the petitioners performed all of the acts heretofore set forth in an attempt to invoke the jurisdiction of the Special Term in accordance with the statutory provisions and rules regulating the practice concerning motions and special proceedings, the petition must be deemed to have been presented at a Special Term of the Supreme Court in the fair sense of said section of the Administrative Code." (N. Y. Law Journal, November 29, 1960, page 15.)

At Supreme Court, Special Term, Part I, Mr. Justice Hart sustained the Board's determination and dismissed the petition. (N. Y. Law Journal, April 18, 1961, page 17.)

Decision by the Appellate Division, Supreme Court, Second Department, by Beldock, Acting P.J.; Kleinfeld, Christ, Pette and Brennan, JJ., as published in the New York Law Journal of September 22, 1961, page 14:

"Motion by intervenor-respondents to add appeal to the October, 1961, Term Calendar, denied. On the court's own motion, appeal ordered on the calendar for the November Term, beginning October 30, 1961. Appellants' brief must be served and filed on or before October 11, 1961."

The Appellate Division, Second Judicial Department by Nolan, P.J.; Ughetta, Christ, Pette and Brennan, JJ., rendered the following decision, as published in the New York Law Journal of December 19, 1961, page 12:

"In a proceeding under article 78 of the Civil Practice Act, brought in lieu of a certiorari proceeding under the New York City Charter and the Administrative Code of the City of New York (New York City Charter, §668e; Administrative Code §668e-1.0), to review and annul the determination of the Board of Standards and Appeals of the City of New York (see, Matter of Satin v. Board of Standards and Appeals of the City of New York, 12 App. Div., 2d 526), granting, pursuant to section 21 of the New York City Zoning Resolution, the application of the intervenors, 968 Ocean Parkway Realty Corporation, Harry Mackler and Florence Mackler, for area variances in the proposed construction of a multiple dwelling on certain premises owned by them in the Borough of Brooklyn, the petitioners appeal from an order of the Supreme Court, Kings County, dated March 4, 1961, which granted the board's motion to dismiss the petition, which confirmed the board's determination, and which dismissed the petition. Order affirmed, with costs to the intervenors payable by petitioners, upon the opinion of the learned Justice at Special Term 28 Misc. 2d 931.)"

The Court of Appeals in Proceeding No. 129 denied motion for leave to appeal, with \$10 costs and necessary printing disbursements. (N. Y. Law Journal, March 5, 1962, page 14).

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on December 18, 1951, this application—Vol. III—was granted by the Board on certain conditions; and

WHEREAS, the applicant states that there has been no significant changes on the site, or the surrounding area, beyond the general aging of the neighborhood; that all conditions of the Resolution are being complied with; that there has been no change in the height or area designations; that however, the use district was amended from business to the present retail use on March 25, 1954; that the amended zoning designation is C2-2; that a fifteen year extension of term is requested to enable the owner to negotiate the more normal lease with his gasoline supplier; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation September 25, 1961; and

WHEREAS, this application was reopened on February 6, 1962 and set for hearing on March 6, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 6, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 27, 1961 acting on Alt. Applic. No. 3392-61, reads:

"1. The proposed alteration application for extension of term of variance for the premises occupied for storage, gasoline service station, auto laundry, lubritorium & store, located currently in a retail use district is contrary to Z. R. Article II Section 4A and previous Board of Standards and Appeals Resolution Cal. #438-39-BZ, Vol. III."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on December 18, 1951, only as to the term of variance, so that as amended it shall read:

"Granted for a term of ten (10) years from the date of this amended resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

567-43-BZ—Vol. III

APPLICANT—Philip P. Agusta for Gottscheer and Central Holding Company Incorporated, owner.

MINUTES

SUBJECT—Application reopened November 14, 1961 as Volume III—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a local retail use, C area district, the erection of a one story extension to an existing two story building as a bar and grill, meeting room, cabaret and kitchen extending into the residence portion of the premises and exceeding the permitted area coverage.

PREMISES AFFECTED—655-657 Fairview Avenue, north side, 77.29 feet east of Linden Street, 2012-2014 Linden Street, Block 3485, Lot 1, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Philip P. Agusta.

For Opposition: L. Zimmer and Louis Firmbach.

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; laid over to March 6, 1962 for inspection and for decision insofar as the Board is authorized by amendment to the new Zoning Resolution; drawings to be corrected; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated September 13, 1961 acting on Alt. Applic. No. 908-60, reads:

"1. The proposed extension to a bldg. in a local retail & Res. use district which extends into the Res. portion of the lot is contrary to Art. II, Sec. 3, Zone Res.

2. The proposed extension in aggregate with the existing bldg. exceeds the permissible area coverage permitted in a "C" area district contrary to Art. IV Sec. 13(b) Zone Res.

Note: This premise was previously granted a variance under Cal. 567-43-BZ, Vol. II."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 21, to permit in a local retail and residence use, C area district, the creation of a one story extension to an existing two story building as a bar and grill, meeting room, cabaret and kitchen, extending into the residence portion of the premises and exceeding the permitted area coverage, *on condition* that the work shall conform to drawings filed with this application dated September 27, 1961, 1 sheet and February 28, 1962, 10 sheets revised; that all laws, rules and regulations applicable shall be complied with; and that permits shall be obtained, work completed and a Certificate of Occupancy obtained within the Requirements of Section 22A of the Zoning Resolution.

WHEREAS, the decision of the Borough Superintendent, dated July 21, 1961 acting on Alt. Applic. No. 1414-61, reads:

"1. The proposed one story extension & the proposed extension of use & area of an existing gasoline station, lubricatorium, car washing, minor auto repairs, offices & sales of auto accessories & parking of cars waiting to be serviced to gasoline service station, lubricatorium, minor auto repairs, car washing, utility room, office & sales & parking & storage of motor vehicles in open area, in the Retail Use district portion of a plot located partly in a Retail district and partly in a Residence district is contrary to Art. II Sec. 4-A of the Z.R.

2. Proposed ground sign in a Retail district is contrary to Art. II Sec. 4-A of the Z.R.

Note: These premises are subject to Board of Standards & Appeals variance under Calendar No. 1012-48-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision a or Section 7, subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1414/61, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

602-51-BZ—Vol. VII

APPLICANT—Robert Gottlieb for Hermany Realty Corporation, owner.

SUBJECT—Application reopened September 19, 1961 as Volume VII—decision of the Borough Superintendent, under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use, E-1 area district, the erection of a two story extension to an existing milk processing plant that exceeds the permitted area coverage, encroaching on the required setbacks and does not provide a side yard.

PREMISES AFFECTED—2338 Hermany Avenue, south side, 341.56 feet East of Havemeyer Avenue, Block 3697, Lots 19, 21 and 25, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein.. 4

Negative: 0

Absent: Chairman Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 19, 1961 after due notice by publication in the Bulletin; laid over without date for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; then set for March 6, 1962 for decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated June 13, 1961 acting on Alt. Applic. No. 370-61, reads:

"1. The proposed extension of a milk processing plant located in a residence use district is contrary to

Art. II Sec. 3 of Zon. Res. & B.S.A. Res. #602-51-BZ, Vol. VI.

2. The proposed extension within 15' of street line, located on an E-1 coverage district is contrary to Art. IV Sec. 15A of Zon. Res.

3. The proposed area coverage in an E-1 district in excess of 40% is contrary to Art. IV Sec. 15A of Zon. Res.

4. The proposed extension without side yards is contrary to Art. IV Sec. 15A of Zon. Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee of the Board; and

WHEREAS, the Board found this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use, E-1 area district, the erection of a two-story extension to an existing milk processing plant exceeding the permitted area coverage and encroaching on the required setbacks and not providing a side yard, all as shown on plans filed with this application dated June 27, 1961, 7 sheets, *on condition* that on both streets, sidewalks, curbing and drop curb shall be built and provided by this owner to the satisfaction of the Borough President; that all laws, rules and regulations applicable shall be complied with and that permits shall be obtained, work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

902-52-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober for Charles Wallach, owner.

SUBJECT—Application reopened October 17, 1961 as volume IV—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one story building for use as an auto rental agency with repairing and servicing of owners cars, office and storage with the parking and storage of the owners cars in the open area.

PREMISES AFFECTED—164-15 to 164-25 (164-17 official), Union Turnpike and 78-28 to 78-36 165th Street, northwest corner, Block 6972, Lots 21 and 25, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Becker and Commissioner Klein 3

Negative: Commissioner Fox 1

Not Voting: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 19, 1961 after due notice by publication in the Bulletin; laid over without date for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; then set for March 6, 1962 for decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated August 1, 1961 acting on N.B. Applic. No. 2873-61, reads:

"1. The proposed erection and use of premises as auto rental agency, repairing and servicing of owners cars, offices, storage and parking & storage of owners cars in open area in a plot located in a Retail Use district and extending into a Residence Use district is contrary to

MINUTES

Art. II Sect. 4-A and Sect. 3 of the Zoning Resolution." and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit in a retail and residence use district, the erection of a one story building for use as an auto rental agency, with repairing and service of owner's cars, office and storage, with parking and storage of owner's cars in open area, *on condition* that the work shall be done in accordance with drawings filed with this application, dated August 15, 1961, 5 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

435-53-BZ

APPLICANT—Leonard F. Rothkrug for Concetta Tuozzo, owner.

SUBJECT—Application reopened January 30, 1962 for consideration as to extension of term of variance, expired July 10, 1961—decision of the Borough Superintendent, previously granted on condition, under Sections 7e and 21 of the Zoning Resolution, permitting in a retail use district, the storage and baling of scrap paper and rags.

PREMISES AFFECTED—6712 11th Avenue, west side, 60 feet south of 67th Street, Block 5765, Lot 44, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 4

Negative: 0

Absent: Chairman Foley 1

THE RESOLUTION—

WHEREAS, on July 10, 1956, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the owner has substantially decreased the amount of business required; that there have been no changes in Zone and no changes or new construction in the neighborhood; that the amended zoning designation is C1-2; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation July 10, 1961; and

WHEREAS, this application was reopened on January 30, 1962 and set for hearing on February 27, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; laid over to March 6, 1962 at request of applicant; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1961, acting on Amended Alt. Applic. 2160-53 reads:

"1. Proposed extension of the term of variance under Cal. No. 435-53-BZ which expired on July 10, 1961 is referred to the Bd. of Standards and Appeals for consideration."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 10, 1956, only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

842-55-BZ

APPLICANT—Henry Nordheim for Maria Petrera, owner.

SUBJECT—Application reopened February 6, 1962 for consideration as to extension of term of variance, expired January 15, 1962—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—3544 Eastchester Road, east side, 100 feet south of Needham Avenue and 1211 Mickle Avenue, Block 4726, Lots 6 and 37, Borough of The Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, on January 15, 1957, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that there are no changed conditions on the site, or surrounding the site and there have been no changes in the use, height or area designations; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation January 15, 1962; and

WHEREAS, this application was reopened on February 6, 1962 and set for hearing on March 6, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 6, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 28, 1961 acting on Alt. Applic. No. 941-55, reads:

"1. Proposed use of premises, located in a Residence Use District, for parking and storage of motor vehicles beyond January 15, 1962 is contrary to Art. II Sect. 3 of the Zoning Resolution and contrary to B. S. & A. Cal. #842-55-BZ and is therefore denied."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 15, 1957, as amended only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

911-55-BZ

APPLICANT—Leonard F. Rothkrug for Bangor Realty Corp., owner.

SUBJECT—Application reopened January 30, 1962 for consideration as to extension of term of variance, expired July 10, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting in a business and residence use district the use of the unbuilt upon portion of a lot for a parking lot and also for accessory parking for employees.

PREMISES AFFECTED—1674-1678 Broadway, south side, 59 feet 4 inches west of Decatur Street and 747-755 Decatur Street, Block 1503, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox, Commissioner Becker and
Commissioner Klein 5
Negative: 0

THE RESOLUTION—

WHEREAS, on July 10, 1956, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the new zoning maps effective December 15, 1961, shows the site to be located in C 1-3 and R-6 Zone; that when the Board first granted the variance the practice was to file under 7h for a term of years; that it is requested that the Board consider granting the amendment of the variance under Sections 7a or 7c of the Zoning Resolution without a term; or under Section 7h for a term of twenty-five (25) year term; that this request for a longer term is based on the fact the new Zoning Resolution places about 95% of the lot in a zone permitting accessory parking (the C 1-3 zone extends 150 feet back from the parallel with Broadway); and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation July 10, 1961; and

WHEREAS, this application was reopened on January 30, 1962 and set for hearing on February 27, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent, and two publications in the Bulletin; laid over to March 6, 1962 at request of applicant; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1961, acting on Alt. Applic. 3716-55, reads:

"1. Proposal to extend term of variance to be submitted to Bd. of S.&A. Premises subject of conditional variance Cal. 911-55-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 10, 1956, only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of ten (10) years from the date of this *amended* resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

998-55-BZ

APPLICANT—Leonard F. Rothkrug for Private Garages, Inc., owner.

SUBJECT—Application reopened February 6, 1962 for consideration as to extension of term of variance, expired January 15, 1962—decision of the Borough Superintendent, previously granted on condition, under Section 7h of the Zoning Resolution, permitting partly in a business use district and partly in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—1638 8th Avenue, west side, 110 feet 7 inches north of Prospect Avenue, Block 1112, Lot 54, Borough of Brooklyn.

Negative: 0

THE RESOLUTION—

WHEREAS, on June 30, 1959 this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the parking lot is used as an accessory lot to the Hall Oldsmobile Agency, which has several buildings in the nearby area, all used conjunctively; that the extension of term is desired at this time to establish a better basis for mortgaging, selling or reorganizing the entire business of the automobile agency; that there have been no changes in occupancy, or new construction or changes in the area, nor changes in zone; that the amended zoning designations are M1-1 and R-6; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation June 15, 1962; and

WHEREAS, this application was reopened on February 6, 1962 and set for hearing on March 6, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on March 6, 1962 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated December 5, 1961 acting on Alt. Applic. No. 814-58, reads:

"1. Extension of term of variance granted by the BSA under Cal. No. 145-56-BZ—Vol. II must be referred back to the Board. It is contrary to Art. II Sec. 3 of the Zoning Resolution & is hereby denied."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 30, 1959 only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five years from the date of this *amended* resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained."

428-56-BZ

APPLICANT—Leonard F. Rothkrug for V. and L. Cab Corporation, owner.

SUBJECT—Application reopened January 30, 1962 for consideration as to extension of term of variance, expired December 11, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7e and 7i of the Zoning Resolution, permitting in a business and residence use district, office, accessory motor vehicle repair shop, storage and parking of more than 5 motor vehicles all in conjunction with a taxi cab business.

PREMISES AFFECTED—2712 (displayed) Tilden Avenue, south side, 68 feet 7 inches east of Rogers Avenue, Block 5138, Lot 4, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein. 4

Negative: 0

Absent: Chairman Foley 1

THE RESOLUTION—

WHEREAS, on December 11, 1956, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that no portion of the residence zone is involved in the variance; that the entire area permitted to be used is in a business zone; that parking in a business zone is a permitted use without any variance and without any limitation on the type of cars; that the owner has the right to disregard the variance and rent his property for the storage of garbage trucks with their accessory office in the accessory building; that he does not desire to rent garbage trucks; that the variance as granted by the Board did not limit the type of cars used on the premises; that it would not be equitable or fair to now limit the variance for pleasure cars only; that the accessory building was not erected as a repair shop but as a repair shop accessory to the business on the business zone; that if the Board desires they may write to the Department of Investigation and make certain that the complaint was against garbage trucks which have now been removed; that the owner has cooperated with the neighbors by abandoning the garbage use even though his certificate of occupancy did not require such cooperation; that it would be unfair for the Board to reward such cooperation by an unreasonable restriction; that it would be acceptable to the owner to have the Board prohibit the parking and repairs of garbage trucks; that or require the owner to submit the actual occupancy to the Board for its approval; that at the present time the owner has no tenant and is trying; to buy a business for which he can make use of his property; and

WHEREAS, the applicant further states that the amended zoning designation is C2-1; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation December 11, 1961; and

WHEREAS, this application was reopened on January 30, 1962 and set for hearing on February 27, 1962 at 10 A.M., requiring a new decision of the Borough Superintendent and two publication in the Bulletin; laid over to March 6, 1962

at request of applicant; and

WHEREAS, the decision of the Borough Superintendent, dated December 4, 1961, acting on Amended Alt. Applic. 1882-56, reads:

"1. As term of variance under Cal. #428-56-BZ, expires on Dec. 11, 1961 proposed extension of the term of variance is referred to the Bd. of Standards and Appeals."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 11, 1956, only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . . ; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new Certificate of Occupancy shall be obtained." And *on condition* that no portion of the premises is to be used for the parking, storage or repair of garbage trucks.

530-56-BZ—Vol. II

APPLICANT—Harry Soled for John and Mary Malone, owner.

SUBJECT—Application reopened July 18, 1961 as Volume II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, for a stated term of years at an existing florist and nursery store previously granted by the Board, the erection of a one story extension for use as a greenhouse.

PREMISES AFFECTED—826-830 Avenue V, south side, 111.47 feet west of Coney Island, Block 7159 B, part of Lot 111, Borough of Brooklyn.

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; laid over to March 6, 1962 for inspection and for decision, insofar as the Board is authorized by amendment to the new zoning resolution; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1961 acting on Alt. Applic. No. 2729-58, reads:

"1. The extension of an existing non-storage garage for more than 5 cars into adjacent buildings so that as altered will be used conjunctively as a non-storage garage for more than 5 motor vehicles on the first floor in a Residence Zone, is contrary to Article II, Par. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7a, to permit in a residence use district, the combining of three existing garage buildings, using them conjunctively as a non-storage garage and discontinuing the second floor use, on condition that the work shall conform to drawings filed with this application dated November 8, 1961, 8 sheets and February 21, 1962, 1 sheet additional; that all laws, rules and regulations applicable shall be complied with; and that permits shall be obtained, work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

2004-61-A

APPLICANT—Nathan Lubroth for 100 Montague Corporation, owner; Love Lane Automotive Corporation, lessee.

SUBJECT—Application filed November 8, 1961—Appeal from a decision of the Borough Superintendent, re—Class 3 building to garage use.

PREMISES AFFECTED—12-18 College Place, east side, 77 feet, 11 inches north of Love Lane, Block 236, Lot 43, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1961 on Alt. Applic. 2729-58, reads:

"2. Proposed change of occupancy in a two story class 3 building to a garage use is contrary to sec. 4.2.1 of the Bldg. Code."

and

WHEREAS, the applicant states that the 3 buildings are 92 feet 8 inches by 82 feet in area, 2 stories, 23 feet high, of class 3 construction, located in residence use, B area and class 2 height district, built in 1914 and 1919, now used and occupied since 1914 and 1919: (Building "A") cellar—boiler

MINUTES

room; 1st floor—public garage for more than 5 cars, 2 persons; 2nd floor—storage; (Building "B") cellar—boiler room; 1st floor—public garage for 5 cars; 2nd floor—sealed and unused; (Building "C") cellar—gasoline tank; 1st floor—storage garage for more than 5 cars, 2 persons; 2nd floor—sealed and unused, substantially in accordance with Certificate of Occupancy #1175 issued March 10, 1920 against Alt. Applic. 9146-19; that the proposed use and occupancy will be: (Buildings "A, B and C") cellar—filled-up; 1st floor—public garage for more than five (5) cars, 2 persons: NOTE—2nd story portions of Buildings "A, B and C" remain sealed and unused; that additional facts about the use of the premises can be found in an accompanying zoning application 47-59-BZ, Volume II; and

WHEREAS, the applicant states that it is proposed to rearrange the exterior overhead doors to facilitate the conjunctive occupancy of the 3 buildings and to construct openings between the 1st floor walls; that it is further proposed to remove the existing gasoline dispensing pump in Building "C" and seal the existing gasoline storage tank in the cellar as well as fill the cellar itself; that it is also proposed to fill in the existing boiler room in Building "A" and "B", so that the cellars of all 3 buildings will be discontinued, thereby creating a much improved condition over that existing; that compliance with the Building Code would create an unnecessary hardship to the owner by requiring the demolition of a large part of the existing buildings; that this demolition of a part of the buildings would be a hardship in that the buildings are to be continued in use only until such time as it would be economically possible to demolish all of the buildings and improve the premises with a conforming use; that the demolition is unnecessary in that the proposed alteration and combined use presents a better picture from a standpoint of safety; that the replacement and enlargement of exterior doors, openings between the buildings and removal of the gasoline pump will permit easier and safer access to all the remote corner of the 3 buildings; that omission of all 2nd floor occupancy will create a one-story building for practical purposes without the necessity of demolition; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated October 30, 1961, acting on Alt. Applic. 2729-58, Objection No. 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all the requirements of the resolution adopted by the Board this day under Cal. No. 47-59-BZ, Vol. II shall be complied with; on further condition, that the building shall be provided with portable fire extinguishers in accordance with the requirements of the Fire Commissioner; and that a Certificate of Occupancy shall be obtained.

336-59-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Shell Oil Company and Julius and Margaret Jenkins, owners.

SUBJECT—Application reopened September 26, 1961 as Volume II decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station previously granted including lubritorium, car washing, minor auto repairs, office and sales, storage room and the parking and storage of motor vehicles in the open area with a post standard sign for a temporary term of twenty years.

PREMISES AFFECTED—838-846 Fulton Street and 489-493 Vanderbilt Avenue southeast corner, Block 2010, Lots 25, 27, 28 and 29, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 19, 1961 after due notice by publication in the Bulletin; laid over without date for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; then set for March 6, 1962 for decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated June 15, 1961 acting on amended N.B. Applic. No. 1315-59, reads:

"1. Proposed building and premises to be used for gasoline service station, lubritorium, car washing, minor auto repairs, office and sales and storage room, parking and storage of motor vehicles in open area, in a business zone, is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Proposed post standard sign and sign above roof in a business zone is contrary to Article II, PP. 4a, subsection 49 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f, for a term of twenty (20) years, the extension of a gasoline service station previously granted, including lubritorium, car washing, minor auto repairs, office and sales, storage room and the parking and storage of motor vehicles in the open area, with a post standard and sign, *on condition* that the work shall be done in accordance with drawings filed with this application dated July 11, 1961, 6 sheets; that there shall be no auto repairs done in the most easterly 20 feet of the extension to the plot; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, work done and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

687-59-BZ—Vol. II

APPLICANT—Morris Kweller for Jawer Realty Corporation, owner.

SUBJECT—Application reopened October 10, 1961 as Volume II—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a business use, D area district, the erection of a one story extension to an existing building occupied for manufacturing that exceeds the permitted area coverage.

PREMISES AFFECTED—127-19 101st Avenue, northwest corner of 129th Street, Block 9472, Lot 21, Richmond Hill, Borough of Queens.

APPEARANCES—

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 19, 1961 after due notice by publication in the Bulletin; laid over without date for inspection and for decision if the new Zoning Resolution is amended to permit the Board to act; then set for March 6, 1962 for decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated September 6, 1961 acting on Alt. Applic. No. 1664-61, reads:

"1. The proposed extension in a D area district to be

MINUTES

used as a factory will in aggregate with the existing bldg. exceed the permissible area coverage and is contrary to Art. IV Sec. 14 Z.R.

Note: the above premises was the subject of a Board case under Cal. 687-59-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended granting on certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21, to permit in a business use, D area district, the erection of a one-story extension to an existing building occupied for light manufacturing, exceeding the permitted area coverage, on condition that the work shall be done in accordance with drawings filed with this application dated September 14, 1961, 6 sheets; that all laws, rules and regulations applicable shall be complied with; and that permits shall be obtained, work done and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; laid over to March 6, 1962 for inspection and for decision insofar as the Board is authorized by amendment to the new Zoning Resolution; applicant to amend application and submit additional statement; hearing closed; and

WHEREAS, the decision of the Borough Superintendent,

dated September 8, 1961 acting on Alt. Applic. No. 2210-61, reads:

"1. In a residence use district the proposed change in occupancy from garage to manufacturing, warehousing, storage of electrical appliances, loading and unloading, offices and signs is contrary to Article II Section 3 of the Zoning Resolution.

2. Provide 2 loading berths in accordance with Article II Section 19A of the Zoning Resolution—Doors and ceiling height do not comply."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19, Subdivision A(j) of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 19A(j) and 21, to permit in a residence use, B area district, the change in occupancy of an existing four story and cellar building, from a public garage, to warehousing and storage of electrical appliances, loading and unloading, office and signs, with less than the required height of opening to the loading berth, for a term of 20 years, *on condition* that the work shall conform to drawings filed with this application dated September 19, 1961, 14 sheets; that all loading and unloading shall be done inside the building; that there shall be no manufacturing of any kind in the building; that the elevator door opening on the 1st floor street front shall be closed; that signs shall be limited to those which are permitted in a business district; that all laws, rules and regulations applicable shall be complied with; and that all permits shall be obtained, all work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

1517-61-A

APPLICANT—Lama, Proskauer and Prober for 166 Carlton Avenue Corporation, owner.

SUBJECT—Application September 19, 1961—Appeal from a decision of the Borough Superintendent re—class 3 building, change in use, egress.

PREMISES AFFECTED—166-172 Carlton Avenue, west side, 164.3 feet south of Myrtle Avenue, Block 2072, Lot 36, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, Commissioner Becker and Commissioner Klein 5

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 8, 1961 on Alt. Applic. 2210-61, reads:

"3. The proposed change in occupancy in a class 3 building in excess of 50% is contrary to C26-254.0 (4.2.1).

4. Provide means of egress from all floors including cellar in accordance with 270 LL."

and

WHEREAS, the applicant states that the building is 70 feet by 100 feet in area, 4 stories and cellar, 52 feet 6 inches high, of class 3 construction, located in residence use, B area and class 1½ height district, built before 1896, now used and occupied since 1924: cellar—public garage; 1st floor—public garage, 4 persons; 2nd, 3rd and 4th floors—public garage; substantially in accordance with Certificate of Occupancy #5228 issued November 22, 1924 against Alt. Applic. 6420-23; that the proposed use and occupancy will

MINUTES

be: cellar, 1st, 2nd, 3rd and 4th floors—manufacturing of electrical appliances, warehousing and storage, 20 persons each floor; that an accompanying zoning application Cal. No. 1516-61-BZ contains additional facts about the premises; and

WHEREAS, the applicant states that it is proposed under this application to change the use of the present building from a "PUBLIC GARAGE" to "MANUFACTURING OF ELECTRICAL APPLIANCES, WAREHOUSING, STORAGE, LOADING AND UNLOADING AND OFFICES"; that the present building is 52 feet 6 inches in height above the sidewalk and is provided with a ramp up to the 1st floor; that the actual 4 stories from the 1st floor level to the roof is less than 50 feet; that the building is now provided with a prime means of egress consisting of a 3 foot 6 inch steel stair enclosed in 8 inch masonry and fireproof self-closing doors leading directly to the street; that as a second means of egress, the building is provided with a fire escape and sliding drop ladder at the front of the building; that inasmuch as the proposed use is of a non-hazardous nature and there will be a maximum of 15 men and 5 women on a floor, the exits are deemed to be sufficient; that therefore, in view of the facts as stated above, it is respectfully requested that this application be granted; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated September 8, 1961, acting on Alt. Applic. 2210-61, Objection No. 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all of the requirements of the resolution adopted by the Board this day under Cal. No. 1516-61-BZ shall be complied with; and that a Certificate of Occupancy shall be obtained.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 20, 1962 after due notice by publication in the Bulletin; laid over to March 6, 1962 for inspection and for decision insofar as the Board is authorized by amendment to the new Zoning Resolution; applicant to amend application to include Section 21; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated September 26, 1961 acting on N.B. Applic. No. 2859-61, reads:

"1. Proposed erection and use of premises for "Boiler room, bank and doctor's offices, and accessory parking of patrons cars" in a residence use district is contrary to Article II Sec. 3 of the Zoning Resolution.

2. Proposed Business sign and business entrance (curb cuts in a residence use district is contrary to Article II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were in-

case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of 20 years, to permit in a residence use district, the construction by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate and maintenance of a proposed two story and cellar building as a bank and doctor's office building, with dwellings, with accessory parking in the open area, and with business signs and entrances, *on condition* that the work shall conform to drawings filed with this application dated October 3, 1961, 4 sheets; that a split sapling fence 5 feet 6 inches high with the finished side out shall be constructed on steel supports on all sides of the parking lot; that wrought iron gates shall be placed at the opening to the parking lot and kept locked except during business hours; that the signs on the building shall be limited to those permitted in a restricted retail district; that all laws, rules and regulations applicable shall be complied with; and that permits shall be obtained, work completed and a Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

1531-61-BZ

APPLICANT—Elliot Saltzman for Telbros Realty Corporation, owner.

SUBJECT—Application October 4, 1961—decision of the Borough Superintendent, under Sections 7a and 21 of the Zoning Resolution, to permit in a business use, D area district, the erection of a one story extension to an existing building used for the manufacturing, storage, loading and unloading of incombustible materials and parking of five trucks to increase the parking to more than five trucks, the proposed extension exceeds the permitted area coverage.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps **NOT ACCEPTABLE**.

Minutes of Regular Meeting, Tuesday Afternoon, March 13, 1962, Affecting Calendar Numbers 156-62-SR, 934-60-SA, 62-61-SA, 244-61-SA, 400-61-SA, 457-61-SA, 668-61-SA, 838-61-SA, 1445-61-SA, 1943-61-SA, 90-62-A, 553-59-A—Vol. II, 552-60-A, 54-61-A, 242-61-A, 243-61-A,

NOTICE OF MOTION AND PETITION SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On March 9, 1962, Notice of Motion and Petition was served on the Board by Norman Bobowick, attorney for petitioners, Charles Sarnelli, owner, and Sarnelli Salvage Scrap, Inc., lessee, seeking a review of the Board's denial of their appeal from a decision of the Fire Commissioner in regard to the maintenance of open fire; Calendar Number 125-62-A; Premises 2000 Shore Parkway, southwest corner of Bay 46th Street, Block 6945, Lots 92, 95, 102 and 385, Borough of Brooklyn.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

MAX H. FOLEY, Chairman.
